Public Notification – 1608 K Street, NW

Government of the District of Columbia Department of Transportation

Wednesday, May 4, 2016

Dear Residents/ANC/Local Businesses/Property Managers:

The District Department of Transportation (DDOT) will begin alley improvement in your neighborhood, which will include concrete alley paving on or about Friday, May 13, 2016, weather permitting.

Exact Location: Alley bounded by 1608 K Street, N.W., 16th Street, N.W., I Street, N.W., and 17th Street, N.W., (Square 0185). The contractor is authorized to work during the hours of 7:00 am to 7:00 pm, Monday through Saturday. It is estimated that this work will take approximately two (2) weeks to complete, weather permitting.

Once the work begins, the alley will be closed in the areas under construction. Parking in the areas of the alley under construction will not be possible while work is underway, pedestrians and vehicles will not have access to private property that is entered from the alley. "EMERGENCY NO PARKING" signs will be posted seventy-two (72) hours prior to the beginning of any construction work in your area. In emergency situations access may be possible by notifying our on-site DDOT inspector/contractor.

Important: If the location of your trash collection is from the alley, your trash will be collected along the front of your property until the completion of the alley project. Trash will not have to be separated. If your trashcan is too cumbersome to handle, please use thick trash bags and place them in the public space in front of your property. This action is being coordinated by DDOT with the Department of Public Works (DPW) - Solid Waste Team. All questions regarding trash pick-up must be directed to DPW at 202-576-9000, e-mail: johnnv.gaither@dc.gov.

For commercial properties along the alley, with smaller dumpsters, our contractors will move them aside, and place them back in the same place after the work is completed. If you have a large dumpster, please alert your hauler to this work activity and have them to contact DDOT at 202-345-2910, so that the contractor can work with the hauler to mitigate any impact on your trash pick-up services.

If weather conditions, schedule changes or unforeseen issues do not permit our contractor to begin this work on the date stated above, the new start date for construction will be posted on the Emergency No Parking Signs located in the alley throughout the construction project site.

We apologize for any inconvenience this may cause, but we hope that the improved alley will make this temporary inconvenience worthwhile.

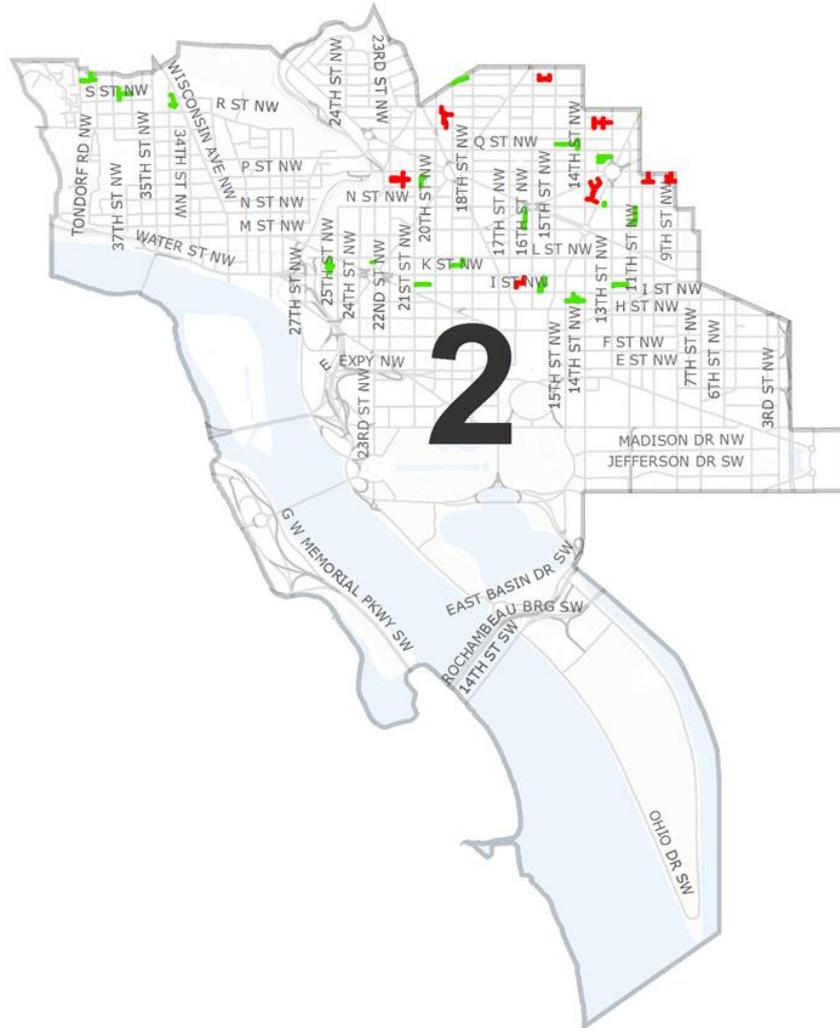

If you have any questions or concerns about this project, please contact DDOT Call Center at 202-671-2700, by email ddot@dc.gov, or be on the lookout for inspectors on-site wearing a safety vest.

Sincerely,

aduabuchi Udeh
Deputy Program Manager
Asset Management Division
