

Don't go negative!

Your Kids Ride Free on Rail pass will not work if you have a negative balance (less than \$0) on your DC One Card. Pay off any negative balance now so you can ride Metrorail for free.

This message at the faregate means you have a negative balance.

If you have any questions please see the frequently asked questions at kidsridefree.dc.gov or call 202-673-1740.
