K. Insurance Coverage:

1. GENERAL REQUIREMENTS. The Permit Holder at its sole expense shall procure and maintain, during the entire period of performance under this contract, the types of insurance specified below. The Permit Holder shall have its insurance broker or insurance company submit a Certificate of Insurance to the DDOT’S Contact giving evidence of the required coverage prior to commencing performance under this contract. In no event shall any work be performed until the required Certificates of Insurance signed by an authorized representative of the insurer(s) have been provided to, and accepted by, the DDOT’S Contact. All insurance shall be written with financially responsible companies authorized to do business in the District of Columbia or in the jurisdiction where the work is to be performed and have an A.M. Best Company rating of A- / VII or higher. Should the Permit Holder decide to engage a subcontractor for segments of the work under this contract, then, prior to commencement of work by the subcontractor, the Permit Holder shall submit in writing the name and brief description of work to be performed by the subcontractor on the Subcontractors Insurance Requirement Template provided by DDOT’s Contact, to the Office of Risk Management (ORM). ORM will determine the insurance requirements applicable to the subcontractor and promptly deliver such requirements in writing to the Permit Holder and DDOT’s Contact. The Permit Holder must provide proof of the subcontractor's required insurance prior to commencement of work by the subcontractor. If the Permit Holder decides to engage a subcontractor without requesting from ORM specific insurance requirements for the subcontractor, such subcontractor shall have the same insurance requirements as the Permit Holder.

All required policies shall contain a waiver of subrogation provision in favor of the Government of the District of Columbia.

The Government of the District of Columbia shall be included in all policies required hereunder to be maintained by the Permit Holder and its subcontractors (except for workers’ compensation and professional liability insurance) as an additional insureds for claims against The Government of the District of Columbia relating to this contract, with the understanding that any affirmative obligation imposed upon the insured Permit Holder or its subcontractors (including without limitation the liability to pay premiums) shall be the sole obligation of the Permit Holder or its subcontractors, and not the additional insured. The additional insured status under the Permit Holder’s and its subcontractors’ Commercial General Liability insurance policies shall be effected using the ISO Additional Insured Endorsement form CG 20 10 11 85 (or CG 20 10 07 04 and CG 20 37 07 04) or such other endorsement or combination of endorsements providing coverage at least as broad and approved by DDOT’s Contact in writing. All of the Permit Holder’s and its subcontractors’ liability policies (except for workers’ compensation and professional liability insurance) shall be endorsed using ISO form CG 20 01 04 13 or its equivalent so as to indicate that such policies provide primary coverage (without any right of contribution by any other insurance, reinsurance or self-insurance, including any deductible or retention, maintained by an Additional Insured) for all claims against the additional insured arising out of the
performance of this Statement of Work by the Permit Holder or its subcontractors, or anyone for whom the Permit Holder or its subcontractors may be liable. These policies shall include a separation of insureds clause applicable to the additional insured.

If the Permit Holder and/or its subcontractors maintain broader coverage and/or higher limits than the minimums shown below, the District requires and shall be entitled to the broader coverage and/or the higher limits maintained by the Permit Holder and subcontractors.

a. **Commercial General Liability Insurance ("CGL")** - The Permit Holder shall provide evidence satisfactory to DDOT’s Contact with respect to the services performed that it carries a CGL policy, written on an occurrence (not claims-made) basis, on Insurance Services Office, Inc. Such coverage shall have limits of liability of not less than $1,000,000 each occurrence, a $2,000,000 general aggregate (including a per location or per project aggregate limit endorsement, if applicable) limit, a $1,000,000 personal and advertising injury limit, and a $2,000,000 products-completed operations aggregate limit.

b. **Automobile Liability Insurance** - The Permit Holder shall provide evidence satisfactory to DDOT’s Contact of commercial (business) automobile liability insurance written on ISO form CA 00 01 10 13 (or another form with coverage at least as broad and approved by the CO in writing) including coverage for all owned, hired, borrowed and non-owned vehicles and equipment used by the Permit Holder, with minimum per accident limits equal to the greater of (i) the limits set forth in the Permit Holder’s commercial automobile liability policy or (ii) $1,000,000 per occurrence combined single limit for bodily injury and property damage.

c. **Workers’ Compensation Insurance** - The Permit Holder shall provide evidence satisfactory to DDOT’s Contact of Workers’ Compensation insurance in accordance with the statutory mandates of the District of Columbia or the jurisdiction in which the contract is performed.

**Employer’s Liability Insurance** - The Permit Holder shall provide evidence satisfactory to DDOT’s Contact of employer’s liability insurance as follows: $500,000 per accident for injury; $500,000 per employee for disease; and $500,000 for policy disease limit.

All insurance required by this paragraph (c) shall include a waiver of subrogation endorsement for the benefit of Government of the District of Columbia.
d. **Cyber Liability Insurance** - The Permit Holder shall provide evidence satisfactory to DDOT’s Contact of Cyber Liability Insurance, with limits not less than $2,000,000 per occurrence or claim, $2,000,000 aggregate. Coverage shall be sufficiently broad to respond to the duties and obligations as is undertaken by Permit Holder in this agreement and shall include, but not limited to, claims involving infringement of intellectual property, including but not limited to infringement of copyright, trademark, trade dress, invasion of privacy violations, information theft, damage to or destruction of electronic information, release of private information, alteration of electronic information, extortion and network security. The policy shall provide coverage for breach response costs as well as regulatory fines and penalties as well as credit monitoring expenses with limits sufficient to respond to these obligations. Limits may not be shared with other lines of coverage.

e. **Commercial Umbrella or Excess Liability** - The Permit Holder shall provide evidence satisfactory to DDOT’s Contact of commercial umbrella or excess liability insurance with limits not less than the greater of (i) the limits set forth in the Permit Holder’s umbrella or excess liability policy or (ii) $5,000,000 per occurrence and $5,000,000 in the annual aggregate, following the form and in excess of all liability policies. All liability coverages must be scheduled under the umbrella and/or excess policy. The insurance required under this paragraph shall be written in a form that annually reinstates all required limits. Coverage shall be primary to any insurance, self-insurance or reinsurance maintained by the District and the “other insurance” provision must be amended in accordance with this requirement and principles of vertical exhaustion.

2. **PRIMARY AND NONCONTRIBUTORY INSURANCE.** The insurance required herein shall be primary to and will not seek contribution from any other insurance, reinsurance or self-insurance including any deductible or retention, maintained by the Government of the District of Columbia.

3. **DURATION.** The Permit Holder shall carry all required insurance until all contract work is accepted by the District of Columbia and shall carry listed coverages for ten years for construction projects following final acceptance of the work performed under this contract and two years for non-construction related contracts.

4. **LIABILITY.** These are the required minimum insurance requirements established by the District of Columbia. However, the required minimum insurance requirements provided above will not in any way limit the Permit Holder’s liability under this contract.

5. **PERMIT HOLDER’S PROPERTY.** Permit Holder and subcontractors are solely responsible for any loss or damage to their personal property, including but not limited to tools and equipment, scaffolding and temporary structures, rented machinery, or owned and leased equipment. A waiver of subrogation shall apply in favor of the District of Columbia.

6. **MEASURE OF PAYMENT.** The District shall not make any separate measure or payment for the cost of insurance and bonds. The Permit Holder shall include all of the costs of insurance and bonds in the contract price.
7. **NOTIFICATION.** The Permit Holder shall ensure that all policies provide that DDOT’s Contact shall be given thirty (30) days prior written notice in the event of coverage and / or limit changes or if the policy is canceled prior to the expiration date shown on the certificate. The Permit Holder shall provide DDOT’s Contact with ten (10) days prior written notice in the event of non-payment of premium. The Permit Holder will also provide DDOT’s Contact with an updated Certificate of Insurance should its insurance coverages renew during the contract.

8. **CERTIFICATES OF INSURANCE.** The Permit Holder shall submit certificates of insurance giving evidence of the required coverage as specified in this section prior to commencing work. Certificates of insurance must reference the corresponding contract number. Evidence of insurance shall be submitted to the contact person specified in Article III.

DDOT’s Contact may request, and the Permit Holder shall promptly deliver, updated certificates of insurance, endorsements indicating the required coverages, and/or certified copies of the insurance policies. If the insurance initially obtained by the Permit Holder expires prior to completion of the contract, renewal certificates of insurance and additional insured and other endorsements shall be furnished to DDOT’s Contact prior to the date of expiration of all such initial insurance. For all coverage required to be maintained after completion, an additional certificate of insurance evidencing such coverage shall be submitted to DDOT’s Contact on an annual basis as the coverage is renewed (or replaced).

9. **DISCLOSURE OF INFORMATION.** The Permit Holder agrees that the District may disclose the name and contact information of its insurers to any third party which presents a claim against the District for any damages or claims resulting from or arising out of work performed by the Permit Holder, its agents, employees, servants or subcontractors in the performance of this contract.

10. **CARRIER RATINGS.** All Permit Holder’s and its subcontractors’ insurance required in connection with this contract shall be written by insurance companies with an A.M. Best Insurance Guide rating of at least A- VII (or the equivalent by any other rating agency) and licensed in the District.
