13.12 Protocol for Pepco Interactions with the District

The following are standard services currently provided by Pepco to the District for the Street Light Network.

13.12.1 Response to Loss of Power to Lighting Units

(a) Emergency Work: In situations where five (5) or more consecutive streetlights experience a loss of power, Pepco typically provides same day service response to investigate the cause of power loss.

(b) Non-Emergency work: Pepco will schedule investigation of loss of power to Lighting Units typically within 7-10 days.

(i) In Non-Emergency scenarios, the District's agent serving as its Street Light maintenance contractor will troubleshoot the electrical circuits and make the determination that power loss is a result of defective Pepco equipment.

(ii) Maintenance contractor shall send a detailed report to Pepco via email and copy the District Streetlight Team. The report shall include a description of problem, testing results, and location of transformer.

(iii) Pepco methods of resolution are as follows: replacing transformer fuse, re-splice cables (overhead wood poles or inside manholes), overhead cable replacement, underground cable or conduit replacement, transformer can/manhole replacement, and new redesign for alternative power source. All works described are performed by Pepco with no additional cost to the District or its contractor.

13.12.2 New Power Supply

(a) Pepco existing power supply becomes obsolete or abandoned: Pepco will require the District to reroute its infrastructure (overhead cables or underground conduits) to Pepco's newly designated power supply location. Pepco will perform the make-ready work (penetration guidance and final connections) at no cost additional cost to the District. Contractor shall be responsible for installing new conduit from streetlight pole to the new Pepco feed point. This circumstance is rare, occurring one to two times per year, historically.

(b) Knock down of Pepco Poles with District Lighting Units: When Pepco-owned wood Poles with Lighting Units are knocked down, Pepco will remove and dispose of all streetlight Elements, at no additional cost to the District or its contractor. Upon installation of replacement Pole, Pepco will provide make-ready work (spare cables to attach streetlight cables for drawing power) and notify the District when a new Lighting Unit can be affixed.

13.12.3 Pepco Wood Pole Replacement Program

(a) Pepco is currently in the process of replacing many of its wood Poles throughout the District.

(b) As Pepco replaces wood Poles throughout the District, parties with assets attached to Pepco Poles must coordinate with Pepco to relocate their assets in a timely manner. This includes the District or its Street Light agent, as well as other third parties such as Verizon, cable providers, etc.

(c) Each party has thirty (30) calendar days to relocate their asset. For this purpose, the NJUNS data-management system was created to notify each Agency/ Utility in succession of when to transfer their equipment.

13.12.4 Manhole Inspection

(a) Many Lighting Units are currently being powered directly from Pepco manholes.

(b) The District or its agent/contractor may enter with qualified licensed electricians.

13.12.5 Requests for Information

(a) The original Streetlight infrastructure was built by Pepco and acquired by the District in the mid 1980's. During the handoff, Pepco provided outdated blueprint drawings. Oftentimes maintenance troubleshooting teams are unable to locate the power source due to outdated drawings.

(b) Pepco maintains a geodatabase system with updated information, and , upon request, Pepco will provide information and materials on underground infrastructure.

13.12.6 New Construction Activities for Streetlights

Expanded streetlight network: Any new Lighting Units that requires power must be submitted to Pepco for review and final connection. This requirement applies to any party performing the Construction Work including the Developer, private third-party developers, and District departments.

The submittal process includes the below steps. The submittals are referred to as SLFs.

(a) Step #1: Create /review the design drawings

There are many variations of drawings acceptable to Pepco, ranging from stamped professional engineer drawings to Google maps that indicate where a pole is located. For each type of submitted drawin, the exact geographic location Pepco power source must be shown, and the Pepco Pole ID number identified. Additionally, specifically define the type and quantity of the Lighting Units being powered.

For new Lighting Units, the Developer is responsible for creating the drawings.

(b) Step #2: Letter of Transmittal

The transmittal is a cover letter that provides an overview of the request. This indicates the Pepco receiver, date, work site, contact person, SLF#, and entity responsible for payment. The District sends the transmittal to Pepco.

(c) Step #3: SLF or Scope of Work

The SLF is a scope of work document indicates to Pepco the exact task they are being requested to perform.

Example 1: Install new services from pole #1 to pole #2.

Example 2: Make new overhead connections to Lighting Unit on Pepco Pole # 12345.

For each example, include the details of the payee, such as company name, address, contract person and phone number.

(d) Step #4: Package and Send

Scope documents including supporting documents (cut sheets, email records, etc.) are submitted via email to the District who will send to the Pepco Design Division, care of Robert Brown. The District stores this data in Cityworks for records keeping purposes.

(e) Step #5: Inspection

Upon receiving a SLF, Pepco may perform a site inspection. This is to verify the scope of work and ensure all components are capable of supporting the request. Examples: Condition of the wood pole(s) is the correct voltage on the pole to support streetlights. Example#2: The manholes selected have correct voltage, size (physical), and condition to accommodate the request. Furthermore, on rare occasions a follow-up inspection/ site meeting is need with all parties involved. Contractor is expected to coordinate with Pepco and attend all site inspections and meetings.

(i) Penetration Guide: Once Pepco approves the SLF, a penetration guide or guides is/are issued. A penetration guide is written instructions of how to connect with Pepco infrastructure.

Example: Pepco will indicate on the (physical) manhole, the exact wall to enter and where to enter precisely. ("Install 4EA - 2'' PVC conduits south-side) Contractor is responsible for cutting open the manhole wall, installing conduits, and restoring the manhole wall. Contractor will pull new cable from streetlight manhole to Pepco manhole. Cables will be left racked and tagged for Pepco to make final connections. Contractors are prohibited from cutting or disturbing Pepco's cables. Ownership is described as such: Penetrated manhole and existing cables belong to Pepco. The newly installed conduit system and cables belong to DDOT. The precise point of ownership is the splice point for cables and manhole wall for conduit.

(ii) Make Ready Work, (underground & overhead): In special scenarios (typically signal light connections), Pepco will not make final connection, but will instead perform make-ready work. Often, this is when existing Pepco cables do not have available connection points. Pepco crews will cut their cables and provide a point to make connections.

(f) Step #6: Payment Confirmation

Following the inspection, Pepco will prepare and send an invoice to the designated company. After payment is received, Pepco will schedule work. The District is not usually notified of the date(s) Pepco will perform work. Instead, the District is notified when work is completed.

13.13 District of Columbia Lighting Fixture Specifications, September 2020

Cobrahead

LED Cobrahead	70W HPS Cobrahead	100W HPS Cobrahead	150W HPS Cobrahead	250W HPS Cobrahead	400W HPS Cobrahead
Luminaire Designation:	**LED - CH70H**	**LED - CH100H**	**LED - CH150H**	**LED - CH250H**	**LED - CH400H**

Clamping Mechanism:	2 to 4 bolts	2 to 4 bolts	2 to 4 bolts	4 bolts	4 bolts

1. Luminaires shall be UL 1598 listed and satisfy requirements summarized above for each type of luminaire and wattage.

2. The housing shall be equipped with a quick release tool-less entry hinged removable door that opens downward to provide access to electronic components and to a terminal block. The door shall be secured to prevent accidental dropping or disengagement. Pattern Indicator label per ANSI C136.15 and C136.22 shall be attached to the luminaire. The luminaire shall come with a shield house or street side that is easily installed in the field as directed by the Engineer.

3. The electrical components shall be RoHS compliant. The LEDs shall be tested in accordance with IESNA LM 80 guidelines, and in compliance with EPA ENERGY STAR, extrapolations in accordance with IESNA TM 21. The electronic components sensitive to electrostatic discharge (ESD) such as light emitting diodes (LEDs) shall be assembled in compliance with ANSI/ESD S20.20 standards so as to eliminate ESD events that could decrease the useful life of the product. All internal components shall be assembled and pre-wired using modular electrical connections.

4. The luminaires shall be fully assembled and electrically tested prior to shipment from factory.

5. The driver shall be certified in compliance to UL8750 requirement. The current supplying the LEDs shall be reduced by the driver if the driver experiences internal overheating as a protection to the LEDs and the electrical components. Output shall be protected from short circuits, voltage overload and current overload.

6. The optical system shall be composed of high performance optical grade to achieve desired distribution optimized to get maximum spacing, target lumen and a superior lighting uniformity. Performance shall be tested per LM79 and TM15 (IESNA) certifying its photometric performance. The optical system shall be Dark Sky compliant with 0% uplight. The luminaire shall be designed to house a 7-pin photocell receptacle per ANSI C136.41 and will be wired and configured to accept both the typical button type photocell and remote monitoring control node for luminaire.

7. Mechanical design of protruding external surfaces (heat sink fins) shall facilitate hose-down cleaning and discourage debris accumulation. Product shall not use any cooling device with moving parts. External surfaces shall enable natural cleaning and removal of dirt and debris. Luminaire shall start and operate in ambient temperature range specified. Maximum rated case temperature of driver and other internal components shall not be exceeded when luminaire is operated in ambient temperature range specified.

8. The finish application shall be of polyester powder coat paint at least 3 mils/100 microns with ± 1 mils/24 microns of tolerance. The Thermosetting resins shall provide a discoloration resistant finish in accordance with the ASTM D 2244 standard, as well as luster retention in keeping with the ASTM D 523 standard and humidity proof in accordance with the ASTM D2247 standard. The surface treatment shall meet ASTM B117 standard.

9. The connection of the luminaire shall be done using a terminal block connector 600V, 85A for use with #2 14 AWG wires from the primary circuit, located inside the housing.

10. All exposed screws shall be stainless steel with Ceramic primer seal basecoat to reduce seizing of the parts. All seals and sealing devices are made and/or lined with EPDM and/or silicone and/or rubber.

11. Luminaire shall comply with FCC 47 CFR part 15/18. Luminaire shall comply with section 5.2.5 (luminaires rated for outdoor use) of ANSI C82.77 at full input power and across specified voltage range.

12. All exterior hardware and fasteners, wholly or partly exposed, shall be stainless-steel alloy. All internal fasteners shall be stainless-steel or zinc coated steel. All remaining internal hardware shall be stainless steel, aluminum alloy, or zinc coated steel.

13. The light must appear to be a single source (regardless of the number of drivers) to the road users.

14. The fixture manufacturer must be in the business of manufacturing outdoor lighting products for a minimum of ten (10) years.

Warranty: The Contractor shall provide, as a deliverable under this Contract, manufacturer's warranty certificate for these items as follows: 10 year warranty from the date of final acceptance of the installation by the DDOT officer or designated representative to repair or replace luminaires and/or components thereof as well as LEDs and Drivers that fail in materials or workmanship; corrode; leak; or fade, stain, or chalk

due to effects of weather, vibration or solar radiation. In the event of a systemic failure that affects more than 10 percent of the luminaires or their component parts, all materials that are subject to correction shall be repaired or replaced.

*All references to standards and compliance documents for testing, electrical, etc. shall be the most recent published edition of these documents.

Luminaire overall height:	45 to 48 inches	46 inches	46 inches

1. Luminaires shall be UL 1598 listed and satisfy the requirements summarized above for each type of luminaire and wattage.

2. The teardrop fixture shall include a rippled acrylic deep dish plastic globe. The deep dish globe shall be molded of rippled acrylic plastic having a minimum thickness of 0.090 inches. The lens shall be secured to the holding ring that is sealed to provide an IP66 Ingress rating. Additionally, a continuous circular gasket rated for 130 ºC must hold the globe into place within the cast ring assembly and assist in sealing the fixture. The deep dish globe shall be designed in such a way that the fixture has no more than 4% uplight. At minimum, the teardrop fixture shall look identical to the legacy teardrop luminaire.

3. The luminaire body shall be made of heavy wall cast aluminum and with provisions for heat dissipation. The fixture shall have a holder or plumbizer. The holder shall allow vertical adjustment of the fixture. A level device must be fastened to the horizontal arm by means of 2 u-clamps. A NEMA approved 7-pin twist-lock photocell receptacle per ANSI C136.41 must also be positioned on the top and be sealed to avoid ingress of water, dirt or bugs. The surface treatment shall meet ASTM B117 standard for salt spray testing. The assembly shall indicate visible labels for “STREET SIDE” and “HOUSE SIDE”

4. The optical system shall be composed of high performance LEDs arranged in an array to achieve desired distribution optimized to get maximum spacing, target lumen and a superior lighting uniformity. Performance shall be tested per LM79 and TM15 (IESNA) certifying its photometric performance. The luminaire shall be designed to house a 7-pin photocell receptacle per ANSI C136.41 and will be wired and configured to accept both the typical button type photocell and remote monitoring control node for luminaire.

5. The driver assembly shall be mounted on a heavy duty fabricated galvanized steel mounting bracket to allow complete tool-less maintenance. The driver shall be certified in compliance to UL8750 requirement. The current supplying the LEDs will be reduced by the driver if the driver experiences internal overheating as a protection to the LEDs and the electrical components. Output shall be protected from short circuits, voltage overload and current overload.

6. The LED emitters shall be mounted to circuit boards such that they are in full thermal contact with the heat sink. Product shall not use any cooling device with moving parts.

7. The electrical components shall be RoHS compliant. The LEDs shall be tested in accordance with IESNA LM 80 guidelines, and in compliance with EPA ENERGY STAR, extrapolations in accordance with IESNA TM 21. The electronic components sensitive to electrostatic discharge (ESD) such as light emitting diodes (LEDs) shall be assembled in compliance with ANSI/ESD S20.20 standards so as to eliminate ESD events that could decrease the useful life of the product. All internal components shall be assembled and pre-wired using modular electrical connections.

8. All internal wiring and connections shall be completed so that it will be necessary only to attach the incoming supply connectors to Mate-N-Loc connectors or to a terminal block. Terminal blocks shall be certified to 250V, 70A and consist of three sets of terminals. They shall be rated to 250V and meet NEMA Specifications for Wiring Terminals. Mate-N-Loc shall be certified for 600V operation. Internal wire connectors shall be crimp connector and all wiring components shall be to be CSA certified and/or UL listed.

9. Opening and locking system shall be designed such it allows easy installation glare shield. The fixture shall come with a glare shield that will provide shielding at 0 – 360 degrees. The house side shield shall be easily installed in the field as directed by DDOT Engineer.

10. The fixtures shall also be tested in accordance to Department of Energy (DOE) sanctioned standards to determine the maximum in-situ solder-point or junction-point temperatures of the LED emitters. The report must be available upon request by the Engineer.

11. Luminaire shall comply with FCC 47 CFR part 15/18. Luminaire shall comply with section 5.2.5 (luminaires rated for outdoor use) of ANSI C82.77 at full input power and across specified voltage range.

12. The light must appear to be a single source (regardless of the number of drivers) to the road users.

13. The finish application shall be of polyester powder coat paint at least 3 mils/100 microns with ± 1 mils/24 microns of tolerance. The Thermosetting resins shall provide a discoloration resistant finish in accordance with the ASTM D 2244 standard, as well as luster retention in keeping with the ASTM D 523 standard and humidity proof in accordance with the ASTM D2247 standard. The surface treatment shall meet ASTM B117 standard.

14. All exterior hardware and fasteners, wholly or partly exposed, shall be stainless-steel alloy. All internal fasteners shall be stainless-steel or zinc coated steel. All remaining internal hardware shall be stainless steel, aluminum alloy, or zinc coated steel.

15. The fixture manufacturer must be in the business of manufacturing outdoor lighting products for a minimum of ten (10) years.

16. The luminaires shall be fully assembled and electrically tested prior to shipment from factory.

Warranty: The Contractor shall provide, as a deliverable under this Contract, manufacturer's warranty certificate for these items as follows: 10 year warranty from the date of final acceptance of the installation by the DDOT officer or designated representative to repair or replace luminaires and/or components thereof as well as LEDs and Drivers that fail in materials or workmanship; corrode; leak; or fade, stain, or chalk due to effects of weather, vibration or solar radiation. In the event of a systemic failure that affects more than 10 percent of the luminaires or their component parts, all materials that are subject to correction shall be repaired or replaced.

*All references to standards and compliance documents for testing, electrical, etc. shall be the most recent published edition of these documents.

4. The driver assembly shall be mounted on a heavy duty fabricated galvanized steel mounting bracket to allow complete tool-less maintenance. The driver assembly shall be designed such that it fits into all DDOT's standard upright poles (can be found in the standard drawings). The driver shall be certified in compliance to UL8750 requirement. The current supplying the LEDs will be reduced by the driver if the driver experiences internal overheating as a protection to the LEDs and the electrical components. Output shall be protected from short circuits, voltage overload and current overload.

5. The LED emitters shall be mounted to circuit boards such that they are in full thermal contact with the heat sink. Product shall not use any cooling device with moving parts.

6. The electrical components shall be RoHS compliant. The LEDs shall be tested by in accordance with IESNA LM 80 guidelines, and in compliance with EPA ENERGY STAR, extrapolations in accordance with IESNA TM 21. The electronic components sensitive to electrostatic discharge (ESD) such as light emitting diodes (LEDs) shall be assembled in compliance with ANSI/ESD S20.20 standards so as to eliminate ESD events that could decrease the useful life of the product. All internal components shall be assembled and pre-wired using modular electrical connections.

7. All internal wiring and connections shall be completed so that it will be necessary only to attach the incoming supply connectors to Mate-N-Loc connectors or to a terminal block. Terminal blocks shall be certified to 250V, 70A and consist of three sets of terminals. They shall be rated to 250V and meet NEMA Specifications for Wiring Terminals. Mate-N-Loc shall be certified for 600V operation. Internal wire connectors shall be crimp connector and all wiring components shall be CSA certified and/or UL listed.

8. The luminaire assembly (globe, globe ring, driver, LED light engine) shall be secured to the main housing by means of set screws or tool less "twist-lock" opening system maintaining a secure seal between the globe ring and the cast iron casing of the pole. The LED light engine shall be protected from water or dust particle ingress making the fixture suitable for an outdoor environment. The assembly shall indicate visible labels for "STREET SIDE" and "HOUSE SIDE"

9. Opening and locking system shall be designed such it allows easy globe removal, installation of networked outdoor lighting controller, and installation of glare shield. The fixture shall come with a glare house side shield that will provide shielding at 0 – 120 degrees. The house side shield shall be easily installed in the field as directed by DDOT Engineer.

10. The fixtures shall also be tested in accordance to Department of Energy (DOE) sanctioned standards to determine the maximum in-situ solder-point or junction-point temperatures of the LED emitters. The report must be available upon request by the Engineer.

11. Luminaire shall comply with FCC 47 CFR part 15/18. Luminaire shall comply with section 5.2.5 (luminaires rated for outdoor use) of ANSI C82.77 at full input power and across specified voltage range.

12. The light shall appear to be a single source (regardless of the number of drivers) to the road users. The top portion of the globe shall be uniformly illuminated by the upward light component.

13. All exterior hardware and fasteners, wholly or partly exposed, shall be stainless-steel alloy. All internal fasteners shall be stainless-steel or zinc coated steel. All remaining internal hardware shall be stainless steel, aluminum alloy, or zinc coated steel.

14. The finish application shall be of polyester powder coat paint at least 3 mils/100 microns with ± 1 mils/24 microns of tolerance. The Thermosetting resins shall provide a discoloration resistant finish in accordance with the ASTM D 2244 standard, as well as luster retention in keeping with the ASTM D 523 standard and humidity proof in accordance with the ASTM D2247 standard. The surface treatment shall meet ASTM B117 standard.

15. The fixture manufacturer must be in the business of manufacturing outdoor lighting products for a minimum of ten (10) years.

16. The luminaires shall be fully assembled and electrically tested prior to shipment from factory.

Warranty: The Contractor shall provide, as a deliverable under this Contract, manufacturer's warranty certificate for these items as follows: 10 year warranty from the date of final acceptance of the installation by the DDOT officer or designated representative to repair or replace luminaires and/or components thereof as well as LEDs and Drivers that fail in materials or workmanship; corrode; leak; or fade, stain, or chalk due to effects of weather, vibration or solar radiation. In the event of a systemic failure that affects more than 10 percent of the luminaires or their component parts, all materials that are subject to correction shall be repaired or replaced.

*All references to standards and compliance documents for testing, electrical, etc. shall be the most recent published edition of these documents.

Klingle Valley Trail

Post Top LED	Klingle Valley Trail (KVT)
Maximum nominal luminaire input power (watts). This value is driven by min LpW and delivered lumens:	33
Nominal luminaire input voltage:	Universal 120-277 V
Operating Frequency Range:	50-60 Hz
Minimum Luminaire Life:	100,000 hours per L70 lumen maintenance @ 25°C.
Min. Warranty:	At least 10 years from date of installation
Nominal correlated color temperature (CCT):	2700K †(see below note)
Minimum Color Rendering Index (CRI):	80
Max. nominal Backlight-Uplight-Glare (BUG) ratings:	B1-U0-G1
IES Distribution Type:	Type II
Minimum Lumens per Watt	100
Min. Delivered lumens:	3300
Luminaire housing finish color:	Custom
Max. luminaire weight:	33 lbs.

Post Top LED	Klingle Valley Trail (KVT)
Mounting method:	Post Top
Vibration:	ANSI C136.31 for Bridge/Overpass
Min. ambient temperature during operation:	-20 °C
Max. ambient temperature during operation:	+40 °C
Electrical Immunity:	10kV/5kA, ANSI C 136.2 Compliant
Control Interface:	ANSI C136.41, 7-Pin
LED Driver	Dimmable, DALI
LED Power Factor:	At least 0.9
Min. Ingress Protection:	IP 66
Luminaire overall height:	39 inches
Luminaire diameter:	20.125 inches

† Developer may select warmer CCT fixtures for the Klingle Valley Trail Lighting Units if those CCTs can perform to the remainder of the specifications.

1. Luminaires shall be UL 1598 listed and satisfy the requirements summarized above for each type of luminaire.

2. The finial shall be 356 aluminum; The hood, guard, and access mechanism shall be A360.1 aluminum alloy and 2.5mm thickness; and all mechanically assembled. At minimum, the post top fixture shall look identical to existing KVT fixture.

3. The optical system shall be composed of high performance LEDs arranged in an array to achieve desired distribution optimized to get maximum spacing, target lumen and a superior lighting uniformity. Performance shall be tested per LM79 and TM15 (IESNA) certifying its photometric performance. The luminaire shall be designed to house a 7-pin photocell receptacle per ANSI C136.41 and will be wired and configured to accept both the typical button type photocell and remote monitoring control node for luminaire.

4. The driver assembly shall be on a unitized removable tray with quick disconnect plug; shall be designed such that it fits into all DDOT's standard upright poles (can be found in the standard drawings). The driver shall be certified in compliance to UL8750 requirement. The current supplying the LEDs will be reduced by the driver if the driver experiences internal overheating as a protection to the LEDs and the electrical components. Output shall be protected from short circuits, voltage overload and current overload.

5. The LED emitters shall be mounted to circuit boards such that they are in full thermal contact with the heat sink. Product shall not use any cooling device with moving parts.

6. The electrical components shall be RoHS compliant. The LEDs shall be tested by in accordance with IESNA LM 80 guidelines, and in compliance with EPA ENERGY STAR, extrapolations in accordance with IESNA TM 21. The electronic components sensitive to electrostatic discharge (ESD) such as light emitting diodes (LEDs) shall be assembled in compliance with ANSI/ESD S20.20 standards so as to eliminate ESD events that could decrease the useful life of the product. All internal components shall be assembled and pre-wired using modular electrical connections.

7. All internal wiring and connections shall be completed so that it will be necessary only to attach the incoming supply connectors to Mate-N-Loc connectors or to a terminal block. Terminal blocks shall be certified to 250V, 70A and consist of three sets of terminals. They shall be rated to 250V and meet NEMA Specifications for Wiring Terminals. Mate-N-Loc shall be certified for 600V operation. Internal wire connectors shall be crimp connector and all wiring components shall be CSA certified and/or UL listed.

8. The luminaire assembly shall be secured to the main housing by means of set screws or tool less “twist-lock” opening system maintaining a secure seal to the iron casing of the pole. The LED light engine shall be protected from water or dust particle ingress making the fixture suitable for an outdoor environment. The assembly shall indicate visible labels for “STREET SIDE” and “HOUSE SIDE”

9. Opening/Access system shall be designed such it allows easy guard/cage/hood removal, installation of networked outdoor lighting controller, and installation of glare shield. The fixture shall come with a glare house side shield that will provide shielding at 0 – 120 degrees. The house side shield shall be easily installed in the field as directed by DDOT Engineer.

10. The fixtures shall also be tested in accordance to Department of Energy (DOE) sanctioned standards to determine the maximum in-situ solder-point or junction-point temperatures of the LED emitters. The report must be available upon request by the Engineer.

11. Luminaire shall comply with FCC 47 CFR part 15/18. Luminaire shall comply with section 5.2.5 (luminaires rated for outdoor use) of ANSI C82.77 at full input power and across specified voltage range.

12. The light shall appear to be a single source (regardless of the number of drivers) to the road users.

13. All exterior hardware and fasteners, wholly or partly exposed, shall be stainless-steel alloy. All internal fasteners shall be stainless-steel or zinc coated steel. All remaining internal hardware shall be stainless steel, aluminum alloy, or zinc coated steel.

14. The fitter shall be made of A360.1 aluminum alloy 2.5mm thickness and terminal block that accepts wires from primary circuit. Shall fit on 4 inch outside diameter by 4 inch long tenon.

15. The finish application shall be of polyester powder coat paint at least 3 mils/100 microns with ± 1 mils/24 microns of tolerance. The Thermosetting resins shall provide a discoloration resistant finish in accordance with the ASTM D 2244 standard, as well as luster retention in keeping with the ASTM D 523 standard and humidity proof in accordance with the ASTM D2247 standard. The surface treatment shall meet ASTM B117 standard.

16. The fixture manufacturer must be in the business of manufacturing outdoor lighting products for a minimum of ten (10) years.

16. The luminaires shall be fully assembled and electrically tested prior to shipment from factory.

Warranty: The Contractor shall provide, as a deliverable under this Contract, manufacturer's warranty certificate for these items as follows: 10 year warranty from the date of final acceptance of the installation by the DDOT officer or designated representative to repair or replace luminaires and/or components thereof as well as LEDs and Drivers that fail in materials or workmanship; corrode; leak; or fade, stain, or chalk due to effects of weather, vibration or solar radiation. In the event of a systemic failure that affects more than 10 percent of the luminaires or their component parts, all materials that are subject to correction shall be repaired or replaced.

IES Distribution Type:	Type II
Minimum Lumens per Watt	100
Min. Delivered lumens:	3300
Luminaire housing finish color:	Custom
Max. luminaire weight:	32 lbs.
Mounting method:	Side Pole Crook
Vibration:	ANSI C136.31 for Bridge/Overpass

Post Top LED	Metropolitan Branch Trail (MBT)
Min. ambient temperature during operation:	-20 °C
Max. ambient temperature during operation:	+40 °C
Electrical Immunity:	10kV/5kA, ANSI C 136.2 Compliant
Control Interface:	ANSI C136.41, 7-Pin
LED Driver	Dimmable, DALI
LED Power Factor:	At least 0.9
Min. Ingress Protection:	IP 66
Luminaire overall height:	20 to 25 inches
Luminaire diameter:	25 to 30 inches

† Developer may select warmer CCT fixtures for the Metro Branch Trail Lighting Units if those CCTs can perform to the remainder of the specifications.

1. Luminaires shall be UL 1598 listed and satisfy the requirements summarized above for each type of luminaire.

2. The luminaire shall consist of aluminum alloy 383 housing that acts as enclosure to engine (engine must be affixed to inside of housing); Bottom decorative portion shall be one piece spun aluminum allow (min thickness .09 in) that is permanently fixed to cast housing; All mechanically assembled. At minimum, the side pole crook fixture shall look identical to existing MBT fixture.

3. The optical system shall be composed of high performance LEDs arranged in an array to achieve desired distribution optimized to get maximum spacing, target lumen and a superior lighting uniformity. Performance shall be tested per LM79 and TM15 (IESNA) certifying its photometric performance. The optical enclosure shall be of borosilicate prismatic glass (with flat lens). The luminaire shall be designed to house a 7-pin photocell receptacle per ANSI C136.41 and will be wired and configured to accept both the typical button type photocell and remote monitoring control node for luminaire.

4. The driver assembly shall be mounted on heavy duty fabricated aluminum bracket to allow for complete tool-less entry. The driver shall be certified in compliance to UL8750 requirement. The current supplying the LEDs will be reduced by the driver if the driver experiences internal overheating as a protection to the LEDs and the electrical components. Output shall be protected from short circuits, voltage overload and current overload.

5. The LED emitters shall be mounted to circuit boards such that they are in full thermal contact with the heat sink. Product shall not use any cooling device with moving parts.

Minimum Lumens per Watt	125
Min. Delivered lumens:	50000
Luminaire housing finish color:	Custom
Max. luminaire weight:	60 lbs.
Mounting method:	Arm Mount adj. up to 2 inch NPS
Vibration:	ANSI C136.31

High Mast LED	High Mast
Min. ambient temperature during operation:	-20 °C
Max. ambient temperature during operation:	+40 °C
Electrical Immunity:	10kV/5kA, ANSI C 136.2 Compliant
Control Interface:	ANSI C136.41, 7-Pin
LED Driver:	Dimmable, DALI
LED Power Factor:	At least 0.9
Min. Ingress Protection:	IP 66
Luminaire overall diameter	20 to 25 inches
Clamping Mechanism:	4 bolts

1. Luminaires shall be UL 1598 listed and satisfy the requirements summarized above for each type of luminaire.

2. The luminaire shall consist of aluminum alloy A380 housing; Arm mount shall have +/- 5 degree vertical adj.; All mechanically assembled.

3. The optical system shall be composed of high performance optical grade to achieve desired distribution optimized to get maximum spacing, target lumen and a superior lighting uniformity. Performance shall be tested per LM79 and TM15 (IESNA) certifying its photometric performance. The luminaire shall be designed to house a 7-pin photocell receptacle per ANSI C136.41 and will be wired and configured to accept both the typical button type photocell and remote monitoring control node for luminaire. The optical system shall be Dark Sky compliant with 0% uplight. The optical enclosure shall be of borosilicate prismatic glass.

4. The driver shall be certified in compliance to UL8750 requirement. The current supplying the LEDs will be reduced by the driver if the driver experiences internal overheating as a protection to the LEDs and the electrical components. Output shall be protected from short circuits, voltage overload and current overload.

5. The LED emitters shall be mounted to circuit boards such that they are in full thermal contact with the heat sink. Product shall not use any cooling device with moving parts.

6. The electrical components shall be RoHS compliant. The LEDs shall be tested by in accordance with IESNA LM 80 guidelines, and in compliance with EPA ENERGY STAR, extrapolations in accordance with IESNA TM 21. The electronic components sensitive to electrostatic discharge (ESD) such as light emitting diodes (LEDs) shall be assembled in compliance with ANSI/ESD S20.20 standards so as to eliminate ESD events that could decrease the useful life of the product. All internal components shall be assembled and pre-wired using modular electrical connections.

7. All internal wiring and connections shall be completed so that it will be necessary only to attach the incoming supply connectors to Mate-N-Loc connectors or to a terminal block. Terminal blocks shall be certified to 250V, 70A and consist of three sets of terminals. They shall be rated to 250V and meet NEMA Specifications for Wiring Terminals. Mate-N-Loc shall be certified for 600V operation. Internal wire connectors shall be crimp connector and all wiring components shall be CSA certified and/or UL listed.

8. The LED light engine shall be protected from water or dust particle ingress making the fixture suitable for an outdoor environment.

9. Opening/access system shall have stainless steel bolted or quick disconnectors to disengage electrical cover for easy luminaire disconnect and access to LED driver and terminal block.

10. The fixtures shall also be tested in accordance to Department of Energy (DOE) sanctioned standards to determine the maximum in-situ solder-point or junction-point temperatures of the LED emitters. The report must be available upon request by the Engineer.

11. Luminaire shall comply with FCC 47 CFR part 15/18. Luminaire shall comply with section 5.2.5 (luminaires rated for outdoor use) of ANSI C82.77 at full input power and across specified voltage range.

12. The light shall appear to be a single source (regardless of the number of drivers) to the road users.

13. All exterior hardware and fasteners, wholly or partly exposed, shall be stainless-steel alloy. All internal fasteners shall be stainless-steel or zinc coated steel. All remaining internal hardware shall be stainless steel, aluminum alloy, or zinc coated steel.

14. The finish application shall be of polyester powder coat paint at least 3 mils/100 microns with ± 1 mils/24 microns of tolerance. The Thermosetting resins shall provide a discoloration resistant finish in accordance with the ASTM D 2244 standard, as well as luster retention in keeping with the ASTM D 523 standard and humidity proof in accordance with the ASTM D2247 standard. The surface treatment shall meet ASTM B117 standard.

15. The fixture manufacturer must be in the business of manufacturing outdoor lighting products for a minimum of ten (10) years.

16. The luminaires shall be fully assembled and electrically tested prior to shipment from factory.

Warranty: The Contractor shall provide, as a deliverable under this Contract, manufacturer's warranty certificate for these items as follows: 10 year warranty from the date of final acceptance of the installation by the DDOT officer or designated representative to repair or replace luminaires and/or components thereof as well as LEDs and Drivers that fail in materials or workmanship; corrode; leak; or fade, stain, or chalk due to effects of weather, vibration or solar radiation. In the event of a systemic failure that affects more than 10 percent of the luminaires or their component parts, all materials that are subject to correction shall be repaired or replaced.

*All references to standards and compliance documents for testing, electrical, etc. shall be the most recent published edition of these documents.

13.14 Definitions

Capitalized terms and acronyms used in the Technical Provisions have the meanings given in this Section (*Definitions*).

"Administrative Redirect" has the meaning set forth in Section 10.6.7 Asset Management of the Technical Provisions.

"Advisory Neighborhood Commission" or **"ANC"** are bodies of local government in District of Columbia that consider a wide range of policies and programs affecting their neighborhoods, including traffic, parking, recreation, street improvements, liquor licenses, zoning, economic development, police protection, sanitation and trash collection, and the District's annual budget. The powers of the ANC system are enumerated by the DC Code § 1-207.38.

"Alley" is a public passageway for vehicles, pedestrians, drainage purposes, or any combination thereof, which connects with a street and which usually affords a means of access to the rear of properties abutting streets or highways.

"Asset Management Information System" or "**AMIS**" has the meaning set forth in Section 10.3 of the Technical Provisions, to include a database of Asset Management Work, Lighting Unit, and Element conditions; documents related to Asset Management Work; and a user-customizable Graphic User Interface (GUI).

"Arm" means a structural attachment to a Pole to which one or more Luminaires are affixed and/or suspended.

"As-Built Drawings" means the Final Design Documents submitted and updated by the Developer to incorporate all changes made in the specifications and working drawings during construction. Requirements for As-Built Drawings are detailed in Section 7.2.6 of the Technical Provisions.

"Asset Management Work" or "AM Work" means any and all Work and activities necessary to manage, monitor, maintain, renew, rehabilitate, and expand the Streetlight Network in accordance with the Technical Provisions, including the work and activities necessary to achieve, maintain, monitor and report on the Performance Requirements, Make Safe Work, Tree Trimming Work, and Construction Work.

"Bicycle Lane" is a single defined track for bicycle traffic that is aligned with vehicular traffic.

"Closure" means, in respect of any publicly owned street, roadway, park or sidewalk, or in respect of any public or private access to a private property or publicly-owned building, that all or part of any traffic lane, bus stop, parking area, sidewalk, or pedestrian or bike path is blocked or closed, or that the use thereof is otherwise inhibited for any reason.

"Collector" means the roadways servicing traffic between major and local roadways. These are roadways used mostly for traffic movements within residential, commercial, and industrial areas.

"Color Rendering Index" or CRI is the ability of a light source to reflect the color of illuminated objects with fidelity relative to ideal or natural light sources of the same color temperature. CRI is calculated according to CIE 13.3, which sets forth the CIE Ra method, the commonly used eight-color method.

"Combination Pole" is a Pole which includes District-owned Traffic Signal and Lighting Fixtures.

"Commercial Zone" corresponds to a densely developed business area of the District containing land use that attracts a relatively heavy volume of nighttime vehicular traffic or pedestrian traffic, or both, on a frequent basis.

"Condition Rating" is a value assigned to an Element that corresponds to the Element's level of deterioration. Condition Ratings are recorded following Condition Assessments and are rated on a Condition Rating Scale, as established in Section 10.7.3 of the Technical Provisions.

"Condition Rating Assessment" is the inspection, recording, and reporting of an Element's level of deterioration, conducted at specified intervals or as otherwise deemed necessary, per the requirements detailed in Section 10.7 of the Technical Provisions.

"Construction Work" means Conversion Work or Asset Management Work, as applicable, replacing, installing, erecting, relocating a Pole; construction, reconstruction, replacement of existing or new underground conduits; or any other Work involving excavation, cutting, or restoring of pavement or sidewalks in the Public Space.

"Conversion Period" means the period starting on the date of issuance of the first NTP3 and ending at Conversion Work Completion.

"Conversion Work Completion" means the achievement of Final Completion for all the Project Bundles. For the avoidance of doubt, the Project Bundles shall include all the Elements of the Street Light Network necessary for the completion of the D&C Work in accordance with the Technical Provision.

"Conversion Work Completion Date" means the date upon which the Development Entity achieves Conversion Work Completion.

"Conversion Work Plan" has the meaning set forth in Section 2.5.1 of the Technical Provisions.

"Conversion Work" means the Work necessary to convert the Existing Streetlight Network from non-LED street Light Fixtures to LED technology, including repairs and upgrades to existing wiring and electrical systems necessary to support such conversion, and the Work necessary to deliver the Smart City Improvements.

"Cycle Track" is a bidirectional track for bicycle traffic that is divided from vehicular traffic.

"D&C Work" means the Design Work and the Conversion Work necessary to deliver the Improved Street Light Network and Smart City Improvements, or, as applicable, Design Work and Construction Work as may be necessary to deliver Asset Management Work.

"Deductions" means deductions calculated in accordance with Exhibit 14 (Payment Mechanism) of the Project Agreement.

"Design Submittals" means the all Design Documents prepared by the Developer and submitted to the District in accordance with the Project Agreement and as described in Section 7.2 of the Technical Provisions.

"Design Documents" means all drawings (including plans, profiles, cross-sections, notes, elevations, typical sections, details, and diagrams), specifications, reports, studies, working drawings, shop drawings, calculations, electronic files, records, and submittals necessary for, or related to, the design of the Project, as detailed in Section 7.2 of the Technical Provisions.

"Design Manual" or "**Street Light Improvement Design Manual"** has the meaning set forth in Section 7.2.1 of the Technical Provisions.

"Design Work" means all Work related to the design, redesign, engineering or architecture for the Project.

"Discretionary Submittal" means any Submittal that is expressed in this Agreement to be subject to approval or consent of the District in its absolute discretion.

"District Direct Requests" has the meaning set forth in Section 10.3.9(b)iii of the Technical Provisions.

"District of Columbia Department of Transportation Standard Specifications for Highways and Structures" are the standards and specifications for all District Department of Transportation contracts awarded by the Mayor of the District of Columbia, the Council of the District of Columbia, and/or the Contracting Officer and are the standard specifications for all the construction activities and material control within the Public Space of the District of Columbia. The document is colloquially referred to as the Gold Book.

"Element" means an individual physical asset, component, system, or subsystem of the Project.

"Emergency" has the meaning set forth in the Project Agreement and means any unplanned event affecting the Project that:

a) presents an immediate or imminent risk of:

   i) death or injury to any individual;

   ii) damage to a third party's property or equipment;

   iii) damage to the Environment; or

   iv) threat to the long-term integrity of any part of the Project;

b) results in the declaration of a state of emergency pursuant to District of Columbia or Federal law; or

c) is recognized or declared by any law enforcement agency or any other Governmental Entity (other than the District and the District-Related Entities) as an Emergency.

"Existing Lighting Asset Inventory" has the meaning set forth in Section 1.4.1 of the Technical Provisions.

"Existing Street Light Network" means the network of District-owned Lighting Units as of the Setting Date located in the Public Space or, from times to times, located on private property for the purpose of illuminating the Public Space, District-owned Light Fixtures that may be attached to Poles or other structures not owned by the District, and District-owned supporting fixtures, appurtenances, and infrastructure necessary for the proper functioning of such Lighting Units and Light Fixtures. The Existing Street Light Network includes, at a minimum, all the assets listed in the Existing Lighting Asset Inventory as of the Setting Date.

"Expanded Street Light Network" means the Lighting Assets in the Public Space not otherwise part of the Existing Street Light Network that may be designed and built by the District, the Developer, or any Third Party after the Setting Date and until the end of the Term to meet the requirements of Section 7 (Design, Conversion, and Construction Requirements) of the Technical Provisions and added to the Project pursuant to the acceptance procedure set forth in Section 10.7.7 of the Technical Provisions.

"Expressway" is a divided major roadway for through traffic with partial control of access and generally at major crossroads with interchanges. Parkways are generally known as expressways for non-commercial traffic within parks and park-like areas.

"Freeway" means a divided major roadway with full control of access and with no crossing at grade. It applies to both toll and non-toll roads.

"Freeway A" designates roadways with greater visual complexity and high traffic volumes. This type of freeway is usually found in major metropolitan areas in or near the central core. It operates through much of the early evening hours of darkness at or near design capacity.

“Freeway B” designates all other divided roadways with full control of access where lighting is needed.

“Handback Period” means the period beginning with the submittal of the Handback Work Plan and last until the completion of Handback Work.

“Handback Date” means the Termination Date at the completion of Year 15 of the term, by when, in accordance with the requirements in Section 12 (Handback) of the Technical Provisions and those set forth in the Project Agreement, the Developer shall transfer to the District all software, hardware, backoffice equipment, field equipment, inventory, and read/write access owned by the Developer and related to the intellectual property as described in Section 52.2(a) (Intellectual Property License to the District) of the Project Agreement required to fully operate the AMIS and RMCS, including access to any and all data in the AMIS.

“Handback Work Plan” has the meaning set forth in Section 12.2 of the Technical Provisions.

“Handhole” is a shallow form of manhole giving access to a top row of ducts in an underground electrical system.

“Holiday” has the meaning set forth in the District of Columbia Department of Transportation Standard Specifications for Highways and Structures.

“Holiday Weekend” means, either:

i. Friday, Saturday, and Sunday if Friday or Saturday is a Holiday; or

ii. Saturday, Sunday, and Monday if either Sunday or Monday is a Holiday.

“Improved Street Light Network” means the Existing Street Light Network after completion of the following improvements as determined by Project Final Completion.(i) the conversion of non-LED street Light Fixtures to LED technology, including repairs and upgrades to existing wiring and electrical systems necessary to support the conversion, (ii) the provision of the system for the Remote Monitoring and Control System, as further described in the Technical Requirements, (iii) the provision of the Asset Management Information System, as further described in the Technical Requirements and (iv) maintenance, repair, reconstruction, rehabilitation, restoration, renewal or replacement of any worn-out, obsolete, deficient, damaged or under-performing Element of the Existing Street Light Network necessary to bring such Element to a Fair (numerical score of 3) Condition Rating.

“Incident” means an unplanned or forecasted event that adversely impacts Lighting Unit and/or Element condition and/or traffic conditions, posing a safety hazard to the general public, Developer personnel, and/or District staff.

“Joint Governance” means the dual access and operability of systems, including the AMIS and RMCS.

“Lead Design Firm” means the engineering firm that provides direct supervision over the preparation of all Design Documents for the Project.

“LED” means light-emitting diode, a semiconductor device that emits light when an electric current passes through it.

“Lighting Asset Inventory” means the Geographic Information System map and related data describing the Luminaires in the Street Light Network as further described in Section 1.4.1 of the Technical Provisions. It may also be referred to as the ArcGIS Asset Inventory or more generally as the Asset Inventory.

“Lighting Unit” means the complete assembly consisting of any combination of (i) a Luminaire or Luminaires, (ii) the Luminaires’ mounting system, attachment, hardware, and structural support including Pole, Arm, base, and foundation, (iii) the complete electrical system above and below ground connecting the Luminaire to the power supply from the Luminaire to the PEPCO power source, (iv) the conduits and cabinets housing the electrical system and the access points to the electrical system, or (v) any other asset necessary to provide illumination to the Public Space in accordance with the Performance Requirements.

“Local” means the roadways used mainly for direct access to residential, commercial, industrial, or other abutting property. They do not include roadways that carry through traffic. The long local roadways are generally divided into short sections by collector roadway systems.

“Luminaire” or **“Light Fixture”** means a complete lighting unit consisting of a lamp or lamps or Light Emitting Diode or Diodes together with the parts designed to distribute the light, to position and protect the lamps or LEDs, including housing and shielding, and to connect the lamps to the power supply and monitoring and control systems, as shown schematically in Appendix 13.8 (Asset Inventory) of the Technical Provisions.

“Major/Principal Arterial” is the part of the roadway system serving as the principal network for through traffic flow. The routes connect important rural highways entering the city and areas of principal traffic generation.

“Make Safe Work” or **“Make Safe”** means all Work and activities deemed necessary by the District to eliminate known safety hazards, mitigate and control associated risks to the safety of persons and animals, and permanently remedy such hazards and risks.

“Minor Arterial” is the roadway that provides relatively high speeds and least interference to through traffic flow with little or no access control. It provides direct access to abutting properties, has frequent at-grade intersections, has pedestrian movements along and across the roadway, accommodates bicyclists unless specifically limited, and supports public transportation.

“Mixed Use Zone” or Intermediate Zone corresponds to an area that may include land use and characteristics of both a Residential Zone and Commercial Zone and may include blocks with libraries, community recreation centers, large apartment buildings, industrial buildings, or neighborhood retail stores and is often characterized by moderately heavy nighttime pedestrian activities.

“National Highway System” or **“NHS”** is comprised of the Interstate Highway System and the network of roadways important to the nation’s economy, defense, and mobility.

“Noncompliance Event” means the failure to meet a Technical Requirement or Performance Requirement, as further described in Section 22 of the Project Agreement.

“Non-Discretionary Submittal” means any Submittal that is expressed in this Agreement to be subject to approval or consent of the District, but which is not a Discretionary Submittal.

“NTP1” means a milestone that authorizes the start of Preliminary Work, as further described in Section 16.1 of the Project Agreement

“NTP2” means a milestone that authorizes the start of Design Work, as further described in Section 16.2 of the Project Agreement.

“NTP3” means a milestone that authorizes the start of Conversion Work for a specific Lighting Bundle, as further described in Section 16.3 of the Project Agreement.

“Off-Peak” refers to the following hours of the day, Monday through Sunday:

i. For Freeways & Expressways, Other Principal Arterials, Minor Arterials, and Collectors:
    a. 12:00 a.m. – 5:30 a.m.
    b. 9:30 a.m. – 3:30 p.m.
    c. 9:30 p.m. – 11:59 p.m.
ii. For Local Roads, Alleyways, and Pedestrian Paths:
    a. 12:00 a.m. – 5:30 a.m.
    b. 9:30 a.m. – 3:30 p.m.
    c. 6:30 p.m. – 11:59 p.m.

"Peak" refers to the following hours of the day, Monday through Sunday:

i. For Freeways & Expressways, Other Principal Arterials, Minor Arterials, and Collectors:
    a. 5:30 a.m. – 9:30 a.m.
    b. 3:30 p.m. – 9:30 p.m.
ii. For Local Roads, Alleyways, and Pedestrian Paths:
    a. 5:30 a.m. – 9:30 a.m.
    b. 3:30 p.m. – 6:30 p.m.

"Pedestrian Walkway" is a public facility for pedestrian traffic not necessarily within the right-of-way of a vehicular traffic roadway. This includes skywalks (pedestrian overpasses), subwalks (pedestrian tunnels), walkways giving access to parks or block interiors, and midblock street crossings.

"Performance Requirements" means, for each Element of the Street Light Network, during Term, the requirements set forth in the table(s) included in Appendix 13.1 of the Technical Provisions.

"Permissible Unplanned Maintenance" means any activity performed to help maintain the Street Light Network operating in accordance with the Performance Requirements that has not been planned by the Developer in advance of occurrence.

"Permitted Closures" has the meaning set out in Section 11.1 of the Technical Provisions.

"Planned Maintenance" means any activity performed to help maintain the Street Light Network operating in accordance with the Performance Requirements that has been planned by the Developer prior to occurrence and has been approved by the District when requiring a Closure.

"Planned Outage" means the interruption of power to a Lighting Unit or series of Lighting Units within Project Bundle or to the to the Remoter Monitoring and Control System for the purpose of preventive maintenance or other Asset Management Work scheduled in accordance with Section 10.5 of the Technical Provisions.

"Pole Identification Tag" or **"Pole ID Tag"** means, as of the Setting Date, the horizontal black and/or yellow tag with alpha-numeric sequence located on Pole with a unique Pole identifier. After the first NTP3, Pole ID Tag means any unique Pole identifier devise physically located on the Pole, which has been approved by the District.

"Pole" means a pole or mast on which any portion of the Street Light Network is affixed, including light fixtures, Luminaires, the luminaire power supply and related mounting hardware. Poles include the foundation.

"Preliminary Work" means:

(a) any Work that the Development Entity is required to undertake in order to satisfy the conditions precedent listed in Part 2 (Conditions Precedent to NTP2); and

(b) any other Work related to general administrative activities, preparation of the Project Management Plan and Project Baseline Schedule, preliminary Design Work, NEPA activities, investigations (including geotechnical investigations) and surveys, and coordination and planning activities associated with Utility Work.

"Professional Engineer" means an individual who has successfully obtained and actively maintains licensure by a state board of registration and is permitted to provide engineering services directly to the public.

"Project" means (i) the Street Light Improvements, (ii) the Smart City Installations, and (iii) the Asset Management Work of the Street Light Network.

"Project Baseline Schedule" or **"PBS"** means the Project Schedule developed in accordance with Section 2.3 of the Technical Provisions. The PBS is the original, approved timeframe for completing the Project and includes all Work activities required to complete the Project and activities' sequencing, logical dependencies, and inter-relationships. The PBS is used as a performance measurement to determine whether the Project is completing schedule activities according to the original planned timeline or the extent to which delivery of the Project is deviating from the original plan.

"Project Bundle" has the meaning set forth in Section 1.5.5 of the Technical Provisions and is the logical and homogenous groupings of Lighting Units and other connected or adjacent Project Elements in the delivery of the Conversion Work and Construction Work.

"Project Delay" means a delay in either the start or finish times of one or more of the schedule activities within the Project Baseline Schedule, which, if no corrective actions are made, will result in a later project completion date than the scheduled date, as indicated in the Project Baseline Schedule.

"Project Final Completion" has the meaning set forth in Exhibit 12 of the Project Agreement and means the satisfaction of all Project Final Completion Conditions.

"Project Limits" means the outer limits of all the Project Sites necessary for the performance of the Work, in any case within the geographical limits of the District plus Maryland and Virginia, as the Project dictates.

"Project Schedule" means any of the Project Baseline Schedule, Project Status Schedule Update, O&M Schedule or Renewal Work Schedule being the logic-based critical path schedules of all Work as described in the Technical Provisions, as may be revised and updated in accordance with the Project Agreement. Requirements for the Project Schedule are detailed in Section 2.3 of the Technical Provisions.

"Project Site" means any real property (including estates and interests in real property) necessary for the performance of the Work, including temporary and permanent easements. A Project Site may run under, on or over the Public Space or private property, including the airspace above such property.

"Public Space" means all the publicly owned property between the property lines on a street, as further defined in 24 DCMR § 399.

"R&C Submittal" means any Submittal that is expressed in this Agreement to be subject to the review and comment of the District, but which is not a Discretionary Submittal or a Non-Discretionary Submittal.

"Remote Monitoring and Control System" or **"RMCS"** means the network of field devices, backhaul communication network, and Asset Management Information System (AMIS) that, together, comprise a

system capable of remotely controlling and monitoring all Light Fixtures in the District's Street Light Network. Requirements for the RMCS are detailed in Section 10.3 of the Technical Provisions.

"Redesign Design Submittals for Redesign Work" means the Design Documents developed and submitted to the District for approval related to any Redesign Work, as required in Section 7.1 of the Technical Provisions.

"**Renewal Work"** means maintenance, repair, reconstruction, rehabilitation, restoration, renewal or replacement of any worn-out, obsolete, deficient, damaged or under-performing Element of the Street Light Network, as applicable that is not Routine Maintenance so that such element does not prematurely deteriorate and remains fully functional.

"Residential Zone" corresponds to an area that contains a mixture of residential buildings, such as single-family homes, townhomes, and small apartment buildings, possibly mixed with small commercial establishments, and characterized by low levels of nighttime vehicular and pedestrian traffic.

"Roadway Classification" is the categorization of roadways based on how the roadway is functioning in the current year, classified according to the categories in Appendix 13.7 of the Technical Provisions.

"**Routine Maintenance Work"** means all efforts, including any inspection, to monitor and preserve the current condition and performance of the Street Light Network that are routine in nature.

"Schedule Activities" means the individual actions that make up the Project Schedule when sequenced according to their logical dependencies and inter-relationships. Each schedule activity is mapped to one WBS element within the Project and includes the activity's duration, timing, and logical relationship to other Work components, including predecessors, successors, and other related activities, as detailed in Section 2.3 of the Technical Provisions.

"Severe Weather Event" is a dangerous meteorological or hydro-meteorological phenomenon, of varying duration, with risk of causing major damage, serious social disruption and loss of human life, requiring measures for minimizing loss, mitigation, and avoidance, and requiring detailed information about the phenomenon to be distributed as soon as possible to the public and responsible authorities.

"Service Requests" have the meaning set forth in section 10.3.10 of the Technical Provisions.

"Sidewalk" means the portion of the Public Space located between the curb line and the building line intended for the use of pedestrians as further defined in 24 DCMR 399.

"Smart City Bundle" has the meaning set forth in Section 1.5.5.d of the Technical Provisions and consists of a Project Bundle that only includes Smart City Work.

"Smart City Improvements" means the broadband Wi-Fi networking equipment to be affixed to the Poles and connected to the District's Wi-Fi network, as further described in the Technical Provisions.

"Smart City Work" means the Work necessary to install, connect, test and commission the District-provided Wireless Access Points, in accordance with the Technical Provisions.

"Smart City Installations" means the broadband Wi-Fi networking equipment to be affixed to the Poles, as further described in the Technical Requirements.

"Smart City Specifications" means the specifications listed Appendix 13.3 of the Technical Provisions.

"Special Event" means any major event in the District, such as a sporting event, Presidential Inauguration, concert, etc. or combination of events that has an anticipated combined attendance of over 10,000 people.

“Stray Voltage” means uncontained electrical current that may come into contact with objects and energize them or may come into contact with members of the public or animals.

“Street Light Network” means, collectively, (i) the Existing Street Light Network, (i) the Improved Street Light Network, and (iii) the Expanded Street Light Network.

“Street Light Bundle” has the meaning set forth in Section 1.5.5.d of the Technical Provisions and consists of a Project Bundle that only includes Street Light Improvements.

“Submittal” means any document, work product or other written or electronic product or item required under the Technical Requirements to be delivered or submitted to the District for approval, review, comment or otherwise.

“Substantial Completion” has the meaning set forth in Exhibit 12 of the Project Agreement.

“Systems” means, collectively, the AMIS and the RMCS.

“Traffic” is the pedestrians, bicycles, and vehicles moving in an area or along a street.

“Traffic Control Plan” has the meaning set forth in Section 11.3 of the Technical Provisions and has the primary function to present the tactical plans for ensuring safe and efficient movement of Traffic through and/or around Project Sites to protect workers, properties, and equipment.

“Traffic Incident Management Plan” has the meaning set forth in Section 11.2.3 of the Technical Provisions and is a plan that identifies the traffic management strategies and procedures to prevent, when possible, respond to, manage, and mitigate the impact of Incident and Emergency.

“Traffic Signal” means any highway signal by which traffic (i.e., pedestrians, bicycles, and vehicles) is alternatively directed to stop and permitted to proceed.

“Traffic Systems Management Center” or **“TSMC”** is a 24/7 system managed by the District that gathers and disseminates traffic and emergency information using a network of cameras and other devices.

“Transportation Management Plan” has the meaning set forth in Section 11.2 of the Technical Provisions and is a plan that identifies a set of coordinated transportation management strategies and describes how such strategies shall be used to achieve the overall requirements and objectives set forth in Section 10 (Asset Management) of the Technical Provisions.

“Tree Trimming” Work means the tree management, trimming, and pruning Work performed under the supervision and oversight of an Arborist and in accordance with Section 10.4.6 of the Technical Provisions.

“Typical Application” has the meaning set forth in the District of Columbia Department of Transportation Temporary Traffic Control Manual.

“Unavailability Event” means any Closure that is not a Permitted Closure, as defined in Section 11.1 Permitted Closures of the Technical Provisions.

“Unplanned Outage” means, in relation to the AMIS and RMCS, any unplanned outage of 15 minutes or greater.

“Utility Adjustment” means each relocation (temporary or permanent), abandonment, Protection in Place, removal (of previously abandoned Utilities as well as of newly abandoned Utilities), replacement, reinstallation, or modification of existing Utilities necessary to accommodate construction, conversion, operation, maintenance or use of the Project or the Work.

"Utility Adjustment Work" means all efforts and costs necessary to accomplish the required Utility Adjustments during the D&C Period, including all coordination, design, design review, construction, inspection and maintenance of records, whether provided by the Developer or by the Utility Owners.

"Utility Owner" means the owner or operator of any Utility (including both privately held and publicly held entities, cooperative Utilities, and municipalities and other governmental agencies).

"Work" means the Preliminary Work, Design Work, Conversion Work, Utility Adjustment Work, Asset Management Work, Renewal Work, Handback Work, and all other work, services and obligations required to be furnished, performed, and provided by the Developer under this Agreement.

"Work Breakdown Structure" or **"WBS"** means a hierarchical decomposition of the total scope of the Work required to deliver the Project into a set of clearly defined, self-contained and deliverable-oriented smaller components to be carried out by the Developer to complete the complete the Street Light Improvements and Smart City Improvements. The WBS shall organize and present activities in three levels as described in Section 2.3.1 of the Technical Provisions.

"Work Orders" have the meaning set forth in section 10.3.11 of the Technical Provisions.

"Work Plan" means a document that includes a description of the approach, processes, procedures, means, and methods the Developer plans to undertake to complete any of the Work within the Project Agreement. The Work Plans may also include the schedule for delivering Work, protocols, completion thresholds, quality management requirements, resourcing plans, etc. The Developer is required to complete a Renewal Work Plan, Handback Work Plan, Utility Work Plan, Conversion Work Plan, and Investigative Work Plan.

"Zone" means either a Commercial Zone, Residential Zone, or Intermediate Zone or Mixed Use Zone as defined in Section 1.5.2 of the Technical Provisions and the below definition of Zoning Classification.

"Zoning Classification" is the categorization of geographic areas within the District based on the expected level of nighttime pedestrian and vehicular traffic. The District uses the following categories: Commercial Zone, Residential Zone, and Intermediate or Mixed Use Zone.

EXHIBIT 6

DEVELOPER'S PROPOSAL COMMITMENTS

(1) The Technical Proposal submitted by the Developer to the District in response to the RFP, which is made part of and incorporated into this Agreement by reference.

(2) With respect to the Financial Proposal submitted by the Developer to the District in response to the RFP, Tab C (*Financial Plan*) and Tab D (*Preliminary Financial Model and Related Materials*) thereof, which are made part of and incorporated into this Agreement by reference.

EXHIBIT 7

COMPREHENSIVE DEMONSTRATION PROTOCOL

Pursuant to Section 2.2(k) (*Comprehensive Demonstration*) of the Project Agreement, as a condition precedent to the occurrence of the Commercial Closing Date the District must approve each LED Luminaire Type to be used by the Developer in its performance of the Conversion Work. In order for the District to evaluate the performance of each LED Luminaire type proposed for use in the Conversion Work in a real-world setting, the Developer will conduct a luminaire test installation in accordance with the protocol set forth below.

1. The Developer will provide to the District, at the Developer's sole cost and expense, four (4) test LED Luminaires for each LED Luminaire type identified in the Proposal. The District will install the test LED Luminaires at one or more locations selected by the District. The Developer will reimburse the District for the costs of such installation work within thirty (30) days of the Developer's receipt of an invoice from the District describing such costs.

2. Following the installation of the test LED Luminaires, the District will evaluate the performance of each test LED Luminaire (including but not limited to glare) using the evaluation form attached as Schedule 1 to this Exhibit 7 (*Comprehensive Demonstration Protocol*). The evaluation may be conducted over one or more days to provide the District with the opportunity to evaluate each test LED Luminaire in different conditions; *provided* the District will complete the evaluation within five (5) days after installation of the test LED Luminaires. Within five (5) days of completing the evaluation of the test LED Luminaires, the District will provide the Developer with written notice regarding whether each LED Luminaire is approved and, if one or more of the LED Luminaire types is not approved, a description of the reasons for such disapproval.

3. If, following the District's evaluation of the test LED Luminaires, the District does not approve one or more of the LED Luminaire types that was the subject of the evaluation, the Developer will promptly identify an alternative LED Luminaire for each LED Luminaire that was not approved by the District. Each alternative LED Luminaire should have characteristics that address the shortcomings of the LED Luminaire that was not approved by the District and otherwise comply with the Technical Provisions. The Developer will provide to the District, at the Developer's sole cost and expense, four (4) test LED Luminaires for each alternative LED Luminaire. The District will install and evaluate each alternative LED Luminaire in accordance with paragraphs (1) and (2) above. The Developer will reimburse the District for the costs of such installation work within thirty (30) days of the Developer's receipt of an invoice from the District describing such costs. The Parties will repeat this process until the District has approved each LED Luminaire type to be used in the Conversion Work.

SCHEDULE 1 TO EXHIBIT 7

LED EVALUATION FORM

Rate 1 to 10 (1 being the worst; 10 being the best)

Evaluator:
Date:

Item	**Luminaire Manufacturer/Fixture Information/Location**	**Illumination/ Visibility**	**Lighting Uniformity**	**Glare Control** (Lens are diffused or appear to be diffused)	**Backlight Control** (Will not create light trespass issue)	**Color/Object Appearance**	**Aesthetics** (Compared to legacy fixtures)	**Safety** (Does this fixture make you feel safe?)	**Comments for Improvement** (if any)

8.									
9.									
10.									

EXHIBIT 8

CERTIFICATION REGARDING USE OF CONTRACT FUNDS FOR LOBBYING

[To be executed by each of the entities listed in Section 2.2(j) (*Certification Regarding Use of Contract Funds for Lobbying*) of the Agreement]

I, _____, hereby certify
(Name and title of official)

On behalf of _____that:
(Name of Developer/Company Name)

- ☐ No federal appropriated funds have been paid or will be paid, by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any federal contract, the making of any federal grant, the making of any federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any federal contract, grant, loan, or cooperative agreement.

- ☐ If any funds other than federal appropriated funds have been paid or will be paid to any person influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the federal contract, grant, loan, or cooperative agreement, the undersigned shall complete and submit Standard Form – LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions.

- ☐ The undersigned shall require that the language of this certification be included in the award documents for all sub-awards at all tiers (including sub-contracts, subgrants and contracts under grants, loans, and cooperative agreements) that exceed $100,000 and that all sub-recipients shall certify and disclose accordingly.

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by 31 U.S.C. § 1352 (as amended by the Lobbying Disclosure Act of 1995). Any person who fails to file the required certification shall be subject to a civil penalty of not less than $10,000 and not more than $100,000 for each such failure. The undersigned certifies or affirms the truthfulness and accuracy of the contents of the statements submitted on or with this certification and understands that the provisions of 31 U.S.C. Section 3801, *et seq.*, are applicable thereto.

EXHIBIT 9

REQUIRED INSURANCE

I. Insurance Required of Developer, D&C Contractor, and Asset Management Contractor

A. GENERAL REQUIREMENTS. The Developer at its sole expense shall procure and maintain, or cause to be procured and maintained with the Developer as a named insured, during the entire period of performance under the Project Agreement, the types of insurance specified below (excluding professional liability and railroad protective liability). The Developer shall either include the D&C Contractor and the Asset Management Contractor under such insurance policies or require the D&C Contractor and Asset Management Contractor to carry the same insurance required therein. Unless otherwise stated below, the Developer shall have its insurance broker or insurance company submit a Certificate of Insurance to the Contracting Officer giving evidence of the required coverage prior to the District's issuance of NTP1. In no event shall any Work be performed until the required Certificates of Insurance signed by an authorized representative of the insurer(s) have been provided to, and accepted by, the Contracting Officer. All insurance shall be written with financially responsible companies authorized to do business in the District of Columbia, or in the jurisdiction where the Work is to be performed, and have an A.M. Best Company rating of A- / VII or higher.

All required policies shall contain a waiver of subrogation provision in favor of the Government of the District of Columbia.

The Government of the District of Columbia shall be included in all policies required hereunder to be maintained by the Developer, the D&C Contractor, and the Asset Management Contractor (except for workers' compensation, railroad protective liability, professional liability insurance, and property insurance/builder's risk) as an additional insureds for claims against the Government of the District of Columbia relating to the Project Agreement, with the understanding that any affirmative obligation imposed upon the insured Developer, the D&C Contractor, or the Asset Management Contractor (including without limitation the liability to pay premiums) shall be the sole obligation of the Developer, the D&C Contractor, or the Asset Management Contractor, as applicable, and not the additional insured. The Government of the District of Columbia shall be included as a named insured under the property insurance/builder's risk policies. The additional insured status under the Developer's, the D&C Contractor's, or the Asset Management Contractor's Commercial General Liability insurance policies shall be effected using the ISO Additional Insured Endorsement form CG 20 10 04 13 and CG 20 37 04 13 or their equivalent or such other endorsement or combination of endorsements providing coverage at least as broad and approved by the CO in writing. All of the Developer's, the D&C Contractor's, and the Asset Management Contractor's liability policies (except for workers' compensation and professional liability insurance) shall be endorsed using ISO form CG 20 01 04 13 or its equivalent so as to indicate that such policies provide primary coverage (without any right of contribution by any other insurance, reinsurance or self-insurance, including any deductible or retention, maintained by an Additional Insured) for all claims against the additional insured arising out of the performance of the Project Agreement by the Developer, the D&C Contractor, the Asset Management Contractor, or anyone for whom any of the foregoing may be liable. These policies shall include a separation of insureds clause applicable to the additional insured.

If the Developer, the D&C Contractor, and/or the Asset Management Contractor maintain broader coverage and/or higher limits applicable to the Project than the minimums shown below, the District requires and shall be entitled to such broader coverage and/or the higher limits maintained by the Developer, the D&C Contractor, and/or the Asset Management Contractor, as applicable.

1. Commercial General Liability Insurance ("CGL") – The Developer shall provide evidence satisfactory to the Contracting Officer with respect to the Work that it carries a CGL policy, written on an occurrence (not claims-made) basis, on Insurance Services Office, Inc. ("ISO") form CG 00 01 04 13 (or another occurrence-based form with coverage at least as broad and approved by the Contracting Officer in writing), covering liability for all ongoing and completed operations of the Developer, including ongoing and completed operations under all Contracts, and covering claims for bodily injury, including without limitation sickness, disease or death of any persons, injury to or destruction of property, including loss of use resulting therefrom, personal and advertising injury, and including coverage for liability arising out of an insured contract (including the tort liability of another assumed in a contract) and acts of terrorism (whether caused by a foreign or domestic source). Such coverage shall have limits of liability of not less than $1,000,000 each occurrence, a $2,000,000 general aggregate limit (including a per location or per project aggregate limit endorsement, if applicable), a $1,000,000 personal and advertising injury limit, and a $2,000,000 products-completed operations aggregate limit. Completed operations coverage shall be provided for five (5) years after all Work is completed on the Project.

2. Automobile Liability Insurance – The Developer shall provide evidence satisfactory to the Contracting Officer of commercial (business) automobile liability insurance written on ISO form CA 00 01 10 13 (or another form with coverage at least as broad and approved by the Contracting Officer in writing) including coverage for all owned, hired, borrowed and non-owned vehicles and equipment used by the Developer, with minimum per accident limits equal to the greater of (i) the limits set forth in the Developer's commercial automobile liability policy or (ii) $1,000,000 per occurrence combined single limit for bodily injury and property damage.

3. Workers' Compensation Insurance – The Developer shall provide evidence satisfactory to the Contracting Officer of Workers' Compensation insurance in accordance with the statutory mandates of the District of Columbia or the jurisdiction in which the Work is performed.

   Employer's Liability Insurance – The Developer shall provide evidence satisfactory to the Contracting Officer of employer's liability insurance as follows: $500,000 per accident for injury; $500,000 per employee for disease; and $500,000 for policy disease limit.

   All insurance required by this Section I(A)(3) shall include a waiver of subrogation endorsement for the benefit of Government of the District of Columbia.

4. Cyber Liability Insurance – The Developer shall provide evidence satisfactory to the Contracting Officer of Cyber Liability Insurance, with limits not less than $2,000,000 per occurrence or claim, $2,000,000 aggregate. Coverage shall be sufficiently broad to respond to the duties and obligations as is undertaken by the Developer in Project Agreement and shall include, but not be limited to, claims involving infringement of intellectual property (but not

including patent infringement and trade secrets), invasion of privacy violations, information theft, damage to or destruction of electronic information, release of private information, alteration of electronic information, extortion and network security breaches. The policy shall provide coverage for breach response costs as well as regulatory fines and penalties as well as credit monitoring expenses with limits sufficient to respond to these obligations. This insurance requirement will be considered met if the general liability insurance includes an affirmative cyber endorsement for the required amounts and coverages.

5. Developer's Pollution Liability Insurance – The Developer shall provide evidence satisfactory to the Contracting Officer of environmental liability insurance covering losses caused by pollution or other hazardous conditions arising from ongoing or completed operations of the Developer. Such insurance shall apply to bodily injury, property damage (including loss of use of damaged property or of property that has been physically injured), clean-up costs, transit and non-owned disposal sites. Coverage shall extend to defense costs and expenses incurred in the investigation, civil fines, penalties and damages or settlements. There shall be neither an exclusion nor a sub-limit for mold or fungus-related claims. The minimum limits required under this paragraph shall be equal to the greater of (i) the limits set forth in the Developer's pollution liability policy or (ii) $2,000,000 per occurrence and $2,000,000 in the annual aggregate. If such coverage is written on a claims-made basis, the Developer warrants that any retroactive date applicable to coverages under the policy precedes the Developer's performance of any work under the Project Agreement and that continuous completed operations coverage will be maintained in full force and effect for the Term of the Agreement, and for three (3) years thereafter (if placed on a claims made basis).

   The Developer also must furnish to Contracting Officer Owner certificates of insurance evidencing environmental liability insurance maintained by third party transportation and disposal site operators(s) used by the Developer for losses arising from facility(ies) accepting, storing or disposing hazardous materials or other waste as a result of the Developer's operations. Such coverages must be maintained with limits of at least the amounts set forth above.

6. Property Insurance/Builder's Risk – On or before the District's issuance of NTP3, the Developer shall provide property insurance on an "all risks" of direct physical loss basis covering the Developer, the District, and Contractors of all tiers throughout the Term of Agreement, as applicable. The Government of the District of Columbia shall be included as a named insured under the property insurance/builder's risk policies. The limits of such coverage shall be the greater of the maximum probable loss as determined by a formal maximum probable loss analysis, conducted at the Developer's expense by a qualified, independent third party and as approved by the District, or $100,000,000. Further, the policy will include reasonable sub-limits for certain specified perils including, flood, named windstorm, and earth movement. Coverage shall provide replacement cost coverage for work on existing property, as well as materials, supplies, equipment, machinery, and fixtures to be incorporated as part of the Project, and shall be extended to cover other exposures, including but not limited to: (i) Offsite Storage, Property in Transit, Expediting Expenses, Debris Removal, Change in Building Code/Ordinance, and Professional Fees (each with reasonable sub-limits not less than $500,000); and (ii) Loss adjustment expenses and adjacent property of others (with a minimum sub-limit of $1,000,000). The policy also will include replacement cost coverage for materials, supplies, equipment, machinery, and fixtures. Coverage will

include, but not be limited to, the following: fire; lightning earthquake; earth movement; explosion; collapse; named storm; and flood.

7. Professional Liability Insurance (Errors & Omissions) – The Developer shall cause all Contractors providing design and engineering services for the Project to provide Professional Liability Insurance (Errors and Omissions) to cover liability resulting from any error or omission in the performance of design and engineering services under the Project Agreement. The policy shall provide limits of $3,000,000 per claim or per occurrence for each wrongful act and $5,000,000 annual aggregate. The Developer warrants that any applicable retroactive date precedes the date the Developer first performed any design or engineering services for the District and that continuous coverage will be maintained or an extended reporting period will be exercised for a period of at least five (5) years after the completion of such services.

8. Railroad Protective Liability Insurance (RPL) – The Developer shall provide evidence satisfactory to the affected railroad and the Contracting Officer of a RPL policy with respect to activities Developer, or any of its officers, agents, employees, members, successors and assigns, contractors or subcontractors, perform within fifty (50) feet vertically or horizontally of railroad tracks, but only prior to the initiation of any such activity, Developer shall provide Railroad Protective Liability Insurance (ISO CG 00 35 or equivalent), in the name of the affected railroad. The policy shall have limits of liability and terms sufficient to comply with the requirements imposed by the affected railroad.

9. Commercial Umbrella or Excess Liability – The Developer shall provide evidence satisfactory to the Contracting Officer of commercial umbrella or excess liability insurance with minimum limits equal to the greater of (i) the limits set forth in the Developer's umbrella or excess liability policy or (ii) $25,000,000 per occurrence and $25,000,000 in the annual aggregate, following the form and in excess of all liability policies. The following liability coverages must be scheduled under the umbrella and/or excess policy: commercial general liability; automobile liability; and employer's liability. The insurance required under this paragraph shall be written in a form that annually reinstates all required limits. Coverage shall be primary to any insurance, self-insurance or reinsurance maintained by the District and the "other insurance" provision must be amended in accordance with this requirement and principles of vertical exhaustion.

10. United States Longshore & Harbor Workers' Act – If the Developer or any Contractor is carrying out Work on, over, or near navigable waters, the Developer shall provide evidence satisfactory to the Contracting Officer of United States Longshore & Harbor Workers insurance for maritime employees who work on or near navigable waters, excluded under the standard workers compensation coverage. Coverage should be on an "if any" basis.

11. Navigable Waters Insurance Protection – If the Developer or any Contractor makes use of a marine vessel in the performance of the Work, the Developer shall provide evidence satisfactory to the Contracting Officer of marine protection and indemnity liability insurance coverage and vessel pollution liability insurance coverage. The marine protection and indemnity liability insurance policy, which shall provide limits of $5,000,000 per occurrence and in the aggregate, shall provide coverage for vessels and crews, including bodily injury, property damage, and passenger liability, with respect to any watercraft owned, used, operated, or hired in connection with the Work by the Developer or any Developer-Related

Entity. Vessel pollution liability insurance coverage, which shall provide limits of $5,000,000 per occurrence and in the aggregate, shall meet the requirements of the U.S. Coast Guard and the Oil Pollution Act of 1990. Developer also shall provide evidence satisfactory to the Contracting Officer of a marine bumbershoot liability policy over both primary policies described in this Section 1(A)(11) in the minimum amount of $15,000,000. The District shall be an additional insured under both primary policies described in this Section 1(A)(11), and each such policy shall include a waiver of subrogation in the District's name.

B. PRIMARY AND NONCONTRIBUTORY INSURANCE. The insurance required herein shall be primary to and will not seek contribution from any other insurance, reinsurance or self-insurance including any deductible or retention, maintained by the Government of the District of Columbia.

C. LIABILITY. These are the required minimum insurance requirements established by the District of Columbia. **HOWEVER, THE REQUIRED MINIMUM INSURANCE REQUIREMENTS PROVIDED ABOVE WILL NOT IN ANY WAY LIMIT THE DEVELOPER'S LIABILITY UNDER THE PROJECT AGREEMENT.**

D. CONTRACTOR'S PROPERTY. The Developer, the D&C Contractor, and the Asset Management Contractor are solely responsible for any loss or damage to their personal property, including but not limited to tools and equipment, scaffolding and temporary structures, rented machinery, or owned and leased equipment. A waiver of subrogation shall apply in favor of the District of Columbia.

E. MEASURE OF PAYMENT. The District shall not make any separate measure or payment for the cost of insurance, the Performance Bond, or the Payment Bond.

F. NOTIFICATION. The Developer shall ensure that all policies provide that the Contracting Officer shall be given thirty (30) days prior written notice in the event of coverage and/or limit changes or if the policy is canceled prior to the expiration date shown on the certificate. The Developer shall provide the Contracting Officer with ten (10) days prior written notice in the event of non-payment of premium. The Developer will also provide the Contracting Officer with an updated Certificate of Insurance should its insurance coverages renew during the contract.

G. CERTIFICATES OF INSURANCE. Except as otherwise set forth herein, the Developer shall submit certificates of insurance giving evidence of the required coverage as specified in this Exhibit 9 prior to the District's issuance of NTP1. Certificates of insurance must reference the corresponding project agreement and/or contract number. Evidence of insurance shall be submitted to the Contracting Officer.

The Contracting Officer may request, and the Developer shall promptly deliver updated certificates of insurance, endorsements indicating the required coverages, and/or certified copies of the insurance policies. If the insurance initially obtained by the Developer expires prior to completion of the Work, renewal certificates of insurance and additional insured and other endorsements shall be furnished to the Contracting Officer prior to the date of expiration of all such initial insurance. For all coverage required to be maintained after completion, an additional certificate of insurance evidencing such coverage shall be submitted to the Contracting Officer on an annual basis as the coverage is renewed (or replaced).

H. DISCLOSURE OF INFORMATION. The Developer agrees that the District may disclose the name and contact information of its insurers to any third party which presents a claim against the District for any damages or claims resulting from or arising out of Work performed by the Developer, its agents, employees, servants, the D&C Contractor, or the Asset Management Contractor in the performance of Project Agreement.

I. CARRIER RATINGS. All the Developer's, the D&C Contractor's, and the Asset Management Contractor's insurance required in connection with the Project Agreement shall be written by insurance companies with an A.M. Best Insurance Guide rating of at least A- VII (or the equivalent by any other rating agency) and authorized to carry out business in the District.

II. Insurance Required of Other Contractors

The Developer shall cause all Contractors to carry, at their own expense, the following insurances. Should the Developer put in place an Owner-controlled Insurance Program or Contractor-Controlled Insurance Program (OCIP or CCIP), any covered contractors, subcontractors and sub-consultants must still comply with the following requirements with regard to off-site or uncovered activities.

(a) **Workers Compensation and Employer's Liability Insurance** with statutory workers compensation coverage and employer's liability limits of not less than $500,000 each accident and $500,000 bodily injury by disease applicable to employee and in the aggregate. If applicable, coverage shall be included for the United States Longshoremen's and Harbor Workers Act, the Federal Employers Liability Act and the Jones Act.

(b) **Commercial General Liability Insurance (CGL)** with limits not less than $1,000,000 each occurrence and $1,000,000 aggregate (aggregate limit to apply on a per project basis). Coverage shall include premises and operations, independent contractors, personal injury, products and completed operations, broad form property damage, and contractual liability. The District and the Indemnified Parties shall be named as additional insureds on a primary and non-contributory basis.

(c) **Automobile Liability Insurance** with a limit of not less than $500,000 combined single limit. Such insurance shall cover liability, including bodily injury or death and property damage, arising out of any auto (including owned, hired, and non-owned autos) and the District and the Indemnified Parties shall be added as additional insureds on a primary, non-contributory basis.

Such policy must be endorsed as required to include Motor Carrier Act Endorsement-Hazardous Materials Clean-up (MCS-90) for those Contractors who will at any time transport Hazardous Materials.

(d) **Professional Liability Insurance** shall be required of any subcontractor or sub-consultant performing design and engineering services, unless specifically covered by project-specific professional liability procured and maintained by the Developer. Such professional liability

insurance coverage maintained by any subcontractor or sub-consultant performing design or engineering services must have a limit of not less than $1,000,000 per claim and in the aggregate. Coverage need not be project-specific, but must cover all work and have a retroactive date prior to the start of any work under this Agreement. Coverage must be maintained throughout the performance of any such services and for a period of five (5) years thereafter.

EXHIBIT 10

KNOCKDOWN THRESHOLD; STREET LIGHT NETWORK EXPANSION TYPES

1. Knockdown Threshold

Pole Type	Knockdowns Per Calendar
Other	6
Twin 20 (including State and L'Enfant) & Catenary	8
Wood Pole (WP)	12
Upright & 716	32
Alley (3A & 5 A)	32
Pendant (PP)	60

2. Streetlight Network Expansion Types

No.	Type of Expansion Work	Expansion Work Allowance (Per Calendar Year)	Maximum Number of Unused Units that may Carry Forward	Maximum Number of Unused Units that may Carry Forward to Final Calendar Year of Term
1.	Developer furnishes and installs Arm and fixture only	25	75[1]	38[1]
2.	Developer furnishes and installs wood Pole, Arm, and fixture	20	60	30
3.	Developer furnishes and installs metal Pole, Arm, and fixture	5	15	8
4.	Developer connects assets furnished and installed by Developer to the RMCS, including installation of node and gateway (if gateway is necessary) furnished by Developer and enablement of backhaul communication to allow for control via RMCS	50 (sum of assets furnished per No. 1-3 above)	150	76
5.	Developer provides fixture to IPMD[2] for modification of existing Lighting Units or new Lighting Units	255	765	383
6.	Developer connects fixture modified by IPMD to the RMCS, including installation of node and gateway (if gateway is necessary) furnished by Developer and enablement of backhaul communication to allow for control via RMCS	255 (sum of fixtures per No. 5 above)	765	383
7.	Developer connects Lighting Units modified or installed by third party to the RMCS and enables backhaul communication to allow for control via RMCS	205	615	308
8.	Developer provides asset management services for remainder of Term for the net increase in Lighting Units added to Street Light Network as part of Expansion Work	300	900	450

[1] For example, for such Expansion Work, the maximum quantity that may be undertaken in a given Calendar Year of the Term is 100 (25 + 75), while the maximum quantity that may be undertaken in the final Calendar Year of the Term is 63 (25 + 38). If the District requires Expansion Work in a Calendar Year in excess of such quantity, such Expansion Work will be a Compensation Event, as further described in Section 38.11(e) (*Street Light Network Expansion*) of the Project Agreement.

EXHIBIT 11

CONDITIONS PRECEDENT TO NOTICES TO PROCEED

PART 1 – CONDITIONS PRECEDENT TO NTP1

1. FINANCIAL CLOSE

The Financial Closing Date has occurred.

2. DBE PERFORMANCE PLAN

The Developer has caused to be developed and delivered to the District, and the District has approved, in accordance with the terms of the Project Documents, a detailed DBE Performance Plan describing the methods to be employed for achieving the District's DBE goals for the Project, including the requirements set out in Section 11.2 (*DBE Program Compliance*) of the Project Agreement and Exhibit 27 (*DBE Program Requirements*).

3. INSURANCE

All Insurance Policies required to be obtained under Exhibit 9 (*Required Insurance*) have been obtained and are in full force and effect in accordance with Article 35 (*Insurance and Reinstatement*) of the Project Agreement, and the Developer has delivered to the District written verification of such insurance coverage as required by Article 35 (*Insurance and Reinstatement*) of the Project Agreement.

4. RESERVE ACCOUNT

The Developer has submitted to the District written notice regarding payment of the Initial Reserve Funding Amount pursuant to Section 25.2(a) (*Initial Funding; Milestone Payment Invoices and Quarterly Disbursement Invoices*) of the Project Agreement.

PART 2 – CONDITIONS PRECEDENT TO NTP2

1. NTP1

NTP1 has been issued.

2. PROJECT BUNDLE PLAN

The Developer has developed and delivered to the District, and the District has approved, the Developer's Project Bundle Plan.

3. PROJECT BASELINE SCHEDULE

The Developer has developed and delivered to the District, and the District has approved, the Project Baseline Schedule.

4. INSURANCE

All Insurance Policies required to be obtained under Exhibit 9 (*Required Insurance*) have been obtained and are in full force and effect in accordance with Article 35 (*Insurance and Reinstatement*) of the Project Agreement, and the Developer has delivered to the District written verification of such insurance coverage as required by Article 35 (*Insurance and Reinstatement*) of the Project Agreement.

5. PROJECT MANAGEMENT PLAN

The Developer has developed and delivered to the District, and the District has approved, the Project Management Plan.

PART 3 – CONDITIONS PRECEDENT TO NTP3

1. NTP2

NTP2 has been issued.

2. INSURANCE

All Insurance Policies required to be obtained under Exhibit 9 (*Required Insurance*) have been obtained and are in full force and effect in accordance with Article 35 (*Insurance and Reinstatement*) of the Project Agreement, and the Developer has delivered to the District written verification of such insurance coverage as required by Article 35 (*Insurance and Reinstatement*) of the Project Agreement.

3. GOVERNMENTAL APPROVALS

All Governmental Approvals necessary to begin the applicable portion of the Conversion Work and/or the Smart City Work for the relevant Street Light Bundle or Smart City Bundle, as applicable, have been obtained, and the Developer has provided to the District fully executed copies of such Governmental Approvals.

4. ASSET MANAGEMENT PLAN

The Developer has caused to be developed and delivered to the District, and the District has approved, in accordance with the terms of the Project Documents, the Asset Management Plan.

5. SUBMITTALS

The Developer has delivered to the District, and the District has accepted or approved, as applicable, all Submittals relating to the applicable portion of the Conversion Work and/or Smart City Work for the relevant Street Light Bundle and/or Smart City Bundle, as applicable, in the form and content required by the Technical Provisions.

6. DBE PERFORMANCE PLAN

The DBE Performance Plan delivered by the Developer in accordance with Section 2 of Part 1 (*Conditions Precedent to NTP1*) of this Exhibit 11 (*Conditions Precedent to Notices to Proceed*) has been updated, as applicable, in accordance with the Technical Provisions.

EXHIBIT 12

COMPLETION CONDITIONS

PART 1 – CONDITIONS TO SUBSTANTIAL COMPLETION OF STREET LIGHT BUNDLES

1. COMPLETED DESIGN AND CONVERSION WORK

The Developer has completed the D&C Work with respect to the relevant Street Light Bundle in accordance with the Project Agreement, the Final Design Documents and the Construction Documents, except with respect to any Punch List items.

2. FUNCTIONAL STREET LIGHT BUNDLE

(a) The relevant Street Light Bundle is fully operational and capable of being operated full-time, uninterrupted, and continuously in accordance with the Technical Provisions.

(b) The Street Light Bundle meets the required lighting performance criteria set forth in Appendix 13.1 (*Performance Requirements*) of the Technical Provisions.

(c) All ancillary items including equipment, supplies, spare parts and manuals are in place for the relevant Street Light Bundle.

(d) All establishment and commissioning procedures for the RMCS and AMIS have been successfully completed for the relevant Street Light Bundle in accordance with the functional testing requirements set forth in Section 8 (*Demonstration, Testing, and Commissioning*) of the Technical Provisions.

(e) The Developer has delivered to the District all manufacturer warranties for the relevant Street Light Bundle in accordance with the Technical Provisions.

3. INSURANCE

All Insurance Policies required to be obtained under Exhibit 9 (*Required Insurance*) in order to undertake Asset Management Services with respect to the relevant Street Light Bundle have been obtained and are in full force and effect in accordance with Article 35 (*Insurance and Reinstatement*) of the Project Agreement, and the Developer has delivered to the District written verification of such insurance coverage as required by Article 35 (*Insurance and Reinstatement*) of the Project Agreement.

4. NO DEVELOPER DEFAULT

There exists no uncured Developer Default with respect to the relevant Street Light Bundle that is the subject of a notice, unless the achievement of Street Light Bundle Substantial Completion of such Street Light Bundle will effect its full and complete cure.

5. GOVERNMENTAL APPROVALS FOR ASSET MANAGEMENT SERVICES

All Governmental Approvals (if any) required to perform Asset Management Services with respect to the relevant Street Light Bundle, other than any Governmental Approvals that will not be required for performance of such Asset Management Services until a later date, are in place, have been provided to the District and are not subject to appeal.

6. ASSET MANAGEMENT MANUAL

The Developer has developed and delivered to the District for review and comment, in accordance with the Technical Provisions, the Asset Management Manual with respect to the relevant Street Light Bundle.

PART 2 – CONDITIONS TO SUBSTANTIAL COMPLETION OF SMART CITY BUNDLES

1. COMPLETED DESIGN AND SMART CITY WORK

The Developer has completed the D&C Work with respect to the relevant Smart City Bundle in accordance with the Project Agreement, the Final Design Documents and the Construction Documents, except with respect to any Punch List items.

2. FUNCTIONAL SMART CITY BUNDLE

(a) The relevant Smart City Bundle is fully operational, and capable of being operated full-time, uninterrupted, and continuously in accordance with the Technical Provisions.

(b) The Smart City Bundle meets the required broadband network performance criteria set forth in Appendix 13.1 (*Performance Requirements*) of the Technical Provisions.

3. NO DEVELOPER DEFAULT

There exists no uncured Developer Default with respect to the relevant Smart City Bundle that is the subject of a notice, unless the achievement of Smart City Bundle Substantial Completion of such Smart City Bundle will effect its full and complete cure.

PART 3 – PROJECT FINAL COMPLETION CONDITIONS

1. COMPLETED DESIGN AND CONVERSION WORK

The Developer has achieved Street Light Bundle Substantial Completion and Smart City Bundle Substantial Completion of all Street Light Bundles and Smart City Bundles and has completed the D&C Work with respect to the integration of all Street Light Bundles and Smart City Bundles in accordance with the Project Agreement, the Final Design Documents and the Construction Documents.

2. FUNCTIONAL SYSTEM

(a) The Project is fully operational as a single comprehensive system and capable of being operated full-time, uninterrupted, and continuously in accordance with the Technical Provisions.

(b) Each of the following components of the Improved Street Light Network has completed a period of continuous performance of not less than thirty (30) consecutive days:

(i) One (1) Street Light Bundle in each Ward of the District;

(ii) with respect to each type of network communications technology incorporated into the RMCS (including, as applicable, mesh network, star network, and cellular network), ten percent (10%) of the total number of Lighting Units controlled by each such network communications technology;

(iii) Ten percent (10%) of the total number of "Posttop" Lighting Units included within the Improved Street Light Network; and

(iv) Ten percent (10%) of the total number of "Cobrahead" Lighting Units included within the Improved Street Light Network.

For purposes of this Section 2(b), "continuous performance" means that, for a period of not less than thirty (30) consecutive days, the relevant component of the Improved Street Light Network operates such that no Noncompliance Points would accrue if the terms of Table Appendix 2 (*Performance Requirements for the Improved Network and Expanded Network*) in Appendix 13.1 (*Performance Requirements*) to the Technical Provisions and Appendix B (*Post Project Final Completion Period Noncompliance Tables*) to Exhibit 14 (*Payment Mechanism*) were in effect during such 30-day period.

(c) All establishment and commissioning procedures for the RMCS and AMIS have been successfully completed for the Improved Street Light Network in accordance with the requirements set forth in Section 8 (*Demonstration, Testing, and Commissioning*) of the Technical Provisions.

(d) All ancillary items including equipment, supplies, spare parts and manuals are in place.

(e) The Developer has delivered to the District all manufacturer warranties in accordance with the Technical Provisions.

3. DEMOBILIZATION

All demobilization from the relevant Project Site is complete, including the removal of temporary work and equipment used in the performance of the D&C Work, but not required for the Asset Management Services.

4. GOVERNMENTAL ENTITY REQUIREMENTS

If any Governmental Entity with jurisdiction requires any form of certification of design, engineering or construction with respect to the Project, including any certification from the Engineer of Record for the Project, the Developer has caused such certificates to be delivered and has concurrently issued identical certificates to the District.

5. INSURANCE

All Insurance Policies required to be obtained under Exhibit 9 (*Required Insurance*) have been obtained and are in full force and effect in accordance with Article 35 (*Insurance and Reinstatement*) of the Project Agreement, and the Developer has delivered to the District written verification of such insurance coverage as required by Article 35 (*Insurance and Reinstatement*) of the Project Agreement.

6. NO DEVELOPER DEFAULT

There exists no uncured Developer Default that is the subject of a notice, unless the achievement of Project Final Completion will effect its full and complete cure.

7. GOVERNMENTAL APPROVALS FOR ASSET MANAGEMENT SERVICES

All Governmental Approvals (if any) required to perform Asset Management Services with respect to the Project, other than any Governmental Approvals that will not be required for performance of the Asset Management Services until a later date, are in place, have been provided to the District and are not subject to appeal.

8. RELEASE OF LIENS

The Developer has provided evidence to the District that all Contractors have waived any rights to liens against the (i) the Project, (ii) the funds for the financing of the Project, and (iii) payments to the Developer under the Agreement. The Developer has also submitted to the District an affidavit, in a form reasonably acceptable to the District, certifying that all payments to Subcontractors relating to the D&C Work have been made and all claims have been released for all material, labor, and other items covered by the Payment Bond.

9. ASSET MANAGEMENT MANUAL

The Developer has developed and delivered to the District for review and comment, in accordance with the Technical Provisions, the Asset Management Manual with respect to the Project.

EXHIBIT 13

UPDATE TO BASE MAP

1. CHANGES IN FINANCING TERMS ASSUMED IN PRELIMINARY FINANCIAL MODEL

The District reserves the right to approve any changes in Base Interest Rates or changes in the debt structure (e.g., fixed or variable rate, bank financing or bond financing, or call provisions) prior to Financial Close that constitute a deviation from the assumption in the Preliminary Financial Model.

2. INDEXATION OF D&C CONTRACT PRICE

If the D&C Contract Price is required to be adjusted pursuant to Section 2.5 (*Indexation of D&C Contract Price*) of the Agreement, then, subject to Section 48.1 (*Termination for Failure to Achieve Financial Close*) and Section 48.2 (*Termination for Upward Adjustment to Base MAP*) of the Agreement, such adjustment will be calculated as follows. The D&C Contract Price will be adjusted to reflect an amount equal to the D&C Contract Price multiplied by a percentage equal to the Construction Cost Index for the month during which the Financial Closing Date occurs divided by the month during which the D&C Indexation Date occurs.

3. MARKET INTEREST RATE PROTECTION

3.1 Subject to the District's right to terminate under Section 48.1 (*Termination for Failure to Achieve Financial Close*) of the Agreement, the District will bear the risk and have the benefit of one hundred percent (100%) of the impact (either positive or negative) on the Base MAP of changes in any Base Interest Rate for the period beginning on the Interest Rate Protection Start Date and ending on the earliest of:

(a) with respect to Bank Debt Financing, the Bank Debt Pricing Date (such period, the "**Bank Debt Rate Protection Period**"); and

(b) with respect to any Bond Financing, the Bond Pricing Date (such period, the "**Bond Rate Protection Period**")

(each such date in clauses (a) and (b) being a "**Base Interest Rate Adjustment Date**").

3.2 The interest rate adjustment will be based on the movement, if any, in any Base Interest Rate.

3.3 Subject to Section 48.1 (*Termination for Failure to Achieve Financial Close*) and Section 48.2 (*Termination for Upward Adjustment to Base MAP*) of the Agreement, the Developer shall adjust the Preliminary Financial Model as of the Base Interest Rate Adjustment Date to reflect the changes (if any) in any Base Interest Rate and any revisions approved by the Parties. The District shall be entitled to review such adjustment to the Preliminary Financial Model prior to the finalization of such adjustment.

4. CREDIT SPREAD FLUCTUATION RISK PROTECTION

4.1 Subject to Section 48.1 (*Termination for Failure to Achieve Financial Close*) and Section 48.2 (*Termination for Upward Adjustment to Base MAP*) of the Agreement, the District will bear the risk and have the benefit of eighty-five percent (85%) of the impact (either positive or negative) on the Base MAP of the differences between the credit spreads for any bonds (whether PABs or taxable bonds) assumed and indicated in the Preliminary Financial Model and the credit spreads for PABs or taxable bonds as obtained at Financial Close or the date of the execution of the bond purchase agreement relating to the purchase and sale of such PABs or taxable bonds.

4.2 The District will not provide protection from the impact of fluctuations in any credit spread with respect to Private Placements (except offerings under Rule 144A and Regulation S of the Securities Act of 1933, 15 U.S.C. § 77a *et seq*.), Bank Debt Financing or any other debt facilities for which committed credit spreads or margins are available. The District shall not accept increases in credit spreads in respect of bonds which are part of the Developer's financing resulting from the final credit rating of such bonds being lower than the indicative investment grade rating(s) of such bonds provided in the Proposal.

4.3 Movements in margins associated with any commercial bank debt which is part of the Developer's financing, including bank lender margins and swap credit margins, from the Proposal Due Date to the Financial Closing Date will be borne by the Developer.

5. BASE MAP UPDATE PROTOCOL

The Parties will use the Preliminary Financial Model to calculate the change under Section 2 (*Indexation of D&C Contract Price*), Section 3 (*Market Interest Rate Protection*), and Section 4 (*Credit Spread Fluctuation Risk Protection*) of this Exhibit 13 (*Update to Base MAP*), positive or negative, in the Base MAP. Prior to making such calculation, the Developer may deliver to the District, for the District's approval, a proposed updated version of the Preliminary Financial Model that reflects any necessary changes to the Preliminary Financial Model that are not otherwise addressed in this Exhibit 13 (*Update to Base Map*). Such proposed updated version of the Preliminary Financial Model shall not increase the Base MAP shown in the Preliminary Financial Model. Following the District's approval of such proposed updated version of Preliminary Financial Model, the Parties shall use such updated version of the Preliminary Financial Model to make such calculation and produce the Base Case Financial Model as follows. For clarity, references to the "Preliminary Financial Model" set forth below shall mean the updated version of the Preliminary Financial Model approved by the District in accordance with the terms of this paragraph.

(a) First, as a means of mitigating measures against the negative impact of any changes in credit spreads and Base Interest Rates for any bonds or commercial bank debt included as part of the Developer's financing, as applicable, on the Key Ratios in the Preliminary Financial Model, the Developer will solve the Preliminary Financial Model.

(b) Second, the Preliminary Financial Model, as updated in accordance with step 1 above, shall be run to solve for a "first interim" Base MAP, inputting only the changes, if any, in the D&C Contract Price, as adjusted pursuant to Section 2 (*Indexation of D&C Contract Price*) of this Exhibit 13 (*Update to Base MAP*), and holding the Base Case Equity IRR constant. In addition, as part of this process, the Developer will ensure that the Key Ratios

in the Preliminary Financial Model are not breached by solving the Preliminary Financial Model for the lowest possible change in the Base MAP.

(c) Third, the Preliminary Financial Model, subject to any updates from the previous step, shall be run to solve for a "second interim" Base MAP, inputting only the changes, if any, in Base Interest Rates as described in Section 3 (*Market Interest Rate Protection*) of this Exhibit 13 (*Update to Base MAP*), and holding the Base Case Equity IRR constant. In addition, as part of this process the Developer will ensure that the Key Ratios in the Preliminary Financial Model are not breached by solving the Preliminary Financial Model for the lowest possible change in the Base MAP.

(d) Fourth, the interim financial model resulting from the previous step shall be run to solve for a "third interim" Base MAP, inputting only the changes, if any, in credit spreads for any bonds under Section 4 (*Credit Spread Fluctuation Risk Protection*) of this Exhibit 13 (*Update to Base MAP*), and holding the Base Case Equity IRR constant. In addition, as part of this process, the Developer will ensure that that the Key Ratios in the Preliminary Financial Model are not breached by solving the interim financial model for the lowest possible change in the Base MAP.

(e) Fifth, the changed Base MAP shall be determined as the sum of the "second interim" Base MAP plus eighty-five percent (85%) of the difference, positive or negative, between the "second interim" Base MAP and the "third interim" Base MAP.

(f) Sixth, the interim financial model resulting from the calculations in clause (c) above shall be run to solve for the Equity IRR, inputting (i) the Base MAP determined under clause (e) above, (ii) all the changes in the credit spreads for any bonds under Section 4 (*Credit Fluctuation Risk Protection*) of this Exhibit 13 (*Update to Base MAP*), and (iii) all other changes in terms of financing between those assumed and indicated in the Preliminary Financial Model and those set out in the Financing Closing documents as obtained on the Financial Closing Date.

Notwithstanding anything in this Exhibit 13 (*Update to Base MAP*) to the contrary, (i) the Developer shall bear the full risk of changes to any financing terms not explicitly identified within Section 4 (*Credit Spread Fluctuation Risk Protection*) of this Exhibit 13 (*Update to Base MAP*) and in the Preliminary Financial Model and (ii) the effectiveness of any increase to the Base MAP resulting from the adjustments to the Preliminary Financial Model described in this Exhibit 13 (*Update to Base MAP*) will be subject to the Contracting Officer making a determination that the Developer is entitled to such increase to the Base MAP in accordance with the terms of the Agreement.

EXHIBIT 14

PAYMENT MECHANISM

1. Milestone Payments

The Milestone Payment for each Milestone (as set out in Table 1: Milestone Table) shall be calculated using the following formula:

$$MP = MMP - MPD$$

where:

(a) MP = Milestone Payment;

(b) MMP = the amount equal to the Maximum Milestone Payment applicable to the relevant Milestone (as set out in Table 1: Milestone Table); and

(c) MPD = Milestone Payment Deductions as specified in Section 1(f).

Table 1: Milestone Table

	Milestone Date	Maximum Milestone Payment	Cumulative Maximum Milestone Payment
Milestone 1	The final day of the Calendar Quarter in which $\mathrm{LU_{SC}}$ divided by $\mathrm{LU_{PFC}}$, as defined in Section 1(d) and 1(e) below, first exceeds 0.5.	$21,970,000	$21,970,000
Milestone 2	The final day of the Calendar Quarter in which Project Final Completion is achieved.	$22,220,000	$44,190,000

(d) $\mathrm{LU_{SC}}$ = the number of Lighting Units in Street Light Bundles for which Street Light Bundle Substantial Completion has occurred;

(e) $\mathrm{LU_{PFC}}$ = 72,051 the total number of Lighting Units expected, as at the Setting Date, to be in the Improved Street Light Network upon Project Final Completion;

(f) The following Milestone Payment Deductions will be deducted from each Milestone Payment, provided, however, that the Milestone Payment cannot be less than 0 (zero):

(i) Each Milestone Payment will be reduced to the extent the Developer is unable to provide evidence of incorporating Conversion Work with a value at least equal to the relevant Cumulative Maximum Milestone Payment, less any

previous Milestone Payment Deductions made pursuant to this Section 1(f)(i), into the Improved Street Light Network. The Deduction to the relevant Maximum Milestone Payment will be the difference between the relevant Cumulative Maximum Milestone Payment, less any previous Milestone Payment Deductions made pursuant to this Section 1(f)(i), and the value of the incorporated D&C Work evidenced by the Developer and accepted by the District.

(ii) Each Milestone Payment will be reduced by any Noncompliance Deductions (as determined in accordance with Section 5 below), incurred prior to the relevant Milestone Date, that have not already been deducted from another Milestone Payment.

(iii) Each Milestone Payment will be reduced by the amount of any Unavailability Deductions (as determined in accordance with Section 4 below), incurred prior to the relevant Milestone Date, that have not already been deducted from another Milestone Payment.

(g) If a Milestone Date occurs earlier than identified in the Project Baseline Schedule:

(i) The Developer shall not be entitled to submit a Milestone Payment Invoice for the relevant Milestone Payment and the District shall have no obligation to pay such Milestone Payment until the Fiscal Year for the relevant Milestone Date identified in the Project Baseline Schedule.

(ii) Notwithstanding the limitation on payment set forth in Section 1(g)(i), the District may elect, in its sole discretion, to pay the relevant Milestone Payment earlier than identified in the Project Baseline Schedule where the relevant Milestone Date occurs in the same Fiscal Year as identified in the Project Baseline Schedule.

(h) Milestone Payment Invoices are to be issued to the District by the Developer in accordance with Section 24.4(a) (*Invoicing for Milestone Payments*) of the Agreement.

2. Smart City Milestone Payments

The Smart City Milestone Payments for the achievement of the Smart City Milestones are set out in Table 2: Smart City Payments Table.

Table 2: Smart City Milestone Payment Table

	Smart City Payment Date	Maximum Smart City Payment
Smart City Milestone 1	The final day of the Calendar Quarter in which the percentage of Smart City Bundles that have reached Smart City Bundle Substantial Completion first exceeds 50%.	$2,075,000
Smart City Milestone 2	The final day of the Calendar Quarter in which all Smart City Bundles have reached Smart City Bundle Substantial Completion.	$2,075,000

(a) The Project Baseline Schedule must show Smart City Milestone 1 and Smart City Milestone 2 occurring in different Fiscal Years.

(b) If the Developer's achievement of a Smart City Milestone occurs earlier than identified in the Project Baseline Schedule:

(i) The Developer shall not be entitled to submit a Milestone Payment Invoice for such Smart City Milestone Payment and the District shall have no obligation to pay such Milestone Payment Invoice until the Fiscal Year for such Smart City Milestone Payment identified in the Project Baseline Schedule.

(ii) Notwithstanding the limitation on payment set forth in Section 2(a)(i), the District may elect, in its sole discretion, to make a Smart City Milestone Payment earlier than identified in the Project Baseline Schedule.

(c) The Milestone Payment Invoice for a Smart City Milestone Payment is to be issued to the District by the Developer in accordance with Section 24.4(a) (*Invoicing for Milestone Payments*) of the Agreement.

3. Availability Payments

The Availability Payment for any Calendar Quarter ($\mathrm{AP_Q}$) from the Project Final Completion Date shall be calculated using the following formula:

$$\mathrm{AP_Q} = \big((\mathrm{K} \times \mathrm{MAP_Q} \times \mathrm{INF}) + ((1 - \mathrm{K}) \times \mathrm{MAP_Q})\big) - \mathrm{EPC_Q} - \mathrm{A1_Q} - \mathrm{A2_Q} - \mathrm{A3_Q}$$

where:

(a) K = 43.00%, representing the percentage portion of the MAP_Q linked to INF.

(b) $\mathrm{MAP_Q}$ = $25,668,465[2]; the Maximum Availability Payment (quarterly) value which

[2] To be updated on the Financial Closing Date.

includes costs necessary to design, construct, finance, and provide asset management services for the Improved Street Light Network in accordance with the Agreement. In the event that the Developer is entitled to receive an Availability Payment for less than a full Calendar Quarter, a pro-rata share of MAP_Q based on the actual number of days in the partial Calendar Quarter should be used.

(c) INF is defined in Exhibit 1 (*Definitions*) of the Agreement.

(d) $\mathrm{EPC_Q}$ = Energy Performance Charge; the amount by which the Actual Electricity Consumption exceeds the Developer's Expected Electricity Consumption in the relevant Calendar Quarter, multiplied by the Set Electricity Price. The District will continue to pay invoices from the relevant Utility Owner for Actual Electricity Consumption per Calendar Quarter during the Term. The $\mathrm{EPC_Q}$ will be calculated as follows:

(i) $$\mathrm{EPC_Q} = \mathrm{SEP} \times \mathrm{INF} \times \left(\mathrm{AEC_Q} - \mathrm{EEC_Q}\right) \times \mathrm{Z}$$

where:

if $\mathrm{AEC_Q} \leq \mathrm{EEC_Q}$, then Z = 0
if $\mathrm{AEC_Q} > \mathrm{EEC_Q}$, then Z = 1

(ii) SEP = Set Electricity Price ($0.061/kWh).

(iii) $\mathrm{AEC_Q}$ = Actual Electricity Consumption, of the Improved Street Light Network, expressed in kWh, as measured daily by the RMCS and then aggregated on a quarterly basis, for the relevant Calendar Quarter. During partial Calendar Quarters of $\mathrm{AEC_Q}$ applicability, a pro-rata share of $\mathrm{AEC_Q}$ based on the actual number of days in the partial Calendar Quarter shall be used.

(iv) $\mathrm{EEC_Q}$ = Expected Electricity Consumption, of the Improved Street Light Network, expressed in kWh, as calculated daily and then aggregated on a quarterly basis, for the relevant Calendar Quarter. The $\mathrm{EEC_Q}$ calculations will be based on the Expected Electricity Consumption bid by the Developer and adjusted subject to changes in dimming (including hours of operation) and any expansion or contraction of the Improved Street Light Network.

(e) $A1_Q$ = Unavailability Deductions (quarterly);

(f) $A2_Q$ = Noncompliance Deductions (quarterly); and

(g) $A3_Q$ = Deductions under Section 5.4(b) (quarterly);

4. Unavailability Events

4.1 For an Unavailability Event (as set out in Section 11.1 (*Permitted Closures*) of the Technical

Provisions):

(a) Unavailability Deductions may be assessed by the District;

(b) Unavailability Deductions shall be calculated by multiplying the number of 15-minute intervals for each Unavailability Event, rounded up to the nearest 15-minute interval, by the Unavailability Deduction for the applicable Roadway Classification, and Peak/Off-Peak designation in Table 3, as applicable;

(c) Separate and distinct Unavailability Deductions shall be assessed for each Roadway Classification, and Peak/Off-Peak period impacted by the Unavailability Event.

(d) The Unavailability Deductions will be Indexed.

Table 3: Unavailability Deductions per 15-minute interval during the Term

Roadway Classification	Peak	Off-Peak
Freeway A	$2,000	$1,500
Freeway B	$2,000	$1,500
Expressway	$1,600	$1,200
Major/Principal Arterial	$1,300	$975
Minor Arterial	$1,000	$750
Collector	$800	$600
Local	$600	$450
Alley	$500	$375
Sidewalk	$2,000	$1,500
Pedestrian Walkway	$2,000	$1,500
Bicycle Lane	$2,000	$1,500
Cycle Track	$2,000	$1,500

4.2 Developer shall comply with the requirements of Section 11.1 (*Permitted Closures*) of the Technical Provisions with respect to monitoring and reporting of Unavailability Events and Noncompliance Events.

5. Noncompliance Events

5.1 Noncompliance Points System

(a) Appendix A (*D&C Period Noncompliance Tables*) and Appendix B (*Post Project Final Completion Period Noncompliance Tables*) in this Exhibit 14 (*Payment Mechanism*) identify the Noncompliance Events.

(b) The Noncompliance Events in Appendix A (*D&C Period Noncompliance Tables*) of this Exhibit 14 (*Payment Mechanism*) shall apply during the D&C Period. The Noncompliance Events in Appendix B (*Post Project Final Completion Period Noncompliance Tables*) of this Exhibit 14 (*Payment Mechanism*) shall apply during the Post Project Final

Completion Period.

5.2 Assessment of Noncompliance Points

(a) Each Noncompliance Event shall accrue Noncompliance Points in accordance with the following principles:

(i) In respect of a Noncompliance Event that has a cure period, the Noncompliance Event shall accrue the number of Noncompliance Points set out against that Noncompliance Event in Appendix A (D*&C Period Noncompliance Tables*) or Appendix B (*Post Project Final Completion Period Noncompliance Tables*), as applicable:

(A) In the case of a Noncompliance Event which arises as a direct result of an Emergency, upon expiry of the cure period and for each full Interval of Recurrence expiring before the Noncompliance Rectification Date;

(B) In the case of a Noncompliance Event (other than a Noncompliance Event which arises as a direct result of an Emergency) notified to the District pursuant to Section 22.2 (*Notification of Noncompliance Events by the Developer*) of the Agreement, upon expiry of the cure period and for each full Interval of Recurrence expiring before the Noncompliance Rectification Date;

(C) In the case of a Noncompliance Event (other than a Noncompliance Event which arises as a direct result of an Emergency) notified to the Developer by the District pursuant to Section 22.3 (*Notification of Noncompliance Events by the District*) (other than as a result of notification by a member of the public), upon notification of the Noncompliance Event and upon expiry of the cure period and for each full Interval of Recurrence expiring before the Noncompliance Rectification Date; and

(D) In the case of a Noncompliance Event (other than a Noncompliance Event which arises as a direct result of an Emergency) notified to the Developer by the District pursuant to Section 22.3 (*Notification of Noncompliance Events by the District*) as a result of notification by a member of the public, upon the midpoint of the cure period occurring and upon expiry of the cure period and for each full Interval of Recurrence expiring before the Noncompliance Rectification Date.

(ii) All Noncompliance Points in respect of a cure period or Interval of Recurrence shall be deemed to accrue in the month that the relevant cure period or Interval of Recurrence ends.

(iii) In respect of a Noncompliance Event that has no cure period, that Noncompliance Event shall accrue the number of Noncompliance Points set out against that Noncompliance Event in Appendix A (D&C Period Noncompliance Tables) or Appendix B (Post Project Final Completion Period Noncompliance

Tables), as applicable, upon notification of the Noncompliance Event and for each full Interval of Recurrence expiring before the Noncompliance Rectification Date.

(iv) To the extent that any breach or failure to perform obligations under the Project Documents would cause simultaneous occurrence of more than one Noncompliance Event, Noncompliance Points shall only accrue in respect of the Noncompliance Event that accrues the highest number of Noncompliance Points (such accrual of Noncompliance Points for Noncompliance Events with a cure period applying up until the Noncompliance Rectification Date) and each other Noncompliance Event that simultaneously occurred as a result of the same breach or failure to perform obligations under the Project Documents shall be deemed to have not occurred.

(v) Nothing in this Agreement shall prevent the accrual of Noncompliance Points for both the occurrence of a Noncompliance Event and the failure to notify the District of the same Noncompliance Event in accordance with the Agreement.

(vi) Noncompliance Points shall be deemed to accrue for the Reporting Period during which they arise and shall not carry forward to subsequent Reporting Periods. For clarity, the foregoing will not apply to any carry-over of Deduction amounts as described in Section 6 (*General*).

5.3 Noncompliance Table

(a) The Noncompliance Tables in Appendix A (D&C Period Noncompliance Tables) and Appendix B (Post Project Final Completion Period Noncompliance Tables) contain a representational, but not exhaustive, list of Noncompliance Events possible during the Term. Subject to Sections 5.3(b) and (c), the District may:

(i) Replace Noncompliance Events from the Noncompliance Tables in Appendix A (D&C Period Noncompliance Tables) and Appendix B (Post Project Final Completion Period Noncompliance Tables) by removing a Noncompliance Event and adding in its place an alternate Noncompliance Event identified in accordance with Section 5.3(b), and

(ii) Set a reasonable cure period and Interval of Recurrence for each alternate Noncompliance Event.

(b) The District's right to revise the Noncompliance Tables in accordance with Section 5.3(a) is subject to the following restrictions:

(i) Any existing contractual obligation of the Developer may become an additional Noncompliance Event if:

(A) The Developer has failed to comply with that contractual obligation at least two (2) times;

(B) The District provided Notice to Developer within thirty (30) days of Developer's second (2nd) failure to comply and such Notice identifies the contractual obligation and the instances of Developer's failure to comply, and indicates that the District will add that contractual obligation to the Noncompliance Tables if Developer at any time again fails to comply with the specified contractual obligation; and

(C) The Developer fails a third (3rd) time to comply with the contractual obligation specified in the Notice;

(ii) The total number of Noncompliance Points in the Noncompliance Tables as existing on the Financial Closing Date shall not increase during the Term. The District may elect to remove contractual obligations and reduce Noncompliance Points allocated to listed contractual obligations in order to comply with such limitation on the total number of Noncompliance Points. The District may elect to make other revisions or modifications to the Noncompliance Tables from time to time during the Term; *provided* that any such revision or modification will constitute a District Change pursuant to Article 32 (*District Changes and Directive Letters*) of the Project Agreement.

(c) The District shall have no right to assess Noncompliance Points on account of the occurrence of a Noncompliance Event prior to the date it is added to the Noncompliance Tables. Revisions to the Noncompliance Tables made in accordance with this Section 5.3 will be applied prospectively, starting three (3) days after delivery to Developer of the revised tables or such later date stated in the Notice delivering any revised tables.

5.4 Assessed Noncompliance Deductions for Noncompliance Events

(a) The District may assess separate and distinct Noncompliance Deductions in the amount of one thousand dollars ($1,000), Indexed, per Noncompliance Point assigned to the Developer.

(b) Without limiting Section 5.3, if the root cause of a series of Noncompliance Events is substantially the same, and Developer fails to cure any or all occurrences of such Noncompliance Events in accordance with this Exhibit 14, an additional Deduction of two thousand dollars ($2,000), Indexed, will apply per Noncompliance Event on the occurrence of any of the following:

(i) If three (3) Noncompliance Events occur in a single day, on the occurrence of each subsequent Noncompliance Event in that day; and

(ii) If four (4) Noncompliance Events occur in a rolling consecutive seven day period, on the occurrence of each subsequent Noncompliance Event in that seven-day period.

6. General

(a) The total of Noncompliance Deductions and Unavailability Deductions may not cause the Milestone Payments or any Availability Payment for the relevant Calendar Quarter to be less than zero (0); however, any Noncompliance Deductions and Unavailability Deductions that, as a result of the foregoing, are not deducted from the Milestone Payments or Availability Payment shall be carried over and applied against the next Milestone Payment or Availability Payment.

(b) A single event may result in both a Noncompliance Deduction and an Unavailability Deduction. However, if a single event would result in multiple Noncompliance Deductions or multiple Unavailability Deductions being applied, the highest dollar amount associated with any Noncompliance Deduction or Unavailability Deduction, as applicable, shall apply. Additionally, if a single event would result in multiple Noncompliance Events, the Noncompliance Event with the highest Noncompliance Point amount shall apply.

(c) Developer agrees that:

(i) Proper management and minimization of Noncompliance Events and Unavailability Events are essential for the District to continue to finance, construct, provide asset management services for, and improve its street light systems, and it is not possible to ascertain and determine the actual liability that would accrue to the District and the public from such Noncompliance Events and Unavailability Events;

(ii) The Noncompliance Deductions and Unavailability Deductions are reasonable in order to compensate the District for damages it will incur by reason of the matters related to Noncompliance Events and Unavailability Events. Such damages include loss of potential revenue for the District, loss of use, enjoyment and benefit of the Project, the Street Light Network and related District transportation facilities by the general public, injury to the credibility and reputation of the District's transportation improvement program with policy makers and with the general public who depend on and expect availability of service, which injury to credibility and reputation may directly result in loss of ridership on related transportation facilities, and additional costs to the District of administering this Agreement (including legal, engineering, accounting, overhead and other administrative costs); and

(iii) Noncompliance Deductions and Unavailability Deductions are incapable of accurate measurement because of, among other things, the unique nature of the Project and the unavailability of a substitute for it.

APPENDIX A: D&C Period Noncompliance Tables

Non-Compliance Event Category	Non-Compliance Event ID	Each breach or failure to comply with the following obligations constitutes a Non-Compliance Event	Non-Compliance Points	Cure Period	Interval of Recurrence
Notification	1	Notify the District of the occurrence of any Performance Requirement in Appendix 13.1 of the Technical Provisions related to ID 1.4, 1.5, 1.6, 1.7, 1.8, or 1.9.	3	None	N/A
Notification	2	Comply with all Developer obligations, under the Project Agreement, in relation to Governmental Approvals as per Article 10 (*Governmental Approvals*) of the Project Agreement.	3	10 Business Days	10 Business Days
Approvals and Oversight	3	Comply in all material respects with the Nondiscrimination provisions of the Project Agreement, including without limitation Exhibit 26 (*Federal Requirements*) of the Project Agreement.	3	10 Business Days	10 Business Days
Approvals and Oversight	4	Carry out internal audits of the Project Management Plan at the times and in the manner prescribed in the Project Management Plan and in accordance with Section 2 (*Project Management*) of the Technical Provisions.	2	5 Business Days	2 Business Days
Notification	5	Notify the District immediately if any field observations performed by the Developer reveal deficiencies sufficiently critical to warrant immediate actions, traffic restrictions, or a disruption to street light or Smart City Improvements service. Deliver report confirming observation and assessment according to the timeframe established in coordination with the District.	4	None	24 hours

Non-Compliance Event Category	Non-Compliance Event ID	Each breach or failure to comply with the following obligations constitutes a Non-Compliance Event	Non-Compliance Points	Cure Period	Interval of Recurrence
Approvals and Oversight	6	Prepare and implement an Investigative Work Plan and Site Investigative Report when required, in compliance with the requirements set forth in Section 2 (*Project Management*) of the Technical Provisions.	2	5 Business Days	2 Business Days
Approvals and Oversight	7	Comply with the requirements to provide advance notice, unrestricted access to records, unrestricted access to Project Sites, and unrestricted access to off-site locations where materials are sourced or elements fabricated, or provide reasonable efforts to support the District or any Governmental Entity with regard to their rights to audit, review, inspect, or test in accordance with the Project Documents.	2	2 Business Day	2 Business Days
Project Delivery Protocols	8	Implement the processes and procedures as stated in the Hazardous Material Operations, Safety, and Health Plans in accordance with Section 2 (*Project Management*) and Section 10 (*Asset Management*) of the Technical Provisions.	3	24 hours	24 hours
Reporting, Submittals, and Document Management	9	Comply with the requirement to implement the Document and Data Management Plans specified in Section 2 (*Project Management*) of the Technical Provisions.	2	20 Business Days	10 Business Days
Project Delivery Protocols	10	Comply with the requirements related to work and coordination listed in Article 12 (*Utilities*) of this Project Agreement and Section 6 (*Pepco, Verizon, and Dominion Energy Work and Coordination*) of the Technical Provisions.	2	10 Business Days	10 Business Days
Project Delivery Protocols	11	Comply with the requirements of Section 3.1(k) (*Licenses, Skills and Expertise*) of the Project Agreement.	2	10 Business Days	10 Business Days

Non-Compliance Event Category	Non-Compliance Event ID	Each breach or failure to comply with the following obligations constitutes a Non-Compliance Event	Non-Compliance Points	Cure Period	Interval of Recurrence
Project Delivery Protocols	12	Maintain the Key Personnel throughout the Term in accordance with Section 20.3 (*Key Personnel*) of the Project Agreement and Section 2 (*Project Management*) of the Technical Provisions.	3	30 Business Days	5 Business Days
Reporting, Submittals, and Document Management	13	Comply with the requirement to maintain and update all components of the PMP on at least an annual basis or following any event whose circumstances require revision to the PMP, per Section 2 (*Project Management*) of the Technical Provisions.	2	2 Business Days	1 Business Day
Project Delivery Protocols	14	Implement the processes and procedures of the Public Information and Communications Plan in accordance with Section 3 (*Public Information and Communication*) of the Technical Provisions.	1	5 Business Days	5 Business Day
Project Delivery Protocols	15	Attend all meetings and implement the processes and procedures in relation to managing meetings as specified in Section 2.4 (*Meetings*) of the Technical Provisions or as otherwise specified in the Project Documents.	2	None	N/A
Project Delivery Protocols	16	Comply with the requirements of the Quality Management Plan and implement all quality processes in accordance with Section 2 (*Project Management*) and Section 10 (*Asset Management*) of the Technical Provisions.	3	10 Business Days	10 Business Days
Project Delivery Protocols	17	Implement the processes and procedures of the requirements of the Emergency Management and Disaster Recovery Plan in accordance with Section 2 (*Project Management*) of the Technical Provisions.	3	2 Business Days	2 Business Days

Reporting, Submittals, and Document Management	32	Conduct any additional reporting requested by the District and/or governmental entity following Severe Weather Events, per Section 10 (*Asset Management*) of the Technical Provisions.	3	24 hours	24 hours
Reporting, Submittals, and Document Management	33	Propose a Severe Weather, Emergency, or Incident Response Plan, including, but not limited to, temporary measures or permanent repairs of any damage to the Project Elements arising from a Severe Weather Event, Emergency, or Incident to the District per Section 10 (*Asset Management*) of the Technical Provisions.	4	24 hours	24 hours

APPENDIX B: Post Project Final Completion Period Noncompliance Tables

Non-Compliance Event Category	Non-Compliance Event ID	Each breach or failure to comply with the following obligations constitutes a Non-Compliance Event:	Non-Compliance Points	Cure Period	Interval of Recurrence
Notification	34	Notify the District of the occurrence of any Performance Requirement in Appendix 13.1 (*Performance Requirements*) of the Technical Provisions related to ID 2.3, 2.5, 2.6, 2.7, 2.8, or 2.9.	3	None	N/A
Notification	35	Comply with all Developer obligations, under the Project Agreement, in relation to Governmental Approvals as per Article 10 (*Governmental Approvals*) of the Project Agreement.	3	10 Business Days	10 Business Days
Approvals and Oversight	36	Comply in any material respect with the Nondiscrimination provisions of the Project Agreement, including without limitation Exhibit 26 (*Federal Requirements*) of the Project Agreement.	3	10 Business Days	10 Business Days
Notification	37	Notify the District immediately if any field observations performed by the Developer reveal deficiencies sufficiently critical to warrant immediate actions, traffic restrictions, or a disruption to street light or Smart City Improvements service. Deliver report confirming observation and assessment according to the timeframe established in coordination with the District.	4	None	24 hours
Approvals and Oversight	38	Carry out internal audits of the Project Management Plan at the times and in the manner prescribed in the Project Management Plan and in accordance with Section 2 (*Project Management*) of the Technical Provisions.	2	5 Business Days	2 Business Days

Non-Compliance Event Category	Non-Compliance Event ID	Each breach or failure to comply with the following obligations constitutes a Non-Compliance Event:	Non-Compliance Points	Cure Period	Interval of Recurrence
Approvals and Oversight	39	Prepare and implement an Investigative Work Plan and Site Investigative Report when required, in compliance with the requirements set forth in Section 2 (*Project Management*) of the Technical Provisions.	2	5 Business Days	2 Business Days
Approvals and Oversight	40	Comply with the requirements to provide advance notice, unrestricted access to records, unrestricted access to Project Sites, and unrestricted access to off-site locations where materials are sourced or Elements fabricated, or provide Reasonable Efforts to support the District or any Governmental Entity with regard to their rights to audit, review, inspect, or test in accordance with the Project Documents.	2	2 Business Day	2 Business Days
Approvals and Oversight	41	Comply with the requirements of the Hazardous Material Operations, Safety, and Health Plans in accordance with Section 2 (*Project Management*) and Section 10 (*Asset Management*) of the Technical Provisions.	3	24 hours	24 hours
Reporting, Submittals, and Document Management	42	Comply with the requirement to implement the Document and Data Management Plans specified in Section 2 (*Project Management*) of the Technical Provisions.	2	20 Business Days	10 Business Days
Project Delivery Protocols	43	Comply with the requirements of Section 3.1(k) of the Project Agreement.	2	10 Business Days	10 Business Days

Non-Compliance Event Category	Non-Compliance Event ID	Each breach or failure to comply with the following obligations constitutes a Non-Compliance Event:	Non-Compliance Points	Cure Period	Interval of Recurrence
Project Delivery Protocols	44	Maintain the Key Personnel throughout the Term in accordance with Section 20.3 (*Key Personnel*) of the Project Agreement, complying with all requirements regarding qualifications and licensing, training, working locations and availability, requests for changes to personnel, and all other administrative requirements specified in Section 2 (*Project Management*) of the Technical Provisions.	3	30 Business Days	5 Business Days
Reporting, Submittals, and Document Management	45	Comply with the requirement to maintain and update all components of the PMP on at least an annual basis or following any event whose circumstances require revision to the PMP, per Section 2 (*Project Management*) of the Technical Provisions.	2	2 Business Days	1 Business Day
Project Delivery Protocols	46	Comply with the requirement to implement, maintain, and update the Asset Management Plan in accordance with Sections 2.5.13 and 10.11 (*Asset Management Plan*) of the Technical Provisions.	3	3 Business Days	5 Business Days
Project Delivery Protocols	47	Comply with the requirements of the Public Information and Communications Plan in accordance with Section 3 (*Public Information and Communication*) of the Technical Provisions.	1	5 Business Days	5 Business Day
Project Delivery Protocols	48	Attend and/or follow due process in connection with any meeting as required under the Project Documents or the Project Management Plan.	2	None	N/A

Non-Compliance Event Category	Non-Compliance Event ID	Each breach or failure to comply with the following obligations constitutes a Non-Compliance Event:	Non-Compliance Points	Cure Period	Interval of Recurrence
Project Delivery Protocols	49	Comply with the requirements of the Quality Management Plan and all Quality processes in accordance with Section 2 (*Project Management*) and Section 10 (*Asset Management*) of the Technical Provisions.	3	10 Business Days	10 Business Days
Project Delivery Protocols	50	Comply with the order of the District to suspend Asset Management Period Asset Management Services in accordance with Section 18.5 (*Suspension of Asset Management Services*) of the Project Agreement.	5	None	1 hour
Project Delivery Protocols	51	Comply with the requirements of the Emergency Management and Disaster Recovery Plan in accordance with Section 2 (*Project Management*) of the Technical Provisions.	3	2 Business Days	2 Business Days
Project Delivery Protocols	52	Comply with the requirements of the Comprehensive Environmental Protection Plan (CEPP) in accordance with Section 2 (*Project Management*) and Section 4 (*Environmental Management*) of the Technical Provisions.	3	5 Business Days	5 Business Days
Project Delivery Protocols	53	Comply with the requirements of the Waste Management Plan in accordance with Section 2 (*Project Management*) of the Technical Provisions.	3	5 Business Days	5 Business Days
Project Delivery Protocols	54	Implement a Directive Letter in accordance with Section 32.9 (*Directive Letter*) of the Project Agreement.	3	5 Business Days	5 Business Days
Project Delivery Protocols	55	Comply with the requirements of Section 5 (*Third Party Agreements and Coordination*) of the Technical Provisions.	2	5 Business Days	5 Business Days

Non-Compliance Event Category	Non-Compliance Event ID	Each breach or failure to comply with the following obligations constitutes a Non-Compliance Event:	Non-Compliance Points	Cure Period	Interval of Recurrence
Performance Standards	56	Comply with the requirements in the Tables in Appendix 13.1 - Performance Requirements of the Technical Provisions.	Per tables in Appendix 13.1 - Performance Requirements of the Technical Provisions.	Per tables in Appendix 13.1 - Performance Requirements of the Technical Provisions.	Per tables in Appendix 13.1 - Performance Requirements of the Technical Provisions.
Performance Standards	57	Develop and implement corrective and preventative action plan to remedy the persistent occurrence of Noncompliance Events in accordance with Section 10 (*Asset Management*) of the Technical Provisions.	2	15 Business Days	5 Business Days
Performance Standards	58	Comply with the requirements of Article 12 (*Utilities*) of this Project Agreement and Section 6 (*Pepco, Verizon, and Dominion Energy Work and Coordination*) of the Technical Provisions.	2	10 Business Days	10 Business Days
Performance Standards	59	Maintain a fully operational utility service except as specifically permitted by the Utility Owner and by any affected third party.	3	12 hours	12 hours
Performance Standards	60	Avoid encroaching on private property without prior, proper authorization	3	None	4 hours
Performance Standards	61	Meet the Handback Requirements in accordance with Section 12 (*Handback*) of the Technical Provisions.	4	10 Business Days	2 Business Day
Reporting, Submittals, and Document Management	62	Comply with all requirements for preparing and submitting progress reports, as identified in Section 2 (*Project Management*) and Section 10 (*Asset Management*) of the Technical Provisions.	1	3 Business Days	1 Business Day

Non-Compliance Event Category	Non-Compliance Event ID	Each breach or failure to comply with the following obligations constitutes a Non-Compliance Event:	Non-Compliance Points	Cure Period	Interval of Recurrence
Project Delivery Protocols	63	The Developer shall adhere to all Tree Trimming regulations, including coordinating with the District's Urban Forestry Division and obtaining approval from the District, as per Section 10 (*Asset Management*) of the Technical Provisions, prior to performing tree trimming activities.	1	N/A	N/A
Reporting, Submittals, and Document Management	64	Conduct any additional reporting requested by the District and/or governmental entity following Severe Weather Events, per Section 10 (*Asset Management*) of the Technical Provisions.	3	24 hours	24 hours
Reporting, Submittals, and Document Management	65	Propose a Severe Weather, Emergency, or Incident Response Plan, including, but not limited to, temporary measures or permanent repairs of any damage to the Project Elements arising from a Severe Weather Event, Emergency, or Incident to the District per Section 10 (*Asset Management*) of the Technical Provisions.	4	24 hours	24 hours
Project Delivery Protocols	66	The Developer shall complete all Punch List items within 45 days following the Project Final Completion Date.	4	15 Business Days	5 Business Days

EXHIBIT 15

PERFORMANCE REPORTS

SECTION 1. FORM OF MONTHLY PERFORMANCE REPORT

Monthly Performance Report

[DATE]

I, [NAME], authorized signatory of [•], deliver this monthly performance report (the "**Monthly Performance Report**") in connection with the Project Agreement for the DC Smart Street Lighting Project, between the District of Columbia, acting by and through the District of Columbia Office of Public-Private Partnerships, for and on behalf of the District of Columbia Department of Transportation and the Office of the Chief Technology Officer, and [•], dated as of [•] (the "**Project Agreement**"). Capitalized terms used but not otherwise defined in this Monthly Performance Report will have the respective meanings given to such terms in the Project Agreement. This Monthly Performance Report is delivered pursuant to Section 24.2 (*Monthly Performance Reports Prior to Project Final Acceptance*) of the Project Agreement.

On behalf of the Developer, I certify the following with respect to the period from [DATE] to [DATE] (the "**Reporting Period**"):

1. NONCOMPLIANCE POINTS

(a) The aggregate Noncompliance Points accrued under Exhibit 14 (*Payment Mechanism*) for the Reporting Period is [*insert number*].

(b) The cumulative Noncompliance Points accrued as of the date of this Monthly Performance Report is [*insert number*].

2. DEDUCTIONS

The cumulative total Deductions assessed as of the date of this Monthly Performance Report is [*insert number*].

3. OTHER ISSUES

[*Developer to describe any other issues encountered during the Reporting Period or other areas of concern.*]

4. ANNEX 1

Attached to this Monthly Performance Report as Annex 1 is:

(a) a description of each Noncompliance Event with respect to the Reporting Period;

(b) for each Noncompliance Event that occurred during the Reporting Period (as applicable):

(i) the Noncompliance Start Date;

(ii) the category of Noncompliance Event;

(iii) the cure period;

(iv) the Noncompliance Rectification Date;

(v) the number of Noncompliance Points accrued; and

(vi) the amount of Deductions, if any, assessed,

each determined in accordance with the Project Agreement.

I confirm that all matters certified in this Monthly Performance Report are true, correct, and complete on the date of this Monthly Performance Report.

SECTION 2. FORM OF QUARTERLY PERFORMANCE REPORT

Quarterly Performance Report

[DATE]

I, [NAME], authorized signatory of [•], deliver this quarterly performance report (the "**Quarterly Performance Report**") in connection with the Project Agreement for the DC Smart Street Lighting Project, between the District of Columbia, acting by and through the District of Columbia Office of Public-Private Partnerships, for and on behalf of the District of Columbia Department of Transportation and the Office of the Chief Technology Officer, and [•], dated as of [•] (the "**Project Agreement**"). Capitalized terms used but not otherwise defined in this Quarterly Performance Report will have the respective meanings given to such terms in the Project Agreement. This Quarterly Performance Report is delivered pursuant to Section 24.3 (*Quarterly Performance Reports After Project Final Completion*) of the Project Agreement.

On behalf of the Developer, I certify the following with respect to the period from [DATE] to [DATE] (the "**Reporting Period**"):

1. NONCOMPLIANCE POINTS

(a) The aggregate Noncompliance Points accrued under Exhibit 14 (*Payment Mechanism*) for the Reporting Period is [*insert number*].

(b) The cumulative Noncompliance Points accrued as of the date of this Quarterly Performance Report is [*insert number*].

2. DEDUCTIONS

The cumulative total Deductions assessed as of the date of this Quarterly Performance Report is [*insert number*].

3. OTHER ISSUES

[*Developer to describe any other issues encountered during the Reporting Period or other areas of concern.*]

4. ANNEX 1

Attached to this Quarterly Performance Report as Annex 1 is:

(c) a description of each Noncompliance Event with respect to the Reporting Period;

(d) for each Noncompliance Event that occurred during the Reporting Period (as applicable):

(i) the Noncompliance Start Date;

(ii) the category of Noncompliance Event;

(iii) the cure period;

(iv) the Noncompliance Rectification Date;

(v) the number of Noncompliance Points accrued; and

(vi) the amount of Deductions, if any, assessed,

each determined in accordance with the Project Agreement.

5. ANNEX 2

Attached to this Quarterly Performance Report as Annex 2 is a description of each Unavailability Event resulting in the assessment of Deductions with respect to the Reporting Period.

I confirm that all matters certified in this Quarterly Performance Report are true, correct and complete on the date of this Quarterly Performance Report.

EXHIBIT 16

CALCULATION OF HANDBACK AMOUNTS

This Exhibit 16 (*Calculation of Handback Amounts*) sets forth the methodology for calculating the Handback Reserve Amount.

1. HANDBACK RESERVE AMOUNT

The handback reserve amount (the "**Handback Reserve Amount**") means the amount, which will be calculated on each Handback Reserve Account Funding Date, of the estimated cost (in nominal dollars) to improve, repair, renew or replace the Project so as to ensure that the Project meets the requirements of Section 12 (*Handback*) of the Technical Provisions.

The independent engineering firm retained by the Developer to assist with the development of the Handback Condition Assessment pursuant to Section 19.2 (a) (*Handback Condition Assessment and Work Plan*) of the Project Agreement shall certify that each calculation of the Handback Reserve Amount (i) sets forth a reasonable estimate of the cost to improve, repair, renew or replace the Project as of the relevant Handback Reserve Account Funding Date and (ii) was otherwise prepared using Good Industry Practice.

2. FUNDING

As required by Article 19 (*Handback*) of the Project Agreement, on each Handback Reserve Account Funding Date, the Developer shall deliver to the District a report setting out its calculations of the Handback Reserve Amount required to be reserved in the Handback Reserve Account as of such Handback Reserve Account Funding Date. Each such report shall include the certification from the independent engineering firm described in Section 1 (*Handback Reserve Amount*) of this Exhibit 16 (*Calculation of Handback Amounts*).

EXHIBIT 17

PRINCIPLES FOR CALCULATION OF CHANGE IN COSTS

Any Change in Costs will be calculated in accordance with the following principles:

1. OMISSION AND SUBSTITUTION OF WORK

Where a Relevant Event involves the omission of work and its substitution with new work, the difference in cost between the new work and old work (subject to this Exhibit 17) is the value of the Change in Costs.

2. INCREMENTAL COSTS AND REVENUES ONLY

Changes in Costs must be determined on an incremental basis where:

(a) in the case of an increase in costs, only costs that would not be incurred but for the Relevant Event are taken into account; and

(b) in the case of a reduction in costs, only savings that would not have accrued but for the Relevant Event are taken into account.

3. FAIR AND REASONABLE, ARM'S LENGTH ARRANGEMENTS

All increases and decreases in costs included in the calculation must:

(a) be fair and reasonable; and

(b) reflect commercial arm's length arrangements.

4. NONCOMPLIANCE WITH MITIGATION AND OTHER OBLIGATIONS

All Changes in Costs will:

(a) exclude any incremental costs which would not have been incurred or suffered; and

(b) include any cost savings which would have been derived,

had the Developer complied with its obligations (including its obligations to mitigate) under the Project Agreement.

5. MARGINS

(a) With respect to any new or additional Work undertaken by the D&C Contractor or the Asset Management Contractor pursuant to a District Change, the Developer is entitled to claim a margin of up to three percent (3%) of the value of the Change in Costs to compensate the Developer for its administrative, general superintendence, and overhead incurred in managing such new or additional Work. The margin described herein will be the full and complete compensation to Developer for all indirect costs of the Developer with respect to such new or additional work, as well as profit thereon. The Developer's

margin will be considered to include, among other costs: (i) profit; (ii) salary and expenses of executive officers, supervising officers, supervising employees, and clerical employees; (iii) charges for minor equipment, such as small tools and other miscellaneous supplies and services; (iv) incidental job burdens; (v) bonuses not otherwise covered; (vi) field, jobsite, and general home office expenses of all types (including timekeepers, bookkeepers, and other general office help); (vii) supervisory expenses of all types; and (viii) all other overhead, general condition, and indirect costs and expenses. All expenses claimed by the Developer as part of its margin shall be limited to and comply with the Federal Acquisition Regulation. Expenses excluded by the Federal Acquisition Regulation will not be permitted to be claimed by the Developer as part of its margin.

(b) No Key Contractor is entitled to claim margin on the costs that it incurs in excess of the margin under the relevant Key Contract at Financial Close.

6. NO UNNECESSARY CONTRACTING LAYERS

No entity which is a D&C Contractor Member, or an Affiliate of a D&C Contractor Member, may perform work arising out of a Relevant Event as a subcontractor to a Key Contractor or to any other contractor further down the contracting chain without the District's consent (such consent not to be unreasonably withheld if that entity is already engaged in relation to such work).

EXHIBIT 18

COMPENSATION ON TERMINATION

1. COMPENSATION ON TERMINATION FOR CONVENIENCE, DISTRICT DEFAULT AND COURT RULING

On termination of the Project Agreement pursuant to Article 42 (*Termination for Convenience*), Article 43 (*Termination for District Default*) or Article 47 (*Termination by Court Ruling*), the District shall, subject to and in accordance with Section 5 (*Miscellaneous Compensation Provisions*) of this Exhibit 18 (*Compensation on Termination*), pay to the Developer an amount (the "**District Termination Sum**") calculated at the Early Termination Date (without double-counting) as follows:

(a) all amounts shown in the Base Case Financial Model as payable by the Developer from the Early Termination Date, either in dividends or other distributions on the share capital of the Developer under the Equity Member Funding Agreements, each amount discounted back at the Base Case Equity IRR from the date on which it is shown to be payable in the Base Case Financial Model to the Termination Date; plus

(b) Net Lenders' Liabilities; plus

(c) Subcontractor Breakage Costs; plus

(d) Accrued unpaid amounts due from the District to the Developer; plus

(e) Redundancy Payments for employees of the Developer that have been or will be reasonably incurred by the Developer as a direct result of termination of the Project Agreement; minus

(f) any Deductions assessed but not paid; minus

(g) Deferred Equity Amounts.

2. COMPENSATION ON TERMINATION FOR EXTENDED FORCE MAJEURE, EXTENDED RELIEF EVENT AND UNINSURABILITY

On termination of the Project Agreement pursuant to Article 45 (*Termination for Extended Force Majeure; Extended Relief Event*) or Article 46 (*Termination for Uninsurability*), the District shall, subject to and in accordance with Section 5 (*Miscellaneous Compensation Provisions*) of this Exhibit 18 (*Compensation on Termination*), pay to the Developer an amount (the "**No Fault Termination Sum**") calculated at the Early Termination Date (without double-counting) as follows:

(a) The greater of zero (0) or the sum of:

(i) all amounts paid to the Developer by way of equity to the capital of the Developer less dividends and other distributions paid by the Developer to the Equity Members (except to the extent deducted under clause (a)(ii)); plus

(ii) the principal amount of all Equity Member Debt less an amount equal to the aggregate of all payments made by the Developer under the Equity Member Funding Agreements;

plus

(b) Net Lenders' Liabilities; plus

(c) Subcontractor Breakage Costs; plus

(d) Accrued unpaid amounts due from the District to the Developer; plus

(e) Redundancy Payments for employees of the Developer that have been or will be reasonably incurred by the Developer as a direct result of termination of the Project Agreement; minus

(f) any Deductions assessed but not paid.

3. COMPENSATION ON TERMINATION FOR DEVELOPER DEFAULT PRIOR TO PROJECT FINAL COMPLETION

On termination of the Project Agreement pursuant to Article 44 (*Termination for Developer Default*) prior to Project Final Completion, the District shall, subject to and in accordance with Section 5 (*Miscellaneous Compensation Provisions*) of this Exhibit 18 (*Compensation on Termination*), pay to the Developer an amount (the "**Developer Default (D&C Period) Termination Sum**") equal to the lower of:

(a) the D&C Work Value; and

(b) eighty percent (80%) of the Net Lenders' Liabilities.

4. COMPENSATION ON TERMINATION FOR DEVELOPER DEFAULT ON OR AFTER PROJECT FINAL COMPLETION

On termination of the Project Agreement pursuant to Article 44 (*Termination for Developer Default*) on or after Project Final Completion, the District shall, subject to and in accordance with Section 5 (*Miscellaneous Compensation Provisions*) of this Exhibit 18 (*Compensation on Termination*), pay to the Developer an amount (the "**Developer Default (Asset Management Period) Termination Sum**") calculated at the Early Termination Date (without double-counting) as follows:

(a) eighty percent (80%) of the amount of Lenders' Liabilities;

minus

(b) all Losses incurred by the District as a result of such termination, including but not limited to:

(i) the costs to rectify any Nonconforming Work and any funds reasonably necessary to ensure that the future costs of Asset Management Work and the fulfillment of the Handback Requirements will not exceed the costs shown in the Base Case Financial Model; *provided*, that if the Early Termination Date occurs during the Handback Period, such amount will be reduced by the amount of any Handback Letter of Credit or balance standing to the credit of the Handback Reserve Account, which shall be drawn or retained (as applicable) by the District; and

(ii) the costs of procuring a new developer to undertake the Work;

minus

(c) an amount equal to the sum of the following amounts:

(i) Deferred Equity Amounts (if any);

(ii) Insurance Proceeds (excluding proceeds of personal injury, property damage or other third party liability insurance payable to or for the account of a third party); and

(iii) Account Balances.

5. MISCELLANEOUS COMPENSATION PROVISIONS

5.1 Set-Off on Termination

The District may not set off any amount against the District Termination Sum or the No Fault Termination Sum if the effect of such set off would be to reduce the amount payable to the Developer to less than an amount equal to the Net Lenders' Liabilities.

5.2 Payment of Termination Sum by District

The District shall pay any Termination Sum within sixty (60) days after such amount is finally agreed or determined, and an invoice (in a form reasonably acceptable to the District) is presented to the District. Other than with respect to any termination for Developer Default, such payment shall be made together with any interest that may accrue under the Finance Documents between the Early Termination Date and the date of payment of the Termination Sum by the District.

5.3 Payment of Termination Sum by Developer

If the Developer Default (D&C Period) Termination Sum or Developer Default (Asset Management Period) Termination Sum is less than zero (0), the Developer shall (i) pay an amount equal to the absolute value of the Developer Default (D&C Period) Termination Sum or Developer Default (Asset Management Period) Termination Sum (as applicable) to the District within sixty (60) days after such amount is finally agreed or determined.

5.4 Transfer of Key Assets

As a condition precedent to the payment of any Termination Sum, the District may require the Developer to (i) transfer its rights, title and interest in and to the Key Assets to the District and (ii) make available to the District as of the Early Termination Date the benefit of all warranties provided to the Developer by the D&C Contractor and the Asset Management Contractor.

5.5 Exclusivity of Remedy

Any Termination Sum irrevocably paid by the District to the Developer or the Developer to the District will be in full and final settlement of each Party's rights and claims against the other for breaches and termination of the Project Agreement whether under contract, tort, restitution or otherwise, but without prejudice to:

(a) any accrued liability of either Party to the other that arose prior to the Early Termination Date, but not from the termination itself (including any Milestone Payments or Availability Payments accrued but not yet paid to the Developer), to the extent such liability has not already been taken into account in the calculation of the Termination Sum; and

(b) any liabilities arising with respect to any breach by either Party after the Early Termination Date of any obligation under the Project Agreement that survives the Early Termination Date, to the extent not taken into account in the calculation of the Termination Sum.

5.6 Lenders' Liabilities

The District shall be entitled to rely on a certificate of the Collateral Agent as conclusive evidence as to the amount of the Lenders' Liabilities outstanding at the relevant time.

DDOT STREETLIGHT CONDITIONS ASSESSMENT FINAL REPORT

NOVEMBER 2020

TABLE OF CONTENTS

Executive Summary.....3

Appendix 1: Final Results.....5

Appendix 2: Streetlight Assessment Scoring Card.....7

Appendix 3: Framework Reference Questions.....8

EXECUTIVE SUMMARY

Summary

DDOT Streetlight Division advisor KPMG contracted SmartWorks Partners to perform a conditions assessment of existing streetlight infrastructure located primarily in the ROW throughout the District of Columbia. The assessment was conducted using predetermined rating criteria (see Appendix 2 for criteria detail). The elements assessed include:

- foundations
- anchor bolt covers
- anchor bolts
- t-bases/base covers
- handholes
- pole shafts
- brackets & arms
- luminaires
- glare shields

71,013 lighting structures were assessed with an average element score of 3.33 on a five-point scale (although a sixth rating [0] was identified for dangerous elements). Approximately 436,516 elements in total were assessed and 809,522 photos were captured. The project commenced on June 8, 2020 and was completed on November 12, 2020.

Methodology

Field Operations

Each inspector was required to undergo an initial two-day supervised field training course. Training focused on the element rating criteria scoring, use of FieldVizion (SmartWorks' field inspection application), safety protocols, and observation of relevant contextual data points that helped add more empirical context to their overall assessment score (see Appendix 3).

Upon completion of initial training, field inspectors were deployed throughout the District utilizing FieldVizion. Inspectors scoring of individual elements were captured in real time for documentation and further review by the quality control team.

Quality Control

A team of quality control analysts provided a detailed desktop evaluation and review on an ongoing basis of data captured in the field and transmitted back to the SmartVizion data platform. Their purpose was to capture discrepancies and deviations from the standardized conditions assessment ratings. Additionally, they captured missed or mislabeled data (ratings/comments). They provided an accuracy filter for incorrect photos, including deficiencies in miscategorization or viewability.

EXECUTIVE SUMMARY CONT.

A total of 436,516 elements received a preliminary QC review. Any flagged discrepancies were reported and further reviewed by a lead supervisor, who ultimately would produce a final decision on any scoring adjustment. Deference was given to field inspectors' discretion with an understanding that they were in a better position to judge the total quality of any element based on proximity and having 3D viewability. Additionally, a secondary independent final scoring review was conducted on 231,814 elements to verify their final rating.

If the lead quality control supervisor was unable to make a determination based on a review of existing comments and photos captured, a second inspector was deployed to the field to conduct a second independent review. The initial quality control process was then repeated for a final review. During the project, 3,631 lighting structures (5.11% of total sites) underwent a secondary inspection to obtain the final rating.

Results

The final results of the project were captured in the SmartVizion platform and made available to members of the KPMG/DDOT project team for review. The data captured for all element scoring and photo documentation for each element were cataloged, indexed, and transmitted to the DDOT streetlight division for incorporation into their existing GIS database. The summary of the data captured can be found in Appendix 1.

APPENDIX 1
FINAL RESULTS

AVERAGE SCORE BY ELEMENT & POLE TYPE

Element Pole Type	Foundation	Anchor Bolt Covers	Anchor Bolts	T-Base/Base Plate	Handhole	Metal Pole	Wood Pole	Brackets & Arms	Luminaires	Glare Shield	Pole Type Avg

APPENDIX 2

STREETLIGHT ASSESSMENT SCORING CARD

STREETLIGHT ASSESSMENT AND SCORING STANDARD DESCRIPTIONS

Element	Description	Scoring					
		5 (Excellent)	4 (Good)	3 (Fair)	2 (Poor)	1 (Very Poor)	0 (Severely Damaged)
Foundation	Visual inspection to assess condition of foundation for cracks, erosion, deterioration, chipping, or other damage	No damage/new condition	No cracks, erosion, or damage and slight wear	Small cracks, chips or damage, start of erosion, moderate wear	Large cracks, chips or damage, or erosion, moderate wear	Missing in whole or in part, extreme wear, pole unaligned with foundation	Severely damaged and presents a threat to property and public safety
Anchor Bolt Covers	Ensure all anchor bolt covers are in place, securely tightened, and visually inspected for rust, corrosion, cracks, or other damage	All/No damage/new condition	All covers on and tight, no rust, corrosion, or damage and slight wear	All covers on and tight, light rust, corrosion, or damage and moderate wear	All covers on and tight, moderate rust, corrosion, or damage and moderate wear	One or more covers are missing or loose, heavy rust, corrosion, or damage and severe wear	Severely damaged and presents a threat to property and public safety
Anchor Bolts	Ensure all anchor bolts are in place, securely tightened, and visually inspected for rust, corrosion, cracks, or other damage	All/No damage/new condition	All bolts on and tight, no rust, corrosion, or damage and slight wear	All bolts on and tight, light rust, corrosion, or damage and moderate wear	All bolts on and tight, moderate rust, corrosion, or damage and moderate wear	One or more bolts are missing or loose, heavy rust, corrosion, or damage and severe wear	Severely damaged and presents a threat to property and public safety
T-Base/Base Cover	Visual inspection for rust, corrosion, cracks, dents, and other signs of that the structural integrity is compromised, and of any weld above the base plate	No damage/new condition	No rust, corrosion, or damage, welds are intact, and slight wear	Light rust, corrosion, or damage, welds are intact, and moderate wear	Heavy wear, moderate rust, corrosion, or damage, signs of weld deterioration	Heavy rust or corrosion, significant dent or structural damage, welds are cracked or have broken	Severely damaged and presents a threat to property and public safety
Handhole	Visual inspection of condition of the handhole for deterioration and that covers are intact	No damage/new condition	No rust, corrosion, or damage and slight wear/cover intact	Some light rust, corrosion, or damage and moderate wear/cover intact	Heavy wear, moderate rust, corrosion, or damage, cover intact but not sealed	Heavy rust or corrosion, significant dent or structural damage, cover not intact or missing	Severely damaged and presents a threat to property and public safety
Pole Shaft	Visual inspection for rust, corrosion, cracks, dents, and other signs of that the structural integrity is compromised	No damage/new condition	No rust, corrosion, or damage and slight wear	Moderate wear, some light rust, corrosion, or damage	Heavy wear, moderate rust, corrosion, or damage	Heavy rust or corrosion, significant dent or structural damage	Severely damaged and presents a threat to property and public safety
Brackets and Arms	Visual inspection for rust, corrosion, cracks, condition of any welds, and any signs of metal fatigue	No damage/new condition	No rust, corrosion, or damage, welds are intact, and slight wear	Moderate wear, some light rust, corrosion, or damage, welds are intact	Heavy wear, moderate rust, corrosion, or damage, signs of weld deterioration	Heavy rust or corrosion, significant dent or structural damage, welds are cracked or have broken	Severely damaged and presents a threat to property and public safety
Luminaires	Visual inspection of luminaries and associated fixtures for damage, cracks, and deterioration	No damage/new condition	No damage and slight wear	Moderate wear, some discoloring, minor cosmetic damage, such as pitting	Heavy wear, major cosmetic damage, deep cracks, pits, or breakage	Extensive damage and breakage	Severely damaged and presents a threat to property and public safety
Glare Shield	Visual inspection of glare shield and for durable attachment, detrioration, and damage	No damage/new condition	No rust, corrosion, or damage and slight wear/attachment intact	Some light rust, corrosion, or damage and moderate, and attachment intact	Heavy wear, moderate rust, corrosion, or damage, attachment intact	Heavy rust or corrosion, significant dent or structural damage, attachment not intact or missing	Severely damaged and presents a threat to property and public safety

APPENDIX 3

FRAMEWORK REFERENCE QUESTIONS

Foundation

a. Is there flaking or other signs of water damage?
b. Is there standing water or evidence of prior standing water?
c. Is there any vegetation covering the foundation?
d. Is the foundation intact, or are sections crumbling or missing?
e. Does the foundation appear level?

Anchor Bolt Covers

a. Number of bolt covers that are missing?
b. Number of bolt covers that do not match?
c. Number of bolt covers that show visible signs of deep or pitted rust?

Anchor Bolts

a. Number of anchor bolts that are missing?
b. Number of anchor bolts that are misaligned or incorrectly seated?
c. Number of anchor bolts showing signs of deep or thick rust (including pitted)?

T-Base/Base Cover

a. Is there any graffiti on the T-Base?
b. Are there any visible signs of corrosion or rust?
c. Does the T-Base have a door?
d. Is the T-Base door original?
e. Does the T-Base door close as designed?
f. Is the bolt(s) stripped?
g. Is the T-Base dented or otherwise damaged?

Handhole

a. Does the handhole have a cover?
b. Is the handhole cover original?
c. Does the handhole cover close as designed?
d. Is the bolt(s) stripped?
e. Are there wires visibly exposed outside of the handhole?
f. Any visible signs of corrosion or rust?
g. Is the handhole and/or its cover dented or otherwise damaged?

Metal Pole Shaft

a. Is movement visible from standard push test?
b. Is the pole visibly leaning?
c. Is there any graffiti on the pole?
d. Are there any visible signs of corrosion or rust?
e. Is there any paint peeling or flaking?
f. Is the shaft dented or otherwise damaged?
g. If there are signs of damage, does it affect the pole's integrity?

APPENDIX 3

FRAMEWORK REFERENCE QUESTIONS CONT.

Wood Pole Shaft

a. How many inches (if any) has the ground line eroded around the pole?
b. Does the wood pole appear to enter the ground at an unusually severe angle?
c. How many horizontal cracks appear greater than 1/2" wide and longer than 6 inches?
d. Any vertical cracks that appear to be at least 1/2" wide and longer than 2 feet?
e. How many holes are larger than a golf ball are visible?
f. What percentage of the pole is covered in vegetation?
g. What percentage of the pole is covered in mold or fungus (black or green discoloration) around the pole?

Brackets & Arms

a. Do all pole attachment points appear to have fasteners in place?
b. If the arms have welds, do the weld points appear to be intact?
c. Are there any visible signs of corrosion or rust?

Luminaires

a. Are there any visible signs of corrosion or rust?
b. Is any portion of the luminaire lens cracked, broken, or showing condensation?
c. If there is a mounting bracket or arm, is it? (check all that apply)
d. Are there any visible wires exposed outside the luminaire housing?

Glare Shield

a. What is the orientation (street, sidewalk, alley) of the glare shield?
b. Is the glare shield internal or external?
c. Does the glare shield show any visible cracks?

LICENSE AGREEMENT FOR POLE AND STREETLIGHT ATTACHMENTS IN THE DISTRICT OF COLUMBIA

THIS POLE AND STREETLIGHT ATTACHMENT LICENSE AGREEMENT ("License Agreement") is entered into on this 18 day of December, 2020 ("Effective Date"), between Verizon Washington, DC Inc. a corporation organized and existing under the laws of the State of New York, having its principal office at 1300 I Street, NW, Washington, DC 20005 (hereinafter "Utility" or "Licensor"), and the Government of the District of Columbia, acting by and through the District of Columbia Department of Transportation ("DDOT") having its principal office in the District of Columbia (hereinafter the "District" or "Licensee"). The District and Utility may be referred to herein individually as "Party" and collectively as the "Parties."

WHEREAS, Licensee desires to place, maintain, replace, and repair Streetlight Facilities, (as defined below in Article I)(collectively referred to as "Facilities") on Poles owned by Utility;

WHEREAS, Licensee currently has, maintains, replaces, and repairs Streetlight Facilities on Poles owned by Utility; and

WHEREAS, for over 30 years, Licensee has attached various Facilities to Utility's Poles; and

WHEREAS, Utility is willing to permit the District to place, maintain, replace, and repair the District's Facilities on Utility's Poles on the terms and conditions set forth in this Agreement and in accordance with Applicable Law and Applicable Standards;

WHEREAS, this License Agreement is intended to formalize the Licensee's rights and obligations going forward with respect to Licensee's existing Facilities attached to Utility's Poles and to new Facilities that Licensee may seek to attach to Utility's Poles.

NOW, THEREFORE, in consideration of the mutual covenants, terms and conditions herein contained, the Parties do hereby mutually covenant and agree as follows:

ARTICLE I
DEFINITIONS

As used in this License Agreement and related Appendices, the following terms shall have the meanings set forth below. A term listed below intended to convey the meaning stated below is capitalized when used. When not inconsistent with the context, words used in the present tense include the future and past tense, and words in the singular number include the plural number. The words "shall" and "will" are mandatory and "may" is permissive. Words not defined shall be given their common and ordinary meaning.

1.1 Applicable Law

All applicable federal laws and regulations and the laws and regulations of the District of Columbia.

1.2 Applicable Standards

All applicable engineering and safety standards governing the installation, maintenance, and operation of Streetlight Facilities, and/or Traffic Management Facilities, and the performance of all work in or around Utility's Poles, and includes the then-current versions of Utility's Joint Use Manual and Guidelines, the National Electrical Safety Code ("NESC"), the National Electrical Code ("NEC"), the rules and regulations of the Occupational Safety and Health Act ("OSHA"), the District's Department of Transportation ("DDOT") codes, policies and standards related to streetlight installations, including the Standard Specifications for Highway Structures, "DDOT Design and Engineering Manual" and "Streetlight Policy and Design Manual;" as well as the regulations or directives of any other governing authority having jurisdiction over the subject matter.

1.3 District or Licensee

The District of Columbia Government acting by and through the District of Columbia Department of Transportation ("DDOT"). This definition shall include work performed by agents, contractors, or other third-parties engaged by the DDOT to support governmental services and functions over which DDOT has oversight and authority.

1.4 Existing Facilities.

Refers to Licensee's Streetlight Facilities already attached to Poles as of the Effective Date

1.5 Existing Facilities List.

Refers to Licensee's GIS layer of streetlights to be provided by Licensee as set forth in Section 6.2 of this License Agreement to be provided via the online GIS website.

1.6 Facilities

Refers to Streetlight Facilities.

1.7 Pole or Utility Pole

A distribution pole owned or controlled, solely or in part, by Utility with respect to which Utility has the right to authorize the Attachment of Licensee's Facilities.

1.8 Safety Violation

A violation of Applicable Standards that if not corrected will cause an imminent or immediate threat of harm to persons or property.

1.9 Streetlight Facilities

All District-owned or controlled streetlight facilities consisting of the luminaire, mast, power cables, meters, sensors, and associated hardware and equipment, including wireless remote monitoring and control systems, installed on Utility's Poles, utilized solely for illumination purposes, as well as associated electrical wiring extending into adjacent conduits, vaults, manholes, and handholes. Streetlight Facilities does not include antennas, radios, WiFi nodes, fiber, gateways, traffic or pedestrian signaling or management devices or signs, or cabling or wiring not used for power or management of the streetlight facility.

ARTICLE II
PURPOSE AND SCOPE

2.1 Subject to the provisions of this License Agreement, Utility shall grant a nonexclusive license authorizing the attachment of Licensee's Facilities to Utility Poles, as specified in pertinent applications. Licensee's use of all such Facilities shall be consistent with Applicable Law.

2.2 No use, however extended, of Poles shall create or vest in Licensee any easements or any other ownership or property rights of any nature in such Poles. Licensee's rights herein shall be and remain a mere license. Neither this License Agreement nor any license granted hereunder shall constitute an assignment of any of Utility's rights to use the public or private property at the location any such Pole.

2.3 Upon the Utility's acceptance of a completed license application submitted by the Licensee, the Utility will review the application and determine whether Licensee's proposed Attachments can be made consistent with Applicable Standards. This obligation extends only to Poles that the Utility owns and/or controls and with respect to which Utility has the right to authorize the occupancy of Licensee's Facilities.

2.4 Licensee may only attach, maintain, replace, and repair the following types of Facilities on Utility's Poles, all of which must be installed and operated consistent with all Applicable Standards and Applicable Law:

2.4.1 Streetlight Facilities.

ARTICLE III
SPECIFICATIONS

3.1 All of Licensee's existing and future Facilities shall be placed, maintained, replaced and repaired in accordance with the requirements and specifications of all Applicable Laws and all Applicable Standards. Where a difference in requirements or specifications may exist within the Applicable Standards, the more restrictive requirements shall apply.

3.2 To the extent created by the presence of Licensee's Facilities, Licensee shall correct all Safety Violations immediately when Licensee becomes aware or upon notice from Utility of any Safety Violation.

3.3 To the extent created by the presence of Licensee's Facilities, Licensee shall correct to conform to Utility's Applicable Standards all other conditions that are not consistent with Applicable Standards within thirty (30) days from when Licensee becomes aware or receipt of written notice from Utility (or, commence such correction if such violation is not curable within thirty (30) days) and diligently and continuously work to make such correction until cured consistent with Utility's Applicable Standards. If Licensee does not correct or commence the cure of any such violation or condition within the aforementioned time limits, Utility may, at its option, correct said violations or conditions. Licensee shall pay or require Licensee's contractor pay Utility for all reasonable costs incurred by Utility in performing such work, subject to the limitations of Article 16.1.

3.4 Notwithstanding Article 3.3, when conditions created by Licensee's Facilities pose an immediate threat to the safety of the public or the employees of Utility or other attachers, interfere with the performance of Utility's service obligations or the service obligations of other attachers, or pose an immediate threat to the physical integrity of Utility's facilities or structures or the facilities or structures of other attachers, Utility may perform such work and/or take such action as it deems necessary using reasonable care without first giving written notice to Licensee. As soon as practical thereafter, Utility will advise Licensee in writing of the work performed or the action taken and will endeavor to arrange for re-accommodation of Licensee's Facilities so affected. Licensee shall pay or require Licensee's contractor pay Utility for all reasonable costs incurred by Utility in performing such work, subject to the limitations of Article 16.1.

3.5 The failure of Utility to notify Licensee of violations or non-standard conditions created by Licensee's Facilities and to correct such violations or non-standard conditions created by Licensee's Facilities shall not relieve Licensee of its responsibility to place and maintain Facilities in a safe manner and condition in accordance with the terms of this License Agreement.

3.6 Utility and Licensee shall each provide appropriate contacts for processing license applications and access to information needed to prepare a license application.

DDOT's primary contact person shall be:

District Department of Transportation
Attn. Devon E. Smith
55 M Street, S.E., Suite 400
Washington, DC 20003
devon.smith@dc.gov
(202) 438-8919

Utility's primary contact person shall be:

DCLicenseAdminstrationGroup@verizon.com

Verizon
13101 Columbia Pike, FDC01
Silver Spring, MD 20904
(240) 970-6110
Attn: Kolyan Marcus

or to such individuals as the Parties hereto may from time to time specify in writing.

ARTICLE IV
ISSUANCE OF LICENSES

4.1 Before Licensee may attach any new Facilities to any Pole, Licensee shall make written application for and have received a written license from Utility utilizing the following forms: See Exhibit A. Licensee may submit "batch applications" of up to fifty (50) Poles for new Streetlight Attachments if the proposed Attachments are of substantially the same design and are to be installed under substantially similar circumstances.

4.1.1 Like for like work. Provided Licensee has provided the Existing Facilities List, no new application shall be needed to modify, replace, or upgrade existing Facilities that only involve a de minimis change in size, weight, space occupied, loading capacity, or location on the Pole, and which do not require Make Ready Work. Licensee shall provide an updated Existing Facilities List to Utility by

updating the GIS website within 30 days of any change for Utility to access via the online GIS website.

4.1.2 Provided Licensee has provided the Existing Facilities List, no new application shall be needed to transfer an existing Facility from an existing Pole to a new Pole when Utility replaces a Pole. Licensee shall provide an updated Existing Facilities List to Utility by updating the GIS website within 30 days of any change for Utility to access via the online GIS website.

4.2 Utility shall make all access determinations for the installation of newly requested Licensee Facilities where no such Licensee Facilities are currently present, based on such factors as capacity, safety, reliability and general engineering considerations, and in accordance with Applicable Standards, including its own distribution and design standards. Licensee shall be accorded priority access when Facilities are needed for public safety-related purposes, including illumination. Utility shall inform Licensee in writing or through its online notification system as to whether an application has been granted or denied (including the reasons for denial) within thirty (30) days after receipt of such completed application for regular review and within fifteen (15) days for expedited review; provided however, Licensee may not request an expedited review for more than five (5) applications per month, and Utility shall not be required to review more than ten (10) applications per month. An engineering survey must be performed by Utility pursuant to this Section 4.3, and the number of days awaiting the completion of the survey shall not count toward the 30 days and 15 days respectively. Before denying Licensee access based on lack of capacity, Utility shall explore potential accommodations in good faith with Licensee. In the event Licensee implements a program to replace Licensee Facilities on Utility's Poles in bulk, Licensee shall provide Utility with a schedule of locations where it will be working daily. Such schedule shall be for notification purposes only and shall be provided no less than five (5) days prior to such work taking place.

4.3 Other than an engineering survey fee and make-ready costs, Licensee shall not be charged an attachment fee, occupancy fee, application fee, or any other fee. An engineering survey must be performed by Utility to determine whether an application for a license may be granted. The cost of the survey shall not exceed $1,000. Utility shall bill Licensee for the actual cost of the survey incurred by Licensee and provide with such invoice or under separate cover documentation of actual costs for work and materials, subject to limitations of Section 16.1. The survey shall be completed within fourteen (14) days. Following completion of the survey, Utility shall notify Licensee of the estimated costs of make-ready work, if any. Licensee shall then notify Utility if it wishes to proceed with make-ready work, and in such event, Licensee shall be liable to Utility for the costs of make-ready work, subject to the limitation of Section 16.1.

4.4 If, within six (6) months from the date a license is granted by Utility, Licensee shall not at a minimum have initiated material construction or similar activity related to its Attachment(s), Licensee's license for the applicable Pole(s) shall automatically terminate (unless extended in writing) and Licensee shall remove any facilities installed, provided that any information or work needed by Utility to initiate material construction or similar activity related to Licensee's attachment shall not be counted towards the six month period.

ARTICLE V
CONSTRUCTION, MAINTENANCE, AND REMOVAL OF LICENSEE'S FACILITIES

5.1 Licensee shall, at its own expense, construct, maintain, repair, replace, and upgrade its Facilities on Poles covered by this License Agreement, in a safe condition and in a manner consistent with all Applicable Laws and Applicable Standards, so as not to physically conflict or interfere with the facilities of Utility or other licensees. No permit or application shall be required for Licensee to perform maintenance, repair, replacement, or upgrade work, on any of its Facilities that are already attached to Utility's Poles.

5.2 Utility shall specify the point of attachment on each Pole to be occupied by Licensee's Facilities in accordance with Applicable Standards, including DDOT specifications.

5.3 Licensee shall obtain a new license before adding to, relocating, replacing, upgrading, or otherwise modifying Licensee's Facilities attached to a Pole where additional space or holding capacity may be required on a permanent basis. No modifications shall be made by Licensee that would affect the placement or operations of Pole Attachments of Utility or other licensees, except through application to Utility in accordance with the provisions of Article IV of this License Agreement.

5.3.1 The above notwithstanding, and consistent with Article 4.1, no new license or application is required for Licensee to modify, replace, or upgrade existing Facilities that only involve a *de minimis* change in size, weight, space occupied, loading capacity or location on the Pole, and which do not require Make-Ready Work to be performed. Licensee shall provide an updated Existing Facilities List to Utility by updating the GIS website within 30 days of completing any of the work specified in this Section 5.3. for Utility to access via the online GIS website.

5.4 If Licensee requests any modification, alteration, or rearrangement of Poles, other than Make-Ready Work to be performed by Utility, Licensee shall reimburse Utility for the cost of such modification, alteration or rearrangement, subject to the limitations of the Applicable Standards of Article 3.1 and Article 16.1.

5.5 As soon as emergency work or unsafe conditions are identified, Utility will notify Licensee as soon as practical and provide schedule of work. Except in the event emergency work is required or a Utility's pole presents an unsafe condition, Licensee shall be notified in writing at least thirty (30) days prior to any Pole modification that will require the replacement, or transfer of Licensee's Facilities. All notifications shall be provided by Utility to the Licensee contact specified in writing by Licensee and shall include schedule of work, DC pole number and location. Licensee agrees to make such replacements, or transfers of its Facilities within 30 days of request by Utility. In the event Utility determines to conduct a large-scale pole inspection program that may result in Licensee being required to transfer a large number of its facilities over a short period of time, Utility will notify Licensee within thirty (30) days of the start of the planned program. Utility shall provide Licensee with a schedule of locations where it will be working daily. Such schedule shall be for coordination purposes and shall be provided no less than five (5) days prior to such work taking place.

5.6 In all cases except emergency work or work resulting from unsafe conditions, if Licensee fails to transfer or remove its Facilities within the agreed upon period, unless an extension of time is mutually agreed upon in writing, Utility shall have the right to transfer or remove such facilities and Licensee shall reimburse Utility for the costs incurred by Utility in performing such transfer or removal. In the case of emergency work or work resulting from unsafe conditions, if Licensee fails to transfer or remove its Facilities upon request by the Utility, Utility can remove Licensee's facilities and Licensee shall reimburse Utility for the costs incurred by Utility in performing such removal. Utility shall notify Licensee of removal and coordinate for retrieval of facilities for Licensee to reinstall at Licensee's expense.

5.6.1 Notwithstanding the foregoing, in the event Utility is engaged in a large-scale pole inspection program and such program identifies poles that are in an unsafe condition, Licensee shall have fourteen (14) days from the date Utility notifies Licensee that it is required to remove its Facilities to perform such work. If Utility removes Licensee's Facilities from one or more of such poles prior to the expiration of such fourteen (14) day period, then Licensee will not be responsible for the costs incurred by Utility in removing Facilities from such pole(s), but Licensee will be responsible for the work and costs associated with Licensee replacing its removed Facilities. If Licensee fails to remove its Facilities prior to the expiration of such fourteen (14) day period, then Utility may remove Licensee's Facilities and Licensee shall reimburse Utility for the costs incurred by Utility in performing such work.

5.6.2 Except as set forth in this Section 5.6, Licensee shall pay or require Licensee's contractor to pay Utility for all reasonable costs incurred by

Utility in performing any work described in this Section 5.6, subject to the limitations of Article 16.1.

5.7 When Licensee's Facilities are removed from a Pole without installing authorized replacement Facilities, Licensee shall make no further use of the same Pole until:

5.7.1 Licensee has first complied with all of the provisions of this License Agreement, as though no such use of the Pole had previously been made; and

5.8 Licensee shall notify Utility in writing of the date on which the removal (without replacement) of its Facilities from each Utility Pole was completed, and Licensee shall provide an updated Existing Facilities List to Utility by updating the GIS website within 30 days of completing any of the work specified in this Section 5.8 for Utility to access via the online GIS website.

ARTICLE VI
UNAUTHORIZED ATTACHMENT, UTILIZATION, OR OCCUPANCY

6.1 Except as provided in Section 6.2, should any of Licensee's Facilities make use of a Pole for which no license has been granted, Utility, without prejudice to its other rights or remedies under this License Agreement or at law or in equity, may require Licensee to submit an application pursuant to Article IV of this License Agreement within thirty (30) days after Licensee's receipt of written notification from Utility of the unauthorized use. If such application is not received by Utility within the thirty (30) days, Licensee may be required to terminate its use of the Pole(s) at issue, including the removal of all unauthorized Facilities on the Pole. At its option, Utility may remove Licensee's unauthorized Facilities at Licensee's sole expense and risk, subject to the limitations of Article 3.1.

6.2 Existing Facilities.

The Parties acknowledge all Existing Facilities attached to Poles prior to the execution of this agreement will be considered Existing Facilities and do not require separate licenses. Within fifteen (15) days of the Effective Date of this Agreement, Licensee shall provide Utility an Existing Facilities List.

6.3 No act or failure to act by Utility regarding any unauthorized use by Licensee of Utility's Poles shall be deemed a ratification of the unauthorized use; and if any license should be subsequently issued, said license shall not operate retroactively or constitute a waiver by Utility of any of its rights or privileges under this License Agreement or otherwise; provided, however, that Licensee shall be subject to all liabilities, obligations and responsibilities of this License Agreement in regard to said unauthorized use from its inception, subject to the limitations of Article 3.1 and Article 6.2.

ARTICLE VII
SURETY BOND REQUIREMENTS

7.1 The District is not required to furnish a Surety Bond or irrevocable letter of Credit.

ARTICLE VIII
LIABILITY AND DAMAGES

8.1 Each Party shall be responsible for its own acts and omissions, or breach of the obligations in this License Agreement, committed by the Party for which the Party is responsible, subject to any and all defenses and limitations of liability provided by law. Individuals wishing to file claims against the District for loss, damage, or injury, related to this Agreement must follow the process set in D.C. Official Code Section 12-309 (2001), provided that the provisions of Section 12-309 shall not be applicable to claims brought by Utility against the agents, representatives and contractors of the District.

8.2 This License Agreement must not be interpreted to constitute a waiver by Licensee of any of its defenses of immunity or limitations of liability under District of Columbia or any other applicable law.

8.3 The Parties shall exercise reasonable care to avoid damaging the facilities of the other Party and of other licensees of Utility's Poles, and shall make an immediate report of damage to the owner of facilities so damaged.

8.4 The Parties shall promptly advise each other of all claims relating to damage to property or injury to or death of persons, arising or alleged to have arisen in any manner by the erection, maintenance, repair, replacement, presence, use or removal of facilities governed by this License Agreement. Copies of all accident reports and statements made to a Party's insurer by the other Party or affected entity shall be furnished promptly to the insured Party.

8.5 Unless expressly provided for otherwise herein, neither Party shall be liable to the other for any punitive, special, consequential or other indirect damages arising under this License Agreement.

8.6 The provision of this Article shall survive the expiration or earlier termination of this License Agreement or any license issued hereunder.

ARTICLE IX
INSURANCE

9.1 The Licensee hereby represents and warrants that it is and will continue to self-insure.

ARTICLE X
AUTHORIZATION NOT EXCLUSIVE

10.1 Nothing contained in this License Agreement shall be construed as a grant of any exclusive authorization, right or privilege to Licensee. Subject to the rights granted Licensee under the provisions of this License Agreement, Utility shall have the right to grant, renew and extend rights and privileges to others not parties to this License Agreement, by contract or otherwise, to use any Pole covered by this License Agreement, provided that such additional use does not interfere with or impair the operation of Licensee's authorized Facilities, and is consistent with Applicable Law and Applicable Standards.

ARTICLE XI
ASSIGNMENT OF RIGHTS

11.1 Licensee shall not assign or transfer any license or any authorization granted under this License Agreement, and such licenses and authorizations shall not inure to the benefit of Licensee's successors or assigns, without the prior written consent of Utility, which shall be in the form of an assignment agreement satisfactory to the Utility. Utility shall not unreasonably withhold, condition, or delay such consent. The above notwithstanding, nothing herein shall be interpreted as preventing or requiring prior authorization for Licensee's agents, contractors, concessionaires, or others to perform work hereunder, or operate District Facilities on behalf of the District to perform government functions.

11.2 In the event such consent or consents are granted by Utility, then the provisions of this License Agreement shall apply to and bind the successors and assigns of Licensee.

11.3 All notice of such assignments shall include any change to the notice address provided in Article XV. Within thirty (30) days of the assignment, Utility and assignee shall execute an assignment agreement.

ARTICLE XII
FAILURE TO ENFORCE

12.1 Failure of either Party to enforce or insist upon compliance with any of the terms or conditions of this License Agreement or to give notice or declare this License Agreement or any authorization granted hereunder terminated shall not constitute a general waiver or relinquishment of any term or condition of this License Agreement, but the same shall be and remain at all times in full force and effect.

ARTICLE XIII
TERMINATION

13.1 Subject to Section 13.2, below, Utility shall have the right to terminate this entire License Agreement or any license issued hereunder whenever Licensee is in default of any material term of this License Agreement, including, but not limited to, the following conditions:

a) If Licensee's Facilities are constructed, operated or maintained in violation of any law or in aid of any unlawful act or undertaking; or

b) If Licensee is found to have attached Facilities to any Poles without having first been issued a license therefore such that it indicates a willful and repeated pattern of making unauthorized attachments. This shall not apply to Facilities attached prior to Effective Date of this Agreement and addressed in Article 6.2; or

c) If Licensee has demonstrated a repeated and willful pattern of a failure to obtain authorizations that may be required of Licensee by any governmental or private authority for the construction, operation, and maintenance of Licensee's Facilities is denied or revoked; or

d) If Licensee fails to pay all fees and charges within 60 days after issuance of an invoice.

13.1.1 The Parties specifically understand and agree that a failure to obtain appropriated funds in accordance with Article XVI shall not constitute a District default.

13.2 Utility will notify Licensee in writing of any condition(s) applicable to Section 13.1, above. Licensee shall take immediate corrective action to eliminate any such conditions(s) and shall confirm in writing to Utility within thirty (30) days following receipt of such written notice that the cited condition(s) has ceased or been corrected, or that corrective action has been commenced for actions that cannot reasonably be corrected within thirty (30) days. If Licensee fails to

discontinue or correct such condition(s) or fails to give the required confirmation, Utility may immediately terminate this License Agreement or any license issued hereunder. The above notwithstanding, if the above described violations are with respect to certain Facilities, then the License Agreement shall only terminate with respect to those Facilities in violation of this License Agreement.

13.3 In addition to any other obligation that Licensee may have under this License Agreement to remove its Facilities from Utility's Poles (including, but not limited to, under section 13.1, above), in the event of termination of this License Agreement or any of Licensee's rights, privileges or authorizations hereunder, Licensee shall remove its Streetlight Facilities from Utility's Poles within twenty-four (24) months from the date of termination; provided, however, that Licensee's obligations under this License Agreement with regard to such facilities shall continue following termination of this License Agreement, including, but not limited to, Licensee's obligation to pay all fees and charges accruing pursuant to terms of this License Agreement for Licensee Facilities attached to Poles.

13.4 Subject to the limitations of Article 13.3, if Licensee does not remove its Facilities from Utility's Poles within the applicable time periods specified in this License Agreement, Utility shall have the right to remove them. Licensee shall pay or require Licensee's contractor pay Utility for all reasonable costs incurred by Utility in performing such work, subject to the limitations of Article 16.1.

13.5 In the event any of the arrangements, fees, and charges provided for under this License Agreement with respect to Facilities are offered under a tariff filed by Utility and in effect with a regulatory commission, this License Agreement with respect to those arrangements, fees, and charges shall be suspended and shall be superseded by said tariff. Said suspension shall become effective on the day when said tariff becomes effective, and shall remain in effect for the time that the tariff remains in effect, provided, however, that Licensee's obligations to pay such tariffed fees or charges are limited by Article 16.1.

13.6 Licensee may at any time terminate its license with respect to a Pole and remove its Facilities within thirty (30) days of such termination, by giving Utility written notice of such termination.

13.7 In addition to any other right to terminate Licensee's authorization to occupy a Pole under this License Agreement, upon sixty (60) days advance written notice, Utility may terminate Licensee's license to occupy any Pole if Utility removes, abandons, or terminates its use of or right to use the Pole; or loses its right to grant Licensee authorization to attach to such Pole. The above notwithstanding, if Utility abandons or terminates its use of a Pole, Licensee shall have the option to accept donated Pole from Utility.

ARTICLE XIV
TERM

14.1 Unless otherwise terminated in accordance with Article XIII, this Agreement shall be and remain in effect for an initial period of twenty (20) years from the date of execution, and shall extend thereafter for successive terms of two (2) years each, unless either Party provides the other Party written notice not less than sixty (60) days prior to the expiration of the then current term or renewal term of its intent to terminate this License Agreement.

14.2 Termination of this License Agreement or any licenses issued hereunder shall not affect either Party's liabilities or obligations incurred hereunder prior to the effective date of such termination.

ARTICLE XV
NOTICES

15.1 All written notices required under this License Agreement shall be given by posting the same in USPS first class, certified mail or by sending via national overnight courier to Licensee as follows:

District of Columbia Department of Transportation
55 M Street SE, Suite 700
Washington, DC 20003
Attn. Office of General Counsel c/o Cheri Staples
E-mail: cheri.staples@dc.gov

w/ copy to:

District of Columbia Department of Transportation
55 M. Street, SE, Suite 500
Washington, DC 20003
Attn. Kathryn Roos
E-mail: kathryn.roos@dc.gov

and to Utility as follows:

or to such address as the Parties hereto may from time to time specify in writing.

Notice sent by email shall only deemed properly provided if the recipient affirmatively responds that notice has been received. An automatically generated received or read message is not deemed sufficient notice.

ARTICLE XVI
SPECIFIC DISTRICT OF COLUMBIA LAWS

16.1 ANTI-DEFICIENCY LIMITATIONS. The following limitations exist as to each and every purported obligation of District set forth in this License Agreement, whether or not expressly conditioned. The obligations of the District to fulfill financial obligations pursuant to this License Agreement or any subsequent agreement entered into pursuant to this License Agreement or referenced herein (to which the District is a party) are and shall remain, if applicable, subject to the provisions of (i) the federal Anti-Deficiency Act, 31 U.S.C. §§ 1341, 1342, 1349-1351 and 1511-1519 (2004) (the "**Federal ADA**"), and D.C. Official Code §§ 1-206.03(e) and 47-105 (2001); (ii) the District of Columbia Anti-Deficiency Act, D.C. Official Code §§ 47-355.01 – 355.08 (2004 Supp.) (the "**D.C. ADA**" and (i) and (ii) collectively, as amended from time to time, the "**Anti-Deficiency Acts**"); and (iii) § 446 of the District of Columbia Home Rule Act, D.C. Official Code § 1-204.46 (2001). Pursuant to the Anti-Deficiency Acts, if applicable, nothing in this License Agreement shall create an obligation of the District in anticipation of an appropriation by Congress for such purpose, and the District's legal liability for the payment of any financial obligations under this License Agreement shall not arise or obtain in advance of the lawful availability of appropriated funds for the applicable fiscal year as approved by Congress. To the extent possible, the District will provide notice of any deficiency as to appropriated funds promptly upon learning of such deficiency. The laws cited in this Section 16.1 do not apply to the District's agents and contractors.

16.2 Notwithstanding the foregoing, no officer, employee, director, member or other natural person or agent of the District shall have any personal liability in connection with the breach of the provisions of this Article XVI or in the event of a District Default under this License Agreement.

16.3 This License Agreement shall not constitute an indebtedness of the District nor shall it constitute an obligation for which the District is obligated to levy or pledge any form of taxation or for which the District has levied or pledged any form of taxation. No District of Columbia official or employee is authorized to obligate or expend any amount under this License Agreement unless such amount has been appropriated by Act of Congress and is lawfully available.

16.4 The District, its officials, employees, agents and contractors (collectively for this Section 16.4, the "District") will not request that Utility perform any work or provide any services nor will it attach any Facility to any Pole unless the District has sufficient appropriation and availability of funds to pay Utility amounts due

for license fees and any and all work or services as of the date the request is made for such attachment. In making a request to Utility under this Agreement to attach to a Pole and/or perform work or provide services, Utility may reasonably rely that the District in making such request has a sufficient appropriation of funds available to pay an invoice Utility presents for such work and/or services.

ARTICLE XVII
CONFLICTS AND MISCELLANEOUS

17.1 This License Agreement shall be governed by and construed in accordance with the laws of the District of Columbia (irrespective of choice of law) unless otherwise required by Federal law.

17.2 This License Agreement may be executed in multiple counterparts and all so executed shall constitute one agreement binding on the Parties. The Parties may exchange counterparts by regular mail, overnight courier, facsimile or electronic mail.

17.3 This License Agreement and its appendices constitute the entire agreement between the Parties concerning Licensee's attachment to Utility's Poles for the installation and operation of Licensee's Facilities. Unless otherwise expressly stated in this Agreement, all previous agreements, whether written or oral, between Utility and Licensee with respect to such Pole Attachments are superseded and of no further effect.

17.4 If any provision or portion thereof of this License Agreement is or becomes invalid under any applicable statute or rule of law, and such invalidity does not materially alter the essence of this License Agreement to either Party, such provision shall not render unenforceable this entire License Agreement. Rather, the Parties intend that the remaining provisions shall be administered as if the Agreement did not include the invalid provision.

17.5 This License Agreement does not create or constitute a partnership or joint venture between the Parties.

17.6 The recitals stated above and all exhibits to this License Agreement are incorporated into and constitute part of this Agreement.

17.7 Subject to the provisions set forth in Article XVI, Utility and Licensee represent that all Parties and named individuals that sign this License Agreement, respectively, have the full right, power, and authority to execute this License Agreement and to bind the Utility and Licensee, respectively.

17.8 Except as may be expressly provided otherwise, neither Party shall be liable to the other for any failure of performance hereunder due to causes beyond its

reasonable control, including but not limited to: (a) acts of God, fire, explosion, vandalism, storm, or other similar occurrences; (b) national emergencies, insurrections, riots, acts of terrorism, or wars; or (c) strikes, lockouts, work stoppage, or other labor difficulties. To the extent practicable, the Parties shall be prompt in restoring normal conditions, establishing new schedules and resuming operations as soon as the force majeure event causing the failure or delay has ceased. Each Party shall promptly notify the other Party of any delay in performance under this Article and its effect on performance required under this Agreement.

IN WITNESS WHEREOF, the Parties have executed this License Agreement on the date and year written below:

Agreement, all previous agreements, whether written or oral, between Utility and Licensee with respect to such Pole Attachments are superseded and of no further effect.

17.4 If any provision or portion thereof of this License Agreement is or becomes invalid under any applicable statute or rule of law, and such invalidity does not materially alter the essence of this License Agreement to either Party, such provision shall not render unenforceable this entire License Agreement. Rather, the Parties intend that the remaining provisions shall be administered as if the Agreement did not include the invalid provision.

17.5 This License Agreement does not create or constitute a partnership or joint venture between the Parties.

17.6 The recitals stated above and all exhibits to this License Agreement are incorporated into and constitute part of this Agreement.

17.7 Subject to the provisions set forth in Article XVI, Utility and Licensee represent that all Parties and named individuals that sign this License Agreement, respectively, have the full right, power, and authority to execute this License Agreement and to bind the Utility and Licensee, respectively.

17.8 Except as may be expressly provided otherwise, neither Party shall be liable to the other for any failure of performance hereunder due to causes beyond its reasonable control, including but not limited to: (a) acts of God, fire, explosion, vandalism, storm, or other similar occurrences; (b) national emergencies, insurrections, riots, acts of terrorism, or wars; or (c) strikes, lockouts, work stoppage, or other labor difficulties. To the extent practicable, the Parties shall be prompt in restoring normal conditions, establishing new schedules and resuming operations as soon as the force majeure event causing the failure or delay has ceased. Each Party shall promptly notify the other Party of any delay in performance under this Article and its effect on performance required under this Agreement.

LICENSE AGREEMENT FOR POLE AND STREETLIGHT ATTACHMENTS IN THE DISTRICT OF COLUMBIA

THIS POLE AND STREETLIGHT ATTACHMENT LICENSE AGREEMENT ("License Agreement") is entered into on this _____ day of December, 2020 ("Effective Date"), between Potomac Electric Power Company, a corporation organized and existing under the laws of Delaware and Virginia, having its principal office in the District of Columbia (hereinafter "Utility" or "Licensor"), and the Government of the District of Columbia, acting by and through the District of Columbia Department of Transportation ("DDOT") having its principal office in the District of Columbia (hereinafter the "District" or "Licensee"). The District and Utility may be referred to herein individually as "Party" and collectively as the "Parties."

WHEREAS, Licensee desires to place, maintain, replace, and repair Streetlight Facilities (as such terms are defined below in Article I)(collectively referred to as "Facilities") on Poles owned by Utility;

WHEREAS, Licensee currently has, maintains, replaces, and repairs Streetlight Facilities on Poles owned by Utility, as agreed to in an agreement entered into by both Parties on or around April 1994 and the Agreement of Purchase and Sale Between the District of Columbia and the Potomac Electric Power Company Agreement executed on June 4, 1984.

WHEREAS, for over thirty years, Licensee has attached various Facilities to Utility's Poles at no cost for attachment. Licensee plans to attach only a small number of Facilities annually; Licensee will submit applications for any and all attachments under the current process.

WHEREAS, the Utility currently has attachments to the Licensee's poles at no cost due to AMI implementation. The parties understand that Licensee will not charge the Utility an attachment fee for similar attachments, whether existing or future attachments; however, Utility shall comply with all applicable permitting regulations, including permitting fees.

WHEREAS, Utility is willing to permit the District to place, maintain, replace, and repair the District's Facilities on Utility's Poles on the terms and conditions set forth in this Agreement and in accordance with Applicable Law and Applicable Standards;

WHEREAS, this License Agreement is intended to formalize the Licensee's rights and obligations going forward with respect to Licensee's existing Facilities attached to Utility's Poles and to new Facilities that Licensee may seek to attach to Utility's Poles.

NOW, THEREFORE, in consideration of the mutual covenants, terms and conditions herein contained, the Parties do hereby mutually covenant and agree as follows:

ARTICLE I
DEFINITIONS

As used in this License Agreement and related Appendices, the following terms shall have the meanings set forth below. A term listed below intended to convey the meaning stated below is capitalized when used. When not inconsistent with the context, words used in the present tense include the future and past tense, and words in the singular number include the plural number. The words "shall" and "will" are mandatory and "may" is permissive. Words not defined shall be given their common and ordinary meaning.

1.1 Applicable Law

All applicable federal laws and regulations and the laws and regulations of the District of Columbia.

1.2 Applicable Standards

All applicable engineering and safety standards governing the installation, maintenance, and operation of Streetlight Facilities, and/or Traffic Management Facilities, and the performance of all work in or around Utility's Poles and Manholes, and includes the then-current versions of Utility's Joint Use Manual and Guidelines, the National Electrical Safety Code ("NESC"), the National Electrical Code ("NEC"), the rules and regulations of the Occupational Safety and Health Act ("OSHA"), the District's Department of Transportation ("DDOT") codes, policies and standards related to streetlight installations, including the Standard Specifications for Highway Structures, "DDOT Design and Engineering Manual" and "Streetlight Policy and Design Manual;" as well as the regulations or directives of any other governing authority having jurisdiction over the subject matter.

1.3 District or Licensee

The District of Columbia Government acting by and through the District of Columbia Department of Transportation ("DDOT") . This definition shall include work performed by agents, contractors, or other third-parties engaged by the DDOT to support governmental services and functions over which DDOT has oversight and authority.

1.4 Facilities

Refers to Streetlight Facilities.

1.5 Pole or Utility Pole

A distribution pole owned or controlled, solely or in part, by Utility with respect to which Utility has the right to authorize the Attachment of Licensee's Facilities.

1.6 Safety Violation

A violation of Applicable Standards that if not corrected will cause an imminent or immediate threat of harm to persons or property.

1.7 Streetlight Facilities

All District-owned or controlled streetlight facilities, including but not limited to the luminaire, mast, power cables, meters, sensors, and associated hardware and equipment, installed on Utility's Poles, utilized for illumination purposes, as well as associated electrical wiring extending into adjacent conduits, vaults, manholes subject to the requirements of Article 8.2.1 below, and handholes.

ARTICLE II
PURPOSE AND SCOPE

2.1 Subject to the provisions of this License Agreement, Utility shall grant a nonexclusive license authorizing the attachment of Licensee's Facilities to Utility Poles, as specified in pertinent applications. Licensee's use of all such Facilities shall be consistent with Applicable Law.

2.2 No use, however extended, of Poles or payment of any fees or charges required under this License Agreement, shall create or vest in Licensee any easements or any other ownership or property rights of any nature in such Poles. Licensee's rights herein shall be and remain a mere license. Neither this License Agreement nor any license granted hereunder shall constitute an assignment of any of Utility's rights to use the public or private property at the location any such Pole.

2.3 Nothing contained in this License Agreement shall limit Utility's right to locate, relocate and maintain its Poles and to operate its facilities in conjunction therewith, in such a manner as will enable it to fulfill its own service requirements consistent with its obligations as a regulated electric utility, and Applicable Law.

2.4 Upon the Utility's acceptance of a completed license application submitted by the Licensee, the Utility will review the application and determine whether Licensee's proposed Attachments can be made consistent with Applicable Standards. This obligation extends only to Poles that the Utility owns and/or controls and with respect to which Utility has the right to authorize the occupancy of Licensee's Facilities.

2.5 This License Agreement shall supersede and replace any prior agreements relating to the subject matter and scope hereof that authorize DDOT to own, operate, maintain, repair, replace, modify, and upgrade Facilities installed on Utility's Poles, and provides Licensee such rights consistent with the terms of this License

Agreement. Notwithstanding this Article 2, the Agreement of Purchase and Sale Between the District of Columbia and the Potomac Electric Power Company Agreement executed on June 4, 1984, shall remain in effect and not be superseded by this License Agreement.

2.6 Licensee may only attach, maintain, replace, and repair the following types of Facilities on Utility's Poles, all of which must be installed and operated consistent with all Applicable Standards and Applicable Law:

2.6.1 Streetlight Facilities.

ARTICLE III
FEES AND CHARGES

3.1 Utility may assess a one-time connection fee for new Streetlight Facilities as determined by Utility for the connection point to energize the Streetlight Facilities. Licensee shall require its contractor to pay that one-time connection fee. Fee shall be paid by contractors working on behalf of Licensee. Licensee shall not be charged an attachment fee, occupancy fee or application fee.

ARTICLE IV
SPECIFICATIONS

4.1 All of Licensee's existing and future Facilities shall be placed, maintained, replaced and repaired in accordance with the requirements and specifications of all Applicable Laws and all Applicable Standards. Where a difference in requirements or specifications may exist within the Applicable Standards, the more restrictive requirements shall apply.

4.2 To the extent created by the presence of Licensee's Facilities, Licensee shall correct all Safety Violations immediately when Licensee becomes aware or upon notice from Utility of any Safety Violation.

4.3 To the extent created by the presence of Licensee's Facilities, Licensee shall correct to Utility's all other conditions that are not consistent with Applicable Standards within thirty (30) days from receipt of written notice from Utility (or, commence such correction if such violation is not curable within thirty (30) days) and diligently and continuously work to make such correction until cured consistent with Applicable Standards. If Licensee does not correct or commence the cure of any such violation or condition within the aforementioned time limits, Utility may, at its option, correct said violations or conditions at Licensee's sole expense and risk, subject to the limitations of Article 3.1. Licensee shall pay or require Licensee's contractor pay Utility for all reasonable costs incurred by Utility in performing such work, subject to the limitations of Article 19.1.

4.4 Notwithstanding Article 4.3, when conditions created by Licensee's Facilities pose an immediate threat to the safety of the public or the employees of Utility or other attachers, interfere with the performance of Utility's service obligations or the service obligations of other attachers, or pose an immediate threat to the physical integrity of Utility's facilities or structures or the facilities or structures of other attachers, Utility may perform such work and/or take such action as it deems necessary using reasonable care without first giving written notice to Licensee. As soon as practical thereafter, Utility will advise Licensee in writing of the work performed or the action taken and will endeavor to arrange for re-accommodation of Licensee's Facilities so affected. Licensee shall pay Utility for all reasonable costs incurred by Utility in performing such work, subject to the limitations of Article 3.1. Licensee shall pay or require Licensee's contractor pay Utility for all reasonable costs incurred by Utility in performing such work, subject to the limitations of Article 19.1.

4.5 The failure of Utility to notify Licensee of violations or non-standard conditions created by Licensee's Facilities and to correct such violations or non-standard conditions created by Licensee's Facilities shall not relieve Licensee of its responsibility to place and maintain Facilities in a safe manner and condition in accordance with the terms of this License Agreement.

4.6 Utility and Licensee shall each provide appropriate contacts for processing license applications and access to information needed to prepare a license application as below or as updated:

DDOT's primary contact person shall be:
District Department of Transportation
Attn. Devon E. Smith
55 M Street, S.E., Suite 400
Washington, DC 20003
devon.smith@dc.gov
(202)438-8919

The Traffic Signal and Streetlight Teams:
Serviceapplicationddot@exeloncorp.com

ARTICLE V
LEGAL REQUIREMENTS

5.1 No license granted under this License Agreement shall extend to any Poles where the Attachment or placement of Licensee's Facilities would result in a forfeiture of rights of Utility or Utility's existing attachers or occupants to occupy the property on which such Poles are located. If the existence of Licensee's Facilities on a Pole would cause a forfeiture of the right of Utility or Utility's existing attachers or existing occupants to occupy the property on which the Pole is located, Licensee agrees to remove Licensee's Facilities forthwith upon receipt of written notification from Utility. If Licensee's Facilities are not so removed, Utility may perform or have performed such removal after the expiration of sixty (60) days from Licensee's receipt of said written notification. All removals of Licensee's Facilities shall be at Licensee's expense, subject to the limitations of Article 3.1. Licensee shall pay or require Licensee's contractor pay Utility for all reasonable costs incurred by Utility in performing such work, subject to the limitations of Article 19.1. The Utility recognizes the importance of DDOT's streetlight facilities and along with DDOT, is equally committed to public safety.

ARTICLE VI
ISSUANCE OF LICENSES

6.1 Before Licensee may attach its Facilities to any Pole, Licensee shall make written application for and have received a written license from Utility. Licensee may submit "batch applications" of up fifty (50) Poles for new Streetlight Attachments if the proposed Attachments are of substantially the same design and are to be installed under substantially similar circumstances.

6.1.1 Like-for-like work. No new application shall be needed to modify, replace or upgrade existing Facilities that only involve a de minimis change in size, weight, space occupied, loading capacity, or location on the Pole, and which do not require Make-Ready Work.

6.1.2 No new application shall be needed to transfer an existing Facility from an existing Pole to a new Pole when Utility replaces a Pole.

6.2 Utility shall make all access determinations for the installation of newly requested Licensee Facilities where no such Licensee Facilities are currently present, based on such factors as capacity, safety, reliability and general engineering considerations, and in accordance with Applicable Standards, including its own distribution and design standards. Utility shall inform Licensee in writing or through its online notification system as to whether an application has been granted or denied (including the reasons for denial) within fifteen (15) business days after receipt of such completed application. The above notwithstanding, given Licensee's unique position as the primary provider of streetlight services within the public rights-of-way and in public spaces, and recognizing the critical public safety aspects of such service and to the extent not inconsistent with Applicable Law, Licensee may be afforded access to install, repair, and maintain Streetlight Facilities on Utility's Poles.

6.3 Upon request by Licensee to facilitate its completion of an application, Utility shall use commercially reasonable efforts to provide Licensee access to such maps or other relevant data reasonably necessary to complete its applications, within ten (10) business days of a complete request identifying the specific Pole(s), subject to a non-disclosure agreement in a form reasonably agreeable to Utility.

6.4 If, within six (6) months from the date a license is granted by Utility, Licensee shall not at a minimum have initiated material construction or similar activity related to its Attachment(s), Licensee's license for the applicable Pole(s) shall automatically terminate (unless extended in writing) and Licensee shall remove any facilities installed as of such date in accordance with the provisions of Article 8.10, provided that any information or work needed by Utility to initiate material construction or similar activity related to Licensee's attachment shall not be counted towards to six month period.

ARTICLE VII
SURVEY AND MAKE-READY WORK

7.1 When a completed Pole application is submitted by Licensee for the installation of new Attachments and Utility determines it is complete, Utility may conduct a Survey to determine whether it can accommodate Licensee's proposed new Facilities. Unless otherwise specified in this License Agreement, no such Survey shall apply to Licensee's repair, maintenance, replacement, and/or upgrade work on existing Facilities involving no substantial change to the size, nature or locations of such existing Facilities, such as, if DDOT needs to replace a bracket or LED light or upgrade with an arm and a fixture.

ARTICLE VIII
CONSTRUCTION, MAINTENANCE, AND REMOVAL OF LICENSEE'S FACILITIES

8.1 Licensee shall, at its own expense, construct, maintain, repair, replace, and upgrade its Facilities on Poles covered by this License Agreement, in a safe condition and in a manner consistent with all Applicable Laws and Applicable Standards, so as not to physically conflict or interfere with the facilities of Utility or other licensees. No permit or application shall be required for Licensee to perform maintenance, repair, replacement, or upgrade work, on any of its Facilities that are already attached to Utility's Poles.

8.2 Utility shall specify the point of attachment on each Pole to be occupied by Licensee's Facilities in accordance with Applicable Standards, including DDOT specifications.

8.2.1 Manholes. Licensee's qualified contractors may perform work within Utility's vaults, manholes, and handholes on Licensee's facilities related to the connection of the Licensee's Streetlight Facility electric wiring. All such work shall be performed by a licensed DC Journeyman in accordance with all Applicable Standards. Licensee and its agents will coordinate with the Utility regarding specific requirements for entering manholes, which will be similar to those outlined in Appendix II entitled "Field Inspection and Data Collection- Manholes, Pepco Holdings Technical Procedure, CM-PH-000003, Rev. 1", as attached and incorporated by reference. Licensee will identify its agents and qualified contractors to Utility and Utility will review with them the requirements in Appendix II.

8.3 Licensee shall obtain a new license before adding to, relocating, replacing, upgrading, or otherwise modifying Licensee's Facilities attached to a Pole where additional space or holding capacity may be required on a permanent basis. No modifications shall be made by Licensee that would affect the placement or operations of Pole Attachments of Utility or other licensees, except through application to Utility in accordance with the provisions of Articles VI and VII of this License Agreement.

8.3.1 The above notwithstanding, and consistent with Article 6.1, no new license or application is required for utility to modify, replace, or upgrade existing Facilities that only involve a *de minimis* change in size, weight, space occupied, loading capacity or location on the Pole, and which do not require Make-Ready Work to be performed.

8.4 If Licensee requests any modification, alteration, or rearrangement of Poles, other than Make-Ready Work to be performed by Utility pursuant to Article VII, above, Licensee shall reimburse Utility for the cost of such modification, alteration or

rearrangement, subject to the limitations of Articles 3.1 and 19.1; the Applicable Standards of Articles 4.1 and Article 6.2.

8.5 Whenever Utility intends to modify or alter any Poles that contain Licensee's Streetlight Facilities, Utility shall provide written notification to Licensee at least fifteen (15) days prior to taking such action so that Licensee may have a reasonable opportunity to add to or modify its Streetlight Facilities.

8.6 Licensee shall be notified in writing at least thirty (30) days prior to any Pole modification that will require the replacement, or transfer of Licensee's Facilities. Licensee agrees to make such replacements, or transfers of its Facilities as are reasonably requested by Utility. Licensee shall remove its Facilities within thirty (30) days of notice.

8.7 If Licensee fails to transfer or remove its Facilities under sections 8.5 or 8.6 of this Article VIII within the specified period, unless an extension of time is mutually agreed upon in writing, Utility shall have the right to transfer or remove such facilities. Licensee shall pay or require Licensee's contractor to pay Utility for all reasonable costs incurred by Utility in performing such work, subject to the limitations of Article 19.1.

8.8 When Licensee's Facilities are removed from a Pole without installing authorized replacement Facilities, Licensee shall make no further use of the same Pole until:

8.8.1 Licensee has first complied with all of the provisions of this License Agreement, as though no such use of the Pole had previously been made.

8.9 Licensee shall notify Utility in writing of the date on which the removal (without replacement) of its Facilities from each Utility Pole was completed.

8.10 Upon receipt of a written request by Utility to move a Traffic Management Facility that is not consistent with Applicable Standards, Licensee and Utility shall work together in good faith to find a reasonable accommodation to move or rearrange the Traffic Management Facilities, provided that such Facilities can be moved or removed without endangering public safety.

8.11 Licensee shall provide Licensor with a monthly record of electricity usage as per the remote monitoring and control system for the use of billing.

ARTICLE IX
UNAUTHORIZED ATTACHMENT, UTILIZATION, OR OCCUPANCY

9.1 Except as provided in Article 9.2, should any of Licensee's Facilities make use of a Pole for which no license has been granted, Utility, without prejudice to its other rights or remedies under this License Agreement or at law or in equity, may require

Licensee to submit an application pursuant to Article VI of this License Agreement within thirty (30) days after Licensee's receipt of written notification from Utility of the unauthorized use. If such application is not received by Utility within the thirty (30) days, Licensee may be required to terminate its use of the Pole(s) at issue, including the removal of all unauthorized Facilities on the Pole. At its option, Utility may remove Licensee's unauthorized Facilities at Licensee's sole expense and risk, subject to the limitations of Article 3.1. Licensee shall pay or require Licensee's contractor pay Utility for all reasonable costs incurred by Utility in performing such work, subject to the limitations of Article 19.1.

9.2 Parties acknowledge all existing Facilities attached to Poles prior to the execution of this agreement, pursuant to the Streetlight License Agreement signed dated April 1994 will be considered Existing Facilities and do not require separate license. A list of all existing Facilities by pole location, is incorporated as Exhibit A.

9.3 No act or failure to act by Utility regarding any unauthorized use by Licensee of Utility's Poles shall be deemed a ratification of the unauthorized use; and if any license should be subsequently issued, said license shall not operate retroactively or constitute a waiver by Utility of any of its rights or privileges under this License Agreement or otherwise; provided, however, that Licensee shall be subject to all liabilities, obligations and responsibilities of this License Agreement in regard to said unauthorized use from its inception, subject to the limitations of Article 3.1 and Article 9.2.

ARTICLE X
SURETY BOND REQUIREMENTS

10.1 The District is not required to furnish a Surety Bond or irrevocable letter of Credit.

ARTICLE XI
LIABILITY AND DAMAGES

11.1 Each Party shall be responsible for its own acts of willful misconduct or negligence, or breach of obligation, committed by the Party for which the Party is responsible, subject to any and all defenses and limitations of liability provided by law. Individuals wishing to file claims against the District for loss, damage, or injury, related to this Agreement must follow the process set in D.C. Official Code Section 12-309 (2001).

11.2 This License Agreement must not be interpreted to constitute a waiver by Licensee of any of its defenses of immunity or limitations of liability under District of Columbia or any other applicable law.

11.3 The Parties shall exercise reasonable care to avoid damaging the facilities of the other Party and of other licensees of Utility's Poles, and shall make an immediate report of damage to the owner of facilities so damaged.

11.4 The Parties shall promptly advise each other of all claims relating to damage to property or injury to or death of persons, arising or alleged to have arisen in any manner by the erection, maintenance, repair, replacement, presence, use or removal of facilities governed by this License Agreement. Copies of all accident reports and statements made to a Party's insurer by the other Party or affected entity shall be furnished promptly to the insured Party.

11.5 Unless expressly provided for otherwise herein, neither Party shall be liable to the other for any special, consequential or other indirect damages arising under this License Agreement.

11.6 The provision of this Article shall survive the expiration or earlier termination of this License Agreement or any license issued hereunder.

ARTICLE XII
INSURANCE

12.1 The Licensee hereby represents and warrants that it is and will continue to self-insure.

ARTICLE XIII
AUTHORIZATION NOT EXCLUSIVE

13.1 Nothing contained in this License Agreement shall be construed as a grant of any exclusive authorization, right or privilege to Licensee. Subject to the rights granted Licensee under the provisions of this License Agreement, Utility shall have the right to grant, renew and extend rights and privileges to others not parties to this License Agreement, by contract or otherwise, to use any Pole covered by this License Agreement, provided that such additional use does not interfere with or impair the operation of Licensee's authorized Facilities, and is consistent with Applicable Law and Applicable Standards. The above notwithstanding, given Licensee's unique position as the primary provider of streetlight services within the public rights-of-way and in public spaces, and recognizing the critical public safety aspects of such service and to the extent not inconsistent with Applicable Law, Licensee may be afforded access to install, repair, and maintain Streetlight Facilities on Utility's Poles.

ARTICLE XIV
ASSIGNMENT OF RIGHTS

14.1 Licensee shall not assign or transfer any license or any authorization granted under this License Agreement, and such licenses and authorizations shall not inure to the benefit of Licensee's successors or assigns, without the prior written consent of Utility, which shall be in the form of an assignment agreement satisfactory to the Utility. Utility shall not unreasonably withhold, condition, or delay such consent. The above notwithstanding, nothing herein shall be interpreted as preventing or requiring prior authorization for Licensee's agents, contractors, concessionaires, or others to perform work hereunder, or operate District Facilities on behalf of the District to perform government functions

14.2 In the event such consent or consents are granted by Utility, then the provisions of this License Agreement shall apply to and bind the successors and assigns of Licensee.

14.3 All notice of such assignments shall include any change to the notice address provided in Article XVIII. Within thirty (30) days of the assignment, Utility and assignee shall execute an assignment agreement.

ARTICLE XV
FAILURE TO ENFORCE

15.1 Failure of either Party to enforce or insist upon compliance with any of the terms or conditions of this License Agreement or to give notice or declare this License Agreement or any authorization granted hereunder terminated shall not constitute a general waiver or relinquishment of any term or condition of this License Agreement, but the same shall be and remain at all times in full force and effect.

ARTICLE XVI
TERMINATION

16.1 Any license issued under this License Agreement shall terminate automatically if Licensee ceases to have authority to construct and operate its Facilities on public or private property at the location of the particular Pole covered by the license, provided that all rights will remain in effect pending Licensee's efforts to challenge or remedy such authority issue.

16.2 In addition to any other right to terminate Licensee's authorization to occupy a Pole under this License Agreement, upon sixty (60) days advance written notice, Utility may terminate Licensee's license to occupy any Pole if Utility removes, abandons, or terminates its use of or right to use the Pole; or loses its right to grant Licensee authorization to attach to such Pole. The above notwithstanding, if Utility abandons

or terminates its use of a Pole, Licensee shall have the option to purchase such Pole from Utility consistent with the depreciated cost of the Pole.

16.3 Subject to Article 16.4, below, Utility shall have the right to terminate this entire License Agreement or any license issued hereunder whenever Licensee is in default of any material term of this License Agreement, including, but not limited to, the following conditions:

a) If Licensee's Facilities are constructed, operated or maintained in violation of any law or in aid of any unlawful act or undertaking; or

b) If Licensee is found to have attached Facilities to any Poles without having first been issued a license. This shall not apply to Facilities attached prior to Effective Date of this Agreement and addressed in Article 9.2; or

c) If Licensee has demonstrated a failure to obtain authorizations that may be required of Licensee by any governmental or private authority for the construction, operation, and maintenance of Licensee's Facilities is denied or revoked; or

d) If Licensee fails to pay all fees and charges within forty-five (45) days after issuance of an invoice.

16.3.1 The Parties specifically understand and agree that a failure to obtain appropriated funds in accordance with Article XIX shall not constitute a District default.

16.4 Utility will promptly notify Licensee in writing of any condition(s) applicable to Article 16.3, above. Licensee shall take immediate corrective action to eliminate any such conditions(s) and shall confirm in writing to Utility within forty-five (45) days following receipt of such written notice that the cited condition(s) has ceased or been corrected, or that corrective action has been commenced for actions that cannot reasonably be corrected within forty-five (45) days. If Licensee fails to discontinue or correct such condition(s) or fails to give the required confirmation, Utility may immediately terminate this License Agreement or any license issued hereunder. The above notwithstanding, if the above described violations are with respect to certain Facilities, then the License Agreement shall only terminate with respect to those Facilities in violation of this License Agreement.

16.5 In addition to any other obligation that Licensee may have under this License Agreement to remove its Facilities from Utility's Poles (including, but not limited to, under Article 8.9, above), in the event of termination of this License Agreement or any of Licensee's rights, privileges or authorizations hereunder, Licensee shall remove its Streetlight Facilities from Utility's Poles within twenty-four (24) months from the date of termination; provided, however, that Licensee's obligations under this License Agreement with regard to such facilities shall continue following

termination of this License Agreement, including, but not limited to, Licensee's obligation to pay all fees and charges accruing pursuant to terms of this License Agreement for Licensee Facilities attached to Poles, subject to the limitations of 19.1.

16.6 Subject to the limitations of Article 16.4, if Licensee does not remove its Facilities from Utility's Poles within the applicable time periods specified in this License Agreement, Utility shall have the right to remove them. Licensee shall pay or require Licensee's contractor pay Utility for all reasonable costs incurred by Utility in performing such work, subject to the limitations of Article 19.1.

16.7 In the event any of the arrangements, fees, and charges provided for under this License Agreement with respect to Facilities are offered under a tariff filed by Utility and in effect with a regulatory commission, this License Agreement with respect to those arrangements, fees, and charges shall be suspended and shall be superseded by said tariff. Said suspension shall become effective on the day when said tariff becomes effective, and shall remain in effect for the time that the tariff remains in effect, provided, however, that Licensee's obligations to pay such tariffed fees or charges are limited by Article 3.1.

ARTICLE XVII
TERM

17.1 Unless otherwise terminated in accordance with Article XVI, this License Agreement shall commence on the date last signed below and shall remain in force until 11:59 p.m. Eastern Time on December 31, 2040 ("Expiration Date"). The Parties may renew this License Agreement for an additional two (2) year term, if the Parties agree to the extension in writing thirty (30) days before the Expiration Date. If the Parties agree to renew this License Agreement, it shall remain in force until 11:59 p.m. Eastern Time on December 31, 2042 ("Renewal Expiration Date").

17.2 Termination of this License Agreement or any licenses issued hereunder shall not affect either Party's liabilities and obligations incurred hereunder prior to the effective date of such termination.

ARTICLE XVIII
NOTICES

18.1 All written notices required under this License Agreement shall be given by posting the same in first class mail to Licensee as follows:

District of Columbia Department of Transportation

55 M. Street, SE, Suite 500
Washington, DC 20003
Attn. Kathryn Roos

or to such address as the Parties hereto may from time to time specify in writing.

ARTICLE XIX
SPECIFIC DISTRICT OF COLUMBIA LAWS

19.1 ANTI-DEFICIENCY LIMITATIONS. The following limitations exist as to each and every purported obligation of District set forth in this License Agreement, whether or not expressly conditioned. The obligations of the District to fulfill financial obligations pursuant to this License Agreement or any subsequent agreement entered into pursuant to this License Agreement or referenced herein (to which the District is a party) are and shall remain, if applicable, subject to the provisions of (i) the federal Anti-Deficiency Act, 31 U.S.C. §§ 1341, 1342, 1349-1351 and 1511-1519 (2004) (the "**Federal ADA**"), and D.C. Official Code §§ 1-206.03(e) and 47-105 (2001); (ii) the District of Columbia Anti-Deficiency Act, D.C. Official Code §§ 47-355.01 – 355.08 (2004 Supp.) (the "**D.C. ADA**" and (i) and (ii) collectively, as amended from time to time, the "**Anti-Deficiency Acts**");

and (iii) § 446 of the District of Columbia Home Rule Act, D.C. Official Code § 1-204.46 (2001). Pursuant to the Anti-Deficiency Acts, if applicable, nothing in this License Agreement shall create an obligation of the District in anticipation of an appropriation by Congress for such purpose, and the District's legal liability for the payment of any fee, Attachment Fee, Utilization Fee, and Occupancy Fee, Application and Engineering Survey Fee, Annual Fee, or any other financial obligations, under this License Agreement shall not arise or obtain in advance of the lawful availability of appropriated funds for the applicable fiscal year as approved by Congress. To the extent possible, the District will provide notice of any deficiency as to appropriated funds promptly upon learning of such deficiency.

19.2 The District agrees to exercise all lawful authority available to it to satisfy the financial obligations of the District that may arise under this License Agreement. During the term of this License Agreement, the Mayor of the District of Columbia or other appropriate official shall, for each fiscal period, include in the budget application submitted to the Council of the District of Columbia the amount necessary to fund the District's known potential financial obligations under this License Agreement for such fiscal period. In the event that a request for such appropriations is excluded from the budget approved by the Council and submitted to Congress for the applicable fiscal year or if no appropriation is made by Congress to pay the District's financial obligations under this License Agreement for any period after the fiscal year for which appropriations have been made, and in the event appropriated funds for such purposes are not otherwise lawfully available, the District will not be liable to make any payment under this License Agreement upon the expiration of any then-existing appropriation, the District shall promptly notify Utility, and this License Agreement shall immediately terminate upon the expiration of any then-existing appropriation (such termination, a "**Non-Appropriation Termination**").

19.3 Notwithstanding the foregoing, no officer, employee, director, member or other natural person or agent of the District shall have any personal liability in connection with the breach of the provisions of this Article XIX or in the event of a District Default under this License Agreement.

19.4 This License Agreement shall not constitute an indebtedness of the District nor shall it constitute an obligation for which the District is obligated to levy or pledge any form of taxation or for which the District has levied or pledged any form of taxation. No District of Columbia official or employee is authorized to obligate or expend any amount under this License Agreement unless such amount has been appropriated by Act of Congress and is lawfully available.

19.5 The District will not request that Utility perform any work or provide any services nor will it attach any Facility to any Pole unless the District has sufficient appropriation and availability of funds to pay Utility amounts due for license fees and any and all work or services as of the date the request is made for such attachment. In making a request to Utility under this Agreement to attach to a Pole

and/or perform work or provide services, Utility may reasonably rely that the District in making such request has a sufficient appropriation of funds available to pay an invoice Utility presents for such work and/or services.

ARTICLE XX
CONFLICTS AND MISCELLANEOUS

20.1 This License Agreement shall be governed by and construed in accordance with the laws of the District of Columbia (irrespective of choice of law) unless otherwise required by Federal law.

20.2 This License Agreement may be executed in multiple counterparts and all so executed shall constitute one agreement binding on the Parties. The Parties may exchange counterparts by regular mail, overnight courier, facsimile or electronic mail.

20.3 This License Agreement and its appendices constitute the entire agreement between the Parties concerning Licensee's attachment to Utility's Poles for the installation and operation of Licensee's Facilities. Unless otherwise expressly stated in this Agreement, all previous agreements, whether written or oral, between Utility and Licensee with respect to such Pole Attachments are superseded and of no further effect. Notwithstanding Article XX, the Agreement of Purchase and Sale Between the District of Columbia and the Potomac Electric Power Company Agreement executed on June 4, 1984, shall remain in effect and not be superseded by this License Agreement.

20.4 If any provision or portion thereof of this License Agreement is or becomes invalid under any applicable statute or rule of law, and such invalidity does not materially alter the essence of this License Agreement to either Party, such provision shall not render unenforceable this entire License Agreement. Rather, the Parties intend that the remaining provisions shall be administered as if the Agreement did not include the invalid provision.

20.5 This License Agreement does not create or constitute a partnership or joint venture between the Parties.

20.6 The recitals stated above and all appendices to this License Agreement are incorporated into and constitute part of this Agreement.

20.7 Subject to the provisions set forth in Article XIX, Utility and Licensee represent that all Parties and named individuals that sign this License Agreement, respectively, have the full right, power, and authority to execute this License Agreement and to bind the Utility and Licensee, respectively.

20.6 The recitals stated above and all appendices to this License Agreement are incorporated into and constitute part of this Agreement.

20.7 Subject to the provisions set forth in Article XIX, Utility and Licensee represent that all Parties and named individuals that sign this License Agreement, respectively, have the full right, power, and authority to execute this License Agreement and to bind the Utility and Licensee, respectively.

20.8 Except as may be expressly provided otherwise, neither Party shall be liable to the other for any failure of performance hereunder due to causes beyond its reasonable control, including but not limited to: (a) acts of God, fire, explosion, vandalism, storm, or other similar occurrences; (b) national emergencies, insurrections, riots, acts of terrorism, or wars; or (c) strikes, lockouts, work stoppage, or other labor difficulties. To the extent practicable, the Parties shall be prompt in restoring normal conditions, establishing new schedules and resuming operations as soon as the force majeure event causing the failure or delay has ceased. Each Party shall promptly notify the other Party of any delay in performance under this Article and its effect on performance required under this Agreement.

IN WITNESS WHEREOF, the Parties have executed this License Agreement on the date and year written below:

APPENDIX I

SCHEDULE OF WORK ACTVITIES AND CHARGES

Work Fees and Charges for Facilities

Charges for all work performed by Utility or by Utility's contractor or authorized representative in connection with the furnishing of Pole accommodations covered by this License Agreement, and subject to the limitations of Article 3.1 of the License Agreement, shall be based upon the full actual cost to Utility for performance of such work, such as, connection points, at Utility's standard rates then in effect and in accordance with Utility's standard practices or any applicable tariff then in effect; these may be amended from time to time by mutual written agreement of the parties.

APPENDIX II

See Attached "Field Inspection and Data Collection- Manholes, Pepco Holdings Technical Procedure, CM-PH-000003, Rev. 1"

Field Inspection and Data Collection - Manholes

Pepco Holdings Technical Procedure
CM-PH-000003
Rev. 1

Effective:	7/31/2020
Supersedes:	N/A
Level:	2
Review Type:	3 Year
Core Function:	Preventive Maintenance

1. Purpose

This procedure is applicable to all Asset Management employees engaged in field data collection or inspection. This procedure applies only to data collection and inspection of underground equipment; refer to CM-PH-000002 , Field Inspection and Data Collection – Overhead and Padmounted Equipment for other work.

2. Precautions and Limitations

2.1. Precautions

2.1.1 None

Official versions of all controlled documents are on the Management Model website and subject to change at any time.
It is the user's responsibility to ensure the most current version is used - if printed, this document is no longer controlled/current,11/4/2020 12:47 PM

2.2. Limitations

2.2.1 This procedure/work practice is not a training document. Specific departmental training may be required before performing this activity.

3. Safety Measures and Environmental Concerns

3.1. Personal Protective Equipment

3.1.1 Hard hat

3.1.2 Safety glasses

3.1.3 Appropriate footwear (Approved electric shock resistant footwear is required when entering, exiting and while in a manhole or attending ladder.)

3.1.4 Flame retardant reflective safety vest as required

3.1.5 Cones, flags, and other traffic control devices as required

3.1.6 Barricade (when required)

3.1.7 Flame retardant clothing is required when entering, exiting and while in a manhole or attending the ladder.

3.1.8 Gas monitoring device

3.1.9 Manhole rescue equipment

3.1.10 Work gloves shall be worn for all work operations except where rubber gloves are required.

3.1.11 Applicable high voltage gloves are required when lowering and raising the ladder into the manhole and at all times in the manhole.one

3.2. Environmental Concerns

3.2.1 None

4. Material and Special Equipment

4.1. Material

4.1.1 None

4.2. Special Equipment

4.2.1 None

5. Prerequisites

5.1. None

Official versions of all controlled documents are on the Management Model website and subject to change at any time.
It is the user's responsibility to ensure the most current version is used - if printed, this document is no longer controlled/current,11/4/2020 12:47 PM

6. Procedure

6.1. Prior to Leaving the Office:

6.1.1 Determine the scope of work to be done that day.

6.1.2 Notify supervisor or the appointed designee of planned work locations, activities to be performed, and all other employees required to assist in accordance with departmental procedures.

6.1.3 Check the condition of all safety equipment and other tools required for the activities to be performed.

6.1.4 Before leaving the office, “bump test” gas monitor to ensure operability.

6.1.5 Fire retardant clothing is to be checked prior to leaving for work location. Coveralls must be worn over 100% cotton clothing.

6.1.6 Check the condition of the vehicle and perform a **Circle for Safety**.

6.2. Upon Arriving at the Work Location:

6.2.1 Properly park and lock the vehicle in a safe and secure location. When parking it may be necessary to use the vehicle as a safety barricade.

6.2.2 Upon leaving the vehicle don all required Personal Protective equipment.

6.2.3 Observe the entire work area looking for hazardous conditions to determine if the work can be performed safely.

6.2.4 Put in place appropriate traffic control devices.

6.2.5 Perform and document a Job Briefing.

6.2.6 Erect manhole barricades.

CAUTION: **DO NOT** strike a manhole cover with a hammer before checking for gases

6.2.7 Check for gas before opening the manhole cover.

6.2.8 Determine if oil and/or other liquid are present in the manhole. If they are present refer to EN-PH-000, Oil / Chemical Spill Guidance and Pumping Manholes & Vaults (EN-AE-000003, EN-DE-000004 or EN-PP-000017).

6.3. Perform Field Inspection and Data Collection:

CAUTION: A Gas detector must be used continually to monitor while the manhole is occupied.

6.3.1 Wear flame retardant clothing and approved electric shock resistant footwear when entering, exiting and while in a manhole or when attending a ladder.

6.3.2 Maintain a safe distance from hazardous conditions and 10’ from all exposed energized equipment in accordance with company procedures.

NOTE: **DO NOT** operate anydistribution electrical equipment such as switches, fuses, etc.

Official versions of all controlled documents are on the Management Model website and subject to change at any time.
It is the user’s responsibility to ensure the most current version is used - if printed, this document is no longer controlled/current,11/4/2020 12:47 PM

6.3.3 If entering private property, attempt to make contact with the propertyowner/occupant. Display your PHI identification; explain the purpose of your visit, and expected time required on-site. If contact cannot be made and the property is inaccessible, leave your contact information, when appropriate.

6.3.4 Don High Voltage gloves and protectors when lowering and raising the ladder. Don High Voltage gloves and protectors at all times when entering, exiting and while in the manhole.

6.3.5 Ladder must be held in place from above while employee is entering and exiting manhole.

6.3.6 Flame retardant reflective safety vest should be removed before entering manhole.

6.3.7 After entering the manhole and before reaching the bottom of the ladder, observe surroundings to verify that the manhole is structurally sound and cables are undamaged.

6.3.8 Topside, employee must be mindful of the tripping hazard associated with the manhole cover and the falling hazard associated with the open manhole. Open manholes are **NEVER** to be left unattended

6.4. Prior to Leaving the Work Location:

6.4.1 Properly close and seat manhole cover.

6.4.2 Collect all material and tools. Securely store all equipment and material in your vehicle.

6.4.3 Check the condition of the vehicle and perform a **Circle for Safety**.

6.5. Upon Returning to the Office:

6.5.1 • Notify supervisor of your return in accordance with departmental procedures.

FORM OF DISTRICT LEGAL OPINION

[*See attached*]

GOVERNMENT OF THE DISTRICT OF COLUMBIA
OFFICE OF THE ATTORNEY GENERAL

ATTORNEY GENERAL
KARL A. RACINE

[DATE]

The Honorable Muriel E. Bowser
Mayor of the District of Columbia
1350 Pennsylvania Avenue, N.W.
Washington, DC 20004

The Honorable Phil Mendelson
Chairman of the Council
of the District of Columbia
1350 Pennsylvania Avenue, N.W.
Washington, DC 20004

[Other Addressees]

Project Agreement
for the
Smart Street Lighting Project

Ladies and Gentlemen:

The Attorney General for the District of Columbia is the chief legal officer for the District of Columbia (the "District"). The Office of the Attorney General (the "Office") acts as counsel to the District in connection with the Project Agreement for the Smart Street Lighting Project (the "Agreement") and this opinion is rendered in connection with the District's entry into the Agreement. The Agreement is authorized pursuant to the District of Columbia Home Rule Act, approved December 24, 1973, Pub. L. No. 93-198; 87 Stat. 774; D.C. Official Code §§ 1-201.01, *et seq*. (2016 Repl. and 2018 Supp.), as amended (the "Home Rule Act") and the Public-Private Partnership Act of 2014, D.C. Law 20-288, effective Mach 11, 2015, D.C. Official Code §2-271.01 *et seq.* (2016 Repl. And 2018 Supp.) (the "P3 Act" and collectively with the Home Rule Act, the "Authorizing Actions").

All terms used herein and not otherwise defined are as defined in the P3 Act. In rendering this opinion, the Office has examined the Agreement and [list other documents] (collectively, the "District Documents").

In rendering the opinions expressed herein, the Office has assumed, without independent investigation, (i) the genuineness of all signatures on the documents reviewed by the Office (other than the genuineness of signatures of individuals executing documents on behalf of the District), (ii) the authenticity of all such documents submitted to the Office as originals, (iii) the conformity to the originals of all such documents submitted to the Office as copies, (iv) the due execution of all documents by individuals authorized to execute them and the delivery of all such documents (other than the due execution and delivery of documents by individuals executing documents on

behalf of the District), (v) with respect to documents executed by parties other than the District, that the parties executing those documents have the requisite power and authority to enter into and perform all obligations under those documents, that those documents are such parties' legal, valid and binding obligations enforceable against such parties in accordance with their terms and that all statements made therein by such parties are true and correct, (vi) the legal capacity of all natural persons executing documents (other than the legal capacity of natural persons executing documents on behalf of the District), and (vii) that there are no oral or written statements or agreements that modify, amend, vary, annul or postpone, or purport to modify, amend, vary, annul or postpone, any of the terms of the documents examined by the Office. As to questions of fact material to the opinions rendered herein, the Office has made such inquiry as is appropriate under the circumstances.

This opinion is subject to the following qualifications: (a) the portions of the opinion regarding enforceability are subject to: (i) the effect of insolvency, bankruptcy, reorganization, moratorium, or other laws affecting generally the enforcement of creditors' rights in effect on the date of this opinion, to the extent constitutionally applicable, (ii) the principles of equity, and (iii) the exercise of judicial discretion; and (b) no opinion is expressed as to (i) federal securities or state "Blue Sky" laws or regulations, (ii) antitrust laws and unfair competition laws, (iii) environmental laws, (iv) real estate, zoning, or land use laws and regulations, (v) fiduciary duties, (vi) pension and employee benefit laws and regulations, or (vii) labor laws and regulations. In addition, no opinion is expressed with respect to whether a federal or state court outside the District of Columbia would give effect to the choice of law of the District of Columbia.

Based on the foregoing, the Office is of the opinion, as of the date hereof and under existing laws, that:

1. The District is a body corporate for municipal purposes, organized and validly existing under the Constitution and laws of the United States of America and the laws of the District of Columbia with the power to contract and to be contracted with, to sue and to be sued, to plead and to be impleaded, to have a seal, and to exercise all other powers of a municipal corporation not inconsistent with the Constitution and laws of the United States of America and the provisions of the District of Columbia Official Code.

2. The P3 Act has been duly enacted and adopted, respectively, and is enforceable against the District in accordance with its terms.

3. The execution, delivery, performance, and approval by the District of the District Documents, do not conflict with, or result in any breach of, any of the provisions of, or constitute a default under, any existing resolution, act, law or administrative regulation, decree, or order of a court having competent jurisdiction, loan agreement, bond, note, or other agreement, instrument, or directive to which the District or the Mayor is bound.

4. All proceedings and actions of the Council relating to the District Documents, the P3 Act and related proceedings comply with all laws, acts, resolutions, rules, and regulations applicable to the Council and are in full force and effect. The District is authorized to enter into and perform the obligations under the District Documents.

5. The District Documents have been duly authorized, executed and delivered by the District and the obligations of the District under the District Documents are, assuming due authorization, execution, and delivery by the other parties thereto, valid and binding obligations of the District enforceable against the District in accordance with their terms. All required consents and approvals of relevant governmental entities have been obtained with respect to the execution and delivery by the District of, and the performance by the District under, the District Documents.

6. There is no litigation or proceeding pending in any court, or, to the knowledge of the Office, threatened, against the District which might have the effect of restraining or enjoining the performance of the obligations of the District under the District Documents, or which in any way contests or calls into question the existence, organization, or powers of the District or the powers of any elected official thereof to execute and deliver or perform the obligations of the District under, or the validity or enforceability of, the District Documents.

No opinion is expressed herein as to whether a court would limit enforcement of any of the enforcing party's rights or remedies under the District Documents if the enforcement thereof under the circumstances would violate an implied covenant of good faith and fair dealing.

No opinion is expressed herein as to the rights and obligations of third parties or as to the enforceability of any (a) provisions which purport to waive procedural, judicial or substantive rights to the extent not waiveable under applicable law or to restrict access to legal or equitable remedies or which purport to establish evidentiary standards, (b) provisions relating to subrogation rights, suretyship, delay or omission of enforcement of rights or remedies, agreements to agree on future acts, prohibitions against the transfer, alienation, or hypothecation of property, consent judgments or marshaling of assets, or does not adversely affect the enforcing party, and (c) provisions imposing penalties, or default rates of interest or late payment charges upon delinquency in payment or the occurrence of a default or event of default, to the extent they are deemed to be penalties or forfeitures.

This opinion is rendered for the sole benefit of the addressees hereof and may not be relied upon by any other person. This opinion and all documents which relate to this opinion are to be construed in accordance with District of Columbia law and applicable Federal law as of the date of this opinion., No opinion is expressed with respect to the law of any other jurisdiction and there is no undertaking to update or supplement this opinion because of future events.

Sincerely,

_____

Karl A. Racine
Attorney General for the District of Columbia

EXHIBIT 25

FORMS OF SECURITY

[*See attached*]

FORM A

FORM OF PAYMENT BOND

Bond No. _____

KNOW ALL WHO SHALL SEE THESE PRESENTS:

THAT WHEREAS, the District of Columbia, acting by and through the District of Columbia Office of Public-Private Partnerships, for and on behalf of the District of Columbia Department of Transportation and the Office of the Chief Technology Officer, has awarded to _____ (the "**Obligee**") a Public-Private Agreement (the "**Agreement**") for a project known as the Smart Street Lighting Project (the "**Project**") to design, build, finance, and provide asset management services with respect to the Project through a public-private partnership;

AND WHEREAS, the Obligee has entered into a D&C Contract (the "**D&C Contract**") with _____, as D&C Contractor (hereinafter, the "**Principal**"), bearing the date of _____ __, 20__, for the performance of design and conversion work of the Project and certain other work for the Project defined in the D&C Contract as the "D&C Work," which the D&C Contract and all items incorporated into the D&C Contract, together with any and all changes, extensions of time, alterations, modifications, or additions to the D&C Contract or to the work performed thereunder, shall hereafter be referred to as the "**Contract**."

AND WHEREAS, it is one of the conditions of the Agreement and the Contract that these presents shall be executed;

NOW THEREFORE, We the undersigned Principal and _____ (the "**Surety**"[, and collectively, the "**Co-Sureties**"]) are firmly bound and held unto the Obligee, in the penal sum of_____ Dollars ($_____) good and lawful money of the United States of America for the payment whereof, well and truly to be paid to the Obligee, we bind ourselves, our heirs, successors, executors, administrators, and assigns, jointly and severally, firmly by these presents. [Any reference to the "Surety in this Bond shall be read as a reference to the Co-Surties and each of them on the basis of such joint and several liability.]

THE CONDITION OF THE FOREGOING OBLIGATION IS SUCH THAT:

1. The Contract is hereby incorporated by reference herein as if said Contract were fully set forth herein. Initially capitalized terms not otherwise defined herein shall have the meanings set forth in the Contract.

2. If Principal shall: (a) make payments of all sums due to all persons and entities having a direct contract with the Principal, or a direct contract with a Subcontractor having a direct contract with Principal, for supplying labor, material, and/or supplies used directly or indirectly by Principal in the prosecution of the D&C Work provided in the Contract (such persons and entities hereinafter referred to collectively as "**Claimants**"); and (b) shall fully indemnify and save harmless Obligee from all costs and damages which Obligee may suffer by reason of Principal's failure to fulfill its obligations to Claimants under clause (a) above, including but not limited to, fully reimbursing and repaying Obligee reasonable

counsel fees incurred as a result of any action arising out of or in connection with any such failure, then Surety's obligations under this Bond shall be void; otherwise such obligations shall remain in full force and effect.

3. All Claimants shall have a direct right of action only against Surety and Principal under this Bond; provided, however, that no claim, suit or action shall be brought by any Claimant after the expiration of one (1) year following the date on which Claimant last performed labor or last furnished or supplied materials to the Project. Any suit or action must be brought in a state or federal court of competent jurisdiction located in the District of Columbia.

4. Any Claimant who does not have a direct contractual relationship with Principal shall, as a condition precedent to bringing such claim, suit or action, provide written notice thereof to Principal, Surety, and Obligee, no later than ninety (90) days from the date Claimant last supplied labor or materials, stating with substantial accuracy the amount claimed, the name of the person for whom the work was performed or to whom the material was furnished, and the dates on which such labor or materials were supplied.

5. Surety shall, after receipt of reasonable notice to Surety of any claim, demand, suit or action brought against Obligee by a Claimant, defend, with counsel approved by Obligee, indemnify and hold harmless Obligee from any and all claims, demands, suits or actions brought by any Claimant. Obligee shall have a direct right of action against Surety and Principal for any breach by Surety of its obligation to defend, indemnify and hold harmless Obligee.

6. Surety, for value received, hereby stipulates and agrees that no change, extension of time, alterations, additions, omissions or other modifications of the terms of the Contract, or in the D&C Work to be performed with respect to the Project, or in the specifications or plans, or any change or modification of any terms of payment or extension of time for any payment pertaining or relating to the Contract, or any rescission or attempted rescission by Principal of the Contract, or this Bond, or any conditions precedent or subsequent in this Bond attempting to limit the right of recovery of Claimants otherwise entitled to recover under this Bond, shall in any way affect its obligations on this Bond, and Surety does hereby waive notice of such changes, extension of time, alterations, additions, omissions or other modifications.

7. Surety acknowledges that the amounts owed to Principal under the Contract shall first be available for the performance of the Contract, including Obligee's superior right to use the funds due for the completion of the D&C Work, and then may be available to satisfy claims arising under this Bond. Obligee shall not be liable for the payment of any costs or expenses or claims of any Claimant under this Bond and shall have no obligation to make payments to, or give notice on behalf of, any Claimant.

8. Any provision in this Bond which conflicts with Applicable Law shall be deemed modified to conform to Applicable Law.

9. Principal or Obligee shall furnish a copy of this Bond or permit a copy to be made upon request by any person or entity who may be a Claimant as defined above.

10. [**Use in case of multiple or co-sureties**] The Co-Sureties agree to empower a single representative with authority to act on behalf of all of the Co-Sureties with respect to this Bond, so that the Obligee and claimants will have no obligation to deal with multiple sureties hereunder. All correspondence from the

Obligee or claimants to the Co-Sureties and all claims under this Bond shall be sent to such designated representative. The designated representative may be changed only by delivery of written notice (by personal delivery or by certified mail, return receipt requested) to the Obligee designating a single new representative, signed by all of the Co- Sureties. The initial representative shall be _____.

11. This Bond shall be governed by and construed in accordance with the laws of the District of Columbia, without regard for conflicts of laws principles, and any action seeking enforcement of the Bond will be litigated exclusively in the courts of the District of Columbia.

IN WITNESS WHEREOF, we have hereunto set our hands and seals on this at _____ on this ___ day of _____, 20__.

DUAL OBLIGEE RIDER FOR PAYMENT BOND

This Dual Obligee Rider for Payment Bond (this "**Rider**") is to be attached to and forms part of Payment Bond No. _____ (the "**Payment Bond**") issued by _____ (the "**Surety**") on the _____ day of _____, 20__, in accordance with all terms, conditions and provisions of the Payment Bond, which terms, conditions and provisions are hereby incorporated by reference.

WHEREAS, on or about the _____ day of _____, 20___, the District of Columbia, acting by and through the District of Columbia Office of Public-Private Partnerships, for and on behalf of the District of Columbia Department of Transportation and the Office of the Chief Technology Officer (the "**District**"), entered into Public-Private Agreement (the "**Agreement**") with _____ (the "**Primary Obligee**") to design, build, finance, manage and provide asset management services with respect to the Smart Street Lighting Project (the "**Project**"); and

WHEREAS, the Primary Obligee has entered into a D&C Contract (the "**D&C Contract**") with _____, as D&C Contractor (hereinafter, the "**Principal**"), bearing the date of _____ __, 20__, for the performance of design and conversion work of the Project and certain other work for the Project defined in the D&C Contract as the "D&C Work," which the D&C Contract and all items incorporated into the D&C Contract, together with any and all changes, extensions of time, alterations, modifications, or additions to the D&C Contract or to the work performed thereunder, shall hereafter be referred to as the "**Contract**."

WHEREAS, the Primary Obligee has requested that the District and [*the Collateral Agent*] (the "**Collateral Agent**") (the District and [*the Collateral Agent*], each an "**Additional Obligee**") be added to the Payment Bond by this Rider, and the Principal and Surety have so agreed in accordance with the conditions stated in this Rider.

NOW, THEREFORE, in consideration of covenants set forth herein and other good and valuable consideration, the receipt and adequacy of which is hereby acknowledged, the undersigned hereby agree as follows:

1. The District and the Collateral Agent shall each be added to the Payment Bond as an Additional Obligee (collectively with the Primary Obligee, the "**Obligees**").

2. There shall be no liability on the Part of the Principal or the Surety under the Payment Bond or this Rider to the Obligees, or any of them, unless the Obligees, or any of them, shall (i) make payments to the Principal, or to the Surety in case it arranges payment under the Contract upon default of the Principal, strictly in accordance with the terms of said Contract as to payments, and (ii) perform all the other obligations required to be performed under said Contract at the time and in the manner set forth in the Contract.

3. Primary Obligee and Additional Obligee agree that any action or inaction taken by Primary Obligee or Additional Obligee, including but not limited to any decision, modification, payment, forebearance, waiver or release as may be made by one or the other of the Obligees, shall be and is binding on both Obligees.

4. The Additional Obligee's rights under this Rider are subject to the same rights and defenses Principal and/or Surety have against the Primary Obligee. Further the aggregate liability of the Surety under this

Payment Bond, to any or all of the Obligees as their interests may appear, is limited to the penal sum of the Payment Bond, and the Surety's liability to an Additional Obligee shall in no event exceed the Surety's liability to the Obligee under the Bond.

5. All other terms, conditions and provisions of the Payment Bond remain the same.

6. This Rider may be executed in counterparts, all of which taken together shall constitute the Rider. This Rider shall be effective and immediately binding as to each Additional Obligee when that Additional Obligee executes this Rider, regardless of whether any other party has executed the Rider or fails to execute this Rider.

SIGNED, sealed and dated this __ day of _____, 202__.

[*Signature blocks to be added*]

[Note: If more than one Surety, add appropriate number of lines to signature block.]

[Note: The Rider shall be signed by authorized persons. Where such persons are signing in a representative capacity (e.g., an attorney-in-fact), but are not members of the firm, partnership or joint venture, or an officer of the legal entity involved, evidence of authority must be attached.]

Bond No._____

KNOW ALL WHO SHALL SEE THESE PRESENTS:

THAT WHEREAS, The District of Columbia, acting by and through the District of Columbia Office of Public-Private Partnerships, for and on behalf of the District of Columbia Department of Transportation and the Office of the Chief Technology Officer, has awarded to _____ (the "**Obligee**"), a Public-Private Agreement (the "**Agreement**") for a project known as the Smart Street Lighting Project (the "**Project**") to design, build, finance, and provide asset management services with respect to the Project (the "**Project**") through a public-private partnership.

AND WHEREAS, the Obligee has entered into a D&C Contract (the "**D&C Contract**") with _____, as D&C Contractor (hereinafter, the "**Principal**"), bearing the date of _____ __, 20__, for the performance of design and conversion work of the Project and certain other work for the Project defined in the D&C Contract as the "D&C Work," which the D&C Contract and all items incorporated into the D&C Contract, together with any and all changes, extensions of time, alterations, modifications, or additions to the D&C Contract or to the work performed thereunder, shall hereafter be referred to as the "**Contract**."

AND WHEREAS, it is one of the conditions of the Agreement and the Contract that these presents shall be executed;

NOW THEREFORE, We the undersigned Principal and _____ (the "**Surety**"[, and collectively, the "**Co-Sureties**"]) are firmly bound and held unto the Obligee, in the penal sum of Dollars ($_____) good and lawful money of the United States of America for the payment whereof, well and truly to be paid to the Obligee, we bind ourselves, our heirs, successors, executors, administrators, and assigns, jointly and severally, firmly by these presents. [Any reference to the "Surety in this Bond shall be read as a reference to the Co-Surties and each of them on the basis of such joint and several liability.]

THE CONDITION OF THE FOREGOING OBLIGATION IS SUCH THAT:

1. The Contract is hereby incorporated by reference herein as if said Contract were fully set forth herein. Initially capitalized terms not otherwise defined herein shall have the meanings set forth in the Contract.

2. If Principal shall in all things stand to and abide by and well and truly keep, perform and complete all covenants, conditions, agreements, obligations and D&C Work under the Contract (as the term "**D&C Work**" is defined in the Contract), including any and all amendments, supplements, and alterations made to the Contract as therein provided, on Principal's part to be kept and performed at the time and in the manner therein specified, if Principal shall indemnify and save harmless the Obligee, its directors, officers, employees and agents, as therein stipulated, and if the Principal shall reimburse upon demand of the Obligee any sums paid the Principal which exceed the final payment determined to be due upon completion of the Project, then these presents shall become null and void; otherwise they shall remain in full force and effect.

3. This Bond shall cover the cost to perform all the obligations of Principal arising out of or required under the Contract, and the obligations covered by this Bond specifically include Principal's liability for liquidated damages as specified in the Contract.

4. The obligations covered by this Bond solely cover the D&C Work to be performed under the Contract.

5. The Surety agree(s) that no change, extension of time, alterations, additions, omissions or other modifications of the terms of the Contract, or in the D&C Work to be performed with respect to the Project, or in the specifications or plans, or any change or modification of any terms of payment or extension of time for any payment pertaining or relating to the Contract, or any conditions precedent or subsequent in this Bond attempting to limit the right of recovery of claimants otherwise entitled to recover under this Bond, or any fraud practiced by any other person other than the claimant seeking to recover this Bond, shall in any way affect its obligations on this Bond, and it does hereby waive notice of such changes, extensions of time, alterations, additions, omissions or other modifications.

6. The Surety agree(s) that payments made to laborers, contractors, subcontractors and suppliers to satisfy claims on the Payment Bond do not reduce the penal sum of this Bond. Payments made to laborers, contractors, subcontractors or suppliers under any agreement wherein the Surety has arranged for completion of the D&C Work to satisfy this Bond will not be considered Payment Bond claims.

7. Whenever Principal shall be, and is declared by Obligee to be in default under the Contract, the Surety shall within fifteen (15) days of the Surety's receipt of written notice of such declaration of default, elect to:

(a) remedy such default;

(b) complete the D&C Work covered by this Bond in accordance with the terms and conditions of the Contract then in effect;

(c) select a contractor or contractors to complete all D&C Work covered by this Bond in accordance with the terms and conditions of the Contract then in effect, using a contractor or contractors approved by the Obligee as required by the Contract (*provided* that the Surety may not select Principal or any affiliate of Principal to complete the D&C Work for and on behalf of the Surety without Obligee's express written consent), arrange for a contract meeting the requirements of the Contract between such contractor or contractors and Obligee, and make available as D&C Work progresses (even though there should be a default or a succession of defaults under such contract or contracts of completion arranged under this paragraph) sufficient funds to pay the cost of completion less the unpaid balance of the contract price; but not exceeding, including other costs and damages for which Surety is liable hereunder, the penal sum; or

(d) waive the Surety's right to perform and complete, arrange for completion, or obtain a new contractor and with reasonable promptness under the circumstances after investigation, determine the amount for which it may be liable to the Obligee and, as soon as practicable after the amount is determined, make payment to the Obligee.

8. If any provision of this Bond is found to be unenforceable as a matter of law, all other provisions shall remain in full force and effect.

9. Any provision in this Bond which conflicts with Applicable Law, shall be deemed modified to conform to Applicable Law. This Bond shall be governed by and construed in accordance with the laws of the District of Columbia, without regard for conflicts of laws principles, and any action seeking enforcement of the Bond will be litigated exclusively in the courts of the District of Columbia.

[Use in case of multiple or co-sureties] The Co-Sureties agree to empower a single representative with authority to act on behalf of all of the Co-Sureties with respect to this Bond, so that the Obligee and claimants will have no obligation to deal with multiple sureties hereunder. All correspondence from the Obligee or claimants to the Co-Sureties and all claims under this Bond shall be sent to such designated representative. The designated representative may be changed only by delivery of written notice (by personal delivery or by certified mail, return receipt requested) to the Obligee designating a single new representative, signed by all of the Co-Sureties. The initial representative shall be _____.

IN WITNESS WHEREOF, we have hereunto set our hands and seals on this at _____ on this __ day of _____, 20__.

DUAL OBLIGEE RIDER FOR PERFORMANCE BOND

This Dual Obligee Rider for Performance Bond (this "**Rider**") is to be attached to and forms part of Performance Bond No. _____ (the "**Performance Bond**") issued by _____ (the "**Surety**") on the _____ day of _____, 20__, in accordance with all terms, conditions and provisions of the Performance Bond, which terms, conditions and provisions are hereby incorporated by reference.

WHEREAS, on or about the _____ day of _____, 20___, the District of Columbia, acting by and through the District of Columbia Office of Public-Private Partnerships, for and on behalf of the District of Columbia Department of Transportation and the Office of the Chief Technology Officer, entered into Public-Private Agreement (the "**Agreement**") with _____ (the "**Primary Obligee**") to design, build, finance, and provide asset management services with respect to the Smart Street Lighting Project (the "**Project**"); and

WHEREAS, the Primary Obligee has entered into a D&C Contract (the "**D&C Contract**") with _____, as D&C Contractor (hereinafter, the "**Principal**"), bearing the date of _____ __, 20__, for the performance of design and conversion work of the Project and certain other work for the Project defined in the D&C Contract as the "D&C Work," which the D&C Contract and all items incorporated into the D&C Contract, together with any and all changes, extensions of time, alterations, modifications, or additions to the D&C Contract or to the work performed thereunder, shall hereafter be referred to as the "**Contract;**" and

WHEREAS, the Primary Obligee has requested that the District and [*the Collateral Agent*] (the "**Collateral Agent**") (the District and [*the Collateral Agent*], each an "**Additional Obligee**") be added to the Performance Bond by this Rider, and the Principal and Surety have so agreed in accordance with the conditions stated in this Rider.

NOW, THEREFORE, in consideration of covenants set forth herein and other good and valuable consideration, the receipt and adequacy of which is hereby acknowledged, the undersigned hereby agree as follows:

1. The District and the Collateral Agent shall each be added to the Performance Bond as an Additional Obligee (collectively with the Primary Obligee, the "**Obligees**").

2. There shall be no liability on the Part of the Principal or the Surety under the Performance Bond or this Rider to the Obligees, or any of them, unless the Obligees, or any of them, shall (i) make payments to the Principal, or to the Surety in case it arranges performance under the Contract upon default of the Principal, strictly in accordance with the terms of said Contract as to payments, and (ii) perform all the other obligations required to be performed under said Contract at the time and in the manner set forth in the Contract.

3. Primary Obligee and Additional Obligee agree that any action or inaction taken by Primary Obligee or Additional Obligee, including but not limited to any decision, modification, payment, forebearance, waiver or release as may be made by one or the other of the Obligees, shall be and is binding on both Obligees.

4. The Additional Obligee's rights under this Rider are subject to the same rights and defenses Principal and/or Surety have against the Primary Obligee. Further the aggregate liability of the Surety under this

Performance Bond, to any or all of the Obligees as their interests may appear, is limited to the penal sum of the Performance Bond, and the Surety's liability to an Additional Obligee shall in no event exceed the Surety's liability to the Obligee under the Performance Bond.

5. All other terms, conditions and provisions of the Performance Bond remain the same.

6. This Rider may be executed in counterparts, all of which taken together shall constitute the Rider. This Rider shall be effective and immediately binding as to each Additional Obligee when that Additional Obligee executes this Rider, regardless of whether any other party has executed the Rider or fails to execute this Rider.

SIGNED, sealed and dated this __ day of _____, 202__.

[*Signature blocks to be added*]

[Note: If more than one Surety, add appropriate number of lines to signature block.]

[Note: The Rider shall be signed by authorized persons. Where such persons are signing in a representative capacity (e.g., an attorney-in-fact), but are not members of the firm, partnership or joint venture, or an officer of the legal entity involved, evidence of authority must be attached.]

FORM C

FORM OF LETTER OF CREDIT

(IRREVOCABLE STANDBY LETTER OF CREDIT)

ISSUER:	[●]
PLACE FOR PRESENTATION OF DRAFT IN PROGRESS:	(Name and Address of Bank/Branch—MUST be a Bank/Branch in Washington, D.C. or New York, New York)
APPLICANT:	[●]
BENEFICIARY:	The Government of the District of Columbia c/o District of Columbia Office of Public-Private Partnerships John A. Wilson Building 1350 Pennsylvania Avenue NW, Suite 533 Washington, D.C. 20004
LETTER OF CREDIT NUMBER:	[●]
PLACE AND DATE OF ISSUE:	[●]
AMOUNT:	$[●]
EXPIRATION DATE:	[●]

Issuer hereby issues this Irrevocable Standby Letter of Credit (this **Letter of Credit**) in favor of the Beneficiary for any sum or sums in the sum of up to [●] available by draft at sight drawn on Issuer. Any draft under this Letter of Credit shall identify this Letter of Credit by the name of Issuer, and the Letter of Credit number, amount and place and date of issue, and the Beneficiary shall certify to Issuer that the Beneficiary is entitled to draw on this Letter of Credit.

This Letter of Credit shall be honored by Issuer if presented at [[●]—Name & Address of Bank/Branch—MUST be a [Bank/Branch in Washington, D.C. or New York, New York], unless draws by fax are permitted without subsequent presentation in person] on or before [●] (the **Expiration Date**). The obligations of Issuer hereunder are primary obligations to Beneficiary and shall not be affected by the performance or non-performance by [*Name of Applicant*] under any agreement with Beneficiary or by any bankruptcy, insolvency or other similar proceeding initiated by or against [*Name of Applicant*]. [*Name of Applicant*] is not the beneficiary under this Letter of Credit and possesses no interest whatsoever in proceeds of any draw hereon. This Letter of Credit shall terminate on the earlier of (i) the close of business on the Expiration Date and (ii) the date on which Issuer has honored one or more draws in the full amount of the Stated Amount. This Letter of Credit may not be transferred by Beneficiary to any other person.

To the extent not inconsistent with the express provisions hereof, this Letter of Credit is subject to the rules of the International Standby Practices ISP98 (**ISP98**), as interpreted under the laws of the District of Columbia, and shall, as to matters not governed by the ISP98, be governed by and construed in accordance with the laws of the District of Columbia, without regard to principles of conflicts of law.

With respect to any suit, action or proceedings relating to this Letter of Credit (**Proceedings**), we irrevocably:

(a) submit to the exclusive jurisdiction of the District of Columbia Court of Appeals; and

(b) waive (i) any objection that we may have at any time to the laying of venue of any Proceedings brought in any court, (ii) any claim that such Proceedings have been brought in an inconvenient forum and (iii) the right to object, with respect to such Proceedings, that such court does not have any jurisdiction over us.

ATTACHMENT 1 TO Exhibit 26

FEDERAL REQUIREMENTS FOR FEDERAL-AID CONSTRUCTION FACILITIES

GENERAL. — The D&C Work herein proposed will be financed in whole or in part with federal funds, and therefore all of the statutes, rules and regulations promulgated by the federal government and applicable to work financed in whole or in part with federal funds will apply to such work. The "Required Contract Provisions, Federal-Aid Construction Contracts, Form FHWA 1273", are included in this Exhibit 26. The requirements of Sections VI.1 and VI.2 of FHWA Form 1273 (Attachment 2 to this Exhibit 26 to the Project Agreement) are inapplicable to the Project Agreement. Whenever in said required contract provisions references are made to:

(a) "District contracting officer", "District resident engineer", or "authorized representative of the District", such references shall be construed to mean the District or the District Representative;

(b) "contractor", "prime contractor", "bidder" or "prospective primary participant", such references shall be construed to mean the Developer or its authorized representative, as may be appropriate under the circumstances;

(c) "contract" or "prime contract", such references shall be construed to mean the Agreement;

(d) "subcontractor", "supplier", "vendor", "prospective lower tier participant" or "lower tier subcontractor", such references shall be construed to mean, as appropriate, Contractors; and

(e) "department", "agency" or "department or agency entering into this transaction", such references shall be construed to mean the District, except where a different department or agency is specified.

PERFORMANCE OF PREVIOUS CONTRACT. — In addition to the provisions in Section II, "Nondiscrimination", and Section VI, "Subletting or Assigning the Contract", of the Form 1273 required contract provisions, the Developer shall cause the contractor to comply with the following:

> The bidder shall execute the CERTIFICATION WITH REGARD TO THE PERFORMANCE OF PREVIOUS CONTRACTS OR SUBCONTRACTS SUBJECT TO THE EQUAL OPPORTUNITY CLAUSE AND THE FILING OF REQUIRED REPORTS located in the proposal. No request for subletting or assigning any portion of the contract in excess of $10,000 will be considered under the provisions of Section VI of the required contract provisions unless such request is accompanied by the CERTIFICATION referred to above, executed by the proposed subcontractor.

NON-COLLUSION PROVISION. — The provisions in this section are applicable to all contracts except contracts for Federal Aid Secondary Projects. Title 23, United States Code, Section 112, requires as a condition precedent to approval by the Federal Highway Administrator of the contract for this work that each bidder file a sworn statement executed by, or on behalf of, the person, firm, association, or corporation to whom such contract is to be awarded, certifying that such person, firm, association, or corporation has not, either directly or indirectly, entered into any agreement, participated in any

collusion, or otherwise taken any action in restraint of free competitive bidding in connection with the submitted bid. A form to make the non-collusion affidavit statement required by Section 112 as a certification under penalty of perjury rather than as a sworn statement as permitted by 28 U.S.C., Sec. 1746, is included in the Proposal.

PARTICIPATION BY DISADVANTAGED BUSINESS ENTERPRISES IN SUBCONTRACTING. — Part 26, Title 49, Code of Federal Regulations applies to the D&C Work. Pertinent sections of said Code are incorporated within other sections of the Project Agreement and the District Disadvantaged Business Enterprise Program adopted pursuant to 49 C.F.R. Part 26

CONVICT PRODUCED MATERIALS

a. FHWA federal-aid projects are subject to 23 C.F.R. § 635.417, Convict produced materials.

b. Materials produced after July 1, 1991, by convict labor may only be incorporated in a federal aid highway construction project if such materials have been: (i) produced by convicts who are on parole, supervised release, or probation from a prison, or (ii) produced in a prison project in which convicts, during the 12 month period ending July 1, 1987, produced materials for use in federal aid highway construction projects, and the cumulative annual production amount of such materials for use in federal aid highway construction does not exceed the amount of such materials produced in such project for use in federal aid highway construction during the 12 month period ending July 1, 1987.

ACCESS TO RECORDS

a. As required by 49 C.F.R. 18.36(i)(10), the Developer and its Contractors shall allow FHWA and the Comptroller General of the United States, or their duly authorized representatives, access to all books, documents, papers, and records of the Developer and Contractors which are directly pertinent to any grantee, subgrantee or financing contract, for the purpose of making audit, examination, excerpts, and transcriptions thereof. In addition, as required by 49 C.F.R. 18.36(i)(11), the Developer and its Contractors shall retain all such books, documents, papers, and records for three years after final payment is made pursuant to any such contract and all other pending matters are closed.

b. The Developer agrees to include this section in each Contract at each tier, without modification except as appropriate to identify the Contractor who will be subject to its provisions.

ATTACHMENT 2 TO Exhibit 26

REQUIRED CONTRACT PROVISIONS
FEDERAL-AID CONSTRUCTION CONTRACTS

FHWA FORM 1273

I. General
II. Nondiscrimination
III. Nonsegregated Facilities
IV. Davis-Bacon and Related Act Provisions
V. Contract Work Hours and Safety Standards Act Provisions
VI. Subletting or Assigning the Contract
VII. Safety: Accident Prevention
VIII. False Statements Concerning Highway Projects
IX. Implementation of Clean Air Act and Federal Water Pollution Control Act
X. Compliance with Government-wide Suspension and Debarment Requirements
XI. Certification Regarding Use of Contract Funds for Lobbying

I. GENERAL

1. Form FHWA-1273 must be physically incorporated in each construction contract funded under Title 23 (excluding emergency contracts solely intended for debris removal). The contractor (or subcontractor) must insert this form in each subcontract and further require its inclusion in all lower tier subcontracts (excluding purchase orders, rental agreements and other agreements for supplies or services).

The applicable requirements of Form FHWA-1273 are incorporated by reference for work done under any purchase order, rental agreement or agreement for other services. The prime contractor shall be responsible for compliance by any subcontractor, lower-tier subcontractor or service provider.

Form FHWA-1273 must be included in all federal-aid design-build contracts, in all subcontracts and in lower tier subcontracts (excluding subcontracts for design services, purchase orders, rental agreements and other agreements for supplies or services). The design-builder shall be responsible for compliance by any subcontractor, lower-tier subcontractor or service provider.

Contracting agencies may reference Form FHWA-1273 in bid proposal or request for proposal documents, however, the Form FHWA-1273 must be physically incorporated (not referenced) in all contracts, subcontracts and lower-tier subcontracts (excluding purchase orders, rental agreements and other agreements for supplies or services related to a construction contract).

2. Subject to the applicability criteria noted in the following sections, these contract provisions shall apply to all work performed on the contract by the contractor's own organization and with the assistance of workers under the contractor's immediate superintendence and to all work performed on the contract by piecework, station work, or by subcontract.

3. A breach of any of the stipulations contained in these required contract provisions may be sufficient grounds for withholding of progress payments, withholding of final payment, termination of the contract, suspension / debarment or any other action determined to be appropriate by the contracting agency and FHWA.

4. Selection of Labor: During the performance of this contract, the contractor shall not use convict labor for any purpose within the limits of a construction project on a federal-aid highway unless it is labor performed by convicts who are on parole, supervised release, or probation. The term federal-aid highway does not include roadways functionally classified as local roads or rural minor collectors.

II. NONDISCRIMINATION

The provisions of this section related to 23 C.F.R. Part 230 are applicable to all federal-aid construction contracts and to all related construction subcontracts of $10,000 or more. The provisions of 23 C.F.R. Part 230 are not applicable to material supply, engineering, or architectural service contracts.

In addition, the contractor and all subcontractors must comply with the following policies: Executive Order 11246, 41 C.F.R. 60, 29 C.F.R. 1625-1627, Title 23 USC Section 140, the Rehabilitation Act of 1973, as amended (29 USC 794), Title VI of the Civil Rights Act of 1964, as amended, and related regulations including 49 C.F.R. Parts 21, 26 and 27; and 23 C.F.R. Parts 200, 230, and 633.

The contractor and all subcontractors must comply with: the requirements of the Equal Opportunity Clause in 41 C.F.R. 60-1.4(b) and, for all construction contracts exceeding $10,000, the Standard Federal Equal Employment Opportunity Construction Contract Specifications in 41 C.F.R. 60-4.3.

Note: The U.S. Department of Labor has exclusive authority to determine compliance with Executive Order 11246 and the policies of the Secretary of Labor including 41 C.F.R. 60, and 29 C.F.R. 1625-1627. The contracting agency and the FHWA have the authority and the responsibility to ensure compliance with Title 23 USC Section 140, the Rehabilitation Act of 1973, as amended (29 USC 794), and Title VI of the Civil Rights Act of 1964, as amended, and related regulations including 49 C.F.R. Parts 21, 26 and 27; and 23 C.F.R. Parts 200, 230, and 633.

The following provision is adopted from 23 C.F.R. 230, Appendix A, with appropriate revisions to conform to the USDOL and FHWA requirements.

1. Equal Employment Opportunity: Equal employment opportunity (EEO) requirements not to discriminate and to take affirmative action to assure equal opportunity as set out under laws, executive orders, rules, regulations (28 C.F.R. 35, 29 C.F.R. 1630, 29 C.F.R. 1625-1627, 41 C.F.R. 60 and 49 C.F.R. 27) and orders of the Secretary of Labor as modified by the provisions prescribed herein, and imposed pursuant to 23 U.S.C. 140 shall constitute the EEO and specific affirmative action standards for the contractor's project activities under this contract. The provisions of the Americans with Disabilities Act of 1990 (42 U.S.C. 12101 et seq.) set out under 28 C.F.R. 35 and 29 C.F.R. 1630 are incorporated by reference in this contract. In the execution of this contract, the contractor agrees to comply with the following minimum specific requirement activities of EEO:

a. The contractor will work with the contracting agency and the federal government to ensure that it has made every good faith effort to provide equal opportunity with respect to all of its terms and conditions of employment and in their review of activities under the contract.

b. The contractor will accept as its operating policy the following statement:

"It is the policy of this Company to assure that applicants are employed, and that employees are treated during employment, without regard to their race, religion, sex, color, national origin, age or disability. Such action shall include: employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship, pre-apprenticeship, and/or on-the-job training."

2. EEO Officer: The contractor will designate and make known to the contracting officers an EEO Officer who will have the responsibility for and must be capable of effectively administering and promoting an active EEO program and who must be assigned adequate authority and responsibility to do so.

3. Dissemination of Policy: All members of the contractor's staff who are authorized to hire, supervise, promote, and discharge employees, or who recommend such action, or who are substantially involved in such action, will be made fully cognizant of, and will implement, the contractor's EEO policy and contractual responsibilities to provide EEO in each grade and classification of employment. To ensure that the above agreement will be met, the following actions will be taken as a minimum:

a. Periodic meetings of supervisory and personnel office employees will be conducted before the start of work and then not less often than once every six months, at which time the contractor's

EEO policy and its implementation will be reviewed and explained. The meetings will be conducted by the EEO Officer.

b. All new supervisory or personnel office employees will be given a thorough indoctrination by the EEO Officer, covering all major aspects of the contractor's EEO obligations within thirty days following their reporting for duty with the contractor.

c. All personnel who are engaged in direct recruitment for the project will be instructed by the EEO Officer in the contractor's procedures for locating and hiring minorities and women.

d. Notices and posters setting forth the contractor's EEO policy will be placed in areas readily accessible to employees, applicants for employment and potential employees.

e. The contractor's EEO policy and the procedures to implement such policy will be brought to the attention of employees by means of meetings, employee handbooks, or other appropriate means.

4. Recruitment: When advertising for employees, the contractor will include in all advertisements for employees the notation: "An Equal Opportunity Employer." All such advertisements will be placed in publications having a large circulation among minorities and women in the area from which the project work force would normally be derived.

a. The contractor will, unless precluded by a valid bargaining agreement, conduct systematic and direct recruitment through public and private employee referral sources likely to yield qualified minorities and women. To meet this requirement, the contractor will identify sources of potential minority group employees, and establish with such identified sources procedures whereby minority and women applicants may be referred to the contractor for employment consideration.

b. In the event the contractor has a valid bargaining agreement providing for exclusive hiring hall referrals, the contractor is expected to observe the provisions of that agreement to the extent that the system meets the contractor's compliance with EEO contract provisions. Where implementation of such an agreement has the effect of discriminating against minorities or women, or obligates the contractor to do the same, such implementation violates federal nondiscrimination provisions.

c. The contractor will encourage its present employees to refer minorities and women as applicants for employment. Information and procedures with regard to referring such applicants will be discussed with employees.

5. Personnel Actions: Wages, working conditions, and employee benefits shall be established and administered, and personnel actions of every type, including hiring, upgrading, promotion, transfer, demotion, layoff, and termination, shall be taken without regard to race, color, religion, sex, national origin, age or disability. The following procedures shall be followed:

a. The contractor will conduct periodic inspections of project sites to insure that working conditions and employee facilities do not indicate discriminatory treatment of project site personnel.

b. The contractor will periodically evaluate the spread of wages paid within each classification to determine any evidence of discriminatory wage practices.

c. The contractor will periodically review selected personnel actions in depth to determine whether there is evidence of discrimination. Where evidence is found, the contractor will promptly take corrective action. If the review indicates that the discrimination may extend beyond the actions reviewed, such corrective action shall include all affected persons.

d. The contractor will promptly investigate all complaints of alleged discrimination made to the contractor in connection with its obligations under this contract, will attempt to resolve such complaints, and will take appropriate corrective action within a reasonable time. If the investigation indicates that the discrimination may affect persons other than the complainant, such corrective action shall include such other persons. Upon completion of each investigation, the contractor will inform every complainant of all of their avenues of appeal.

6. Training and Promotion:

a. The contractor will assist in locating, qualifying, and increasing the skills of minorities and women who are applicants for employment or current employees. Such efforts should be aimed at developing full journey level status employees in the type of trade or job classification involved.

b. Consistent with the contractor's work force requirements and as permissible under federal and District of Columbia regulations, the contractor shall make full use of training programs, i.e., apprenticeship, and on-the-job training programs for the geographical area of contract performance. In the event a special provision for training is provided under this contract, this subparagraph will be superseded as indicated in the special provision. The contracting agency may reserve training positions for persons who receive welfare assistance in accordance with 23 U.S.C. 140(a).

c. The contractor will advise employees and applicants for employment of available training programs and entrance requirements for each.

d. The contractor will periodically review the training and promotion potential of employees who are minorities and women and will encourage eligible employees to apply for such training and promotion.

7. Unions: If the contractor relies in whole or in part upon unions as a source of employees, the contractor will use good faith efforts to obtain the cooperation of such unions to increase opportunities for minorities and women. Actions by the contractor, either directly or through a contractor's association acting as agent, will include the procedures set out below:

a. The contractor will use good faith efforts to develop, in cooperation with the unions, joint training programs aimed toward qualifying more minorities and women for membership in the unions and increasing the skills of minorities and women so that they may qualify for higher paying employment.

b. The contractor will use good faith efforts to incorporate an EEO clause into each union agreement to the end that such union will be contractually bound to refer applicants without regard to their race, color, religion, sex, national origin, age or disability.

c. The contractor is to obtain information as to the referral practices and policies of the labor union except that to the extent such information is within the exclusive possession of the labor union and such labor union refuses to furnish such information to the contractor, the contractor shall so certify to the contracting agency and shall set out what efforts have been made to obtain such information.

d. In the event the union is unable to provide the contractor with a reasonable flow of referrals within the time limit set out in the collective bargaining agreement, the contractor will, through independent recruitment efforts, fill the employment vacancies without regard to race, color, religion, sex, national origin, age or disability; making full efforts to obtain qualified and/or qualifiable minorities and women. The failure of a union to provide sufficient referrals (even though it is obligated to provide exclusive referrals under the terms of a collective bargaining agreement) does not relieve the contractor from the requirements of this paragraph. In the event the union referral practice prevents the contractor from meeting the obligations pursuant to Executive Order 11246, as amended, and these special provisions, such contractor shall immediately notify the contracting agency.

8. Reasonable Accommodation for Applicants / Employees with Disabilities: The contractor must be familiar with the requirements for and comply with the Americans with Disabilities Act and all rules and regulations established there under. Employers must provide reasonable accommodation in all employment activities unless to do so would cause an undue hardship.

9. Selection of Subcontractors, Procurement of Materials and Leasing of Equipment: The contractor shall not discriminate on the grounds of race, color, religion, sex, national origin, age or disability in the selection and retention of subcontractors, including procurement of materials and leases of equipment. The contractor shall take all necessary and reasonable steps to ensure nondiscrimination in the administration of this contract.

a. The contractor shall notify all potential subcontractors and suppliers and lessors of their EEO obligations under this contract.

b. The contractor will use good faith efforts to ensure subcontractor compliance with their EEO obligations.

10. Assurance Required by 49 C.F.R. 26.13(b):

a. The requirements of 49 C.F.R. Part 26 and the District's USDOT-approved DBE program are incorporated by reference.

b. The contractor or subcontractor shall not discriminate on the basis of race, color, national origin, or sex in the performance of this contract. The contractor shall carry out applicable requirements of 49 C.F.R. Part 26 in the award and administration of USDOT-assisted contracts. Failure by the contractor to carry out these requirements is a material breach of this contract, which may result in the termination of this contract or such other remedy as the contracting agency deems appropriate.

11. Records and Reports: The contractor shall keep such records as necessary to document compliance with the EEO requirements. Such records shall be retained for a period of three years following the date of the final payment to the contractor for all contract work and shall be available at reasonable times and places for inspection by authorized representatives of the contracting agency and the FHWA.

a. The records kept by the contractor shall document the following:

(1) The number and work hours of minority and non-minority group members and women employed in each work classification on the project;

(2) The progress and efforts being made in cooperation with unions, when applicable, to increase employment opportunities for minorities and women; and

(3) The progress and efforts being made in locating, hiring, training, qualifying, and upgrading minorities and women;

b. The contractors and subcontractors will submit an annual report to the contracting agency each July for the duration of the project, indicating the number of minority, women, and non-minority group employees currently engaged in each work classification required by the contract work. This information is to be reported on Form FHWA-1391. The staffing data should represent the project work force on board in all or any part of the last payroll period preceding the end of July. If on-the-job training is being required by special provision, the contractor will be required to collect and report training data. The employment data should reflect the work force on board during all or any part of the last payroll period preceding the end of July.

III. NONSEGREGATED FACILITIES

This provision is applicable to all federal-aid construction contracts and to all related construction subcontracts of $10,000 or more.

The contractor must ensure that facilities provided for employees are provided in such a manner that segregation on the basis of race, color, religion, sex, or national origin cannot result. The contractor may neither require such segregated use by written or oral policies nor tolerate such use by employee custom. The contractor's obligation extends further to ensure that its employees are not assigned to perform their services at any location, under the contractor's control, where the facilities are segregated. The term "facilities" includes waiting rooms, work areas, restaurants and other eating areas, time clocks, restrooms, washrooms, locker rooms, and other storage or dressing areas, parking lots, drinking fountains, recreation or entertainment areas, transportation, and housing provided for employees. The contractor shall provide separate or single-user restrooms and necessary dressing or sleeping areas to assure privacy between sexes.

IV. Davis-Bacon and Related Act Provisions

This section is applicable to all federal-aid construction projects exceeding $2,000 and to all related subcontracts and lower-tier subcontracts (regardless of subcontract size). The requirements apply to all projects located within the right-of-way of a roadway that is functionally classified as federal-aid highway. This excludes roadways functionally classified as local roads or rural minor collectors, which are exempt. Contracting agencies may elect to apply these requirements to other projects.

The following provisions are from the U.S. Department of Labor regulations in 29 C.F.R. 5.5 "Contract provisions and related matters" with minor revisions to conform to the FHWA-1273 format and FHWA program requirements.

1. Minimum wages

a. All laborers and mechanics employed or working upon the site of the work, will be paid unconditionally and not less often than once a week, and without subsequent deduction or rebate on any account (except such payroll deductions as are permitted by regulations issued by the Secretary of Labor under the Copeland Act (29 C.F.R. part 3)), the full amount of wages and bona fide fringe benefits (or cash equivalents thereof) due at time of payment computed at rates not less than those contained in the wage determination of the Secretary of Labor set out initially as Attachment 3 hereto (as the same determination may be revised by the Secretary of Labor from time to time) and made a part hereof, regardless of any contractual relationship which may be alleged to exist between the contractor and such laborers and mechanics. Contributions made or costs reasonably anticipated for bona fide fringe benefits under section 1(b)(2) of the Davis-Bacon Act on behalf of laborers or mechanics are considered wages paid to such laborers or mechanics, subject to the provisions of paragraph 1.d. of this section; also, regular contributions made or costs incurred for more than a weekly period (but not less often than quarterly) under plans, funds, or programs which cover the particular weekly period, are deemed to be constructively made or incurred during such weekly period. Such laborers and mechanics shall be paid the appropriate wage rate and fringe benefits on the wage determination for the classification of work actually performed, without regard to skill, except as provided in 29 C.F.R. 5.5(a)(4). Laborers or mechanics performing work in more than one classification may be compensated at the rate specified for each classification for the time actually worked therein: Provided, That the employer's payroll records accurately set out the time spent in each classification in which work is performed. The wage determination (including any additional classification and wage rates conformed under paragraph 1.b. of this section) and the Davis-Bacon poster (WH–1321) shall be posted at all times by the contractor and its subcontractors at the site of the work in a prominent and accessible place where it can be easily seen by the workers.

b. (1) The contracting officer shall require that any class of laborers or mechanics, including helpers, which is not listed in the wage determination and which is to be employed under the contract shall be classified in conformance with the wage determination. The contracting officer shall approve an additional classification and wage rate and fringe benefits therefore only when the following criteria have been met:

(i) The work to be performed by the classification requested is not performed by a classification in the wage determination; and

(ii) The classification is utilized in the area by the construction industry; and

(iii) The proposed wage rate, including any bona fide fringe benefits, bears a reasonable relationship to the wage rates contained in the wage determination.

(2) If the contractor and the laborers and mechanics to be employed in the classification (if known), or their representatives, and the contracting officer agree on the classification and wage rate (including the amount designated for fringe benefits where appropriate), a report of the action taken shall be sent by the contracting officer to the Administrator of the Wage and Hour Division, Employment Standards Administration, U.S. Department of Labor, Washington, DC 20210. The Wage and Hour Administrator, or an authorized representative, will approve, modify, or disapprove every additional classification action within 30 days of receipt and so advise the contracting officer or will notify the contracting officer within the 30-day period that additional time is necessary.

(3) In the event the contractor, the laborers or mechanics to be employed in the classification or their representatives, and the contracting officer do not agree on the proposed classification and wage rate (including the amount designated for fringe benefits, where appropriate), the contracting officer shall refer the questions, including the views of all interested parties and the recommendation of the contracting officer, to the Wage and Hour Administrator for determination. The Wage and Hour Administrator, or an authorized representative, will issue a determination within 30 days of receipt and so advise the contracting officer or will notify the contracting officer within the 30-day period that additional time is necessary.

(4) The wage rate (including fringe benefits where appropriate) determined pursuant to paragraphs 1.b.(2) or 1.b.(3) of this section, shall be paid to all workers performing work in the classification under this contract from the first day on which work is performed in the classification.

c. Whenever the minimum wage rate prescribed in the contract for a class of laborers or mechanics includes a fringe benefit which is not expressed as an hourly rate, the contractor shall either pay the benefit as stated in the wage determination or shall pay another bona fide fringe benefit or an hourly cash equivalent thereof.

d. If the contractor does not make payments to a trustee or other third person, the contractor may consider as part of the wages of any laborer or mechanic the amount of any costs reasonably anticipated in providing bona fide fringe benefits under a plan or program, Provided, That the Secretary of Labor has found, upon the written request of the contractor, that the applicable standards of the Davis-Bacon Act have been met. The Secretary of Labor may require the contractor to set aside in a separate account assets for the meeting of obligations under the plan or program.

2. Withholding

The contracting agency shall upon its own action or upon written request of an authorized representative of the Department of Labor, withhold or cause to be withheld from the contractor under this contract, or any other federal contract with the same prime contractor, or any other federally-assisted contract subject to Davis-Bacon prevailing wage requirements, which is held by the same prime contractor, so much of the accrued payments or advances as may be considered necessary to pay laborers and mechanics, including apprentices, trainees, and helpers, employed by the contractor or any subcontractor the full amount of wages required by the contract. In the event of failure to pay any laborer or mechanic, including any apprentice, trainee, or helper, employed or working on the site of the work, all or part of the wages required by the contract, the contracting agency may, after written notice to the contractor, take such action as may be necessary to cause the suspension of any further payment, advance, or guarantee of funds until such violations have ceased.

3. Payrolls and basic records

a. Payrolls and basic records relating thereto shall be maintained by the contractor during the course of the work and preserved for a period of three years thereafter for all laborers and mechanics working at the site of the work. Such records shall contain the name, address, and social security number of each such worker, his or her correct classification, hourly rates of wages paid (including rates of contributions or costs anticipated for bona fide fringe benefits or cash equivalents thereof of the types described in section 1(b)(2)(B) of the Davis-Bacon Act), daily and weekly number of hours worked, deductions made and actual wages paid. Whenever the Secretary of Labor has found under 29 C.F.R. 5.5(a)(1)(iv) that the wages of any laborer or mechanic include the amount of any costs reasonably

anticipated in providing benefits under a plan or program described in section 1(b)(2)(B) of the Davis-Bacon Act, the contractor shall maintain records which show that the commitment to provide such benefits is enforceable, that the plan or program is financially responsible, and that the plan or program has been communicated in writing to the laborers or mechanics affected, and records which show the costs anticipated or the actual cost incurred in providing such benefits. Contractors employing apprentices or trainees under approved programs shall maintain written evidence of the registration of apprenticeship programs and certification of trainee programs, the registration of the apprentices and trainees, and the ratios and wage rates prescribed in the applicable programs.

b. (1) The contractor shall submit weekly for each week in which any contract work is performed a copy of all payrolls to the contracting agency. The payrolls submitted shall set out accurately and completely all of the information required to be maintained under 29 C.F.R. 5.5(a)(3)(i), except that full social security numbers and home addresses shall not be included on weekly transmittals. Instead the payrolls shall only need to include an individually identifying number for each employee (e.g., the last four digits of the employee's social security number). The required weekly payroll information may be submitted in any form desired. Optional Form WH–347 is available for this purpose from the Wage and Hour Division Web site at http://www.dol.gov/esa/whd/forms/wh347instr.htm or its successor site. The prime contractor is responsible for the submission of copies of payrolls by all subcontractors. Contractors and subcontractors shall maintain the full social security number and current address of each covered worker, and shall provide them upon request to the contracting agency for transmission to the FHWA or the Wage and Hour Division of the Department of Labor for purposes of an investigation or audit of compliance with prevailing wage requirements. It is not a violation of this section for a prime contractor to require a subcontractor to provide addresses and social security numbers to the prime contractor for its own records, without weekly submission to the contracting agency.

(2) Each payroll submitted shall be accompanied by a "Statement of Compliance," signed by the contractor or subcontractor or his or her agent who pays or supervises the payment of the persons employed under the contract and shall certify the following:

(i) That the payroll for the payroll period contains the information required to be provided under §5.5 (a)(3)(ii) of Regulations, 29 C.F.R. part 5, the appropriate information is being maintained under §5.5 (a)(3)(i) of Regulations, 29 C.F.R. part 5, and that such information is correct and complete;

(ii) That each laborer or mechanic (including each helper, apprentice, and trainee) employed on the contract during the payroll period has been paid the full weekly wages earned, without rebate, either directly or indirectly, and that no deductions have been made either directly or indirectly from the full wages earned, other than permissible deductions as set out in Regulations, 29 C.F.R. part 3;

(iii) That each laborer or mechanic has been paid not less than the applicable wage rates and fringe benefits or cash equivalents for the classification of work performed, as specified in the applicable wage determination incorporated into the contract.

(3) The weekly submission of a properly executed certification set out on the reverse side of Optional Form WH–347 shall satisfy the requirement for submission of the "Statement of Compliance" required by paragraph 3.b.(2) of this section.

(4) The falsification of any of the above certifications may subject the contractor or subcontractor to civil or criminal prosecution under section 1001 of title 18 and section 231 of title 31 of the United States Code.

c. The contractor or subcontractor shall make the records required under paragraph 3.a. of this section available for inspection, copying, or transcription by authorized representatives of the contracting agency, the FHWA or the Department of Labor, and shall permit such representatives to interview employees during working hours on the job. If the contractor or subcontractor fails to submit the required records or to make them available, the FHWA may, after written notice to the contractor or the contracting agency, take such action as may be necessary to cause the suspension of any further payment, advance, or guarantee of funds. Furthermore, failure to submit the required records upon request or to make such records available may be grounds for debarment action pursuant to 29 C.F.R. 5.12.

4. Apprentices and trainees

a. Apprentices (programs of the USDOL).

Apprentices will be permitted to work at less than the predetermined rate for the work they performed when they are employed pursuant to and individually registered in a bona fide apprenticeship program registered with the U.S. Department of Labor, Employment and Training Administration, Office of Apprenticeship Training, Employer and Labor Services, or with a District of Columbia apprenticeship agency recognized by the Office, or if a person is employed in his or her first 90 days of probationary employment as an apprentice in such an apprenticeship program, who is not individually registered in the program, but who has been certified by the Office of Apprenticeship Training, Employer and Labor Services or a District of Columbia apprenticeship agency (where appropriate) to be eligible for probationary employment as an apprentice.

The allowable ratio of apprentices to journeymen on the job site in any craft classification shall not be greater than the ratio permitted to the contractor as to the entire work force under the registered program. Any worker listed on a payroll at an apprentice wage rate, who is not registered or otherwise employed as stated above, shall be paid not less than the applicable wage rate on the wage determination for the classification of work actually performed. In addition, any apprentice performing work on the job site in excess of the ratio permitted under the registered program shall be paid not less than the applicable wage rate on the wage determination for the work actually performed. Where a contractor is performing construction on a project in a locality other than that in which its program is registered, the ratios and wage rates (expressed in percentages of the journeyman's hourly rate) specified in the contractor's or subcontractor's registered program shall be observed.

Every apprentice must be paid at not less than the rate specified in the registered program for the apprentice's level of progress, expressed as a percentage of the journeymen hourly rate specified in the applicable wage determination. Apprentices shall be paid fringe benefits in accordance with the provisions of the apprenticeship program. If the apprenticeship program does not specify fringe benefits, apprentices must be paid the full amount of fringe benefits listed on the wage determination for the applicable classification. If the Wage and Hour Administrator determines that a different practice prevails for the applicable apprentice classification, fringes shall be paid in accordance with that determination.

In the event the Office of Apprenticeship Training, Employer and Labor Services, or a District of Columbia apprenticeship agency recognized by the Office, withdraws approval of an apprenticeship program, the

contractor will no longer be permitted to utilize apprentices at less than the applicable predetermined rate for the work performed until an acceptable program is approved.

b. Trainees (programs of the USDOL).

Except as provided in 29 C.F.R. 5.16, trainees will not be permitted to work at less than the predetermined rate for the work performed unless they are employed pursuant to and individually registered in a program which has received prior approval, evidenced by formal certification by the U.S. Department of Labor, Employment and Training Administration.

The ratio of trainees to journeymen on the job site shall not be greater than permitted under the plan approved by the Employment and Training Administration.

Every trainee must be paid at not less than the rate specified in the approved program for the trainee's level of progress, expressed as a percentage of the journeyman hourly rate specified in the applicable wage determination. Trainees shall be paid fringe benefits in accordance with the provisions of the trainee program. If the trainee program does not mention fringe benefits, trainees shall be paid the full amount of fringe benefits listed on the wage determination unless the Administrator of the Wage and Hour Division determines that there is an apprenticeship program associated with the corresponding journeyman wage rate on the wage determination which provides for less than full fringe benefits for apprentices. Any employee listed on the payroll at a trainee rate who is not registered and participating in a training plan approved by the Employment and Training Administration shall be paid not less than the applicable wage rate on the wage determination for the classification of work actually performed. In addition, any trainee performing work on the job site in excess of the ratio permitted under the registered program shall be paid not less than the applicable wage rate on the wage determination for the work actually performed.

In the event the Employment and Training Administration withdraws approval of a training program, the contractor will no longer be permitted to utilize trainees at less than the applicable predetermined rate for the work performed until an acceptable program is approved.

c. Equal employment opportunity. The utilization of apprentices, trainees and journeymen under this part shall be in conformity with the equal employment opportunity requirements of Executive Order 11246, as amended, and 29 C.F.R. part 30.

d. Apprentices and Trainees (programs of the USDOT).

Apprentices and trainees working under apprenticeship and skill training programs which have been certified by the Secretary of Transportation as promoting EEO in connection with federal-aid highway construction programs are not subject to the requirements of paragraph 4 of this Section IV. The straight time hourly wage rates for apprentices and trainees under such programs will be established by the particular programs. The ratio of apprentices and trainees to journeymen shall not be greater than permitted by the terms of the particular program.

5. Compliance with Copeland Act requirements. The contractor shall comply with the requirements of 29 C.F.R. part 3, which are incorporated by reference in this contract.

6. Subcontracts. The contractor or subcontractor shall insert Form FHWA-1273 in any subcontracts and also require the subcontractors to include Form FHWA-1273 in any lower tier subcontracts. The prime

contractor shall be responsible for the compliance by any subcontractor or lower tier subcontractor with all the contract clauses in 29 C.F.R. 5.5.

7. Contract termination: debarment. Unless the Project Agreement otherwise provides, a breach of the contract clauses in 29 C.F.R. 5.5 may be grounds for termination of the contract, and for debarment as a contractor and a subcontractor as provided in 29 C.F.R. 5.12.

8. Compliance with Davis-Bacon and Related Act requirements. All rulings and interpretations of the Davis-Bacon and Related Acts contained in 29 C.F.R. parts 1, 3, and 5 are herein incorporated by reference in this contract.

9. Disputes concerning labor standards. Disputes arising out of the labor standards provisions of this contract shall not be subject to the general disputes clause of this contract. Such disputes shall be resolved in accordance with the procedures of the Department of Labor set out in 29 C.F.R. parts 5, 6, and 7. Disputes within the meaning of this clause include disputes between the contractor (or any of its subcontractors) and the contracting agency, the U.S. Department of Labor, or the employees or their representatives.

10. Certification of eligibility.

a. By entering into this contract, the contractor certifies that neither it (nor he or she) nor any person or firm who has an interest in the contractor's firm is a person or firm ineligible to be awarded federal government contracts by virtue of section 3(a) of the Davis-Bacon Act or 29 C.F.R. 5.12(a)(1).

b. No part of this contract shall be subcontracted to any person or firm ineligible for award of a federal government contract by virtue of section 3(a) of the Davis-Bacon Act or 29 C.F.R. 5.12(a)(1).

c. The penalty for making false statements is prescribed in the U.S. Criminal Code, 18 U.S.C. 1001.

V. CONTRACT WORK HOURS AND SAFETY STANDARDS ACT

The following clauses apply to any federal-aid construction contract in an amount in excess of $100,000 and subject to the overtime provisions of the Contract Work Hours and Safety Standards Act. These clauses shall be inserted in addition to the clauses required by 29 C.F.R. 5.5(a) or 29 C.F.R. 4.6. As used in this paragraph, the terms laborers and mechanics include watchmen and guards.

1. Overtime requirements. No contractor or subcontractor contracting for any part of the contract work which may require or involve the employment of laborers or mechanics shall require or permit any such laborer or mechanic in any workweek in which he or she is employed on such work to work in excess of forty hours in such workweek unless such laborer or mechanic receives compensation at a rate not less than one and one-half times the basic rate of pay for all hours worked in excess of forty hours in such workweek.

2. Violation; liability for unpaid wages; liquidated damages. In the event of any violation of the clause set out in paragraph (1.) of this section, the contractor and any subcontractor responsible therefor shall be liable for the unpaid wages. In addition, such contractor and subcontractor shall be liable to the United States (in the case of work done under contract for the District of Columbia or a territory, to such District or to such territory), for liquidated damages. Such liquidated damages shall be computed

with respect to each individual laborer or mechanic, including watchmen and guards, employed in violation of the clause set out in paragraph (1.) of this section, in the sum of $10 for each calendar day on which such individual was required or permitted to work in excess of the standard workweek of forty hours without payment of the overtime wages required by the clause set out in paragraph (1.) of this section.

3. Withholding for unpaid wages and liquidated damages. The FHWA or the contacting agency shall upon its own action or upon written request of an authorized representative of the Department of Labor withhold or cause to be withheld, from any moneys payable on account of work performed by the contractor or subcontractor under any such contract or any other federal contract with the same prime contractor, or any other federally-assisted contract subject to the Contract Work Hours and Safety Standards Act, which is held by the same prime contractor, such sums as may be determined to be necessary to satisfy any liabilities of such contractor or subcontractor for unpaid wages and liquidated damages as provided in the clause set out in paragraph (2.) of this section.

4. Subcontracts. The contractor or subcontractor shall insert in any subcontracts the clauses set out in paragraph (1.) through (4.) of this section and also a clause requiring the subcontractors to include these clauses in any lower tier subcontracts. The prime contractor shall be responsible for compliance by any subcontractor or lower tier subcontractor with the clauses set out in paragraphs (1.) through (4.) of this section.

VI. SUBLETTING OR ASSIGNING THE CONTRACT

This provision is applicable to all federal-aid construction contracts on the National Highway System.

1. The contractor shall perform with its own organization contract work amounting to not less than 30 percent (or a greater percentage if specified elsewhere in the contract) of the total original contract price, excluding any specialty items designated by the contracting agency. Specialty items may be performed by subcontract and the amount of any such specialty items performed may be deducted from the total original contract price before computing the amount of work required to be performed by the contractor's own organization (23 C.F.R. 635.116).

a. The term "perform work with its own organization" refers to workers employed or leased by the prime contractor, and equipment owned or rented by the prime contractor, with or without operators. Such term does not include employees or equipment of a subcontractor or lower tier subcontractor, agents of the prime contractor, or any other assignees. The term may include payments for the costs of hiring leased employees from an employee leasing firm meeting all relevant federal and District of Columbia regulatory requirements. Leased employees may only be included in this term if the prime contractor meets all of the following conditions:

(1) the prime contractor maintains control over the supervision of the day-to-day activities of the leased employees;

(2) the prime contractor remains responsible for the quality of the work of the leased employees;

(3) the prime contractor retains all power to accept or exclude individual employees from work on the project; and

(4) the prime contractor remains ultimately responsible for the payment of predetermined minimum wages, the submission of payrolls, statements of compliance and all other federal regulatory requirements.

b. "Specialty Items" shall be construed to be limited to work that requires highly specialized knowledge, abilities, or equipment not ordinarily available in the type of contracting organizations qualified and expected to bid or propose on the contract as a whole and in general are to be limited to minor components of the overall contract.

2. The contract amount upon which the requirements set out in paragraph (1) of Section VI is computed includes the cost of material and manufactured products which are to be purchased or produced by the contractor under the contract provisions.

3. The contractor shall furnish (a) a competent superintendent or supervisor who is employed by the firm, has full authority to direct performance of the work in accordance with the contract requirements, and is in charge of all construction operations (regardless of who performs the work) and (b) such other of its own organizational resources (supervision, management, and engineering services) as the contracting officer determines is necessary to assure the performance of the contract.

4. No portion of the contract shall be sublet, assigned or otherwise disposed of except with the written consent of the contracting officer, or authorized representative, and such consent when given shall not be construed to relieve the contractor of any responsibility for the fulfillment of the contract. Written consent will be given only after the contracting agency has assured that each subcontract is evidenced in writing and that it contains all pertinent provisions and requirements of the prime contract.

5. The 30% self-performance requirement of paragraph (1) is not applicable to design-build contracts; however, contracting agencies may establish their own self-performance requirements.

VII. SAFETY: ACCIDENT PREVENTION

This provision is applicable to all federal-aid construction contracts and to all related subcontracts.

1. In the performance of this contract the contractor shall comply with all applicable federal and District of Columbia laws governing safety, health, and sanitation (23 C.F.R. 635). The contractor shall provide all safeguards, safety devices and protective equipment and take any other needed actions as it determines, or as the contracting officer may determine, to be reasonably necessary to protect the life and health of employees on the job and the safety of the public and to protect property in connection with the performance of the work covered by the contract.

2. It is a condition of this contract, and shall be made a condition of each subcontract, which the contractor enters into pursuant to this contract, that the contractor and any subcontractor shall not permit any employee, in performance of the contract, to work in surroundings or under conditions which are unsanitary, hazardous or dangerous to his/her health or safety, as determined under construction safety and health standards (29 C.F.R. 1926) promulgated by the Secretary of Labor, in accordance with Section 107 of the Contract Work Hours and Safety Standards Act (40 U.S.C. 3704).

3. Pursuant to 29 C.F.R. 1926.3, it is a condition of this contract that the Secretary of Labor or authorized representative thereof, shall have right of entry to any site of contract performance to inspect or investigate the matter of compliance with the construction safety and health standards and to

carry out the duties of the Secretary under Section 107 of the Contract Work Hours and Safety Standards Act (40 U.S.C.3704).

VIII. FALSE STATEMENTS CONCERNING HIGHWAY PROJECTS

This provision is applicable to all federal-aid construction contracts and to all related subcontracts.

In order to assure high quality and durable construction in conformity with approved plans and specifications and a high degree of reliability on statements and representations made by engineers, contractors, suppliers, and workers on federal-aid highway projects, it is essential that all persons concerned with the project perform their functions as carefully, thoroughly, and honestly as possible. Willful falsification, distortion, or misrepresentation with respect to any facts related to the project is a violation of federal law. To prevent any misunderstanding regarding the seriousness of these and similar acts, Form FHWA-1022 shall be posted on each federal-aid highway project (23 C.F.R. 635) in one or more places where it is readily available to all persons concerned with the project:

18 U.S.C. 1020 reads as follows:

"Whoever, being an officer, agent, or employee of the United States, or of any State or Territory, or whoever, whether a person, association, firm, or corporation, knowingly makes any false statement, false representation, or false report as to the character, quality, quantity, or cost of the material used or to be used, or the quantity or quality of the work performed or to be performed, or the cost thereof in connection with the submission of plans, maps, specifications, contracts, or costs of construction on any highway or related project submitted for approval to the Secretary of Transportation; or

Whoever knowingly makes any false statement, false representation, false report or false claim with respect to the character, quality, quantity, or cost of any work performed or to be performed, or materials furnished or to be furnished, in connection with the construction of any highway or related project approved by the Secretary of Transportation; or

Whoever knowingly makes any false statement or false representation as to material fact in any statement, certificate, or report submitted pursuant to provisions of the Federal-aid Roads Act approved July 1, 1916, (39 Stat. 355), as amended and supplemented;

Shall be fined under this title or imprisoned not more than 5 years or both."

IX. IMPLEMENTATION OF CLEAN AIR ACT AND FEDERAL WATER POLLUTION CONTROL ACT

This provision is applicable to all federal-aid construction contracts and to all related subcontracts.

By submission of this bid/proposal or the execution of this contract, or subcontract, as appropriate, the bidder, proposer, federal-aid construction contractor, or subcontractor, as appropriate, will be deemed to have stipulated as follows:

1. That any person who is or will be utilized in the performance of this contract is not prohibited from receiving an award due to a violation of Section 508 of the Clean Water Act or Section 306 of the Clean Air Act.

2. That the contractor agrees to include or cause to be included the requirements of paragraph (1) of this Section X in every subcontract, and further agrees to take such action as the contracting agency may direct as a means of enforcing such requirements.

X. CERTIFICATION REGARDING DEBARMENT, SUSPENSION, INELIGIBILITY AND VOLUNTARY EXCLUSION

This provision is applicable to all federal-aid construction contracts, design-build contracts, subcontracts, lower-tier subcontracts, purchase orders, lease agreements, consultant contracts or any other covered transaction requiring FHWA approval or that is estimated to cost $25,000 or more – as defined in 2 C.F.R. Parts 180 and 1200.

1. Instructions for Certification – First Tier Participants:

a. By signing and submitting this proposal, the prospective first tier participant is providing the certification set out below.

b. The inability of a person to provide the certification set out below will not necessarily result in denial of participation in this covered transaction. The prospective first tier participant shall submit an explanation of why it cannot provide the certification set out below. The certification or explanation will be considered in connection with the department or agency's determination whether to enter into this transaction. However, failure of the prospective first tier participant to furnish a certification or an explanation shall disqualify such a person from participation in this transaction.

c. The certification in this clause is a material representation of fact upon which reliance was placed when the contracting agency determined to enter into this transaction. If it is later determined that the prospective participant knowingly rendered an erroneous certification, in addition to other remedies available to the federal government, the contracting agency may terminate this transaction for cause of default.

d. The prospective first tier participant shall provide immediate written notice to the contracting agency to whom this proposal is submitted if any time the prospective first tier participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.

e. The terms "covered transaction," "debarred," "suspended," "ineligible," "participant," "person," "principal," and "voluntarily excluded," as used in this clause, are defined in 2 C.F.R. Parts 180 and 1200. "First Tier Covered Transactions" refers to any covered transaction between a grantee or subgrantee of federal funds and a participant (such as the prime or general contract). "Lower Tier Covered Transactions" refers to any covered transaction under a First Tier Covered Transaction (such as subcontracts). "First Tier Participant" refers to the participant who has entered into a covered transaction with a grantee or subgrantee of federal funds (such as the prime or general contractor). "Lower Tier Participant" refers any participant who has entered into a covered transaction with a First Tier Participant or other Lower Tier Participants (such as subcontractors and suppliers).

f. The prospective first tier participant agrees by submitting this proposal that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is debarred, suspended, declared ineligible, or voluntarily excluded from

participation in this covered transaction, unless authorized by the department or agency entering into this transaction.

g. The prospective first tier participant further agrees by submitting this proposal that it will include the clause titled "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion-Lower Tier Covered Transactions," provided by the department or contracting agency, entering into this covered transaction, without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions exceeding the $25,000 threshold.

h. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that is not debarred, suspended, ineligible, or voluntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant is responsible for ensuring that its principals are not suspended, debarred, or otherwise ineligible to participate in covered transactions. To verify the eligibility of its principals, as well as the eligibility of any lower tier prospective participants, each participant may, but is not required to, check the Excluded Parties List System website (https://www.epls.gov/), which is compiled by the General Services Administration.

i. Nothing contained in the foregoing shall be construed to require the establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and information of the prospective participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

j. Except for transactions authorized under paragraph (f) of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the federal government, the department or agency may terminate this transaction for cause or default.

* * * * *

2. Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion – First Tier Participants:

a. The prospective first tier participant certifies to the best of its knowledge and belief, that it and its principals:

(1) Are not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participating in covered transactions by any federal department or agency;

(2) Have not within a three-year period preceding this proposal been convicted of or had a civil judgment rendered against them for commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public (federal or District of Columbia) transaction or contract under a public transaction; violation of federal or District of Columbia antitrust statutes or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, or receiving stolen property;

(3) Are not presently indicted for or otherwise criminally or civilly charged by a governmental entity (federal or District of Columbia) with commission of any of the offenses enumerated in paragraph (a)(2) of this certification; and

(4) Have not within a three-year period preceding this application/proposal had one or more public transactions (federal or District of Columbia) terminated for cause or default.

b. Where the prospective participant is unable to certify to any of the statements in this certification, such prospective participant shall attach an explanation to this proposal.

3. Instructions for Certification - Lower Tier Participants:

(Applicable to all subcontracts, purchase orders and other lower tier transactions requiring prior FHWA approval or estimated to cost $25,000 or more - 2 C.F.R. Parts 180 and 1200)

a. By signing and submitting this proposal, the prospective lower tier is providing the certification set out below.

b. The certification in this clause is a material representation of fact upon which reliance was placed when this transaction was entered into. If it is later determined that the prospective lower tier participant knowingly rendered an erroneous certification, in addition to other remedies available to the federal government, the department, or agency with which this transaction originated may pursue available remedies, including suspension and/or debarment.

c. The prospective lower tier participant shall provide immediate written notice to the person to which this proposal is submitted if at any time the prospective lower tier participant learns that its certification was erroneous by reason of changed circumstances.

d. The terms “covered transaction,” “debarred,” “suspended,” “ineligible,” “participant,” “person,” “principal,” and “voluntarily excluded,” as used in this clause, are defined in 2 C.F.R. Parts 180 and 1200. You may contact the person to which this proposal is submitted for assistance in obtaining a copy of those regulations. “First Tier Covered Transactions” refers to any covered transaction between a grantee or subgrantee of federal funds and a participant (such as the prime or general contract). “Lower Tier Covered Transactions” refers to any covered transaction under a First Tier Covered Transaction (such as subcontracts). “First Tier Participant” refers to the participant who has entered into a covered transaction with a grantee or subgrantee of federal funds (such as the prime or general contractor). “Lower Tier Participant” refers any participant who has entered into a covered transaction with a First Tier Participant or other Lower Tier Participants (such as subcontractors and suppliers).

e. The prospective lower tier participant agrees by submitting this proposal that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by the department or agency with which this transaction originated.

f. The prospective lower tier participant further agrees by submitting this proposal that it will include this clause titled “Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion-Lower Tier Covered Transaction,” without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions exceeding the $25,000 threshold.

g. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that is not debarred, suspended, ineligible, or voluntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant is responsible for ensuring that its principals are not suspended, debarred, or otherwise ineligible to participate in covered transactions. To verify the eligibility of its principals, as well as the eligibility of any lower tier prospective participants, each participant may, but is not required to, check the Excluded Parties List System website (https://www.epls.gov/), which is compiled by the General Services Administration.

h. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and information of participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

i. Except for transactions authorized under paragraph (e) of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the federal government, the department or agency with which this transaction originated may pursue available remedies, including suspension and/or debarment.

* * * * *

Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion--Lower Tier Participants:

1. The prospective lower tier participant certifies, by submission of this proposal, that neither it nor its principals is presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participating in covered transactions by any federal department or agency.

2. Where the prospective lower tier participant is unable to certify to any of the statements in this certification, such prospective participant shall attach an explanation to this proposal.

* * * * *

XI. CERTIFICATION REGARDING USE OF CONTRACT FUNDS FOR LOBBYING

This provision is applicable to all federal-aid construction contracts and to all related subcontracts which exceed $100,000 (49 C.F.R. 20).

1. The prospective participant certifies, by signing and submitting this bid or proposal, to the best of his or her knowledge and belief, that:

a. No federal appropriated funds have been paid or will be paid, by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of any federal agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any federal contract, the making of any federal grant, the making of any federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any federal contract, grant, loan, or cooperative agreement.

b. If any funds other than federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any federal agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this federal contract, grant, loan, or cooperative agreement, the undersigned shall complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions.

2. This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by 31 U.S.C. 1352. Any person who fails to file the required certification shall be subject to a civil penalty of not less than $10,000 and not more than $100,000 for each such failure.

3. The prospective participant also agrees by submitting its bid or proposal that the participant shall require that the language of this certification be included in all lower tier subcontracts, which exceed $100,000 and that all such recipients shall certify and disclose accordingly.

ATTACHMENT 3 TO Exhibit 26

FEDERAL PREVAILING WAGE RATES

Wage rates as of date of the Final RFP attached.

Current wage rates available at the web addresses listed below.

For Davis-Bacon:
https://beta.sam.gov/search?index=wd&keywords=Davis%20Bacon&is_active=true&date_filter_index=0&date_rad_selection=date&wdType=dbra&state=DC&page=1

For Service Contract Act:

https://beta.sam.gov/wage-determination/2015-4281/17?keywords=2015-4281&sort=-relevance&index=&is_active=true&page=1

"General Decision Number: DC20200002 09/18/2020

Superseded General Decision Number: DC20190002

State: District of Columbia

Construction Type: Building

County: District of Columbia Statewide.

BUILDING CONSTRUCTION PROJECTS (does not include single family homes or apartments up to and including 4 stories).

Note: Under Executive Order (EO) 13658, an hourly minimum wage of $10.80 for calendar year 2020 applies to all contracts subject to the Davis-Bacon Act for which the contract is awarded (and any solicitation was issued) on or after January 1, 2015. If this contract is covered by the EO, the contractor must pay all workers in any classification listed on this wage determination at least $10.80 per hour (or the applicable wage rate listed on this wage determination, if it is higher) for all hours spent performing on the contract in calendar year 2020. If this contract is covered by the EO and a classification considered necessary for performance of work on the contract does not appear on this wage determination, the contractor must pay workers in that classification at least the wage rate determined through the conformance process set forth in 29 CFR 5.5(a)(1)(ii) (or the EO minimum wage rate,if it is higher than the conformed wage rate). The EO minimum wage rate will be adjusted annually. Please note that this EO applies to the above-mentioned types of contracts entered into by the federal government that are subject to the Davis-Bacon Act itself, but it does not apply to contracts subject only to the Davis-Bacon Related Acts, including those set forth at 29 CFR 5.1(a)(2)-(60). Additional information on contractor requirements and worker protections under the EO is available at www.dol.gov/whd/govcontracts.

==========

Note: Executive Order (EO) 13706, Establishing Paid Sick Leave for Federal Contractors applies to all contracts subject to the Davis-Bacon Act for which the contract is awarded (and any solicitation was issued) on or after January 1, 2017. If this contract is covered by the EO, the contractor must provide employees with 1 hour of paid sick leave for every 30 hours they work, up to 56 hours of paid sick leave each year. Employees must be permitted to use paid sick leave for their own illness, injury or other health-related needs, including preventive care; to assist a family member (or person who is like family to the employee) who is ill, injured, or has other health-related needs, including preventive care; or for reasons resulting from, or to assist a family member (or person who is like family to the employee) who is a victim of, domestic violence, sexual assault, or stalking. Additional information on contractor requirements and worker protections under the EO is available at www.dol.gov/whd/govcontracts.

Unlisted classifications needed for work not included within the scope of the classifications listed may be added after award only as provided in the labor standards contract clauses (29CFR 5.5 (a) (1) (ii)).

The body of each wage determination lists the classification and wage rates that have been found to be prevailing for the cited type(s) of construction in the area covered by the wage determination. The classifications are listed in alphabetical order of ""identifiers"" that indicate whether the particular rate is a union rate (current union negotiated rate for local), a survey rate (weighted average rate) or a union average rate (weighted union average rate).

Union Rate Identifiers

A four letter classification abbreviation identifier enclosed in dotted lines beginning with characters other than ""SU"" or ""UAVG"" denotes that the union classification and rate were prevailing for that classification in the survey. Example: PLUM0198-005 07/01/2014. PLUM is an abbreviation identifier of the union which prevailed in the survey for this classification, which in this example would be Plumbers. 0198 indicates the local union number or district council number where applicable, i.e., Plumbers Local 0198. The next number, 005 in the example, is an internal number used in processing the wage determination. 07/01/2014 is the effective date of the most current negotiated rate, which in this example is July 1,

2014.

Union prevailing wage rates are updated to reflect all rate changes in the collective bargaining agreement (CBA) governing this classification and rate.

Survey Rate Identifiers

Classifications listed under the ""SU"" identifier indicate that no one rate prevailed for this classification in the survey and the published rate is derived by computing a weighted average rate based on all the rates reported in the survey for that classification. As this weighted average rate includes all rates reported in the survey, it may include both union and non-union rates. Example: SULA2012-007 5/13/2014. SU indicates the rates are survey rates based on a weighted average calculation of rates and are not majority rates. LA indicates the State of Louisiana. 2012 is the year of survey on which these classifications and rates are based. The next number, 007 in the example, is an internal number used in producing the wage determination. 5/13/2014 indicates the survey completion date for the classifications and rates under that identifier.

Survey wage rates are not updated and remain in effect until a new survey is conducted.

Union Average Rate Identifiers

Classification(s) listed under the UAVG identifier indicate that no single majority rate prevailed for those classifications; however, 100% of the data reported for the classifications was union data. EXAMPLE: UAVG-OH-0010 08/29/2014. UAVG indicates that the rate is a weighted union average rate. OH indicates the state. The next number, 0010 in the example, is an internal number used in producing the wage determination. 08/29/2014 indicates the survey completion date for the classifications and rates under that identifier.

A UAVG rate will be updated once a year, usually in January of each year, to reflect a weighted average of the current negotiated/CBA rate of the union locals from which the rate is based.

WAGE DETERMINATION APPEALS PROCESS

1.) Has there been an initial decision in the matter? This can be:

* an existing published wage determination
* a survey underlying a wage determination
* a Wage and Hour Division letter setting forth a position on a wage determination matter
* a conformance (additional classification and rate) ruling

On survey related matters, initial contact, including requests for summaries of surveys, should be with the Wage and Hour Regional Office for the area in which the survey was conducted because those Regional Offices have responsibility for the Davis-Bacon survey program. If the response from this initial contact is not satisfactory, then the process described in 2.) and 3.) should be followed.

With regard to any other matter not yet ripe for the formal process described here, initial contact should be with the Branch of Construction Wage Determinations. Write to:

Branch of Construction Wage Determinations
Wage and Hour Division
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210

2.) If the answer to the question in 1.) is yes, then an interested party (those affected by the action) can request review and reconsideration from the Wage and Hour Administrator (See 29 CFR Part 1.8 and 29 CFR Part 7). Write to:

Wage and Hour Administrator
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210

The request should be accompanied by a full statement of the interested party's position and by any information (wage payment data, project description, area practice material, etc.) that the requestor considers relevant to the issue.

3.) If the decision of the Administrator is not favorable, an interested party may appeal directly to the Administrative Review Board (formerly the Wage Appeals Board). Write to:

Administrative Review Board
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210

4.) All decisions by the Administrative Review Board are final.

Note: Executive Order (EO) 13706 Establishing Paid Sick Leave for Federal Contractors applies to all contracts subject to the Service Contract Act for which the contract is awarded (and any solicitation was issued) on or after January 1 2017. If this contract is covered by the EO the contractor must provide employees with 1 hour of paid sick leave for every 30 hours they work up to 56 hours of paid sick leave each year. Employees must be permitted to use paid sick leave for their own illness injury or other health-related needs including preventive care; to assist a family member (or person who is like family to the employee) who is ill injured or has other health-related needs including preventive care; or for reasons resulting from or to assist a family member (or person who is like family to the employee) who is the victim of domestic violence sexual assault or stalking. Additional information on contractor requirements and worker protections

under the EO is available at www.dol.gov/whd/govcontracts.

ALL OCCUPATIONS LISTED ABOVE RECEIVE THE FOLLOWING BENEFITS:

HEALTH & WELFARE: $4.54 per hour up to 40 hours per week or $181.60 per week or $786.93 per month

HEALTH & WELFARE EO 13706: $4.22 per hour up to 40 hours per week or $168.80 per week or $731.47 per month*

*This rate is to be used only when compensating employees for performance on an SCA-
covered contract also covered by EO 13706 Establishing Paid Sick Leave for Federal Contractors. A contractor may not receive credit toward its SCA obligations for any
paid sick leave provided pursuant to EO 13706.

VACATION: 2 weeks paid vacation after 1 year of service with a contractor or successor 3 weeks after 5 years and 4 weeks after 15 years. Length of service includes the whole span of continuous service with the present contractor or successor wherever employed and with the predecessor contractors in the performance of similar work at the same Federal facility. (Reg. 29 CFR 4.173)

HOLIDAYS: A minimum of ten paid holidays per year: New Year's Day Martin Luther King Jr.'s Birthday Washington's Birthday Memorial Day Independence Day
Labor Day Columbus Day Veterans' Day Thanksgiving Day and Christmas Day. (A contractor may substitute for any of the named holidays another day off with pay in

accordance with a plan communicated to the employees involved.) (See 29 CFR 4.174)

THE OCCUPATIONS WHICH HAVE NUMBERED FOOTNOTES IN PARENTHESES RECEIVE THE FOLLOWING:

1) COMPUTER EMPLOYEES: Under the SCA at section 8(b) this wage determination does

not apply to any employee who individually qualifies as a bona fide executive administrative or professional employee as defined in 29 C.F.R. Part 541. Because most Computer System Analysts and Computer Programmers who are compensated at a rate
not less than $27.63 (or on a salary or fee basis at a rate not less than $455 per week) an hour would likely qualify as exempt computer professionals (29 C.F.R. 541.

400) wage rates may not be listed on this wage determination for all occupations within those job families. In addition because this wage determination may not list a wage rate for some or all occupations within those job families if the survey
data indicates that the prevailing wage rate for the occupation equals or exceeds $27.63 per hour conformances may be necessary for certain nonexempt employees. For

example if an individual employee is nonexempt but nevertheless performs duties within the scope of one of the Computer Systems Analyst or Computer Programmer occupations for which this wage determination does not specify an SCA wage rate then the wage rate for that employee must be conformed in accordance with the conformance procedures described in the conformance note included on this wage determination.

Additionally because job titles vary widely and change quickly in the computer industry job titles are not determinative of the application of the computer professional exemption. Therefore the exemption applies only to computer employees

who satisfy the compensation requirements and whose primary duty consists of:

(1) The application of systems analysis techniques and procedures including consulting with users to determine hardware software or system functional specifications;

(2) The design development documentation analysis creation testing or modification of computer systems or programs including prototypes based on and related to user or system design specifications;

(3) The design documentation testing creation or modification of computer programs related to machine operating systems; or

(4) A combination of the aforementioned duties the performance of which requires the same level of skills. (29 C.F.R. 541.400).

2) AIR TRAFFIC CONTROLLERS AND WEATHER OBSERVERS - NIGHT PAY & SUNDAY PAY: If you

work at night as part of a regular tour of duty you will earn a night differential and receive an additional 10% of basic pay for any hours worked between 6pm and 6am.
If you are a full-time employed (40 hours a week) and Sunday is part of your regularly scheduled workweek you are paid at your rate of basic pay plus a Sunday premium of 25% of your basic rate for each hour of Sunday work which is not overtime
(i.e. occasional work on Sunday outside the normal tour of duty is considered overtime work).

** HAZARDOUS PAY DIFFERENTIAL **

An 8 percent differential is applicable to employees employed in a position that represents a high degree of hazard when working with or in close proximity to ordnance explosives and incendiary materials. This includes work such as screening blending dying mixing and pressing of sensitive ordnance explosives and pyrotechnic compositions such as lead azide black powder and photoflash powder.

All dry-house activities involving propellants or explosives. Demilitarization modification renovation demolition and maintenance operations on sensitive ordnance explosives and incendiary materials. All operations involving re-grading and cleaning of artillery ranges.

A 4 percent differential is applicable to employees employed in a position that represents a low degree of hazard when working with or in close proximity to ordnance (or employees possibly adjacent to) explosives and incendiary materials which involves potential injury such as laceration of hands face or arms of the employee engaged in the operation irritation of the skin minor burns and the like; minimal damage to immediate or adjacent work area or equipment being used. All operations involving unloading storage and hauling of ordnance explosive and incendiary ordnance material other than small arms ammunition. These differentials are only applicable to work that has been specifically designated by the agency for ordnance explosives and incendiary material differential pay.

** UNIFORM ALLOWANCE **

If employees are required to wear uniforms in the performance of this contract (either by the terms of the Government contract by the employer by the state or local law etc.) the cost of furnishing such uniforms and maintaining (by laundering or dry cleaning) such uniforms is an expense that may not be borne by an employee where such cost reduces the hourly rate below that required by the wage determination. The Department of Labor will accept payment in accordance with the following standards as compliance:

The contractor or subcontractor is required to furnish all employees with an adequate number of uniforms without cost or to reimburse employees for the actual cost of the uniforms. In addition where uniform cleaning and maintenance is made the responsibility of the employee all contractors and subcontractors subject to this wage determination shall (in the absence of a bona fide collective bargaining agreement providing for a different amount or the furnishing of contrary affirmative proof as to the actual cost) reimburse all employees for such cleaning and maintenance at a rate of $3.35 per week (or $.67 cents per day). However in those instances where the uniforms furnished are made of ""wash and wear"" materials may be routinely washed and dried with other personal garments and do not require any special treatment such as dry cleaning daily washing or commercial laundering in order to meet the cleanliness or appearance standards set by the terms
of the Government contract by the contractor by law or by the nature of the work there is no requirement that employees be reimbursed for uniform maintenance costs.

** SERVICE CONTRACT ACT DIRECTORY OF OCCUPATIONS **

The duties of employees under job titles listed are those described in the ""Service Contract Act Directory of Occupations"" Fifth Edition (Revision 1) dated September 2015 unless otherwise indicated.

** REQUEST FOR AUTHORIZATION OF ADDITIONAL CLASSIFICATION AND WAGE RATE Standard Form 1444 (SF-1444) **

Conformance Process:

The contracting officer shall require that any class of service employee which is not listed herein and which is to be employed under the contract (i.e. the work to be performed is not performed by any classification listed in the wage determination) be classified by the contractor so as to provide a reasonable relationship (i.e. appropriate level of skill comparison) between such unlisted classifications and the classifications listed in the wage determination (See 29 CFR
4.6(b)(2)(i)). Such conforming procedures shall be initiated by the contractor prior to the performance of contract work by such unlisted class(es) of employees (See 29 CFR 4.6(b)(2)(ii)). The Wage and Hour Division shall make a final determination of conformed classification wage rate and/or fringe benefits which shall be paid to all employees performing in the classification from the first day

of work on which contract work is performed by them in the classification. Failure

to pay such unlisted employees the compensation agreed upon by the interested parties and/or fully determined by the Wage and Hour Division retroactive to the date such class of employees commenced contract work shall be a violation of the Act
and this contract. (See 29 CFR 4.6(b)(2)(v)). When multiple wage determinations are
included in a contract a separate SF-1444 should be prepared for each wage determination to which a class(es) is to be conformed.

The process for preparing a conformance request is as follows:

1) When preparing the bid the contractor identifies the need for a conformed occupation(s) and computes a proposed rate(s).

2) After contract award the contractor prepares a written report listing in order the proposed classification title(s) a Federal grade equivalency (FGE) for each proposed classification(s) job description(s) and rationale for proposed wage rate(s) including information regarding the agreement or disagreement of the authorized representative of the employees involved or where there is no authorized

representative the employees themselves. This report should be submitted to the contracting officer no later than 30 days after such unlisted class(es) of employees
performs any contract work.

3) The contracting officer reviews the proposed action and promptly submits a report
of the action together with the agency's recommendations and pertinent information including the position of the contractor and the employees to the U.S. Department of Labor Wage and Hour Division for review (See 29 CFR 4.6(b)(2)(ii)).

4) Within 30 days of receipt the Wage and Hour Division approves modifies or disapproves the action via transmittal to the agency contracting officer or notifies the contracting officer that additional time will be required to process the request.

5) The contracting officer transmits the Wage and Hour Division's decision to the contractor.

6) Each affected employee shall be furnished by the contractor with a written copy of such determination or it shall be posted as a part of the wage determination (See
29 CFR 4.6(b)(2)(iii)).

Information required by the Regulations must be submitted on SF-1444 or bond paper.

When preparing a conformance request the ""Service Contract Act Directory of Occupations"" should be used to compare job definitions to ensure that duties requested are not performed by a classification already listed in the wage determination. Remember it is not the job title but the required tasks that determine whether a class is included in an established wage determination. Conformances may not be used to artificially split combine or subdivide classifications listed in the wage determination (See 29 CFR 4.152(c)(1))."

ATTACHMENT 6 TO Exhibit 26

DEBARMENT AND SUSPENSION CERTIFICATION

1. By signing and submitting its proposal or bid, and by executing the Project Agreement or Key Contract, each prospective Developer and Contractor (at all tiers) shall be deemed to have signed and delivered the following certification:

   The undersigned certifies to the best of its knowledge and belief, that it and its principals:

   a. Are not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from covered transactions by any federal department or agency;

   b. Have not within a three-year period preceding this proposal been convicted of or had a civil judgment rendered against them for commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public (federal or District of Columbia) transaction or contract under a public transaction; violation of federal or District of Columbia antitrust statutes or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, or receiving stolen property;

   c. Are not presently indicted for or otherwise criminally or civilly charged by a governmental entity (federal or District of Columbia) with commission of any of the offenses enumerated in paragraph 1 b of this certification; and

   d. Have not within a three-year period preceding this application/proposal had one or more public transactions (federal or District of Columbia) terminated for cause or default.

2. Where the prospective Developer or Contractor is unable to certify to any of the statements in this certification, such Person shall attach a certification to its proposal or bid, or shall submit it with the executed Project Agreement or Contract, stating that it is unable to provide the certification and explaining the reasons for such inability.

ATTACHMENT 7 TO Exhibit 26

CERTIFICATION REGARDING USE OF CONTRACT FUNDS FOR LOBBYING

By signing and submitting its proposal or bid, and by executing the Project Agreement or subcontract, each prospective Developer and Contractor (at all tiers) shall be deemed to have signed and delivered the following:

1. The prospective Developer/Contractor certifies, to the best of its knowledge and belief, that:

    a. No federal appropriated funds have been paid or will be paid, by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of any federal agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of **ANY** federal contract, the making of any federal grant, the making of any federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any federal contract, grant, loan, or cooperative agreement.

    b. If any funds other than federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any federal agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with **THIS** federal contract, grant, loan, or cooperative agreement, the undersigned shall complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying", in accordance with its instructions, and shall include a copy of said form in its proposal or bid, or submit it with the executed Project Agreement or Contract.

2. This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by 31 U.S.C. 1352. Any person who fails to file the required certification shall be subject to a civil penalty of not less than $10,000 and not more than $100,000 for each such failure.

3. The Developer/Contractor shall require that the language of this certification be included in all lower tier Contracts which exceed $100,000 and that all such recipients shall certify and disclose accordingly.

4. The undersigned certifies or affirms the truthfulness and accuracy of each statement of its certification and disclosure, if any. In addition, the undersigned understands and agrees that the provisions of 31 U.S.C. §3801, et seq., apply to this certification and disclosure, if any.

[Note: Pursuant to 31 U.S.C. § 1352(c)(1)-(2)(A), any person who makes a prohibited expenditure or fails to file or amend a required certification or disclosure form shall be subject to a civil penalty of not less than $10,000 and not more than $100,000 for each expenditure or failure.]

NOTE: THE DEVELOPER AND EACH CONTRACTOR IS REQUIRED, PURSUANT TO FEDERAL LAW, TO INCLUDE THE ABOVE LANGUAGE IN CONTRACTS OVER $100,000 AND TO OBTAIN THIS LOBBYING CERTIFICATE FROM EACH CONTRACTOR BEING PAID $100,000 OR MORE.

ATTACHMENT 8 TO Exhibit 26

COMPLIANCE WITH BUY AMERICA REQUIREMENTS

The Developer and each subcontractor shall comply with the Federal Highway Administration (FHWA) Buy America Requirement in 23 C.F.R. 635.410, which permits FHWA participation in the Project Agreement only if domestic steel and iron will be used on the Project. To be considered domestic, all steel and iron used and all products manufactured from steel and iron must be produced in the United States and all manufacturing processes, including application of a coating, for these materials must occur in the United States. Coating includes all processes that protect or enhance the value of the material to which the coating is applied. This requirement does not preclude a minimal use of foreign steel and iron materials, provided the cost of such materials does not exceed 0.1 % of the D&C Contract Price.

Concurrently with execution of the Project Agreement, the Developer and each subcontractor has completed and submitted, or shall complete and submit, to the District a Buy America Certificate, in format below. After submittal, the Developer and each subcontractor is bound by its original certification. However, in accordance with federal Applicable Law, the Developer and each subcontractor may have the opportunity to correct an inadvertent error in its certification. The Developer and each subcontractor may correct any certification of noncompliance or failure to properly complete this certification if the Developer or any subcontractor attests under penalty of perjury that it submitted an incorrect certification as a result of an inadvertent or clerical error. The burden of establishing such inadvertent or clerical error is on the Developer and each subcontractor. The Developer or a subcontractor's failure to sign the certification is not considered an inadvertent or clerical error.

A false certification is a criminal act in violation of 18 U.S.C. 1001. Should the Project Agreement be investigated, the Developer and each subcontractor has the burden of proof to establish that it is in compliance.

At the Developer's or any subcontractor's request, the District may, but is not obligated to, seek a waiver of Buy America requirements if grounds for the waiver exist. However, the Developer and each subcontractor certifies that it will comply with the applicable Buy America requirements if a waiver of those requirements is not available or not pursued by the District. A request for a waiver by the Developer or any subcontractor shall be treated as a Developer Change Request under Section 33.1 (*Developer Change Request*) of the Project Agreement.

ATTACHMENT 9 TO Exhibit 26

DISADVANTAGED BUSINESS ENTERPRISES

1.0 DBE UTILIZATION

A Disadvantaged Business Enterprise (DBE) is a for-profit, small business concern that meets the definition set forth in 49 C.F.R. Part 26 (for purposes of this Attachment 9, Part 26). The District seeks to:

- Ensure non-discrimination in award and administration of the District of Columbia Department of Transportation's contracts;
- Ensure that only firms that fully meet DBE eligibility standards are permitted to participate in the District of Columbia Department of Transportation's DBE programs;
- Help remove barriers to the participation of DBEs in the performance of the District of Columbia Department of Transportation's contracts;
- Create a level playing field on which DBEs can fairly compete for the District of Columbia Department of Transportation contracts; and
- Assist in the development of firms that can compete successfully in the construction industry outside the DBE program.

The District and the Developer shall take all necessary and reasonable steps in accordance with the rules cited, and requirements set forth, in this Attachment 9, and shall otherwise comply with Part 26. The Developer shall not discriminate on the basis of race, color, national origin, or sex in the award and performance of the District of Columbia Department of Transportation contracts. The Developer shall not use the requirements of these specifications to discriminate against any qualified company or group of companies. These requirements shall be made a part of all Contracts and agreements entered into as a result of the Project Agreement.

1.1 Statutory/Regulatory Authority

Disadvantaged Business Enterprise (DBE) Program. The federal statutory authority for the DBE program is contained in the Surface Transportation Assistance Act of 1982 (Public Law 97-424, §105(f)), the Surface Transportation and Uniform Relocation Assistance Act of 1987 (Public Law 100-17, §106(c)), the Intermodal Surface Transportation Efficiency Act of 1991, the Transportation Equity Act of the 21st Century, the Safe, Accountable, Flexible, Efficient Transportation Equity Act: A Legacy for Users (SAFETEA-LU) (Public Law 109-59, §1101(b), and the Moving Ahead for Progress in the 21st Century Act (Public Law 112-141, §1101(b)). Regulations have been promulgated under Part 26.

1.2 Non-Compliance

In the event that any Contractor fails to comply with the requirements of Section 26.53 of Part 26, including, but not limited to, the requirement that such Contractor meet the DBE participation goal set forth in the Project Agreement or, if the DBE goal has not been met, document that good

faith efforts were made to meet the goal, then the District may determine that such Contractor is not a responsible bidder and, as such, may be subject to contractual and/or legal damages, penalties and sanctions including but not limited to ineligibility for the award of future contracts.

1.3 Eligibility

Federal-aid contracts are governed by the requirements and provisions provided in the statutory authority for DBEs cited under Section 1.1 (Statutory/Regulatory Authority) of this Attachment 9. Only those DBE firms that are certified by the Metropolitan Washington Unified Certification Program (**MWUCP**) in accordance with Section 26.81 of Part 26 shall be eligible to be used for DBE goal attainment. DBE certification is not an endorsement of the quality or performance of the business, but simply an acknowledgment of the firm's status as a DBE certified by the MWUCP. A list of certified DBE firms can be accessed via the following District website: http://ddotfiles.com/db/DBE/dbe.php.

1.4 DBE Goals and Monitoring

This is a federal-aid contract with a single DBE contract goal and only DBE attainment will be counted towards meeting that goal. However, the utilization of SBEs and other small business concerns is also encouraged, and the Developer shall provide periodic reports and utilization worksheets regarding utilization of such firms, separate from the reports and utilization worksheets for DBE firms.

The District has established a DBE race-conscious or DBE contract goal, which is further described in Section 11.2 (*DBE Program Compliance*) of the Project Agreement. The District will monitor the Contractor's attainments towards the DBE goal in accordance with Section 2.1 (DBE Utilization Reporting) of this Attachment 9.

The District has established a contract utilization goal for DBEs as specified in the preceding paragraph. In executing the Project Agreement, the Developer declares that it subscribes to the utilization goal and shall meet the goal or document that it could not meet them despite its good faith efforts. If the Project Agreement is executed with DBE commitment(s) less than the established contract goal, the Developer shall thereafter continue to document good faith efforts to achieve the established goal.

1.5 Counting DBE Participation

The value of the D&C Work performed by a DBE, including that of a DBE prime contractor, with its own equipment, with its own forces, and under its own supervision will be counted toward the goal, provided the utilization serves a commercially useful function (**CUF**). A DBE prime contractor shall still provide opportunities for participation by other DBEs. D&C Work performed by DBEs will be counted as set forth below. If the District determines that some or all of the DBE's work does not constitute a CUF, only the portion of the work considered to be a CUF shall be credited toward the goal.

A. Subcontractors. 100% of the value of the D&C Work to be performed by a DBE subcontractor will be counted toward the DBE goal. The value of such D&C Work includes the cost of materials and supplies purchased by the DBE, except the cost of supplies or

equipment leased from the Developer or Contractors or their affiliates will not be counted.

B. Manufacturers/Fabricators. 100% of the expenditure to a DBE manufacturer or fabricator will be counted towards the DBE goal.

C. Regular Dealers. 60% of the expenditure to a DBE regular dealer will be counted toward the DBE goal. Packagers, brokers, manufacturer's representatives, or other persons who arrange or expedite transactions are not material suppliers within the meaning of Section 26.55 of Part 26.

D. Brokers/Manufacturer's Representatives. 100% of fees or commissions charged for assistance in the procurement of the materials and supplies, or fees for transportation charges for the delivery of materials or supplies provided by a DBE broker/manufacturer's representative will be counted toward the DBE goal, provided they are determined by the District to be reasonable and not excessive as compared with fees customarily allowed for similar services. The cost of the materials and supplies themselves will not be counted.

E. Services. 100% of fees or commissions charged by a DBE for providing a bona fide service, such as professional, technical, consultant, or managerial services, or for providing bonds or insurance specifically required for the performance of the D&C Work will be counted toward the DBE goal, provided the fee is reasonable and not excessive as compared with fees customarily allowed for similar services.

F. Trucking Operations. The DBE trucking firm of record is the firm that is listed on the DBE Utilization Worksheet. The DBE must own and operate a least one registered, insured, and fully operational truck used for the performance of D&C Work and shall be responsible for the management and supervision of the entire trucking operation for which it is responsible on a particular contract, and there cannot be a contrived arrangement for the purpose of meeting the DBE goal. The DBE trucking firm of record shall control the day-to-day DBE trucking operations for performance of D&C Work, and shall be responsible for (1) negotiating and executing long-term rental/leasing agreements; (2) hiring and terminating the work force; (3) coordinating the daily trucking needs with the Developer; and (4) scheduling and dispatching trucks.

1. DBE Owned/Leased Trucks. 100% of the value of the trucking operations the DBE provides for the performance of D&C Work using trucks it owns or leases on a long-term basis that are registered, insured, and operated by the DBE using drivers it employs, will be counted toward the DBE goal.

2. DBE Long-Term Leased Trucks. The DBE may lease trucks on a long-term basis from another DBE, including an owner/operator who is certified as a DBE. 100% of the value of the trucking operations that the lessee DBE provides will be counted toward the DBE goal.

3. Non-DBE Trucks. The DBE may lease trucks on a long-term basis from a non-DBE, including an owner-operator. 100% of the fee or commission the DBE receives as a result of the lease arrangement will be counted toward the DBE goal. The value

of the trucking operations provided by the lessee will not be counted toward the DBE goal.

G. Joint Venture. Joint ventures between DBEs and non-DBEs as subcontractors will be counted toward the DBE goal in proportion to the total dollar value of the contract equal to the distinct, clearly defined portion of the work of the contract that the DBE performs with its own forces. The joint venture agreement is subject to approval by the District and a copy of which is to be furnished by the Developer before execution of the contract.

1.6 Conditions of Participation

DBE participation will be counted toward meeting the DBE contract goal, subject to all of the following conditions:

A. Commercially Useful Function. A DBE is considered to perform a CUF when it is responsible for the execution of a distinct element of work on a contract and carries out its responsibilities by actually performing, managing, and supervising the work. Regardless of whether an arrangement between the Developer and the DBE represent standard industry practice, if the arrangement erodes the ownership, control or independence of the DBE or in any other way does not meet the CUF requirement, that firm shall not be included in determining whether the DBE goal is met and shall not be included in DBE reports. If this occurs with respect to a firm identified as a DBE, the Developer shall receive no credit toward the DBE goal and may be required to replace the participation. A DBE does not perform a CUF if its role is limited to that of an extra participant in a transaction, contract or project through which funds are passed in order to obtain the appearance of DBE participation. A DBE may rebut a determination by the District that the DBE is not performing a CUF to the District but the determination may not be appealed to Federal Highway Administration (FHWA) or USDOT.

B. Work Force. The DBE must employ a work force (including administrative and clerical staff) separate and apart from that employed by the Developer, Contractors, or their Affiliates. This does not preclude the employment by the DBE of an individual that has been previously employed by another firm involved in the D&C Contract, provided that the individual was independently recruited by the DBE in accordance with standard industry practice. The routine transfer of work crews from another employer to the DBE shall not be allowed.

C. Supervision. All D&C Work performed by the DBE must be controlled and supervised by the DBE without duplication of supervisory personnel from the Developer, other subcontractors on the contract, or their affiliates. This does not preclude routine communication between the supervisory personnel of the DBE and other supervisors necessary to coordinate the D&C Work.

D. Equipment. DBE subcontractors may supplement their equipment by a long-term lease agreement and not on an ad hoc or contract-by-contract basis. The required documentation shall include copies of the long-term rental or leasing agreements, and the names, addresses, and terms quoted by other sources of equipment. All lease agreements must afford the DBE firm exclusive control of the equipment during the course of the lease.

2.0 DBE Plan and Ongoing Good Faith Efforts

The District expects continuing good faith efforts on the part of the Developer over the course of all D&C Work under the Project Agreement to achieve the Project's DBE participation goal. Below are requirements and procedures consistent with the above laws and regulations and tailored to the unique aspects of design-build contracting:

A. The DBE participation goal for the Project is established in the Project Agreement.

B. Only DBEs certified through the MWUCP in accordance with Part 26 shall be used to fulfill the established DBE goal for the Project Agreement.

C. As described in the ITP, each Proposer is required to submit acceptable evidence of pre-Proposal good faith efforts to obtain DBE participation.

D. As described in the ITP, each Proposer is required to submit an acceptable DBE participation schedule that includes: (a) the name of each certified DBE that has agreed to participate in the Project (if any) and (b) the items of D&C Work to be performed or furnished and the expected percentage of the D&C Contract Price to be paid to each such DBE for the D&C Work or supply. The DBE participation schedule must be updated to (a) include the name of each additional certified DBE that agrees to participate in the Project following the initial submittal of the DBE participation schedule prior to the performance of any D&C Work by such DBE and the items of D&C Work to be performed or furnished and the expected percentage of the D&C Contract Amount to be paid to each such DBE for the D&C Work or supply and (b) reflect any changes throughout the course of the D&C Work.

E. As described in the ITP, each Proposer is required to submit a DBE Plan as part of a responsive Proposal, describing the Proposer's plans to meet the Project's DBE goals, including an affirmation regarding its intention to use good faith efforts to achieve the Project's DBE participation goal. Pursuant to the ITP, the Developer will be required to submit documentation as specified in the DBE Plan to show that the Developer will meet the DBE goal for the Project. If the DBE goal is not being met, following review by the District, the Developer must document any on-going good faith effort, as specified herein, to meet the goal, and shall revise the DBE Plan as appropriate, detailing additional efforts the Developer will undertake to meet its DBE commitments, and submit it to the District Representative for consultation and written approval.

F. In an effort to verify compliance with DBE requirements, the District will evaluate throughout the course of the Developer's efforts in executing the DBE Plan and achieving the Project's DBE participation goal.

G. In determining whether the Developer has complied with good faith obligations under this Section, the District will consider the quality, quantity, and intensity of the efforts that the Developer has made, consistent with the guidance set forth in Appendix A (Guidance Concerning Good Faith Efforts) of Part 26, and whether the Developer has complied with its DBE Plan. Consistent with such guidance and without limitation, below is a list of the types of actions the District will consider as part of the Developer's good

faith efforts to obtain DBE participation. It is not a mandatory checklist, nor is it intended to be exhaustive or exclusive:

1. Efforts made to solicit through all reasonable and available means (e.g., use of the DBE Directory, attendance at pre-bid meetings, advertising and/or written notices) the interest of all certified DBEs who have the capability to perform the D&C Work of the contract. The Developer should provide written notification, at least 15 calendar days before the bid opening, to allow the DBEs to respond to the solicitation. The Developer must determine with certainty if the DBEs are interested by taking appropriate steps to follow up initial solicitations.

2. Efforts made to select portions of the D&C Work to be performed by DBEs in order to increase the likelihood that the DBE goal will be achieved. This includes, where appropriate, breaking out contract work items into economically feasible units to facilitate DBE participation, even when the prime contractor might otherwise prefer to perform these work items with its own forces.

3. Efforts made to provide interested DBEs with adequate information about the plans, specifications, and requirements of the contract in a timely manner to assist them in responding to a solicitation.

4. Efforts made to negotiate in good faith with interested DBEs. It is the Developer's responsibility to make a portion of the D&C Work available to DBE subcontractors and suppliers and to select those portions of such work or material needs consistent with the available DBE subcontractors and suppliers, so as to facilitate DBE participation. Evidence of such negotiation includes the names, addresses, and telephone numbers of DBEs that were considered; a description of the information provided regarding the plans and specifications for the D&C Work selected for subcontracting; and evidence as to why additional agreements could not be reached for DBEs to perform the D&C Work. The Developer using good business judgment will consider a number of factors in negotiating with subcontractors, including DBE subcontractors, and would take a firm's price and capabilities as well as contract DBE goals into consideration. However, the fact that there may be some additional costs involved in finding and using DBEs is not in itself sufficient reason for the Developer's failure to meet the contract DBE goal, as long as such costs are reasonable. Also, the ability or desire of the Developer to perform the D&C Work with its own work force does not relieve the Developer of the responsibility to make good faith efforts to achieve the DBE contract goal. Bidders are not, however, required to accept higher quotes from DBEs if the price difference is excessive or unreasonable.

5. Bidder's determination of a DBE as being unqualified without sound reasons based on a thorough investigation of their capabilities. The DBE's standing within its industry, membership in specific groups, organizations, or associations and political or social affiliations (for example union vs. non-union employee status) are not legitimate causes for the rejection or non-solicitation of bids in the DBE's efforts to meet the contract DBE goal.

6. Efforts to assist interested DBEs in obtaining bonding, lines of credit, or insurance.

7. Efforts to assist interested DBEs in obtaining necessary equipment, supplies, materials, or related assistance or services.

8. Efforts to effectively use the services of the District's DBE Business Opportunity and Workforce Center, services of available minority/women community organizations; minority/women contractors' groups; local and Federal minority/women business assistance offices; and other organizations as allowed on a case-by-case basis to provide assistance in the recruitment and placement of DBEs.

The Developer shall document good faith efforts to ensure that DBEs have maximum opportunity to successfully bid and perform the D&C Work, and that the Developer meets its DBE goal. Each month, the Contractor shall submit current DBE utilization data, a summary of the of the work not yet completed nor subcontracted, and updated solicitation documentation showing appropriate DBEs solicited for the remaining work for formal review by the District.

If at any time the District determines that the Developer has failed to make sufficient good faith efforts to meet the DBE goal, the District will, before exercising any remedies available for such failure, provide the Developer an opportunity for administrative reconsideration, by an official who did not take part in the original good faith efforts determination, that the Developer failed to undertake good faith efforts meet the DBE goal. As part of this reconsideration, the Developer shall have the opportunity to provide written documentation or argument and to meet in person with the District's reconsideration official concerning the issue of whether it has documented adequate good faith efforts to meet the goal. The District will send Developer a written decision on reconsideration, explaining the basis for finding that the Developer did or did not make adequate good faith efforts to meet the goal.

2.1 DBE Utilization Reporting

As stated in Section 1.4 (DBE Goals and Monitoring) of this Attachment 9, the Project Agreement has a single DBE goal, and only DBE attainment will be counted towards meeting that goal. However, the utilization of SBEs and other small business concerns is also encouraged, and the Developer shall provide monthly reports to the District regarding such utilization, as specified in Section 1.4 (DBE Goals and Monitoring) of this Attachment 9.

After NTP 1, DBE utilization data shall be entered each month on the form of monthly progress report set forth as Appendix 2 (*Monthly DBE/SBE Status Report*) of this Attachment 9, not later than the 15th of the following month. Data shall be current through the end of the last full payroll week for that month, or as otherwise approved by the District Representative to coordinate with payment submittals.

For each DBE, the Developer shall explain, in writing, the scope of D&C Work to be performed by the DBE and expressly indicate any item or component of the scope that is not completely performed by the DBE.

For each DBE trucking operation, the Developer shall also indicate the type of trucking operation to be performed, the number of trucks owned/leased, the number of trucks working on-site or

off-site, rate per hour/ton/load/etc., duration or amount, and total dollar value of the proposed DBE commitment. The Developer shall provide copies of all lease agreements utilized by the DBE.

If the Developer has met or exceeded the established DBE goal for the Project Agreement utilizing certified DBEs it is not necessary to submit documentation of good faith efforts.

If the Developer has not met the DBE goal, it shall submit the solicitation log, together with other documentation that substantiates good faith efforts. Such documentation shall include, at a minimum, all envelopes of solicitation inquires that were returned as undeliverable and quotations submitted by DBEs that are not included in the DBE Schedule of Utilization with an explanation for the Proposer's action in each case.

The Developer shall execute subcontracts or agreements with the DBEs for the type and amount of work identified in the approved DBE Utilization Package, and shall execute subcontracts or agreements with DBEs selected in accordance with the DBE Plan.

2.2 Required Records

The Developer shall keep records and documents for six years following performance of the Project Agreement to indicate compliance with this Section. These records and documents, or copies thereof, will be made available at reasonable times and places for inspection by any authorized representatives of the District and will be submitted to the District upon request, together with other compliance information which may be required.

2.3 Non-Discrimination

The Developer shall not use the requirements of this Section to discriminate against any qualified company or group of companies.

2.4 Reporting Violations of Program Rules

The Developer is responsible for ensuring that the DBE performs a commercially useful function under the Project Agreement as defined in Section 1.6(A) of this Attachment 9. If the Developer becomes aware of any violations of that Section, the Developer is required to promptly report the violations to the District Representative. This responsibility is in addition to any compliance monitoring by the District and/or the FHWA, including compliance monitoring by the CQAF.

2.5 Report of Payment to Contractors and DBEs and SBEs

The Developer shall make prompt payment to DBEs in accordance with Part 26. In addition, the Developer shall report to the District payments made to all Contractors, subcontractors and DBEs, in order to measure goal attainment and to gauge the effect of DBE goal(s) on the industry. The Developer shall submit payment data for all Contractors, subcontractors and for all DBEs approved by the District that are owed payment or have received payment within the last month. Contractors and subcontractors that are certified SBEs shall be identified in the reporting, but shall not be included in the measurement of DBE attainment. Payments to DBE and SBE contractors shall be entered in the form of monthly progress report set forth as Appendix 2 (*Monthly DBE/SBE Status Report*) of this Attachment 9.

2.6 Revisions to DBE Utilization

The Developer shall obtain the District's approval for revisions in DBE utilization prior to implementing any proposed change.

If the reduction of the DBE's work or the removal of the DBE, including for violations of CUF requirements, causes the DBE utilization to fall below the goal(s), the Developer shall document good faith efforts to find another DBE to substitute for the original DBE to perform at least the same amount of work as the DBE that was terminated, to the extent needed to meet the contract goal(s).

A DBE may be substituted if the D&C Work committed to the DBE is deleted or reduced by the District and enough D&C Work remains to substitute an equal commitment amount to the affected DBE. If not enough D&C Work remains, the District may relieve the Developer from attaining that portion of the commitments.

In accordance with Section 26.53(f)(1) of Part 26, the Developer shall not terminate a DBE listed on the approved Detailed DBE Plan without the prior written consent of the District. This includes instances in which the Developer seeks to perform work originally designated for a DBE with its own forces or those of an affiliate, a non-DBE firm, or with another DBE firm. The District will consent only if good cause exists to terminate the DBE firm. Good cause includes, at a minimum, one the following circumstances:

- The listed DBE fails or refuses to execute a written contract;
- The listed DBE fails or refuses to perform the work of its subcontract in a way consistent with normal industry standards. Provided, however, that good cause does not exist if the failure or refusal of the DBE to perform its work on the subcontract results from the bad faith or discriminatory action of the Developer;
- The listed DBE fails or refuses to meet the Developer's reasonable, nondiscriminatory bond requirements;
- The listed DBE becomes bankrupt, insolvent, or otherwise lacks creditworthiness;
- The listed DBE is ineligible to work on public works projects because of suspension and debarment proceedings pursuant 2 C.F.R. Parts 180, 215 and 1200 or applicable state law;
- The District has determined that the listed DBE is not a responsible contractor;
- The listed DBE voluntarily withdraws from the project and provides to the District written notice of its withdrawal;
- The listed DBE is ineligible to receive DBE credit for the type of work required;
- A DBE owner dies or becomes disabled with the result that the listed DBE is unable to complete its work on the contract; and

- Other documented good cause that the District determines compels the termination of the DBE, provided that good cause does not exist if the Developer seeks to terminate a DBE it relied upon to meet the utilization goal so that the Developer can self-perform the work for which the DBE was engaged or so that the Developer can substitute another DBE or non-DBE contractor after Financial Close.

Before submitting its request to terminate and/or substitute a DBE to the District, the Developer shall give notice in writing to the DBE, with a copy to the District, of its intent to request to terminate and/or substitute, and the reason for the request, with a copy of such notice transmitted by electronic mail to the Contract Administrator (with reference to the "Smart Street Lighting Project" in the subject field of such electronic mail).

The Developer shall give the DBE five days to respond to the notice and advise the District and the Developer of the reasons, if any, why the DBE objects to the proposed termination of its subcontract and why the District should not approve the Developer's action. If required in a particular case as a matter of public necessity (e.g., safety), the District may approve a response period shorter than five days.

ATTACHMENT 10 TO Exhibit 26

PROVISIONS CONCERNING THE AMERICANS WITH DISABILITIES ACT

For the purpose of this Attachment 10, the term "contractor" is defined as any person, including, but not limited to, a bidder, offeror, supplier, or grantee, who will furnish or perform or seeks to furnish or perform, goods, supplies, services, construction or other activity, under a purchase order, contract, or grant with the District of Columbia.

During the term of the Project Agreement, the contractor agrees as follows:

1. Pursuant to federal regulations promulgated under the authority of the Americans with Disabilities Act, 28 C.F.R. § 35.101 et seq., the contractor understands and agrees that no individual with a disability shall, on the basis of the disability, be excluded from participation in the Project Agreement or from activities provided for under the Project Agreement. As a condition of accepting and executing the Project Agreement, the contractor agrees to comply with the "General Prohibitions Against Discrimination," 28 C.F.R. § 35.130, and all other regulations promulgated under Title II of the Americans with Disabilities Act which are applicable to the benefits, services, programs, and activities provided by the District of Columbia through contracts with outside contractors.

2. The contractor shall be responsible for and agrees to indemnify and hold harmless the District of Columbia from all losses, damages, expenses, claims, demands, suits, and actions brought by any party against the District of Columbia as a result of the contractor's failure to comply with the provisions of paragraph 1 of this Attachment 10.

ATTACHMENT 11 TO Exhibit 26

CERTAIN TITLE VI ASSURANCES

Notwithstanding anything to the contrary in the Project Agreement, the Developer, for itself, its assignees and successors-in-interest, agrees as follows:

1. Compliance with Regulations: The Developer shall comply with the regulations relative to nondiscrimination in Federally-assisted programs of the Department of Transportation Title 49 C.F.R. Part 21, as they may be amended from time to time, (hereinafter referred to as the **Regulations**), which are herein incorporated by reference and made a part of the Project Agreement.

2. Nondiscrimination: The Developer, with regard to the work performed by it during the term of the Project Agreement, shall not discriminate on the grounds of race, color, or national origin in the selection and retention of subcontractors, including procurements of materials and leases of equipment. The Developer shall not participate either directly or indirectly in the discrimination prohibited by section 21.5 of the Regulations, including employment practices when the Project Agreement covers a program set out in Appendix B of the Regulations.

3. Solicitations for Subcontractors, Including Procurements of Materials and Equipment: In all solicitations either by competitive bidding or negotiation made by the Developer for work to be performed under a subcontract, including procurements of materials or leases of equipment, each potential subcontractor or supplier shall be notified by the Developer of the Developer's obligations under the Project Agreement and the Regulations relative to nondiscrimination on the grounds of race, color, national origin, age, sex, and disability/handicap.

4. Information and Reports: The Developer shall provide all information and reports required by the Regulations or directives issued pursuant thereto, and shall permit access to its books, records, accounts, other sources of information, and its facilities as may be determined by the District or the Federal Highway Administration to be pertinent to ascertain compliance with such Regulations, orders and instructions. Where any information required of the Developer is in the exclusive possession of another who fails or refuses to furnish this information, the Developer shall so certify to the District, or the Federal Highway Administration as appropriate, and shall set out what efforts it has made to obtain the information.

5. Sanctions for Noncompliance: In the event of the Developer's noncompliance with the nondiscrimination provisions of the Project Agreement, including, without limitation sections 1 through 4 (inclusive) of this Attachment 11, the District shall impose such contract sanctions as it or the FHWA may determine to be appropriate, including, but not limited to:

   (a) withholding of payments to the Developer under the Project Agreement until the Developer complies, and/or

   (b) cancellation, termination or suspension of the Project Agreement, in whole or in part.

6. Incorporation of Provisions: The Developer shall include the provisions of sections 1 through 6 (inclusive) of this Attachment 11 in every subcontract, including procurements of materials and leases of equipment, unless exempt by the Regulations, or directives issued pursuant thereto.

7. The Developer shall take such action with respect to any subcontractor procurement as the District or Federal Highway Administration may direct as a means of enforcing the foregoing

provisions including sanctions for noncompliance: *provided, however*, that, in the event the Developer becomes involved in, or is threatened with, litigation with a subcontractor or supplier as a result of such direction, the Developer may request the District to enter into such litigation to protect the interests of the District, and, in addition, the Developer may request the United States to enter into such litigation to protect the interests of the United States.

EXHIBIT 27

DBE PROGRAM REQUIREMENTS

1. POLICY STATEMENT

It is the policy of the District of Columbia, acting by and through the District of Columbia Office of Public-Private Partnership, for and on behalf of the District of Columbia Department of Transportation (the **"District"**) that Disadvantaged Business Enterprises (**"DBEs"**) as defined herein have an equal opportunity to participate in the performance of the Work under this Agreement for the development, financing, design, construction, installation, and management of the Smart Street Lighting Project (the **"Project"**), which will be financed in whole or in part with federal funds. Any capitalized terms used but not defined herein shall have the meaning set forth in Exhibit 1 (*Definitions*) to the Agreement.

The District has designated the following individual as the DBE Liaison Officer:

Chief Equity & Inclusion Officer
District Department of Transportation
55 M Street, S.E., 3rd Floor
Washington, DC 20003

2. DEFINITIONS

For purposes hereof, the following terms shall be considered to have the following meanings:

"DBE Joint Venture" is an association of a DBE firm and one or more other firms formed to carry out a single, for-profit business enterprise for which purpose the parties combine their property, capital, efforts, skills, and knowledge, and in which the DBE is responsible for a distinct, clearly defined portion of the Work of the contract and whose share in the capital contribution, control, management, risks, and profits of the joint venture are commensurate with its ownership interest. DBE Joint Ventures must be pre-approved by the MWUCP.

"Disadvantaged Business Enterprise" or **"DBE"** is a for-profit small business concern, as defined pursuant to Section 3 of the Small Business Act and relevant regulations promulgated pursuant thereto, subject however to the business size standard(s) found in 13 CFR Part 121 appropriate to the type(s) of work the firm performs and 49 CFR Part 26; that is owned and controlled by one or more socially and economically disadvantaged individuals who are citizens (or lawfully admitted permanent residents) of the United States; and is certified by the Metropolitan Washington Unified Certification Program (**"MWUCP"**).

"Regular Dealer" is a firm that owns, operates, or maintains a store, warehouse, or other establishment in which the materials, supplies, articles, or equipment of the general character described by the specifications and required under the contract are bought, kept in stock, and regularly sold or leased to the public in the usual course of business, as provided in 49 CFR § 26.55, and is certified as such by the MWUCP.

"Small Business Concern" is a small business concern, with respect to firms seeking to participate as DBEs in U.S. Department of Transportation (**"USDOT"**) assisted contracts, means a small business as defined pursuant to the Small Business Act, 13 CFR Part 121.

"Socially and Economically Disadvantaged Individuals" means persons who are citizens or lawful permanent residents of the U.S. and who are:

(a) Any individual whom the MWUCP finds to be a Socially and Economically Disadvantaged Individual on a case-by-case basis.

(b) Any individual in the following groups, members of which are reputably presumed to be social and economically disadvantaged:

i. Native Americans — persons who are American Indians, Eskimos, Aleuts, or Native Hawaiians; or

ii. Asian-Pacific Americans — persons having origins from Japan, China, Taiwan, Korea, Burma Vietnam, Laos, Cambodia, Thailand, Malaysia, Indonesia, the Philippines, Brunei, Samoa, Guam, the U.S. Territories of the Pacific Islands, the Northern Marianas Islands, Macao, Fiji Tonga, Kiribati, Juvalu, Nauru, Federated States of Micronesia, or Hong Kong; or

iii. Hispanic Americans — persons of Mexican, Puerto Rican, Cuban, Dominican, Central or South American or other Spanish or Portuguese culture or origin, regardless of race; or

iv. Black Americans — persons having origins in any of the Black racial groups of Africa; or

v. Subcontinent Asian Americans — persons whose origins are from India, Pakistan, Bangladesh, Bhutan, the Maldives Islands, Nepal or Sri Lanka; or

vi. Any additional groups whose members are designated as Socially and Economically Disadvantaged by the Small Business Administration, at such times as the Small Business Administration designation becomes effective; or

vii. Women.

"Subcontractor" is a subcontracting arrangement is generally considered to exist when a person or firm assumes an obligation to perform a part of the Work and the following conditions are present:

(a) The person or firm performing the Work is particularly experienced and equipped for such Work.

(b) Compensation is related to the amount of Work accomplished rather than being on an hourly basis.

(c) Choice of work methods, except as restricted by the specifications, and the furnishing and controlling of labor and equipment are exercised by the Subcontractor with only general supervision being executed by the Developer.

(d) Personnel involved in the operation are under the direct supervision of the Subcontractor and are included on the Subcontractor's payroll.

All conditions involved shall be considered and no one condition alone will normally determine whether a Subcontract actually exists. In all cases, a DBE Subcontractor must be an independent organization, and the ownership and control by the Socially and Economically Disadvantaged Individual(s) must be real and continuing. The DBE firm will not be considered independent if the Developer or another Subcontractor or Supplier provides significant operating and management support for the DBE firm.

3. DEVELOPER ASSURANCES

3.1 The Developer, sub-recipient, or Subcontractor shall not discriminate on the basis of race, color, age, national origin, religion, sexual orientation, or sex in the performance of the Agreement. The Developer and all Subcontractors, regardless of tier, shall comply with the requirements of 49 CFR Part 26 in the award, administration and performance of its Subcontracts. Failure by the Developer to carry out these requirements is a material breach of this Agreement, which may result in termination of the Agreement or such other remedy as the District deems appropriate, which may include, but is not limited to:

(a) Withholding monthly progress payments; and
(b) Assessing Sanctions.

3.2 The Developer agrees to ensure that DBEs as defined herein have a full and equal opportunity to participate in the performance of contracts and Subcontracts financed in whole or in part with federal funds. In this regard, the Developer shall take all necessary and reasonable steps in accordance with this Exhibit 27 to ensure that DBEs have an equal opportunity to compete for and perform Work on contracts. **The Developer shall ensure that this Exhibit 27 is included, in its entirety, in all Subcontracts awarded on the Project.**

4. DBE PARTICIPATION GOALS

The DBE participation goal on this Project is as specified in Section 11.2(b) (*DBE Program Compliance*) of the Agreement. The Developer shall establish individual DBE participation goals as appropriate for each Subcontract, or consultant, Regular Dealer, and service provider agreements in amounts to ensure that the DBE participation goal is met or exceeded. The District of Columbia, acting by and through the District of Columbia Office of Public-Private Partnership, for and on behalf of the District of Columbia Department of Transportation Office of Civil Rights (**"OCR"**) will monitor the Developer's activities to make sure they are conducted in a manner consistent with the requirements of 49 CFR Part 26, the Agreement requirements, and the Developer's DBE Performance Plan. The OCR has the right to review all Subcontracts, consultant, Regular Dealer, and service provider agreements for program Compliance. The District has the sole discretion to approve or deny such DBE Subcontracts, consultant, Regular Dealer, and service provider agreements based upon their Compliance with the requirements of 49 CFR Part 26.

5. DEVELOPER OBLIGATIONS

5.1 Submittal of Documents

As part of its obligations under this Exhibit 27 (*DBE Program Requirements*), the Developer shall submit the following documents:

(a) **DBE Performance Plan:** A DBE Performance Plan shall be submitted for approval before issuance of NTP1. The Plan is to include the DBE Utilization Form (included herein as Attachment 1).

(b) **Copy of Executed Contracts:** A copy of all executed DBE contracts shall be submitted to OCR within seven (7) days of contract execution.

(c) **Good Faith Efforts:** Good Faith Efforts documentation shall be submitted as requested by the District if the monthly reports indicate that the Developer is not meeting the DBE participation goal.

5.2 DBE Performance Plan

(a) The DBE Performance Plan shall contain, at a minimum, the following elements.

(i) DBE Participation Goals (as described in Section 4 above);

(ii) Compliance and Outreach

(iii) Civil Rights Compliance Manager (as described in Section 5.2.2(d) below); and

(iv) DBE Progress Reports.

(b) The DBE Performance Plan shall be updated January 1 of each year of the Term such that it defines the Developer's approach to meeting the DBE participation goals.

(c) DBE Goals

The DBE Performance Plan shall set forth the Developer's plan to meet the DBE participation goals throughout the Project. It shall include the following:

(i) Names and addresses of DBE firms;

(ii) The estimated dollar amount of DBE Subcontractors to be awarded and paid for during each Developer fiscal year; and

(iii) The areas of anticipated Work to be subcontracted to DBE firms during each fiscal year.

(d) Civil Rights Compliance Manager

The Developer shall provide a Civil Rights Compliance Manager who has a bachelor's degree in business administration, public administration or related field, and is knowledgeable and has at least four years of

experience in the areas of civil rights compliance, including contract compliance, DBE administration; DBE eligibility and certification issues; on-the-job training administration; or who has other substantially equal qualifications and will be approved by OCR. The Civil Rights Compliance Manager shall be familiar with the DBE community in the area to specifically communicate employment opportunities, including on-the-job training and apprenticeships opportunities; consulting opportunities, contracting opportunities, and materials supply opportunities. Additionally, the Civil Rights Compliance Manager will be responsible for reporting on achievement of the DBE participation goals and designing and implementing business development and supportive services activities for all tiers.

(e) DBE Progress Reports

(i) The Developer shall keep records regarding the progress of DBE participation. The Developer shall provide DBE progress reports to the District in accordance with Section 24.2 (*Monthly Performance Reports Prior to Final Project Completion*) and Section 24.3 (*Quarterly Performance Reports After Project Final Completion*) of the Agreement, and at more frequent intervals if requested by the District, including the following information for each DBE Subcontract separately for design and construction:

a. the name of the DBE Subcontractor;

b. the dollar amount of the Subcontract;

c. quantities (or other measure of performance) completed as of the period just ended;

d. dollar amount paid under the Subcontract as of the end of the period (separately stating the amount paid during the period in question with a cumulative total for the period and all prior periods);

e. the dollar amount retained, if any, as of the end of the period;

f. certification of release of retainage, if any, to Subcontractors within a month after the Subcontractor's satisfactory completion of the work;

g. certification of payment to Subcontractors within seven (7) days of Developer’s receipt of payment from the District in accordance with the Prompt Payment Act, 31 USC Section 3901, *et seq.* (Any delay or postponement of payment from the above-referenced time frame may occur only for good cause following written approval of the recipient. This clause applies to both DBE and non-DBE Subcontractors);

h. the dollar amount of outstanding invoices and of uncompleted Work remaining on the Subcontract;

i. the expected completion date of Subcontract; and

j. any performance problems with DBE Subcontractors and how the problems were resolved.

(ii) The report shall also include a narrative summary stating whether the Developer is on target with respect to its DBE participation goals, whether it has exceeded its goals (and stating the amount of the excess), or whether it is behind (and stating the amount of the deficit).

(iii) If a report shows that the Developer is not on track to achieve the DBE participation goals stated in the DBE Performance Plan, the Developer shall provide with the report a written plan to remedy the deficit to be approved by the District. The Developer shall submit a revised plan within ten (10) Business Days if the plan is not approved. The Developer shall also provide with the report a certification in the form of an affidavit, documenting what Good Faith Efforts it undertook to meet the goals and what Good Faith Efforts it will make in the future to do so. Specific documentary evidence of the Developer's Good Faith efforts must accompany such certificate. The Developer shall submit Good Faith Efforts documentation on an annual basis until the Developer is on track to meet its DBE participation goal.

5.3 Good Faith Efforts

(a) The Developer shall submit as part of it DBE Performance Plan the following documentation of its Good Faith Efforts:

(i) A list providing information on all DBE and non-DBE firms that submitted a bid/proposal for the Project, and the proposed firms to be used on the Project as Subcontractors, consultants, Suppliers or service providers, including:

a. the firm's name;

b. the firm's address;

c. the firm's status as a DBE or non-DBE;

d. the age of the firm;

e. the annual gross receipts of the firm; and

f. the type of work/work category the firm proposed to perform.

(ii) Good Faith Efforts that the Developer has made to provide equal opportunities to DBE firms as of the date of submission of the DBE Performance Plan (**"Performance Plan Submission Date"**), including a certification on behalf of the Developer and its Subcontractors that at the time of the Performance Plan Submission Date the Developer has made a Good Faith Effort to ensure that DBE firms have an equal opportunity to compete for and perform Work under the Agreement.

(iii) The Developer's Good Faith Efforts information and documentation must indicate the Developer has made a Good Faith Effort as of the Performance Plan Submission Date to offer DBE firms an equal opportunity to participate in the

performance of the Work under the Agreement.

(iv) The information and documentation regarding the Developer's DBE Good Faith Efforts includes the information specified below as of the Performance Plan Submission Date. Good Faith Effort documentation is not required if the Developer has met the DBE participation goal for this Agreement at the time of the Participation Plan Submission Date.

a. The names and dates of advertisement of each newspaper, trade paper, and minority-focus paper in which the Developer placed requests for DBE participation (the actual advertisement and the number of times it was run shall be included).

b. Attendance at meetings scheduled to inform DBEs of the Project.

c. The names and dates of written notices to certified DBEs solicited by direct mail or other means for this Project, and the methods used to follow up on these solicitations.

d. Items of Work for which the Developer requested bids, proposals, or materials to be supplied by DBEs and the information furnished to DBEs, such as plans, specifications and requirements for the Work and any breakdowns of Work into economically feasible units to facilitate DBE participation.

e. Negotiation with interested DBEs.

f. The names of DBEs that submitted bids or proposals for any of the Work indicated above that were not accepted by the Developer; a summary the Developer's discussions and/or negotiations with them; the name of the Subcontractor, consultant, Supplier, or service provider that was selected for the Work and the reasons why. If the reason for the DBE rejection is price, state the rejected DBE's price bid/proposal and that of the selected Subcontractor, consultant, Supplier, or service provider.

g. A description of the assistance the Developer extended to rejected DBEs identified above to remedy the bid deficiencies.

h. Efforts to assist DBEs in obtaining bonding, lines of credit, insurance.

i. Effective use of services of available minority/women community organizations, contractor groups and local/state/federal minority/women business assistance offices.

j. Any additional documentation that demonstrates the Developer made Good Faith Efforts, including, but not limited to, the Developer's efforts to encourage its design team consultants, Subcontractors, and service providers to solicit DBE participation in their Contracts.

(v) During the term of the Agreement, the Developer shall continue to make Good Faith Efforts to ensure that DBEs have maximum opportunity to successfully bid and perform on the Work under the Agreement and that the Developer meets its DBE participation goal. These efforts shall include, but not be limited to, the following:

a. negotiating in good faith to secure a contract, Subcontract, consultant, supply or service provider agreement with DBEs whether or not committed to prior to award of the Project;

b. continuing to provide assistance to DBE Subcontractors, consultants, Suppliers, or service providers in obtaining bonding, lines of credit, etc., if required by the Agreement;

c. notifying a DBE in writing of any potential problem and attempting to resolve the problem before formally requesting the District's statement of no objection to substitute the DBE;

d. timely payment of all monies due and owing to DBE consultants, Subcontractors, consultants, Suppliers, and service providers;

e. timely submittal of complete and accurate DBE payment reports in accordance with the reporting requirements specified in the Agreement;

f. timely submittal of Good Faith Efforts information and documentation to the District throughout the Agreement, as contracts are let and new vendors, Subcontractors, Suppliers, and service providers are selected; and

g. informing the District in writing in a timely manner of any problems anticipated in attaining the DBE participation goals for the Project.

If the Developer or its Subcontractor, consultant Supplier, or service provider requests the substitution of a DBE, the Developer or its Subcontractor, consultant, Supplier, or service provider must exert Good Faith Efforts to replace the DBE firm with another DBE firm and must include all documentation to substantiate its Good Faith Efforts, subject to the District's statement of no objection.

5.4 Outreach and Education

(a) The Developer is encouraged to make additional efforts to solicit and recruit minority and women-owned businesses and small businesses to participate in the Project. The following are recommended outreach efforts the Developer can undertake to provide maximum opportunities to DBE firms:

(i) Outreach to community-based organizations, small business associations, and minority and women business councils;

(ii) Attendance and participation in outreach and/or public meetings hosted by the District to inform DBEs of subcontracting opportunities;

(iii) Advertisements in general circulation media, trade association publications, and

minority and women focused media;

(iv) Notification to capable DBEs that their interest in the contract is solicited;

(v) Meeting with identified DBEs to assess capacity, experience, staffing, equipment needs, current workload, bonding capacity, creditworthiness, and references from other contractors they have worked with in the past;

(vi) Make efforts to assist interested DBE firms in obtaining bonding, lines of credit, or insurance as required for the Project; and

(vii) Effectively use the services of available minority and women business organizations and other business offices to provide assistance in the recruitment of DBE firms.

(b) The Developer is also encouraged to conduct debriefings with DBE firms, who submit a proposal or bid, to provide a detailed explanation of why the DBE's proposal was not the winning bid and, if applicable, guidance on what assistance the DBE firm may need to be competitive to bid on future contracting opportunities.

5.5 Continuing Obligations

(a) As part of the Developer's obligation, it will continue to make Good Faith Efforts to ensure that DBEs have maximum opportunity to successfully perform in the Agreement. These efforts shall include, but not he limited to, the following:

(i) negotiating in good faith to attempt to finalize and execute a Subcontract agreement with the DBEs;

(ii) continuing to provide assistance to DBE Subcontractors or Suppliers in obtaining bonding, lines of credit, etc., if required by the contractor; and

(iii) notifying a DBE in writing of any potential problem and attempting to resolve the problem prior to formally requesting permission from the District to terminate the DBE contract.

5.6 DBE Subcontractors

(a) Whenever a DBE Subcontract is signed, the Developer shall promptly provide the District with the following information regarding the Subcontract:

(i) a copy of the Subcontract;

(ii) the name and business address of the Subcontractor;

(iii) the total dollar amount of the Subcontract;

(iv) the specific Work items covered by the Subcontract;

(v) the amount of the Subcontract to be credited to design, construction, or asset

management;

(vi) the estimated quantities of each Work item;

(vii) individual unit prices (if applicable); and

(viii) cost-loaded schedule of participation by the DBE firm.

5.7 DBE Competence and Financial Responsibility

It is the Developer's responsibility to evaluate the level of professional competence and financial responsibility of any proposed DBE Subcontractor. The Developer shall ascertain that the proposed DBE Subcontractor is particularly experienced and equipped for such Work. It is also the Developer's responsibility to ensure that if a DBE firm is subcontracting Work to a non-DBE firm, that only the Work being performed by the DBE firm with its own equipment and resources be submitted for approval to be counted towards the Project DBE participation goal.

5.8 Commercially Useful Function Review

(a) The Developer is responsible for ensuring that DBEs working on the Project perform a commercially useful function. The Developer shall receive credit toward meeting the assigned DBE participation goal and payment for DBE commercially useful function performed work only.

(b) OCR conducts commercially useful function reviews of District projects. The purpose of the commercially useful function review is to determine compliance with the commercially useful function requirements of 49 CFR Part 26.55. A commercially useful function must be performed for each DBE on a federally assisted project and should be conducted when the DBE is on-site and working. A commercially useful function must be performed throughout the course of a project.

(c) The commercially useful function review/audit will be performed by OCR staff, its designee, District project engineer or by the Project construction management team. Commercially useful function reviews will be performed on a routine basis and under the following circumstances: whenever there is any indication that a DBE may not be performing a commercially useful function; whenever a DBE performs work which varies from the bid items indicated in the Developer's commitment forms; whenever a change in the performance of the DBE occurs; whenever a substitution of work or a change order occurs which affects the Work to be accomplished by a DBE; and whenever a replacement or substitution of a DBE occurs.

6. COUNTING DBE PARTICIPATION TOWARDS GOALS

6.1 DBE Credit

The District will recognize and grant DBE credit for work subcontracted and performed by DBE Subcontractors only in the types of work for which DBE certification has been granted. The Developer may contact the District with questions.

6.2 Qualifying DBE

(a) The Developer may count toward the DBE participation goals a portion of the total dollar value of the contract with a DBE Joint Venture equal to the percentage of the ownership and control of the DBE partner in the Joint Venture and commensurate with the Work performed by the DBE with its own equipment and resources.

(b) The Developer may count toward the DBE participation goals only expenditures to a DBE that performs a commercially useful function in the work pursuant to a contract, as defined in 49 CFR § 26.55. If the District determines, in its sole discretion, that the firm does not perform a commercially useful function in the transaction, no credit toward goals shall be granted. The Developer's Civil Rights Compliance Manager shall certify to the District that each DBE firm counted for participation in calculating availability percentages serves a commercially useful function, which includes the requirements set forth in 49 CFR § 26.55. Upon request by the District, the Developer shall provide information to enable the District to verify such determination.

(c) The Developer may count toward the DBE participation goals expenditures to all tiers of DBE Subcontracts.

(d) The Developer may count toward the DBE participation goal expenditures for materials and supplies obtained from DBE Suppliers and manufacturers, provided that the DBE assumes the actual and contractual responsibility for the provision of the materials and supplies.

(i) DBE Manufacturers. The Developer may count the entire expenditure to a DBE manufacturer (a Supplier that produces goods from raw materials or substantially alters them before resale).

(ii) Other Suppliers. The Developer may count 60% of its expenditure to DBE Suppliers who are not manufacturers, provided the DBE Supplier is certified by the District as a Regular Dealer in the product involved and performs a commercially useful function in the supply process.

A Supplier of bulk goods may qualify as a Regular Dealer if the Supplier either maintains an inventory or owns or operates distribution equipment. With respect to the distribution equipment (such as a fleet of trucks), the term ''or operates" is intended to cover a situation in which the Supplier leases the equipment on a regular basis for its entire business. It is not intended to cover trucks owned or leased by another party (such as a prime DB Contractor). It also does not cover leases of trucks on an ad hoc basis for a specific job. Leasing is considered on a one for one basis: DBE credit will only be given for leased trucks in an amount equal to the number of owned trucks.

(iii) Service Providers/Brokers. A business that simply transfers title of a product from manufacturer to ultimate purchaser or a firm that puts a product into a container for delivery would not be considered a regular dealer. The Developer would not receive credit based on a percentage of the cost of the product for working with such firms.

However, fees received by a service provider/broker may be counted toward goals. For example, use of a minority sales representative or distributor for a steel company, if performing a commercially useful function, will entitle the Developer receiving the steel to count only the fee paid to the representative or distributor toward its DBE participation goal. No portion of the steel would count toward the goal.

If a DBE trucking company picks up a product from a manufacturer or regular dealer and delivers the product to the Developer, the commercially useful function the trucking company is performing is not that of a Supplier, but simply that of a transporter of goods. Unless the trucking company is itself the manufacturer of or a regular dealer in the product, credit cannot be given based on a percentage of the cost of the product. Rather, credit would be allowed for the cost of the transportation service only.

The Developer can only count DBEs that are certified by the MWUCP at the time the Subcontractor begins to perform Work on the Project. The Developer may count toward the DBE participation goal expenditures to a DBE Subcontractor if, during the term of the original Subcontract or during the term of a Change Order extending the original Contract for Work within the scope of the original Subcontract, the DBE graduates from the DBE program.

The Developer shall maintain records of payments to DBE Subcontractors, listing all DBEs that worked under the Agreement.

7. CHANGES AND SUBSTITUTIONS

7.1 Any change in previously identified DBE firms, or any reduction in the scope of Work to be performed by a DBE firm, or any change in or variance from the approved DBE Performance Plan, shall be in accordance with the requirements of 49 CFR, Part 26.53 and will require the prior written approval of the District's DBE Liaison Officer, Chief Equity & Inclusion Officer, Tyra L. Redus, Esq.

7.2 The Developer may propose a substitution of a DBE Subcontractor who is unable to perform successfully. However, substitutions of any DBE Subcontractor(s), reductions in scope for DBE Subcontracts, substitution of Work item(s), or decreases of total dollar amount(s) committed to DBE Subcontracts will not be allowed without prior submission of written justification to the District and approval of the District.

7.3 The Developer shall make Good Faith Efforts to replace any DBE Subcontractor who fails to perform its obligations with another DBE.

7.4 Unauthorized substitutions and/or under-runs in total dollar amounts may result in sanction as described below in Section 8.

8. SANCTIONS

8.1 Material Breach

(a) Noncompliance with any of the provisions of this Exhibit 27 (*DBE Program Requirements*) is a material breach of the Agreement. Noncompliance shall result in one or more of the following remedies:

(i) if the Developer fails to provide documentation required by this Exhibit 27 (*DBE Program Requirements*), the District shall have the discretion to assess Noncompliance Points in accordance with Section 22.3 (*Notification of Noncompliance Events by the District*) of the Agreement; or

(ii) if the Developer fails to comply with its DBE Performance Plan or with the requirements of this Exhibit 27 (*DBE Program Requirements*) in any other manner, the District shall have the discretion to assess Noncompliance Points in accordance with Section 22.3 (*Notification of Noncompliance Events by the District*) of the Agreement.

8.2 Good Faith Efforts

(a) Should the Developer fail to comply with the DBE Program requirements and/or fail to demonstrate Good Faith Efforts, the District may impose any of the following sanctions:

(i) issuance of a letter of reprimand;

(ii) assess Noncompliance Points in accordance with Section 22.3 (*Notification of Noncompliance Events by the District*) of the Agreement; and/or

(iii) utilize any and all other remedies available by law including suspension, revocation, and/or debarment.

9. DBE CONTRACT COMPLIANCE SYSTEM

9.1 General

(a) The Agreement and this Exhibit 27 (*DBE Program Requirements*) are subject to contract compliance tracking, and the prime contractor and any subcontractors are required to provide any noted and/or requested contract compliance-related data electronically in the Contract Compliance System. The prime contractor and all subcontractors are responsible for responding by any noted response date or due date to any instructions or request for information, and to check the Contract Compliance System on a regular basis to manage contact information and contract records. The prime contractor is responsible for ensuring all subcontractors have completed all requested items and that their contact information is accurate and up-to-date. OCR may require additional information related to the contract to be provided electronically through the system at any time before, during, or after contract award.

(b) Information related to contractor access of the system will be provided to a designated point of contact with each contractor upon award of the contract. The Contract Compliance System is web-based and can be accessed at the following Internet address: https://ddot.dbesystem.com.

9.2 Developer Requirements

(a) The Developers MUST log into the system to review and update the required information within ten (10) Business Days of receiving NTP1 from the District. Please be advised that the Developer is responsible for ensuring that all required information is entered, that it is accurate, and that subcontractors verify payments received. Failure to cooperate with the OCR may result in breach of contract.

(b) The Developer must upload and report the following items:

(i) Upload all signed agreements between the Developer and DBE firms well as the non-DBE subcontracts on the Contract Compliance System.

(ii) The Developer must report all payments to DBE firms and all subcontractors to the Contract Compliance System by the 15th of the month for the previous month activity under this Project even if no activity for a month.

(iii) A completed District DBE Contractor Payment form and a copy of all cancelled check payments to DBE firms and all subcontractors should be uploaded to the Contract Compliance System by the 15th of the month for the previous month activity. A form MUST be completed monthly even if no activity for a month. Failure to do so shall be grounds for appropriate action against the party involved (e.g., findings of non-responsibility for future contracts and/or suspension and debarment).

(c) This online system allows vendors to actively support our efforts to achieve diversity, participation, maintain accurate contact information, and report subcontractor payment details. The Developer is required to log in to review and update certain specific information regarding payments to subcontractors, and all contact information (name, address, phone, fax, email) for the Developer and the subcontractors. The Developer can also identify who should be the District's main contact for each contract. To begin, follow the steps below.

(i) Visit https://ddot.dbesystem.com. Follow the on-screen directions to look up your account and then access the secure system. Contact Customer Support via any of the system links if you have any questions while attempting to access your account.

(ii) Review and update all contact and contract information as necessary for your firm and subcontractors.

(iii) Ask your subcontractors to log in to review and confirm amount reported for each time period.

(d) Each month from contract award until close out the Developer is required to log-in and report payment information. Payment information is reported by completing the pending Contract Audits which can be accessed from the Dashboard by clicking on "Contract Audits". For each monthly audit, click on "Incomplete" in the Status column and report the amounts paid to each subcontractor during the month. The Developer will also report

the amount paid to it as the prime for the time period.

(e) Repeat these steps for any additional incomplete audits on this or additional contracts that are assigned to you in the system.

(f) The Developer may also register for upcoming training sessions to learn more about system functionality, as well as classes that focus specifically on reporting payment to subcontractors. To register, click on "Training Classes" under Help & Tools from any screen in the system and click RSVP next to the "Contract Compliance Reporting - Vendor Training." The Developer can also access the training classes without logging in at https://ddot.diversitycompliancee.com/events.asp. Additional information is available by clicking on the "Information for Vendors" link on the right-hand side of the home page under System Links.

(g) There is no cost to Contractors for this service. The Developer may add as many users to its account as necessary to report and view contract compliance data (please do not share accounts between people). Technical assistance during the process can be obtained using the online support form or via e-mail to DDOT@dbesystem.com.

(h) Please contact the Office of Civil Rights for any of the following:

(i) if a DBE firm requires additional technical assistance in order to complete satisfactory performance on this project;

(ii) Change orders that affect the contract amount affects the DBE participation goal (please contact OCR if there are any change orders processed for this contract); or

(iii) If need arises that a Joint Check arrangement may be executed (The Developer is required to contact OCR prior to execution of any Joint Check arrangement. A Joint Check arrangement must be approved by OCR.).

10. JOINT CHECKS

10.1 General

(a) A "Joint Check" is defined as a check that has been issued by a prime contractor to a DBE Subcontractor and to a material supplier or another third party for items or services to be incorporated into a project. While the text of the DBE rules does not mention the use of Joint Checks, OCR realizes that in accordance with industry practice, there may be times when the use of a Joint Checks is appropriate. While DBE regulation does not prohibit the use of Joint Checks, it should be noted that Joint Check arrangements must be approved by OCR prior to such arrangement.

(b) In consideration for approving the use of Joint Checks, OCR reviews the request through the lens of three (3) criteria based on the DBE regulations: (1) the DBE firms' independence (26.71)(b); (2) whether the DBE firm is performing a commercially useful function (26.55(c)(1)); and (3) the DBE firms' status as a dealer or a broker which determines the counting of materials and supplies and whether or not the DBE will be responsible for the installation of the materials and supplies or the prime contractor or

another third party (26.55(e)(3)).

10.2 Joint Check Approval Process

(a) If the Developer and DBE firm wish to use a Joint Check arrangement, a request must be submitted in writing using the Joint Check Request Form, for approval by the OCR, prior to starting Work. The Joint Check Request Form is attached to this Exhibit 27 as Attachment 2. This request must include and adhere to the following:

(i) The actual document requesting the arrangement, i.e., the original request presented from the DBE vendor, or DBE.

(ii) The Joint Check Request Form, which must be completed and maintained throughout the Joint Check arrangement. Please be advised of the following:

a. A written Joint Check agreement among the parties (including the Suppliers concerned) should provide full and prompt disclosure of the expected use of Joint Checks. The agreement should contain all information concerning the parties' obligations and consequences or remedies if the agreement is not fulfilled or a breach occurs.

b. Prime contractors and DBE Subcontractors must avoid exclusive relationships concerning the use of Joint Checks. If a prime contractor makes Joint Checks available to one DBE Subcontractor, the service should be made available to all Subcontractors (DBEs and non-DBEs).

c. Prime contractors and DBE Subcontractors that make use of Joint Checks should limit the use to the procurement of materials needed for a particular purpose at a particular time. Long-term or open-ended Joint Check arrangement may suggest a lack of independence for the DBE involved and are a basis for further scrutiny by the District.

d. The District reserves the right to establish reasonable durational limits on Joint Check arrangements that are subject to periodic review and renewal to ensure that the arrangement is not operating in a way that compromises the independence of the DBE.

e. DBEs must retain final decision-making responsibility concerning the procurement of materials and supplies, even when Joint Checks are involved. The relationship between the DBE and Supplier should be established independently and without interference by the prime contractor. The rights of parties to a Joint Check arrangement to terminate the arrangement should be consistent: for example, if the prime contractor has the right to terminate the arrangement unilaterally, a DBE Subcontractor shall have the same right.

(iii) Joint Checks issued by the prime contractor must be delivered or mailed to the DBE for presentation and payment to the DBE's Suppliers. The prime contractor should not make payment directly to the Supplier.

11. TRAINEE AND APPRENTICESHIP PARTICIPATION

The District will require trainee and apprenticeship participation for the Project. The on-the-job trainee goal for the D&C Work is shown below. There is no trainee goal for the Asset Management Period Asset Management Services.

Trainee Trade Category	No. Trainees	Hours/per Trade	Total Training Hours
Assistant Project Manager (CM/Design)	1	2,080	2,080
Quality Control Inspector (CM/Design)	1	1,040	1,040
Electrical Technician (Construction)	4	520	2,080
Laborers (Construction)	2	1,040	2,080
Traffic Controllers (Construction)	2	600	1,200
Total Trainees/Hours	**10**		**8,480**

This program shall be conducted in accordance with 23 CFR, Appendix B to Subpart A, Part 230, and as follows:

(a) The Developer will provide on-the-job training aimed at developing individuals to journeyman status in the type of trade or job classification involved.

(b) The Developer will decide how many, if any, of the trainees are to be trained by subcontractors, provided however, that the Developer will retain the primary responsibility for meeting the training requirements of the Training Special Provision. The Developer will also ensure that the Training Special Provision is made applicable to such subcontractor.

(c) When feasible, 25 percent of apprentices or trainees in each occupation will be in their first year of apprenticeship or training.

(d) Training and upgrading of disadvantaged persons toward journeyman status is a primary objective of the Training Special Provision. Accordingly, the Developer will make every effort to enroll minority and women trainees to the extent that such persons are available within a reasonable area of recruitment.

(e) Consistent with 23 CFR Part 230 Appendix B to Subpart A, due the nature and duration of this Project, the Developer is encouraged to consider a variety of job classifications for training purposes and shall be included in its OJT plan and utilization.

11.1 Developer Requirements

(a) The Developer will complete a Trainee/Apprentice Approval Request for each trainee/apprentice applicant for the specified project. The form is to be submitted to the OJT Program Manager for review and approval. Enrollment forms should not be submitted to the OJT Program Manager until the trainees are ready to begin training. No training hours will be credited until the enrollment has been approved by the OJT Program Manager.

(b) The Developer orients the training foreman, superintendent and the OJT trainees/apprentices about their individual responsibilities in the program and provides copies of the training curriculum for the job classification being used.

(c) The Developer annotates the certified payroll and is required to show training hours for each OJT trainee and must submit weekly and monthly to the OJT Program Manager.

(d) The Developer monitors all trainees for progress in the program, and reports all problems and training issues to the OJT Program Manager in a timely manner. The OJT Program Manager will communicate on at least a monthly basis with the designated personnel on the trainees' progress.

(e) As the trainee progresses in hours, so does his/her respective wage percentages. Contractors are obligated to pay the trainee according to the specified wage rate and schedule. Failure to monitor this aspect of the program will result in restitution to the trainee.

(f) Except in an extreme emergency, the Developer should verbally notify the OJT Program Manager five (5) business days before a trainee termination and submit company's termination form within ten (10) business days after termination. The OJT Program Manager will make a determination as to whether this training position needs to be replaced.

(g) If training positions are assigned to subcontractors, the Developer must be sure subcontractors have an approved On-the-Job Training Program or an Apprenticeship Program as required under the auspices of the DC Apprenticeship Council consistent with DC Code 36-409(1981).

(h) Subcontractors who are assigned trainee positions cannot use the Developer's program and may request the services of the OJT Program Manager to assist in developing programs of their own. The Developer shall retain the responsibility for full compliance with the OJT requirements of the project.

(i) The Developer shall provide a copy of the weekly and monthly reports to the trainee for their records and to monitor their individual progress. Reports are required to be submitted by the 5th of every month. Failure to submit both weekly and monthly reports may result in a notice of non-compliance.

(j) At the end of the training program, the Developer is required to provide the trainee with a certificate of completion citing the successful completion of the required hours for journeyman status. A certification of completion shall also be issued to apprentices acknowledging the completion of the on-the-job training requirement for their programs.

12. MISCELLANEOUS

12.1 Bank Services

The Developer, and each of its Subcontractors, is encouraged to use the services of banks owned and controlled by socially and economically disadvantaged individuals. Such banking services, and the fees charged for services, typically will not be eligible for DBE credit toward the DBE goal on this Project. Any questions on this subject should be directed to the District.

12.2 DBE Program Information

DBE Program information pertaining to the list of certified DBEs may be obtained by visiting: http://dbe.ddot.dc.gov and www.wmata.com or by contacting:

District Department of Transportation Civil Rights Division
55 M Street, SE, 7th Floor
Washington, DC 20003
Office: (202) 671-0630

It is the duty of the Developers and each Subcontractor to take the steps necessary to identify its legal obligations and limitations under the DBE Program, as an element of responsibility. It is also the duty of each certified DBE firm and the Developer to know, understand, and comply with their legal obligations and limitations under the DBE Program, as a requirement of program participation. An Eligible Security Issuer providing a bid or Contract bond will be bound by those bonds to the duties of the Eligible Security Issuer's principal.

Signature of the Authorized Representative **Date form was signed**

DBE Contract Compliance System: This contract is subject to contract compliance tracking, and the prime contractor and any subcontractors are required to provide any noted and/or requested contract compliance-related data electronically in the Contract Compliance System. The prime contractor and all subcontractors are responsible for responding by any noted response date or due date to any instructions or request for information, and to check the Contract Compliance System on a regular basis to manage contact information and contract records. The prime contractor is responsible for ensuring all subcontractors have completed all requested items and that their contact information is accurate and up-to-date. DDOT's Small Business Inclusion Office may require additional information related to the contract to be provided electronically through the system at any time before, during, or after contract award.

Information related to contractor access of the system will be provided to a designated point of contact with each contractor upon award of the contract. The Contract Compliance System is web-based and can be accessed at the following Internet address: https://ddot.dbesystem.com

To submit the completed DBE Utilization Form for review, or if you have questions regarding our DBE contract compliance system please contact by e-mail: andrea.jackson@dc.gov.

ATTACHEMENT 2

JOINT CHECK REQUEST FORM

[S*ee attached*]

DDOT DBE PROGRAM
JOINT CHECK REQUEST FORM

DDOT will closely monitor the use of joint checks. To receive DBE credit for performing a commercially useful function with respect to obtaining materials and supplies, a DBE must "be responsible for negotiating price, determining quality and quantity, ordering the material and installing (where applicable) and paying for the material itself." Only when a DBE meets all of these requirements should credit be counted for the procurement of the items by the DBE.

Please refer to the attached Joint Check Request Form Instructions for qualifying conditions. If proper procedures are not followed or DDOT determines that the arrangement results in lack of independence for the DBE involved, no credit for the DBE's participation as it relates to the material cost will be counted toward the contract goal requirement.

COMMENTS:

Please send the DBE Joint Check Request Form and all supporting documentation to Ebony.Lane@dc.gov

Joint Check Request Form Instructions

The following conditions will apply to payments to DBE subcontractors and material vendors using joint checks. DDOT will closely monitor the use of joint checks to ensure that such a practice does not erode the independence of the DBE nor inhibit the DBE's ability to perform a commercially useful function. Joint checks will not be allowed simply for the convenience of the prime contractor. Failure to follow these conditions may disqualify DBE participation or adversely impact a contractor's bidding status.

1. Any implementation of a Joint Check Agreement must first be approved by DDOT and requested by the DBE involved using the DBE Joint Check Request Form provided by DDOT;

2. A formalized Joint Check Agreement between the parties involved (including the conditions of the arrangement and expected use of the joint checks) must accompany the DBE Joint Check Request Form;

3. Each party to the Joint Check Agreement must also submit a statement of its history in using joint checks and any related policies with the DBE Joint Check Request Form;

4. Joint checks should be focused on accomplishing the procurement of materials needed for a particular purpose at a particular time (i.e., contract specific).

5. Even with joint checks, the DBE will remain responsible for the other elements of 26.55(c)(1);

6. No requirement by the prime contractor that the DBE is to use a specific supplier nor the prime contractors "negotiated" price;

7. DBE must release the joint check to the material supplier (upon determining that the material supplier or other third party has fulfilled its responsibilities under the contract);

8. DBEs must be more than an extra participant in releasing the check to the material supplier;

9. Prime contractors must make joint checks available to all contract participants, and may not be restrictive to any one participant; and

10. All parties involved in a formalized joint check agreement must provide DDOT (upon request) with any documentation deemed necessary to substantiate compliance.

DISTRICT REQUIREMENTS

Pursuant to the requirements set forth in 27 DCMR § 4808.12, the following provisions shall apply to the Project:

(1) Section 202 (Council contract review), Section 415 (anti-collusion), Title VII (bonding) and Title X (appeals) of the Procurement Practices Reform Act of 2010, effective April 8, 2011, (D.C. Law 18-371; D.C. Official Code § 2-351.01 *et seq.*);

(2) The Living Wage Act of 2006, effective June 8, 2006 (D.C. Law 16-118; D.C. Official Code § 2-220.01 *et seq.*);

(3) The Small, Local, and Disadvantaged Business Enterprise Development and Assistance Act of 2005, effective October 20, 2005 (D.C. Law 16-33; D.C. Official Code § 2-218.01 *et seq.*);

(4) Subchapter II of Chapter 28 of Title 47 of the D.C. Official Code (Clean Hands Before Receiving a License or Permit);

(5) The Green Building Act of 2006, effective March 8, 2007 (D.C. Law 16¬234; D.C. Official Code § 6-1451.01 *et seq.*);

(6) The Anacostia Waterfront Environmental Standards Act of 2008, effective March 26, 2008 (D.C. Law 17-138; D.C. Official Code § 2-1226.31 *et seq.*);

(7) The Davis-Bacon Act of 1931, approved March 3, 1931 (46 Stat. 494; 40 U.S.C. § 3141 *et seq.*);

(8) The Hotel Development Projects Labor Peace Agreement Act of 2002, effective April 2, 2003 (D.C. Law 14-266; D.C. Official Code § 32-851); and

(9) The District Anti-Deficiency Act of 2002, effective April 4, 2003 (D.C. Law 14-285; D.C. Official Code § 47-355.01 *et seq.*).
