

# South Capitol Street Trail

## DRAFT CONCEPT PLAN

## ACKNOWLEDGMENTS

This Plan was prepared under the guidance of the District Department of Transportation (DDOT).

### **District Department of Transportation**

Heather Deutsch, Project Manager  
Bicycle Program Specialist/ Trail Planner  
Transportation Policy, Planning & Sustainability Administration

### **Toole Design Group, LLC**

Daniel Biggs, RLA, Project Manager  
Landscape Architect

### **District Agencies**

Many District agencies contributed to the development of this plan, including but not limited to:

- District Department of Transportation – Transportation Policy and Planning Administration
- District Department of Transportation – Infrastructure Project Management Administration
- District Department of the Environment
- District of Columbia Office of Planning

This report has been prepared for the District Department of Transportation (DDOT) as a portion of the South Capitol/Oxon Run Trail Concept Design and Rehabilitation Project. The scope of this project includes development of a Concept Plan for the creation of the South Capitol Street/Overlook Avenue Trail and the rehabilitation/extension of the Oxon Run Trail.

This project was recommended in the *District of Columbia (DC) Bicycle Master Plan*, completed in 2005 and builds on the trail network developed as a part of the Anacostia Waterfront Initiative. This project is also part of the District wide effort to improve the bicycle and pedestrian network within the District for better non-motorized transportation access, increased recreation opportunities and overall improved personal health of District residents. This report focuses on the portion of project along South Capitol Street and Overlook Avenue (the South Capitol Street Trail).
