

GOVERNMENT OF THE DISTRICT OF COLUMBIA
DEPARTMENT OF TRANSPORTATION

OFFICE OF THE DIRECTOR

October 4, 2007

Mark Kehrli, Division Administrator
U.S. Department of Transportation
Federal Highway Administration
1990 K Street, Suite 510
Washington, DC 20006

Dear Mr. Kehrli:

RE: The District Work Zone Safety and Mobility Policy

The District Department of Transportation (DDOT) is committed to reducing congestion in and around work zones without compromising the safety of workers and the public. The policy contained herein provides guidance for assessing the District work zone impacts on the traveling public across the various stages of all Federal-Aid Highway-funded projects that are determined to be significant. The policy is in compliance with the Work Zone Safety and Mobility Rule published in the Federal Register, September 9, 2004.

The changes contained in this policy will encourage broader consideration by District agency as well as non-agency personnel of the safety and mobility impacts of work zones across project development and the implementation of strategies that help manage these impacts during project delivery.

Sincerely,

A handwritten signature in black ink, appearing to read "Emeka Moneme", with a long horizontal line extending to the right.

Emeka Moneme
Director
